Voters are protected by the prohibition of electioneering (1) within 100 feet of an outside door through which a voter may enter the Polling Place (See 61.003 [a]). To address these concerns, the Polling Place implements the following reasonable restrictions per 61.003 (a-1):

- a. Electioneering will only be permitted on the Polling Place's premises beyond the 100 foot prohibition of any outside door to the Polling Place building;
- b. No electioneering will be permitted in the roadway of the Polling Place entry or exit;
- c. No electioneering outside of the voting period defined by Texas Election Code 61.003(b)(2);

- e. Electioneers are prohibited from parking at any parking space within 100 feet of any entry door to the Polling Place building;
- f. No vehicles or trailers shall be allowed on any grassed areas of the Polling Place's premises or in any place not marked or designated as a parking spot;
- g. And any other action in violation of the Texas Election Code or Texas Statutes is strictly prohibited.
