## This Week in 3rd Grade

This week we will conclude our unit on solving two step word problems with all four operations.

**3.GSR.7:** Identify area as a measurable attribute of rectangles and determine the area of a rectangle presented in real-life, mathematical problems.

This week we will continue to explore expository texts and explore text features (maps & captions) and text structure (compare & contrast).

In writing we will continue working on our expository writing piece on how the special abilities of animals help people.

**3.T.T.2.b** Describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text.

This week we will continue to explore rocks and minerals.

**SS3E1.** Obtain, evaluate, and communicate information about the physical attributes of rocks and soils.
