FEBRUARY 2026

BUILDING TOMORROW'S WORKFORCE - TODAY!

2026 Pathways Opportunities

This February, Owatonna Adult Education is expanding career pathway opportunities to support local workforce needs with new **CNA Prep, CNA, and ParaEducator courses**. These programs are designed to prepare reliable, job-ready candidates with the foundational skills, certifications, and workplace readiness employers value. We welcome partnerships with healthcare providers and school districts interested in connecting with learners, supporting training pipelines, or exploring customized workforce solutions. Together, we can strengthen our local talent pool and meet critical staffing needs.

Registration is Required

If you know an adult learner interested in enrolling in these courses, please contact our Adult Learning Center to schedule an intake and assessment.
