## **Content Area Standard Expectations**

### **English Language Arts/Reading**

- Utilize teaching and questioning strategies designed to promote cognitive engagement, higher level thinking and high-quality first-time instruction.
- Model and facilitate reading and writing routines to teach and reinforce critical TEKS. (Ex. think alouds, explicit instruction, modeling reading and writing processes, independent reading and writing, reading and writing conferences, grammar instruction that focuses on meaning and effect.)
- Provide opportunities for students to engage in independent reading to improve fluency and stamina.
- Use questioning strategies to guide students to the depth and complexity of the reading and writing TEKS.
- Design learning experiences that foster academic discourse and collaboration, including informal discussions, book talks, peer conferences, shared writing, and structured turn and talks.
- Ensure that students have choice in their independent reading across genre and reading levels.
- Use formal and informal data to drive instructional decisions to create daily lesson plans, form small groups, and plan for instruction.
- Utilize appropriate scaffolds and extensions to meet the unique needs of all learners.

### **Mathematics**

- Utilize teaching and questioning strategies designed to promote cognitive engagement, higher level thinking and maximize high-quality first-time instruction.
- Incorporate the use of small-group instruction to meet the needs of individual learners.
- Encourage student discourse/discussion including justifications, similarities, and differences.
- Provide opportunities for structured discourse to allow students to clarify, solidify, or deepen their thinking.
- Use formal and informal data to drive instructional decisions for daily lesson plans, small groups, and necessary interventions.
- Use multiple representations (models, pictures, words, tables, graphs, equations, etc.) to make connections.
- Encourage students to use precise mathematical vocabulary.
- Use graphing technology and other technology such as to discover relationships and compare multiple representations.

### **Science**

- Utilize teaching and questioning strategies designed to promote cognitive engagement, higher level thinking and maximize high-quality first-time instruction.
- Incorporate the Scientific and Engineering Practices (SEPs) 40% of instructional time
- Articulate learning outcomes.
- Encourage sense-making and model creation.
- Promote student voice. Students should be given opportunities to choose how they engage with science in ways that matter.
- Provide opportunities for structured discourse to allow students to clarify, solidify, or deepen their thinking.
- Use formal and informal data to drive instructional decisions for daily lesson plans, small groups, and necessary interventions.
- Utilize phenomena.
- Incorporate Recurring Themes and Concepts (RTCs)
- Build on prior knowledge.
- Utilize appropriate scaffolds to meet the unique needs of all learners (extended and reinforced).

## **Social Studies**

- Utilize teaching and questioning strategies designed to promote cognitive engagement, higher level thinking and maximize high-quality first-time instruction.
- Use formal and informal data to drive instructional decisions for daily lesson plans, small groups, and necessary interventions.
- Use collaborative activities to process information and/or demonstrate content mastery.
- Ensure that students use problem-solving and decision-making skills in a variety of settings.
- Provide opportunities for structured discourse to allow students to clarify, solidify, or deepen their thinking.
- Incorporate the use of small group instruction to meet the needs of individual learners.

## **LOTE**

- Utilize teaching and questioning strategies designed to promote cognitive engagement, higher level thinking and maximize high-quality first-time instruction.
- Provide opportunities for structured discourse to allow students to clarify, solidify, or deepen their thinking.
- Use formal and informal data to drive instructional decisions for daily lesson plans, small groups, and necessary interventions.
- Teach and speak in the target language significantly more than English in all levels (target 90%). Use strategies (i.e. visual cues, acting out, modeling, cognates, synonyms, etc.) to ensure student understanding and limit or avoid English translation.
- Use activities that move students beyond “word-level” performance. All students are working towards building sentences (Lvl. 1), strings of sentences (Lvl. 2), and paragraph-length narration (Lvl. 3+).
- Design instruction to discover grammar in a context instead of using isolated mechanical or rote drills.
- Use authentic real-world tasks that integrate listening, speaking, reading and writing. All tasks should support students’ ability to use their language in real-world scenarios.
- Provide ongoing feedback as students work independently, in pairs, and in small groups.
