2024-25 SCHOOL ACTIVITY PUBLISHED IN JANUARY 2026

PRINCIPAL'S MESSAGE

Welcome to Mountain View Elementary School! Our mission is to guarantee a culture where all students learn at high levels in a safe and accepting environment that supports academic achievement, social-emotional well-being and character development.

Mountain View Elementary's Interactive Technology is a blended learning environment incorporating educational technology into instruction to support mastery of academic standards, facilitate student collaboration and increase access to curriculum. Student communication skills and exploration are nurtured through experiential and project-based learning activities. Expansion of critical thinking skills and creativity are encouraged in student-centered learning spaces, including Makerspace and classrooms with flexible seating. Cross-grade partnerships, including STEM and reading buddies, promote citizenship and a sense of belonging. Our positive school climate program, PAWS (Pride, Attitude, Wise choices, Safety), highlights PAWS character traits through daily announcements, Wolf Den activities and monthly Top Paw awards, helping students understand that they are important members of our school community and that their actions matter.

STUDENT ACHIEVEMENT

CALIFORNIA ASSESSMENT OF STUDENT PERFORMANCE AND PROGRESS (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

The CAASPP results shown in this report include overall results comparing the school, district and state scores as well as the school's overall score in each applicable subgroup. Results are shown only for subgroups with ten students or more taking the exam. For those categories that are blank in the tables, no students met subgroup criteria. More information on CAASPP can be found on the California Department of Education's website www.cde.ca.gov/ta/tg/ca/.

PHYSICAL FITNESS

In the spring of each year, Mountain View Elementary School is required by the state to administer a physical fitness test to all students in grade five. The physical fitness test (PFT) for students in California school is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pf.

5	98.6%	100%	100%	100%	100%

Note: The administration of the PFT requires only participation results for these five fitness areas.

SCHOOL FACILITIES & SAFETY

FACILITIES PROFILE

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Mountain View Elementary School's original facilities were built in 1968; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. The District Governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office, at the District Office, or on the Internet at www.simivalleyusd.org.

A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority.

2024-25 Campus Improvements:

- Installation of new interactive whiteboards and projectors in all classrooms
- Installation of a new projector in the MPR
- New playground (Summer 2025)

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and one evening custodian are assigned to Mountain View Elementary School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- General grounds maintenance
- Lunch area setup/cleanup
- Restroom cleaning

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

SUPERVISION & SAFETY

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, campus supervisors, paraeducators, and office staff are strategically assigned to designated entrance areas and the playground. During recess and lunch, campus supervisors and paraeducators monitor playground activity. At the end of the day when students are dismissed, campus supervisors and paraeducators monitor student behavior to ensure a safe and orderly departure.

Mountain View Elementary School is a closed campus. During school hours, all visitors must sign in at the school's office with a valid state issued identification to be scanned through the visitor management system and wear an identification sticker while on school grounds. They must then check out at the school office upon exit from the school site. Security cameras are installed throughout the campus.

SCHOOL SITE SAFETY PLAN

The Comprehensive School Site Safety Plan was developed for Mountain View Elementary School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's school safety plan is reviewed, updated, and discussed with school staff each year by March 1st.

SCHOOL INSPECTIONS

On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Mountain View Elementary School took place on September 9, 2025. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During fiscal year 2025-26, all restrooms were fully functional and available for student use at the time of the inspection.

CLASSROOM ENVIRONMENT

DISCIPLINE & CLIMATE FOR LEARNING

Mountain View Elementary School's behavior management strategies comply with approved board policies and are designed to create effective learning environments and minimize classroom disruptions. Our PAWS program (Pride, Attitude, Wise Choices, & Safety) is the foundation for helping students made good choices.

Mountain View utilizes a campus-wide positive behavior intervention approach. The premise of PBIS is that continual teaching, modeling, recognizing and rewarding of positive student behavior will reduce disciplinary problems and promote a positive school climate and safer campus. Proactive, progressive discipline measures are employed in the classroom for those students experiencing difficulty following school rules and demonstrating positive behavior. Daily morning meetings and monthly Wolf Den activities promote social emotional well-being and student connection.

During the 2023-24, 2024-25, and 2025-26 school years, Mountain View Elementary School's teachers attended the following events hosted by the Simi Valley Unified School District:

During the 2024-25 school year, Mountain View held staff development devoted to the following:

- Desired Learning Results
- CAASPP
- Best Instructional Practices
- Professional Learning Teams Rubrics and Outcomes
- Professional Learning Community District Goals
- Universal Design for Learning
- Multiple Intelligences
- Essential Standards and SMART Goals
- Safety Trainings (Active Shooter) with Strategos International
- Pacing Guides and Unit Planning

- Mandated Reporting

Decisions concerning selection of staff development activities are performed by all staff using tools such as teacher input, state assessment results, and data analysis to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. Mountain View Elementary School supports ongoing professional growth throughout the year during Professional Learning Communities (PLC) time. Teachers meet in grade level teams to conduct data analysis to identify areas of need. Teaching staff are provided the opportunity to participate in district-sponsored staff development workshops or training sessions as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula.

INSTRUCTIONAL MATERIALS

All textbooks used in the core curriculum throughout Simi Valley Unified School District are being aligned to the California State Standards. Instructional materials for core content areas are approved by the district's Board of Education.
