MONTHLY FINANCIAL REPORT FOR THE MONTH ENDED NOVEMBER 2025

EXECUTIVE SUMMARY

Board Members,

This report is prepared to meet the requirements of Washington Administrative Code (WAC) 392-123-110. Each month, we provide a budget status report, including a statement of revenues, expenditures, and changes in fund balance, along with any other important financial information, to the Board of Directors.

The format of this report may change as needed to reflect the evolving nature of educational finance. As noteworthy events or changes occur, we will update this report to ensure it remains relevant and accessible to everyone. The content of this report will continuously evolve over the fiscal year, while the structure remains the same. You can find a synopsis for each fund at the end of each reporting "Fund" section.

DISTRICT FINANCE/FUND STRUCTURE

Governmental accounting and finance systems are organized and operated on a fund basis. A "Fund" is defined as a fiscal and accounting entity with a self-balancing set of accounts that record cash and other financial resources, along with all related liabilities and residual equities or balances, and changes therein. These accounts are segregated to conduct specific activities or achieve certain objectives in accordance with special regulations, restrictions, or limitations.

District Fund Types

| | | | | |
|--------------|-------------------------|-------------------|------------------------|------------------------|
| General Fund | Special Revenue Funds | Debt Service Fund | Capital Projects Funds | |
| General | Associated Student Body | Debt Service | Capital Projects | Transportation Vehicle |

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

This fund includes resources from local, county, state, and federal sources. These revenues finance the ordinary and recurring operations of the school district, such as educational programs, food services, maintenance, data processing, printing, and pupil transportation. Every school district must have a General Fund.

The General Fund cannot be used for purposes that have specific funds established. However, in Washington state, the General Fund may cover Associated Student Body (ASB) expenditures, even though there is a separate ASB Fund. Currently, the General Fund has not recorded any activity or funded any activities related to the ASB Fund.

SERVICE: Family & Community Engagement

Use multiple strategies to gather family feedback and utilize the feedback to improve practices.

EXCELLENCE: Excellence in Learning & Teaching

Strengthen core instruction and deepen intellectual engagement to keep students on track to graduate.

EQUITY: Removing Barriers & Supporting Students

Expand practices to support the social-emotional needs of all learners. Use multiple strategies to gather student feedback and utilize the feedback to improve practices.

EXECUTIVE SUMMARY - CONTINUED

General Fund Month End Financial Synopsis

The General Fund reflects the balance between revenues and expenditures for the fiscal year.

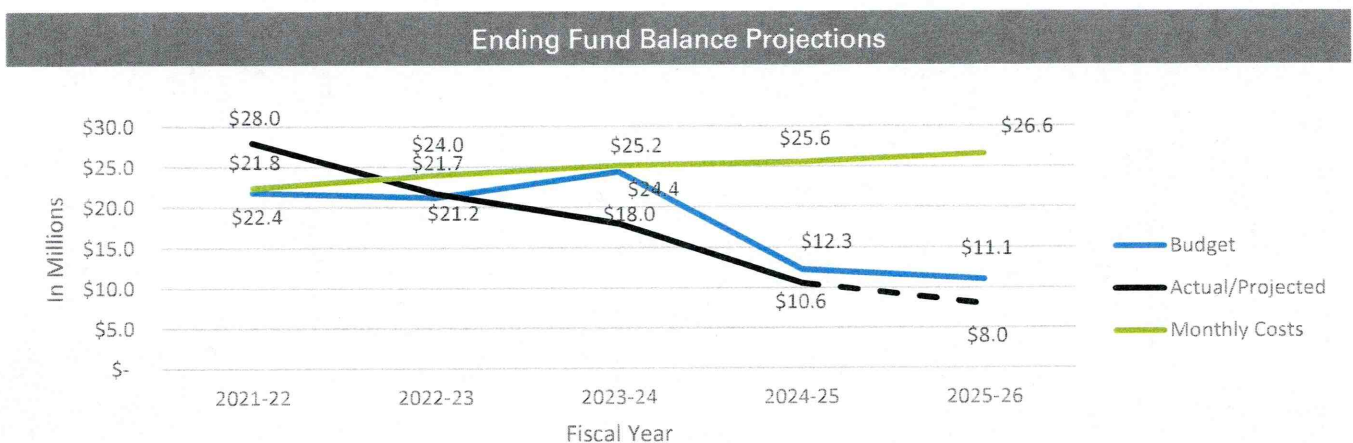

Through November 2025, year-to-date revenues totaled \$75.2 million, representing an increase of \$1.8 million (3%) compared to \$73.4 million for the same period in the prior year. This modest growth is primarily attributable to the timing of state funding allocations and stronger local support initiatives.

Along with the revenue improvement, expenditures through November 2025 totaled \$77.1 million, a slight decrease of \$1.0 million from \$78.4 million in the prior year. This modest year-over-year reduction masks significant variation across programs:

- Basic Education reflects the largest change, with a \$0.7 million decrease. This decrease is largely driven by the timing of certain payments and funding cycles rather than reduced activity; in fact, the program continues to face pressure from higher staffing costs and investments in enhanced educational programs.
- Special Education expenditures increased by \$0.6 million, reflecting rising staffing needs and expanded services.
- Support Services remained relatively flat partially offsetting increases elsewhere.

Although total expenditures through November 2025 are slightly lower than the prior year—due primarily to timing differences in Basic Education—the underlying cost trends in key areas such as staffing, Special Education, and program enhancements remain upward. With only limited revenue growth, the gap between ongoing operational needs and available resources continues to create financial strain as the district approaches the end of the fiscal year. This year-to-date snapshot highlights the importance of closely monitoring expenditure trends in the final months to ensure the General Fund maintains an appropriate balance through year-end.

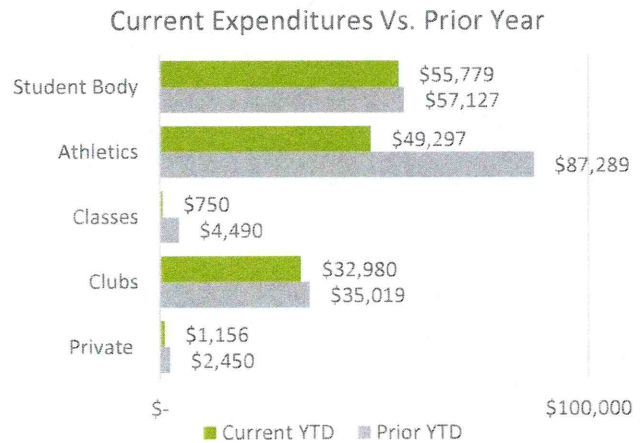

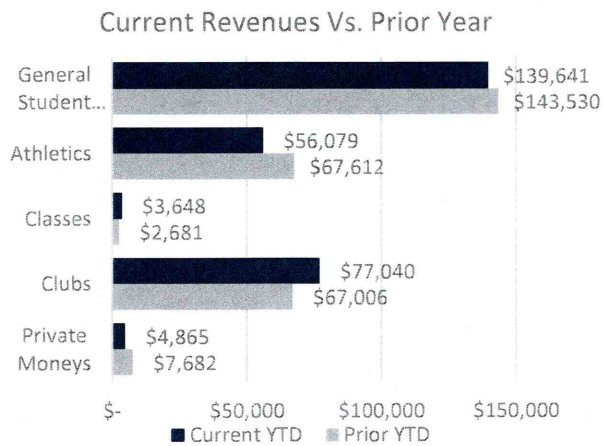

EXECUTIVE SUMMARY - CONTINUED

ASSOCIATED STUDENT BODY FUND (ASB)

This fund is financed, in part, by the establishment and collection of fees from students and nonstudents as a condition of their attendance at any optional noncredit extracurricular event of the district. As a Special Revenue Fund, the ASB Fund is under the control, supervision, and approval of the board of directors, and the school district legally owns the resources accounted for in the ASB Fund.

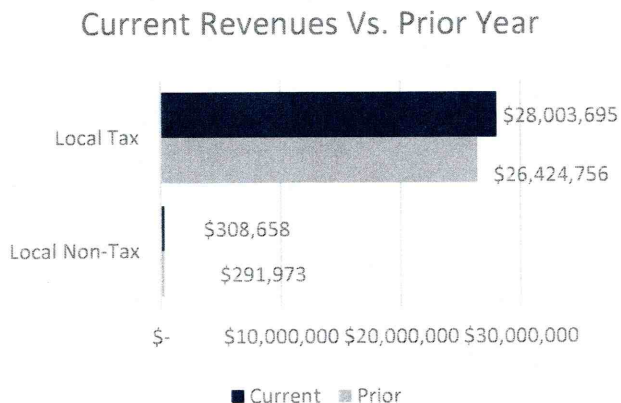

The ASB Fund continues to ramp up with students returning to normal participation in after-school activities. The financial activity is recovering from recent declines. The combined ASB Fund received 21.59%, or \$281,273 of the year's expected revenues. Total expenditures were measured at 9.24%, or \$139,962. The net result was an increase in the fund balance.

DEBT SERVICE FUND

In the state of Washington, one Debt Service Fund records the organization's debt-related transactions. This fund provides for tax proceeds, other revenues, and disbursements related to the redemption of outstanding bonds. The county treasurer or fiscal agent makes payments of interest and principal. Provisions are made annually for a levy sufficient to meet the payments of principal, interest, and related expenditures for voted debt. The state attorney general has ruled that it is improper to levy excessive taxes to retire bonds in advance of the redemption schedule.

The Debt Service Fund serves as the sole account for the district to collect taxes and make distributions for the purpose of repaying voter-approved debt instruments (bonds). New to the board will be the Debt Service Fund schedules, which show all outstanding debt instruments and our debt service requirements and programmed payments.

Current Expenditure Status:

| Description | Current Year-to-Date | Fiscal Budget | Percent of Budget |
|-------------------|----------------------|---------------|-------------------|
| Matured Bonds | \$ - | \$ - | 0.00% |
| Interest on Bonds | - | - | 0.00% |
| Other | - | - | 0.00% |
| Total | \$ - | \$ - | 0.00% |

EXECUTIVE SUMMARY - CONTINUED

CAPITAL PROJECTS FUNDS

Within the state of Washington, two funds are used for the acquisition or construction of major capital facilities or assets: The Capital Projects Fund and the Transportation Vehicle Fund.

Capital Projects Fund

This fund is used for the acquisition of land or existing facilities, construction of buildings, purchase of equipment, conducting energy audits, and making capital improvements that are cost effective as determined by energy audits. In addition, under certain conditions, improvements to buildings and grounds, remodeling of buildings, and the replacement of roofs, carpets, service systems, and technology are included in the Capital Projects Fund. The technology levy referenced in district operations is housed and funded in the Capital Projects Fund.

The Capital Projects Fund is financed from the proceeds from the sale of voted or non-voted bonds, state matching revenues, lease or sale of surplus real property, interest earnings, and special levies. In all instances where moneys are raised by voter-approved bond issues, the proposition must include a description of the projects for which the money is being raised.

Capital Fund Month End Financial Synopsis

As of the end of November, the Capital Projects Fund has recorded the beginning of significant financial activity. The fund has generated revenues totaling \$16.3 million, comprising \$13.6 million from local taxes and \$2.7 million from interest income. These revenues are crucial for supporting the district's ongoing and planned capital projects.

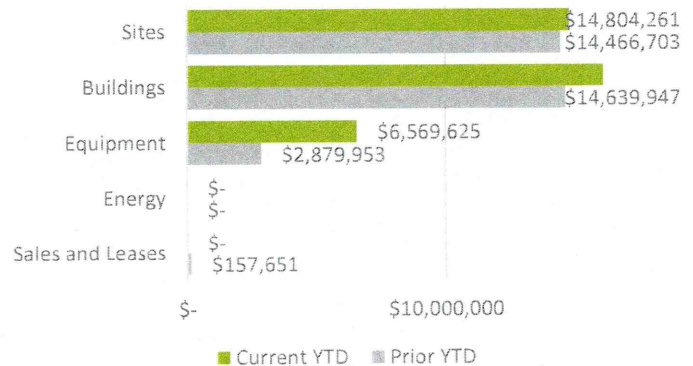

On the expenditure side, the fund has incurred substantial costs to advance various projects. Land purchases and site improvements have amounted to \$14.8 million, reflecting the district's investment in securing properties for the new Renton High School and improving other properties. Construction costs have reached \$21.4 million, indicating progress on several key building projects. Additionally, the district has spent \$6.6 million on technology enhancements, ensuring that new and existing facilities are well-equipped with the latest technology to meet educational needs.

Overall, the Capital Projects Fund demonstrates a robust financial position, with significant investments in land, construction, and technology. These expenditures are essential for the district's long-term infrastructure goals and will support the continued enhancement of educational facilities, ultimately benefiting the entire community.

Current Revenues Vs. Prior Year

Current Expenditures Vs. Prior Year

EXECUTIVE SUMMARY - CONTINUED

Transportation Vehicle Fund

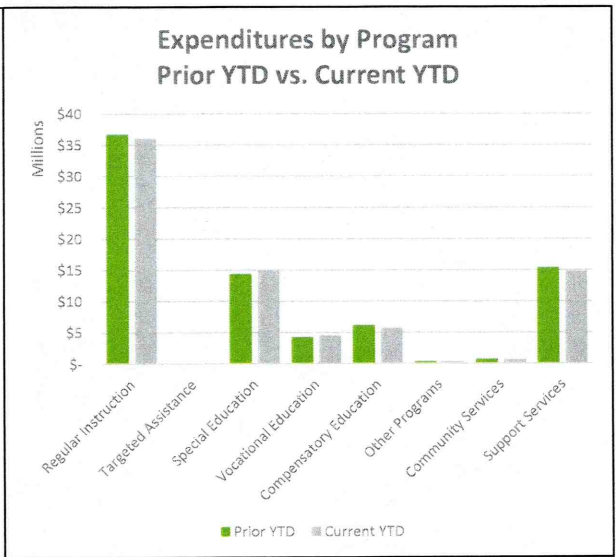

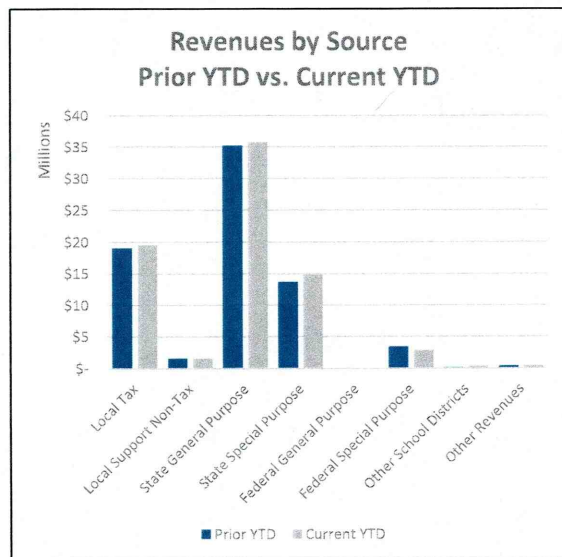

Budget Overview: For the 2025-26 school year, the Renton School District allocated a budget of \$3.8 million for transportation vehicle acquisitions. The careful management of these funds ensures that the transportation department can continue to operate efficiently and meet the needs of the student population. The district anticipates receiving its annual allocation for buses on the last apportionment payment in August of each year.
