

See What's Possible with Girl Scouts

Join us for a fun, hands-on event where girls in grades K-3 can explore the many ways Girl Scouts builds confidence, curiosity, and leadership.

Participants will engage in activities that highlight STEM, outdoor adventure, life skills, and entrepreneurship, all while trying new things, learning by doing, and discovering what sparks their interests.

Caregivers will also have the opportunity to learn more about Girl Scouts, connect with local volunteers and staff, and see how Girl Scouting supports girls as they grow into confident leaders in their communities and beyond.
