Choice Board #4

Kindergarten

- Students should choose at least **one** activity from each subject area column (Math, Reading, Writing, Science/Social and Specials)
- Place a check on the activities completed and have a caregiver/parent sign the bottom of the form.

Math	Reading	Writing	Science / Social	Specials
Get ten pennies and put them in a bag or container. Grab some out and figure out how many are left in the bag. (Ex: I grabbed 7 pennies, that means there are 3 left. 7 and 3 make 10).	Call a relative and tell them about your favorite winter memory.	Design a new cover for your favorite book. 	Draw and label what is happening with the weather today.	**PE** If there is snow, go outside and shovel for 20 minutes.
Rainbow write your numbers as high as you can go.	Read or listen to a story and retell the story. You can go back and use the pictures if you need to.	Write a kind note to a special person telling them something you like about them.	Think of an animal and draw what you think it might do in stormy weather.	**Art** Draw a plan for an inside fort and then build it!
Work on comparing numbers by playing Top-It. Deal cards, flip one over and whoever has the highest number "wins" those cards. Go until someone has all the cards.	Think of as many words that start with the t sound like turtle. Say them out loud and bonus if you write them. 	Write and/or draw 2 things you are grateful for today.	Build a tower using blocks. How can you make the tower tall? How can you make it more stable?	**Music** Clap the rhythm to your favorite song. 
Help fold laundry. As you do this, count how many pieces you fold. Can you get up to 30 pieces folded?	Read a nonfiction book and tell someone a fact you learned.	On a piece of paper, have your child write these words: am, at, sat, in, pin, it, hit	Draw or list things people **need** to stay safe in today's weather and things they might **want** to have.	**Media** Write a poem with your caregiver.
