2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2025-26 School Description and Mission Statement

George Mayne Elementary is a proud Title 1 school located in the Alviso-San Jose area. It is a vibrant learning community dedicated to the mission of equity and excellence in education. We serve approximately 290 ethnically, linguistically, socio-economically, and academically diverse students from Preschool through fifth grade. Mayne welcomes families from single-family homes, mobile park communities, and multiple-family dwellings across Alviso, San Jose, Santa Clara, and Sunnyvale.

We are committed to providing a well-rounded education and ensuring that each child's worth and potential are valued. Our comprehensive programs include two State Preschool classrooms (one co-taught special education inclusion program) and one Specialized Academic Instruction (SAI) Preschool class. The Mayne staff operates as a Professional Learning Community

2025-26 School Description and Mission Statement

(PLC) of learners, leaders, and thinkers, unified by a belief in a growth mindset for our entire school team - students, parents, and colleagues. We are resilient, passionate, and dedicated colleagues who persevere in our advocacy for our students and school. Our strong partnerships with parents, businesses, and the broader community are vital in helping us provide a supportive, high-quality educational environment.

Our dedication is focused on delivering the best for our children, enabling them to meet the challenges of the twenty-first century. We promote the District's mission "to provide equitable, engaging, and innovative educational experiences so that each student thrives in a global society." At Mayne, students are the center of all we do. We are thoughtful about using data and standards to inform decisions regarding services and practices that best meet student needs. We are a community of leaders who have high expectations and believe that all students will achieve. We focus on meeting State and district content and life-long learning standards, and we recognize the strength and resilience in our school community by promoting a climate where we respect, appreciate, and celebrate our diversity.

Our school mascot, the eagle, inspires our motto: "We are Eagles Soaring to Success." This reflects our core belief that every child has unlimited potential to reach new heights of achievement. Our SOAR program guides our school in developing character as importantly as academic skills by focussing on four key areas: Be Safe, Be Organized, Be an Achiever, and Be Respectful. We provide a positive learning climate that encourages and nurtures students to strive for personal excellence and develop social-emotional well-being.

George Mayne has a dedicated team of classroom teachers (including Inclusion Co-Taught SAI Preschool, SAI Preschool, TK, and K - 5) and specialists (Resource Teacher, Speech/Language Pathologist, School Psychologist, Instructional Coach, Intervention Teachers, etc.) who collaborate to continuously improve teaching strategies. We ensure our curriculum equips students with the high-literacy, math, and communication skills necessary for success in today's competitive world. This commitment to holistic development - fostering academic achievement alongside social-emotional skills - has led to significant improvements in student outcomes.

School Facility Conditions and Planned Improvements

General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at www.santaclarausd.org/BoardPolicies. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds the construction of new elementary and middle schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of a new high school on the Agnews campus, a new elementary school for Laurelwood on the Patrick Henry campus, new multipurpose buildings and early childhood classroom buildings, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

George Mayne Elementary School thrives because of the strong partnerships we build between home, school, and community. We believe that active parental involvement is the cornerstone of student success, and we deeply value every form of participation.

Your partnership, whether through enriching learning conversations at home, hands-on volunteering, or lending your expertise on a committee, directly contributes to a vibrant and high-achieving school environment.

We invite you to connect with our school community and make a meaningful impact through the following key avenues: Share your perspective, guide school policies, and help make strategic decisions by joining our key governance and advisory groups:

Parent Teacher Association (PTA): Plan events, fundraise for essential programs, and build community spirit.

School Site Council (SSC): Collaborate on school budget planning and the Single Plan for Student Achievement.

English Learner Advisory Committee (ELAC): Advise on programs and services for our English Learner students.

Safety Committee: Help develop and maintain a safe, secure, and supportive campus.

Experience the joy of education firsthand and directly assist our students and staff:

Classroom Volunteer: Offer in-class support for reading, projects, and educational activities.

Chaperone: Join and supervise students on enriching field trips.

Contribute materials: Help provide essential resources that enhance classroom learning.

Lend your specific skills and insights to our ongoing efforts:

School Committees: Contribute your professional or personal expertise to focused improvement efforts (e.g., wellness, technology, or curriculum).

2025-26 School Safety Plan

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents, community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2025.

Fiscal Year 2024-25 Types of Services Funded

George Mayne Elementary School is dedicated to delivering a comprehensive, equitable, and high-quality educational experience for every student. Our programs and services are strategically funded through a combination of federal, state, and local resources, ensuring targeted support and enrichment for our diverse student body.

Our programs and services were primarily supported by the following sources:

Title I: This federal funding ensures all students have equitable access to a high-quality education, focusing on improving academic achievement in high-need schools.

Targeted Funds: This state funding provides supplemental academic and social-emotional support for students who face unique challenges, including English Learners, Low-Income Students, Homeless Youth, Foster Youth, and Migrant students.

Donations: Generous contributions, including earnings from our multipurpose room lease, enhance our ability to provide critical enrichment opportunities beyond the core budget.

These funding resources are allocated to provide the following essential services, directly supporting student achievement and

well-being:

Academic Intervention and Support focuses on closing achievement gaps and ensuring mastery of core standards.

Specialized Instruction: Targeted literacy and math intervention programs.

English Language Development (ELD): Dedicated support and instruction for English Learners.

Enrichment and Extracurricular Opportunities provide a well-rounded educational experience that fosters talent and engagement.

Enrichment Opportunities: Supports enriching activities like Chess Club, Performing Arts, Arts and Crafts, organized sports like Allera Soccer and Volleyball.

Student and Family Support strengthens the school-home connection and supports student well-being.

Family Engagement: School-wide family learning events such as Literacy Night, Science Night, Math Night and celebrations to strengthen the school-home connection.

Counseling Services: Provides dedicated services to address the social-emotional needs of all students.

Essential Resources: Funds additional additional staff, necessary supplies, and current instructional materials.

Professional Development

Teacher Development: Investment in ongoing, high-quality professional development to ensure staff utilizes the most effective instructional strategies and research-based practices.

Through the strategic use of these funding sources, George Mayne Elementary School creates a supportive, comprehensive, and enriching learning environment where all students are empowered to thrive.

Professional Development

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's Single Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and

Professional Development

create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

In addition to the number of school days dedicated to districtwide professional development, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.

This table displays the number of school days dedicated to staff development and continuous improvement.
