Vista, CA, 92084
Wireless Access Points and UPS

Addendum No. 1

Date: January 30, 2026

THIS AMENDMENT IS ISSUED AS ADDITIONAL INFORMATION AND/OR CLARIFICATION AS A RESPONSE TO REQUESTS FOR INFORMATION

REQUEST FOR INFORMATION:

- Q. Could you let us know if we can submit an equal offer and have it pre-approved? Additionally, is it possible for us to submit multiple offers for our proposal?
- A. The district will accept proposals for equivalent products. Please see the section "TRADE NAMES AND ALTERNATIVES" in the bid documents. As stated in the RFP, if proposing equivalent product please submit data verifying equivalency with proposal. The district will accept multiple proposals, provided that each proposal is clearly identified as a separate offer and responsive to the requirements of the RFP. All proposals will be evaluated independently using the evaluation criteria outlined in the RFP.
- Q. I want to confirm that is an equipment only bid, meaning no installation or on-going servicing is required. Also, are there quantities for the APC & Ruckus equipment?
- A. This bid is equipment only, no installation. Quantities are listed in the RFP. District reserves the right to order quantities in any size lot or lots of quantities.
