West Suburban Summer School offers summer classes to students entering grades 2-12 in the fall of the upcoming school year. WSSS serves students who **demonstrate an intense interest/passion about a topic, and are comfortable moving at a faster pace or pursuing a topic in depth.** We also invite students from non member school districts (at a slightly higher fee). Instructors design enrichment classes in their area of expertise to provide students with unique experiences to challenge their abilities.

Classes are fee-based and designed to challenge the unique abilities of talented students.
