Chisago Lakes Choice Board #4

5th Grade

- Students should choose at least **one** activity from each subject area column (Math, Reading, Writing, Science/Social and Specials)
- Place a check on the activities completed and have a caregiver/parent sign the bottom of the form.

Math	Reading	Writing	Science / Social	Specials
Design and create a poster that illustrates how to perform a math skill. (Rounding numbers, order of operations, place value, etc.)	Read about a place you have been or a place you would like to visit.	Write a letter to one of your favorite authors. Tell them why you enjoy their books and give them an idea for another book. Include anything else you'd like to tell them!	What are some ways that you could generate heat to melt snow? List and draw three possible ways. Think beyond using electricity.	**PE** If there is snow, go outside and shovel for 20 minutes.
Find different shapes of things around your home. Sort them based on how many sides they have.	Compare and contrast two characters from books you have read. Create a Venn Diagram to show their similarities and differences.	Make a list of items in your home that begin with each letter of the alphabet. See how many you can get!	Explore the nutrition labels of different food items at your house. Research one of the ingredients or nutrients to find out how it supports or doesn't support good health.	**Art** Draw a plan for an inside fort and then build it!
List 5 real world examples where you may have to add or subtract decimals or fractions. Create and complete realistic problems for these examples.	Discuss with an adult or write about what you think is going to happen next in a book you are reading. Then, read to find out!	What do you think is the most important thing that has ever been invented? Write a paragraph about your choice.	Make a boat out of tin foil. See if it floats and how many pennies it can hold before sinking. Redesign your boat and see if it can hold more pennies!	**Music** Clap the rhythm to your favorite song. ♪
Create a math quiz and answer key. Include at least 10 questions that have addition, subtraction, multiplication, division, and whatever skill you have been working on at school.	Think of a different way to end a story you've recently read. Create a comic strip for your new ending.	Create a timeline of important events in your life from birth to current.	Create a new country. Draw a map and name it. Include the capital city, culture, government, and laws.	**Media** Write a poem with your caregiver.
