### **LMSD Board of School Directors January 26-27, 2026, Business Meeting Highlights**

*For a complete agenda, visit the [BoardDocs section](#) of the District website.*

*Closed-captioned [meeting videos](#) are available on the District website within five days.*

(Note: this meeting was originally scheduled for January 26, 2026,  
but was reconvened on January 27, 2026, due to snow)

Dr. Sautner opened the meeting by noting that the meeting had been called to order last night but was re-convened tonight on zoom due to the weather. She went on to explain that Regular Business Board Meetings, such as this one, are where the Board votes on official business, hears committee reports and public comment according to a published agenda. There are two public comment periods on the agenda, one for agenda topics and one for other topics.

She then explained the Board's new engagement strategy, which has a goal of increasing transparency and respectful dialogue. The two public comment periods at Board and Committee meetings are part of this process. She reminded families that their school contacts are their strongest relationships and that the Board serves all taxpayers in the District. She also noted that small groups of Board Directors will be holding additional community meetings to discuss issues such as the budget, outside of the official/scheduled meetings.
