Bulletin No. 26-023

TO: Chief Business Officials and Directors of Fiscal Services
Charter School Authorizing School Districts & Charters

Subject: **CHARTER SCHOOLS 2025-26 SECOND INTERIM FINANCIAL REPORT
Due to Authorizing District and SBCSS on or before March 16th**

Education Code Sections 42100 and 47604.33 require charter schools to provide budget, interims, annual financial statements, and audit reports to their authorizing district and the County Superintendent of Schools Office. Statute requires that all **charter schools' Second Interim Financial Reports be submitted to their chartering authority and the county superintendent of schools generally on or before March 16th**. District review of charter Second Interim Reports are requested by Business Advisory Services on or before April 1, 2026. Districts may modify the date charter reports are due to them, to allow sufficient time for their review by the deadline. Charters are encouraged to coordinate with their authorizing district to ensure accurate and timely reporting submission.

Required reporting templates are available on the San Bernardino County Schools Charter School Financial Information webpage at: <https://www.sbcss.net/business/business-advisory-services/charter-schools-office/charter-school-financial-information>. The Excel workbook consists of worksheets for 2025-26 Budget, First Interim, and Second Interim Financial Reports. Your Second interim report should be done in the same workbook used for Adopted Budget and First Interim.

A power point presentation for Charter School Reporting is posted on the webpage noted above. You are encouraged to download the presentations for guidance and reference.

At a minimum, charters must submit the following Second Interim Reports **to the authorizing district**. Districts may require additional reports and/or supporting documentation:

- Budget/Interim Worksheet (Excel version only – No PDFs) – Complete all sheets for the given reporting period.
- LCFF calculator (using the most recent FCMAT release) (Excel version)
- Signed Interim Certification (PDF or hard copy with wet or digital signatures)

The worksheets have been designed to populate other worksheets of the workbook wherever possible. Some of the features are:

- Inputting the Charter Name and Number on Certification page will populate all other schedules.
- Budget worksheet information will populate the Adopted Budget columns of the Second Interim Financial Report's worksheet.
- Data Entry cells are highlighted in a blue/green color (depending on your monitor).
- Cells with formulas are locked.

As you complete these worksheets, please be conscious of the unrestricted or restricted regulations associated with the revenue the charter has received. Refer to the California School Accounting Manual for in-depth explanations of various codes and accounting treatments.

The first column of the report refers to the charter's adopted budget. Amounts reflected in this column **must** be those adopted on or before July 1st and submitted to your authorizing district.

If you have a final 2024-25 audit report, include any audit adjustments with your Second Interim Report. These adjustments will be reported as "Adjustments for Audit" on line 53 of the Unrestricted and/or Restricted tab.

Districts will review budgets for reasonableness and solvency. Charters must provide evidence of their ability to maintain sufficient fund and cash balances for the current and two subsequent fiscal years. If the charter is unable to meet their reserve requirements in the 2025-26 or two subsequent fiscal years as established in their memorandum of understanding with their authorizing district, the charter may be required to submit a board-approved fiscal action plan detailing the anticipated reductions or revenue enhancements that the charter will make to ensure reserve requirements are met in all years. The charter should work with their authorizing district to determine the specific requirements to show solvency.

The district review worksheet can be found at <https://www.sbcss.net/business/business-advisory-services/charter-schools-office/charter-school-financial-information>. Upon review of the charter's report, districts are encouraged to send a letter to the charter summarizing their findings and documenting any requests for additional information or action.

Districts must forward the following to Business Advisory Services, on or before April 1, 2026:
