## 2024-2025 School Accountability Report Card

(Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2025-26 School Description and Mission Statement

Farmersville Jr. High School is located on the southeast side of the town of Farmersville, six miles east of the city of Visalia. Located in California's San Joaquin Valley, Farmersville is an agriculturally based community of approximately 10,000 people nestled at the foot of the Sierra Nevada Mountains. Farmersville is located in Tulare County, which has diverse cultures and economic levels. The median household income is about \$38,360. The city is small, covering just 1.9 square miles. The Farmersville Jr. High School serves approximately 400 students in grades seventh and eighth, of which 97.40% are Hispanic and 2.08 % are White (non-Hispanic), 0.52% Asian, and other ethnic groups. The city has a rich culture and hosts community events, including an annual Memorial Day Parade, Fall Festival, Christmas Tree Lighting, and other events.

### School Culture:

Farmersville Jr. High School provides students with the educational tools and coursework to become responsible life-long learners. We believe every student can learn and our mission is to find the modality that fits their learning need. We are committed to ensuring an excellent education by providing rigorous lessons and instruction for all students. Our goal is to encourage and educate students to be prepared, respectful, show integrity, determination, and strive for student engagement. We encourage parents to be actively involved in school events. Parents, teachers, administration, and community members will work together to provide students with the necessary resources and assistance to move them forward into the 21st century.

**Mission Statement:** Farmersville Jr. High School pledges to equitably educate students to be prepared, respectful, show integrity, have determination, and be engaged (PRIDE) for students to be college or career-bound.

**Vision Statement:** Farmersville Jr. High School pledges to be student-driven by promoting the following virtues of Fortitude, Accountability, Loyalty, Compassion, Optimism, Nobility, and Self-discipline (FALCONS) with our middle school students as they pursue their educational careers in high school and beyond.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2025-26 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The school district held a public hearing on August 26, 2025 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected on August 1, 2025 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

Farmersville Junior High School facilities were built in 1979. The campus consists of 12 permanent classrooms, 10 portable classrooms, a library, two computer labs, a cafeteria/gym, administrative offices, a staff lounge, 2 Afterschool Program classrooms, and a playground.

## School Facility Conditions and Planned Improvements

The facilities at Farmersville Junior High School remain in good condition. All systems, including gas, mechanical/HVAC, and sewer, remain functional and are serviced on an ongoing basis. Custodial and MOT staff provide ongoing custodial and maintenance service to keep the school clean, orderly, and pest-free. All restrooms have functional sinks, and the water fountains are operating normally. There are no issues with the structural integrity of any of the school buildings, including the roofs of the buildings. All doors, gates, and fences are in good working order, which continue to provide a secure perimeter to the school as well as a safe entrance/exit from each building and classroom. Other than ongoing maintenance and the completion of work tickets, there has been no recent work on the school site to upgrade its facilities. Future plans include installing a solar project near the east side of the existing gym within the next two years.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. Any items that would be noted in the table would have been corrected or are in the process of remediation at the time of the SARC posting.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

<b>Mathematics</b> (grades 3-8 and 11)	16	19	13	15	35	37

### 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

Farmersville Junior High greatly benefits from its supportive parents. Various opportunities are provided for parents to take an active role in their child's education. Parents are encouraged to attend meetings and events, such as PIQE (Parent Institute for Quality Education), School Site Council, and District English Language Advisory Committee (DELAC) meetings, to obtain information on the operation and policy-making processes of our school and district. Events such as 7th and 8th grade Orientation, Back-to-School Night, Career Fair, Open House, Parent Education Nights, Parents Involved in Quality Education (PIQE), award ceremonies, and field trips provide additional opportunities for parent involvement.

Parents participate in Parent Conference Week, teacher-parent conferences throughout the year, Student Success Team (SST) meetings, Individual Education Plan (IEP) meetings, and other meetings requested by teachers or an administrator.

Parents and guardians are informed of school activities through notes home, announcements on Parent Square, and social media. Additionally, the FJHS parent/student handbook has a variety of information for parents and students that is referred to throughout the school year. Plus, FJHS has platforms such as Google Classroom and AERIES systems reviewed in the classroom and during parent events.

Parent Involvement Goals for this year are as follows:

FJHS, in collaboration with our Parent Advisory groups and Site Plan, has established the following goals for improving parent involvement:

- Increase opportunities for parents to learn about testing requirements and ways to help their student improve achievement.
- Establish specific opportunities for parents to learn about standards in Math, ELA, and ELD, and ways to help their student achieve in each area.
- Establish classes with PIQE for parents to learn more about school systems and the emphasis on social-emotional learning.

## 2025-26 Opportunities for Parental Involvement

### Involvement of Parents in the TITLE I Program

FJHS does the following to involve parents in the Title I program:

- Convenes an annual meeting to inform parents of Title I students of the requirements of Title I and their rights to be involved in the Title I program.
- Offers flexible meetings, including SSC, orientations, informational nights, Back to School, and DELAC.
- Involves parents of Title I students in an organized, ongoing, and timely way, in the planning, review, and improvement of our Title I programs as well as the Title I Parental Involvement Policies.
- Provides parents with timely information about all school programs, including Title I programs, through meetings, notices, personal phone calls, Tele-Parent Phone Messaging System, and fliers.
- Provides parents of Title I students with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet through orientations, events, and notices.
- Invites parents of Title I students to participate in opportunities for regular meetings where decisions relating to the education of their children are discussed and planned.

### School-Parent Compact

FJHS has a school-parent compact that was jointly developed with parents, staff, students, and the community. This compact outlines how students, parents, and staff will share the responsibility for improved student academic achievement. It also describes how the school and parents will develop a partnership to help children reach proficiency on the California Content Standards, CASSPP, and ELPAC.

The school-parent compact describes the following items in addition to items added by parents of Title I students:

1. The school's responsibility to provide a high-quality curriculum and instruction.
2. The parents' responsibility to support their children's learning.
3. The importance of ongoing communication between parents and teachers through progress and grade reports, notes, access to staff, phone calls, conferences, Student Study Team meetings, and other communication strategies.

The school-parent compact was drafted and developed with input from stakeholders in meetings. Staff participation in staff meetings and SSC provided access for staff. Parent input was developed through parent meetings where parents had the opportunity to draft ideas, edit, and make suggestions. Student input was gained through student leadership meetings as well as student participation in SSC.

### Building Capacity for Involvement

FJHS engages all parents in meaningful interactions with the school. It supports a partnership among staff, parents, and the community to improve student academic achievement. To help reach these goals, the school does the following:

1. Provides educational opportunities for parents to assist them with understanding policies, procedures, content standards, assessments, monitoring student progress, and becoming involved in the school decision-making process. Examples include Parent Group meetings where presentations are made by staff and other support agencies. In addition, all families receive packets at the beginning of each year (in English and Spanish) that include updated policies and requirements.
2. Provides materials and training to help all parents work with their children to improve their children's achievement. Parents also receive information, materials, and training to help parents develop strategies to work with their children through Student Study Teams. All students receive a Student Planning Agenda that serves as an organizational tool and as a form of home communication. The Student Planning Agenda provides all parents with access to students' daily assignments.
3. Provides staff training on the value of parent contributions and strategies to work with parents as equal partners. Staff are also involved in committees, SSC, and other organized meetings.
4. Distributes information to all parents related to school, parent programs, and meetings in a form and language that parents understand. FUSD utilizes the ParentSquare phone messaging system that incorporates both English and Spanish messages to target groups.
5. Provides support for parental involvement activities requested by Title I parents.

### Accessibility

Farmersville Jr. High School is committed to providing opportunities for the maximum growth and development of each individual student. This commitment includes the involvement of parents, volunteers, and community partnerships. FJHS

## 2025-26 School Safety Plan

The safety of students and staff is a primary concern of Farmersville Junior High. The school is always in compliance with all laws, rules, and regulations about hazardous materials and state earthquake standards. The School Site Safety plan is updated annually in the winter. All revisions are communicated to both the classified and certificated staff.

The school's disaster preparedness plan includes steps for ensuring the safety of all students and staff during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Adaptations of routines and emergency disaster procedures for pupils and staff with disabilities have been communicated to all. All state-required drills are held as needed. Plans and procedures to allow a public agency, including the American Red Cross, to use school buildings, grounds, and equipment for mass care and welfare shelters during disasters or other emergencies have been discussed by our district office. Students are supervised before school, during break/lunch, and after school by certificated staff, aides, and administration. Each room in the facility has a time crisis flip chart to refer to as well. If a drill or event does occur, there is always a follow-up on best practices. Additionally, a chart command system has been updated and shared with staff as well as reviewed with office personnel.

Our safety plan will be reviewed at our next SSC meeting on 1/28/2026.

## Fiscal Year 2024-25 Types of Services Funded

In addition to general state funding, the district receives state and federal categorical funding for special programs. For the 2024-25 school year, the district received federal and state aid for the following categorical, special education, and support programs:

### Federal Programs

- Title I, Part A, Compensatory Education
- Title I, Part C, Migrant Education
- Title II, Part A, Improving Teacher Quality
- Title III, Limited English Proficient
- Title IV Part A SSAE
- IDEA, Special Education

### State Programs - Supplemental and Concentration Funds, Child Development Programs

The students at Farmersville Jr. High School benefit from research-proven interventions that are designed to address the individual needs of all our students. Here are the services provided at the school:

- Teachers, in ELA and Math, who have added additional class periods, to dedicate time to plan, organize, and review curriculum and data. This process is part of our RTI model that addresses standard needs.
- 3 paraprofessionals to work alongside teachers to provide students with more assistance.
- Learning Centers focused on working with students with a specifically identified special need.
- MTSS, PBIS, and leadership teams assist with the coordination of the Behavior Intervention Technician.
- An additional counselor to assist with the social and emotional needs of the students, as well as provide instruction for College and Career readiness.
- Continuous pre- and post SSTs to track and determine best practices for students who need help academically, behaviorally, or socially.
- Expanded Learning Opportunities available for all students after school from 2:30 PM to 6:00 PM daily.
- Falcon Academy for all students, 3:00 PM to 4:00 PM, to assist with curriculum needs.
- Intersession is offered every year during long breaks, as well as a 3-week summer school is offered to interested students.
- Various partnerships with Tulare County Office of Education to address student social, academic, and behavioral needs.
- Partnership with PIQE to enhance our communication with the families of our community.

Secondly, site-based supports at Farmersville Jr. High School include providing students and staff with additional support from our site-based teachers on special assignment (TOSAs). We currently have one TOSA who is our academic coach. This TOSA

## Fiscal Year 2024-25 Types of Services Funded

communicates with all teachers regarding data, curriculum, and best instructional practices. Data is based on interim assessments at our site. Once data is gathered, RTI and best practices are emphasized in the classroom to monitor standard progress. Additionally, our TOSA is focusing on our new teachers so that our new teachers feel welcomed, informed, and professionally developed to provide the best instruction for our students. We also have a behavioral counselor who helps support students behaviorally, socially, and emotionally. This counselor helps build connections and establish student voice for our staff and parents. In the last year, we have been able to schedule a homeroom every Monday at the end of the day. Our behavioral counselor assists with organizing a curriculum that touches on various topics in order to boost social-emotional learning. Additionally, our behavioral counselor assists with partnering with outside resources in order to bring awareness of student needs found in 1-1, SSTs, and community conversations.

Lastly, the students at Farmersville Jr. High School benefit from many other research-proven interventions that are designed to address the individual needs of all of our students. Here are some examples:

- Our school library is open all day, and students are welcome to check out books anytime.
- ELOP has a designed program with tutoring, STEM activities, and extracurricular opportunities for students all year.
- Student Study Team meetings are held with administration, teachers, and parents to determine best practices for students who need help academically, behaviorally, or socially.
- A Secondary Counselor works full-time to coordinate student supports and teaching skills.
- Intervention teachers support students in reading, writing, and math as scheduled by the classroom teachers.
- The district offers professional development after school, as well as staff training during in-service days
- A full-time psychologist works on site to support students and complete assessments as needed.
- A full-time counselor works on site to support students with social, behavioral, and academic needs.

## Professional Development

As part of the professional growth process, opportunities for training and staff development are provided at both the district and individual school sites to administrators, teachers, and classified staff. The district offers three staff development days annually, where staff members are offered professional growth opportunities in curriculum, teaching strategies, and methodologies. Additionally, the school staff participates in weekly Late Start Mondays to provide additional professional development (PD) and Professional Learning Collaborations (PLC) that include teacher training to support classroom instruction. Staff trainings are also working in at monthly staff meetings in team building forms of RACE writing strategies and PLT process. FJHS is

## Professional Development

committed to professional development and incorporates a welcome policy to such desired (PDs) as long as they are supported through the School Plan for Student Achievement (SPSA).
