A REPORT OF 2024-25 ACTIVITY PUBLISHED IN 2025-26

Principal's Message

The Barbara Webster Academy for Sports and Human Health strives to create an environment where Preschool - 6th grade students can grow and improve everyday in every way. We offer an exceptional elementary education that teaches students how to improve their skills academically, socially, emotionally and physically.

Academically we offer an excellent reading program that teaches students the fundamentals of reading as well as how to apply those skills to use reading as a tool to engage with and understand the world. We offer a math curriculum that promotes exploration over routine and teaches students to be curious. Socially and emotionally we offer students a safe space to explore who they are in relation to other people. We are one of the only elementary schools in the state to offer a Wellness Center where students can work through trauma, social conflict and receive mentoring from our staff. Physically we offer nutrition classes and a powerful physical education program. The PE program offers an in-school fitness program that focuses on multiple modalities including range of motion, speed, strength and sports specific techniques. This year we will be teaching students how to play soccer, flag football and basketball as well as track and field. Further, for our 3rd -6th grade students we offer after school competitive sports leagues for soccer, flag football, basketball and track and field. Our 3-6th grade students take part in weekly practices as well as competitive games or meets every Friday and Saturday.

We hope to add more growth opportunities for our students in the future. We want our Webster graduates to be fully actualized humans in all areas of their lives.

District & School Description

Santa Paula Unified School District

Santa Paula Unified School District is located in the city of Santa Paula, a small historical community serving approximately 30,000 residents within a 4.6 square-mile radius surrounded by rolling hills, avocado, and citrus groves. Santa Paula City is approximately 65 miles northwest of Los Angeles and 14 miles east of Ventura. Santa Paula Unified School District operates one preschool, six elementary schools, one middle school, one comprehensive high school, one continuation high school, and one independent study school all nestled against the city's foothills. During the 2024-25 school year, the District served 4,575 students in grades TK-12. The demographic composition of the student body included 17.6% students identified with a disability, 29.4% qualifying for English learner support, 1.7% migrant, 0.1% foster youth, 9.0% homeless youth, and 85.8% socioeconomically disadvantaged.

District Vision & Mission

Vision

Committed to serving every student every day.

Mission:

The Santa Paula Unified School District, in collaboration with educators, parents, and the community, will prepare all students academically, socially, and emotionally for college, careers, global citizenship, leadership, and lifelong learning. The district will use its resources to provide all students with diverse, equitable, differentiated experiences, and learning opportunities by a highly skilled educational team in a safe and supportive learning environment while remaining fiscally responsible.

Barbara Webster Elementary School

During the 2024-25 school year, Barbara Webster Elementary served 325 students in grades TK-6. Student enrollment included 48.9% qualifying for English learner support, 21.5% students identified with a disability, 8.9% homeless youth, 1.8% migrant, and 91.1% socioeconomically disadvantaged.

Local Control Accountability Plan (LCAP)

As part of the Local Control Funding Formula, school districts are required to develop, adopt, and annually update a three-year Local Control and Accountability Plan (LCAP).

The SARC provides the following information relevant to the State priority: Basic (Priority 1)

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- School facilities are maintained in good repair

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4)

- Statewide assessments (i.e., California Assessment of Student Performance and Progress (CAASPP) System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments (CAAs) for English language arts/literacy (ELA) and mathematics given in grades three through eight and grade

eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS) for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical sequences or programs of student.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8)

- Pupil outcomes in the subject area of physical education

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3)

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5)

- High school dropout rates; and
- High school graduation rates

The SARC provides the following information relevant to the State priority: School Climate (Priority 6)

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Student Achievement

District Benchmark Assessments

Santa Paula Unified School District utilizes districtwide diagnostic assessments that are aligned to the Common Core State Standards. These assessments are used to evaluate instructional programs and measure student proficiency of all students in math and language arts. Test results are used to 1) help teachers identify areas where instruction may or may not be effective, 2) analyze and readjust curriculum maps, 3) identify concepts that need to be retaught in the classroom, 4) plan in-class lessons, and 5) identify students who need targeted academic assistance or intervention.

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress (CAASPP) System includes the Smarter Balanced Summative Assessments (SBAC) for students in the general education population, and the California Alternate Assessments (CAAs) for students with the most significant cognitive disabilities. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternative achievement standards, which are linked with the Common Core State Standards (CCSS). CAASPP results are a measure of how well students are mastering California's standards in English language arts/literacy (ELA) and mathematics, and are given to grades three through eight and grade eleven. SBAC tests assess student performance in ELA/Literacy and mathematics utilizing computer-adaptive tests and performance tasks, and CAAs test items are aligned with alternative achievement standards which are linked with the Common Core State Standards (CCSS).

Physical Fitness

In the spring of each year, Barbara Webster Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test (PFT) for students in California schools is the FITNESSGRAM®. The main goal of the test is to help students in starting life-long habits of regular physical activity.

The FITNESSGRAM® has six parts, though California currently requires five parts be completed annually, that show a level of fitness that offer a degree of defense against diseases that come from inactivity. The test results can be used by students, teachers, and parents. Comparative District and state results can be found at the CDE's web site www.cde.ca.gov/ta/tg/pfi/.

Note: The administration of the PFT requires only participation results for these five fitness areas.

School Facilities & Safety

Barbara Webster Elementary School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Original school buildings were constructed in the 1920s; ongoing maintenance ensures school facilities are kept safe and in good working condition, and continue to provide adequate space for students and staff.

A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. The following campus repair or improvement projects were planned (or completed) for the school site:

2024-25 Campus Improvements:

- Kitchen modernization / addition
- Flooring replacement in room 19
- Replacement door for room 28

2025-26 Planned Campus Improvements:

- School playground renovation
- Kitchen modernization/addition
- HVAC improvement projects
- Roof replacement in preschool office
- Fencing upgrades at room 27
- Air conditioner replacement in room 30
- Green Schoolyard Grant project

Every morning before school begins, the custodian inspects facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One day custodian and two evening custodians (one full-time and one part-time) are assigned to Barbara Webster Elementary. The day custodian is responsible for:

- Lunch area setup and cleaning
- Office area cleaning
- Restroom cleaning
- Trash removal

Restrooms are checked regularly throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Kitchen cleaning
- Restroom cleaning

The principal communicates with custodial staff daily concerning maintenance and school safety issues.

Deferred Maintenance

Barbara Webster Elementary School had deferred maintenance projects completed in 2024-25 in the amount of \$8,810. Deferred maintenance projects generally include roofing, plumbing, heating, air conditioning, electrical systems, interior/exterior painting, and floor systems. Deferred maintenance funds were utilized for flooring in room 19 and doors for room 28.

School Site Safety Plan

The Comprehensive School Site Safety Plan was developed for Barbara Webster Elementary in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, dress code policy, and bully prevention policy. The school's most current safety plan was reviewed, updated, and shared with school staff in Winter 2025.

Supervision & Safety

School administration and teaching staff place a high priority on providing adequate adult supervision on campus before, during, and after school. As students arrive on campus each morning, one yard duty supervisor and one teacher are strategically assigned to designated entrance areas and the playground, and cafeteria staff monitor student activity while at breakfast in the cafeteria. During recess teachers monitor playground activity. Cafeteria staff monitor lunch time activity while students are in the cafeteria, and five yard duty supervisors monitor activity on the playground. At the end of the day when students are dismissed, teachers monitor student behavior to ensure a safe and orderly departure.

Many individuals visit the campus as volunteers or to participate in school events. To maintain a safe and secure environment, all parents and visitors are required to check in at the school office and provide their state-issued ID, which is run through the Verkada system. They are then provided with a visitor's badge to wear at all times and are expected to check out upon leaving the school campus.

School Inspections

On an annual basis, schools are required by the state to perform a comprehensive inspection and report those findings to the school community. The most recent inspection for Barbara Webster Elementary School took place on October 28, 2025. The School Facility Good Repair Status table illustrated in this report identifies the state-required inspection areas and discloses the operational status in each of those areas. During the 2025-26 school year, 100% of restrooms were fully operational and available to students at the time of the inspection.

Classroom Environment

Extracurricular Activities

Students are encouraged to participate in the school's additional academic and extracurricular activities that are an integral part of the educational program. Students may participate in the ASPIRE Program which provides homework time and enrichment activities such as reading, computers, creative writing, math, sports, arts and crafts, and self-esteem building activities. The afterschool competitive sports leagues consists of the following: the garden club; the academic ambassador's club; flag football; basketball; soccer; track and field; jujitsu; and wrestling. These sports leagues are open to students in grades 3-6. There is also a Mighty Mites Division of flag football, basketball and soccer for first and second grades.

Student Recognition Programs

Barbara Webster Elementary School recognizes students for their achievement every semester by giving out certificates, ribbons, prizes, and various other awards at student recognition assemblies once per semester.

Discipline & Climate for Learning

Students at Barbara Webster Elementary School are guided by specific rules and classroom expectations that promote respect, safety and responsibility. The school's discipline philosophy promotes a safe school, a warm and friendly classroom environment, and demonstrates that good discipline is a solid foundation on which to build an effective school. The goal of Barbara Webster Elementary School's discipline program is to provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior. These principles are guided in part by a schoolwide participation in a Positive Behavioral Interventions and Supports (PBIS) program. With PBIS, students are empowered to take proactive steps that address their own needs, while simultaneously being directed away from the chain reaction of punishment that leads to feelings of low self worth. Teachers are able to easily reward students with specific, personalized responses that address their unique experiences; as well as reinforce them for communicating openly with a trusted adult, and forging a durable, lifelong behavior pattern that promotes fulfilling relationships. All teachers in grades K-5 are in the process of reading and implementing aspects of this philosophy.

Parents and students are informed of discipline policies at the beginning of each school year through a District Annual Parent Handbook and newsletters.

Chronic Absenteeism

The chart in this report identifies the chronic absenteeism rates by student group for Barbara Webster Elementary School for the 2024-25 school year. A "chronic absentee" has been defined in EC Section 60901(c)(1) as "a pupil who is absent on 10 percent or more of the school days in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays."

Curriculum & Instruction

Staff Development

All professional development opportunities at Santa Paula Unified School District are aligned to the California State Standards. Staff development concentrations are selected and identified based upon district initiatives, student assessment results, teacher input, state content standards, and professional development surveys.

During the 2024-25 school year, Barbara Webster Elementary School provided site-based staff development after school at staff meetings. Topics were centered around the District's focus for staff development identified by the Educational Services Department. Training topics included:

- Cognitively Guided Instruction in Math
- Core Phonics Instruction
- Project-Based Learning (PBL)
- Social Emotional Learning (SEL)
- Sports & Human Health Sciences
- Writing

During the 2023-24, 2024-25, and 2025-26 school years, Barbara Webster Elementary School's staff had the opportunity to attend the following workshops offered by the Santa Paula Unified School District:

Santa Paula Unified School District supports new teachers in developing their teaching skills and earning a Professional Clear Teaching Credential. The district's New Teacher Induction Consortium, formerly known as the Beginning Teacher Support and Assessment (BTS) program, is designed for first- and second-year teachers to receive structured guidance and support from experienced teachers over a two-year period.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Ventura County Office of Education. Special education staff participate in local and county sponsored professional training activities throughout the school year. Classified support staff may receive additional job-related training from the county office of education. All classified staff participate in county- and district-sponsored training sessions addressing sexual harassment, sexual molestation, and ergonomics.

Instructional Materials

All textbooks used in the core curriculum throughout Santa Paula Unified School District are currently being aligned to the California State Standards. Instructional materials are standards-based and approved by the district's Board of Trustees and are from the State Board's adopted list with the exception of the TK materials which are from the most recent local adoption. The district follows the State Board of Education's adoption cycle for core content materials and for textbook adoptions in foreign language, visual and performing arts, and health.

On September 24, 2025, the Santa Paula Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted [Resolution 2025-26:5 Sufficiency of Textbooks or Instructional Materials](#) which certifies as required by Education Code §60119 that (1) textbooks and instructional materials were provided to all students, including English Learners, in the district to the extent that each student has a textbook or instructional materials, or both, to use in class and to take home, which may include materials in a digital format but shall not include photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage (2) all students who are enrolled in the same course within the district, have standards-aligned textbooks or instructional materials from the same adoption cycle, (3) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts, including the English language development component of an adopted program, and (4) sufficient

textbooks or instructional materials were provided to each student enrolled in foreign language or health classes, and (5) laboratory science equipment was available for science laboratory classes offered in grades 9-12, inclusive.

In addition to the core subject areas, districts are required to disclose in this annual report the sufficiency of instructional materials used for its visual/performing arts curricula. During the 2025-26 school year, Santa Paula Unified School District provided all students enrolled in a visual/performing arts class with their own instructional materials or supplemental materials to use in class and to take home. These materials comply with the state's content standards and curriculum frameworks.

Specialized Instruction

All curriculum and instruction are aligned to the California State Standards approved by the State Board of Education. Every student receives access to a rigorous, well-balanced standards-aligned curriculum. The district provides chrome books or iPads to all students as part of a 1:1 technology initiative and supports the utilization of Google suite to enhance student learning. Barbara Webster Elementary School structures its educational program so that all students receive instruction appropriate to their learning level. To ensure the success of every student, teachers use a variety of instructional techniques using research-based instructional materials and strategies.

Special Education

Special Education students are mainstreamed into the general education classroom as appropriate based upon their IEP (Individual Education Plan). Each student is assigned a case manager to oversee the implementation of the IEP. Special Education includes a continuum of services to be provided to each student in the least restrictive learning environment. The special education program ensures that students with disabilities have access to core curriculum and educational opportunities in light of their individual unique needs.

English Language Learners (Emergent Bilinguals)

Barbara Webster Elementary School provides English Language Learner (ELL) students with English Language Development (ELD) instruction within their regular classrooms. Students receive 30 minutes daily in kindergarten through second grade and 45 minutes daily for students in third through fifth grades. English Language Learner students also receive integrated language support throughout the day in their core curricular areas. Newcomers receive ELD specifically designed for their language level by an ELD specialist.

At Risk Interventions

Barbara Webster Elementary School provides several reading and math intervention programs to meet the needs of those students not meeting state proficiency standards. We offer in school and after school intervention programs. We use district baseline assessments determine the reading and math levels and needs for each student. During the school day our Learning Center provides reading intervention to upwards of 100 students a day in a small groups. The Learning Center team of specialist teachers monitor their students' progress periodically in order to move each child towards grade level skills. We also offer after school tutoring in math.

Professional Staff

Support Services Staff

Barbara Webster Elementary provides professional, highly qualified staff that provide additional services and support centered on the whole student academically, physically, and mentally. The Counseling and Support Services table in this report illustrates the availability of non-instructional support staff to Barbara Webster Elementary's students. Full-time equivalent (FTE) is a standard measurement used to identify an employee's regular work load on a weekly basis. For example, an FTE of 1.0 designates a full-time position and the employee is on campus and available all day every day of the week; an FTE of 0.5 indicates that the staff member is available and on campus a portion (50%) of the week.

Note: The data in this table is based on FTE status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50% of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

District Expenditures

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having similar average daily attendance throughout the state.

Expenditures Per Student

For the 2023-24 school year, Santa Paula Unified School District spent an average of \$23,412 of total general funds to educate each student (based on 2023-24 audited financial statements). The table in this report: 1) compares the school's per pupil expenditures from unrestricted (basic) and restricted (supplemental) sources with other schools in the district and throughout the state, and 2) compares the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding expenditures and salaries can be found at the CDE website at www.cde.ca.gov/ds/fd/ec/ and www.cde.ca.gov/ds/fd/cs/. (The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures.)

In addition to general fund state funding, Santa Paula Unified School District receives state and federal categorical funding for special programs. For the 2023-24 school year, the District received federal, state, and local aid for the following categorical, Special Education, and support programs:

- Agricultural Career Technical Education Incentive
- After School Education & Safety (ASES)
- American Rescue Plan - Homeless Children and Youth
- Arts and Music in Schools (Prop 28)
- Arts, Music, and Instructional Materials Discretionary Block Grant
- California Partnership Academies
- Career and Technical Education Programs
- Career Technical Education Incentive Grant Program
- Child Nutrition: Kitchen Infrastructure and Training Funds

SARC Data

DataQuest

DataQuest is an online data tool located at <https://dq.cde.ca.gov/dataquest/> that contains additional information about Barbara Webster Elementary School and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation and the ability to print documents.
