2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2025-26 School Description and Mission Statement

Vision Statement: Celebrating the hearts, minds and actions of our learners as they THRIVE.

Mission: Canyon Oaks is a diverse and inclusive school community that promotes being our BEST with an outward mindset and the skills to THRIVE towards a college, career and life's work.

Core values utilizing THRIVE:

Transform- Encouraging personal growth and positive change

Harmony- Promoting inclusivity, balance and a sense of belonging

Rigor- Upholding high academic and behavioral standards

Innovate- Embracing creativity, new ideas and forward-thinking approaches

Vision- Setting ambitious goals for the future and working towards them with clarity and purpose

Engage- Actively involving all members of the school community in learning and development

School Description: Nestled in the foothills of the city of American Canyon, Canyon Oaks Elementary School serves students in Transitional kindergarten through grade five. Canyon Oaks opened in the Fall of 2005. Home to the Mighty Oaks, Canyon Oaks Elementary School serves a diverse community of learners. The school's focus is on a whole-child approach to teaching and learning in order to promote a caring and inclusive social-emotional, academic, physical and behavioral success for ALL. Students at Canyon Oaks receive excellent academic instruction supported by collaborative grade-level teams, research-based instructional programs, and highly effective student engagement strategies. Additionally, students are supported by the school-wide Positive Behavior Support programs/BEST, Toolbox SEL, Second Step, and Restorative Practices. Staff, students, and parents work together to create a sense of community through special events and programs. Canyon Oaks Parent Teacher Organization hosts an annual Trunk or Treat, STEAM Fest in the winter and our Arts Festival in Spring. These events are designed to bring our school community together and celebrate the work and talents of children. Monthly BEST assemblies highlight our school focus to Be Safe, Be Respectful, Be Responsible, and Be Kind; including the recognition of student leaders from each class as Student of the Month. Students teach each other about what it means to be a "Mighty Oak".

2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Canyon Oaks Elementary School takes pride in its commitment to using standards-based textbooks and instructional materials in core subjects, which are officially adopted by the State Board of Education (SBE). Alignment with Educational Standards: Our use of SBE-adopted materials ensures that our curriculum is aligned with state and national educational standards. This alignment is vital for providing students with a high-quality education and preparing them for success in standardized assessments.

Consistency and Quality: SBE-adopted materials are carefully reviewed and selected for their quality and alignment with educational goals. By using these materials, we can maintain consistency and ensure that all students have access to the same high-quality resources. Support for Teachers: SBE-adopted materials provide valuable support for our educators. They offer comprehensive lesson plans, assessments, and resources that help teachers deliver effective instruction while meeting curriculum standards.

Continuous Improvement: We remain committed to staying current with educational standards and adopting the latest SBE-approved materials as they become available. This ongoing process ensures that our curriculum remains up-to-date and aligned with the ever-evolving needs of our students. Canyon Oaks Elementary School's use of standards-based textbooks and instructional materials represents our dedication to providing a rigorous and comprehensive education that prepares students for academic success. We will continue to rely on these high-quality resources to uphold the educational excellence our students deserve.

School Facility Conditions and Planned Improvements

Canyon Oaks Elementary School, constructed in 2005, stands as a testament to our commitment to providing students with a safe and conducive learning environment. Our school is known for its excellent condition, and we take great pride in maintaining our facilities to the highest standards. We recently have had facilities improvement through our school districts and communities support in modernizing our school with outdoor learning spaces and covered lunch table areas on our campus.

Physical Condition: Since its construction, our school has been meticulously cared for. The grounds are beautifully landscaped, creating a welcoming and inspiring atmosphere for students and staff. All school buildings have been well-maintained, ensuring they remain in optimal condition.

Safety and Cleanliness: Safety and cleanliness are of paramount importance at Canyon Oaks. We prioritize regular inspections and maintenance to uphold safety standards. Our clean and well-maintained, park-like facilities are a reflection of our dedication to providing a healthy and secure space for learning.

Ongoing Commitment: While our school facilities are currently in great condition, we remain committed to continuous improvement. Our school facilities has received upgrades and modernization from the recent local bond initiative. We continue to invest in maintenance and upgrades of our school to ensure that our students have access to modern and safe facilities that support their educational needs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

At Canyon Oaks, we firmly believe that the active involvement of parents is integral to the success of our students and the school community as a whole. We offer a variety of opportunities for parents to engage with their children's education and contribute to the betterment of our school. Here are some of the ways in which parents can get involved:

Parent-Teacher Organization (PTO): Our PTO is instrumental in strengthening the partnership between school and home. Parents can join the PTO to participate in decision-making, volunteer for school events, and collaborate on initiatives that enhance the educational experience for all students.

Volunteer Opportunities: We encourage parents to volunteer in various capacities, from assisting in classrooms to participating in school events and fundraisers. Volunteering is a fantastic way to connect with the school community, gain insight into your child's educational experience, and contribute your skills and expertise.

School Site Council (SSC): The SSC is a crucial decision-making body at Canyon Oaks, with parents, teachers, staff, and administrators working together to develop and evaluate the school's improvement plan, ensuring that our resources are used effectively for the benefit of all students.

English Language Advisory Committee (ELAC): ELAC focuses on supporting our English Language Learners (ELLs) and their families. Joining ELAC allows parents to create a supportive and inclusive environment for ELL students, offering input on language programs and resources to facilitate academic success.

Coffee with the Principal and Information Sessions: We regularly organize Coffee & Conversations and information sessions on topics like curriculum updates, college preparation, understanding educational technology, available resources by community partners. These sessions empower parents with the knowledge and tools needed to support their children's learning journey effectively.

By actively participating in these opportunities for parent involvement, you not only contribute to the success of your child but also play a crucial role in the continued growth and improvement of Canyon Oaks Elementary. We welcome your engagement and look forward to working together to create a vibrant and supportive learning environment for our students. For further information on parent involvement opportunities, please contact Stephanie Vasquez, Principal (svasquez@nvusd.org); Martha Franco (martha_franco@nvusd.org); Jaymie Hall, PTO President (thecanyonoakspato@gmail.com).

2025-26 School Safety Plan

Canyon Oaks Elementary School remains steadfast in its dedication to ensuring the safety and well-being of our students and staff. With the unwavering support of the School Site Council (SSC) and the BEST Team, we have developed and diligently maintained a comprehensive school safety plan (CSSP) that encompasses all aspects of safety within our school community. The CSSP is a living document that undergoes annual reviews and updates, with approval by the School Site Council and the Napa Unified School District Board of Education. In its most recent iteration, the CSSP was meticulously reviewed and updated by SSC on October 16, 2025.

Our commitment to safety extends well beyond the boundaries of our campus, as we continue to collaborate closely with the American Canyon Fire Department and the American Canyon Police Department. This partnership ensures that our staff is well-prepared, well-trained, and equipped with the latest knowledge about state and federal guidelines, all of which are fundamental in providing a secure and thriving learning environment for our students.

At Canyon Oaks, we recognize that safety encompasses not only physical well-being but also the nurturing of emotional and social growth among our students. To achieve this, we consistently implement a variety of programs, including the school-wide Positive Behavior Program/BEST, the problem-solving program Second Step, Restorative Practices and Toolbox SEL, a program that incorporates twelve unique tools. These tools are introduced, modeled, practiced, and celebrated throughout our school community, fostering pro-social skills that are essential for self-regulation and strategies for success. This continued commitment to both physical safety and social-emotional learning ensures that Canyon Oaks Elementary School continues to provide a secure and nurturing environment for all students and staff members. These initiatives aim to support our students in developing pro-social skills, character development, and positive approaches to conflict resolution.

Professional Development

The SWIFT-FIA is a self-assessment tool used by our Multi-Tiered System of Support (MTSS) Team and staff to examine the current implementation status of different research-based, school-wide equity-based inclusive practices. Our MTSS team administer the FIA through engaging in structured discourse and examining related evidence specific multi-tiered systems of support (academic, behavioral / social-emotional). By periodically assessing implementation levels throughout the school year - and across multiple years - Our MTSS team is able to monitor their schools' development of systemic capacity. In analysis of the needs and focused goals for professional development each academic school year, our teaching team participates in a site-based initiative survey gathering information on the implementation level of our programs. Data of each district and site provided program is reviewed for use and effectiveness in closing the achievement gap. Universal Screening data for academic achievement (STAR Assessments), behavioral and social-emotional data (Strengths and Difficulties Questionnaire) are utilized to set Learning Sprint goals. Utilizing data-informed practices aligned to teaching and learning goals, short and long-term professional development is established. Staff participate in workshops, conferences, and professional learning both during and after school.
