Non-discrimination Statement

The School Board is committed to equal opportunity for all individuals in education. District programs and activities shall be free from discrimination based on sex, race, color, religion, gender identity, sexual orientation, national origin, ancestry, age, marital status, changes in marital status, pregnancy, parenthood, physical or mental disability, Vietnam era veteran status, genetic information, good faith reporting to the board on a matter of public concern, or any other unlawful consideration. The Board shall promote programs which ensure that discriminatory practices are eliminated in all District activities.

The District will comply with the applicable statutes, regulations, and executive orders adopted by Federal, State and Municipal agencies. The District notes the concurrent applicability of the Individuals with Disabilities Education Act, Title II of the Americans with Disabilities Act and the relevant disability provisions of Alaska law. District programs and facilities, viewed in their entirety, shall be readily accessible to disabilities. The Superintendent shall ensure that interested persons, including individuals with disabilities, can obtain information about the programs, facilities and activities available to them.

Any student or employee who violates this policy will be subject to appropriate disciplinary action. Inquiries or complaints may be addressed to ASD's Diversity, Equity, Inclusion & Community Engagement Office or Labor Relations Office, ASD Education Center, 5530 E. Northern Lights Blvd, Anchorage, AK 99504-3135 (907) 742-4007, laborrelations@asdk12.org. or to any of the following external agencies:

The Anchorage School Board is the governing body of the Anchorage School District and is composed of seven members. The Board meets twice a month unless noticed otherwise. Work sessions begin at 4 p.m., executive sessions at 5 p.m., and regular sessions at 6 p.m. The work and regular session meetings are held in the board room of the ASD Education Center located at 5530 E. Northern Lights Boulevard. Executive sessions, when needed, are held in the School Board conference room. In addition, special meetings and additional work sessions are scheduled throughout the year on an as-needed basis. Regular and work sessions may be watched live on ASD YouTube and are also available on-demand online after the meetings are over.

**2025-2026
Office of the Superintendent**

District Profile

The Anchorage School District (District) was established by the Home Rule Charter of the Municipality of Anchorage (Municipality) on September 16, 1975. The most recent State of Alaska Department of Labor estimate of population in the Municipality of Anchorage was 290,761 (2024) – a increase of about 1.6 percent from the prior year. The District primarily serves 41,756 students from pre-kindergarten through the 12th grade.

The District is a component unit of the Municipality whose twelve-member assembly approves the District’s total budget. The District is operated under a superintendent-board system with a seven-member school board elected at-large from the community. The Superintendent acts under the direction of the Anchorage School Board (School Board) and is responsible for running the day-to-day District activities. The School Board serves as the governing body of the District and approves memorandums, significant contracts, budgets and all personnel appointments and terminations.

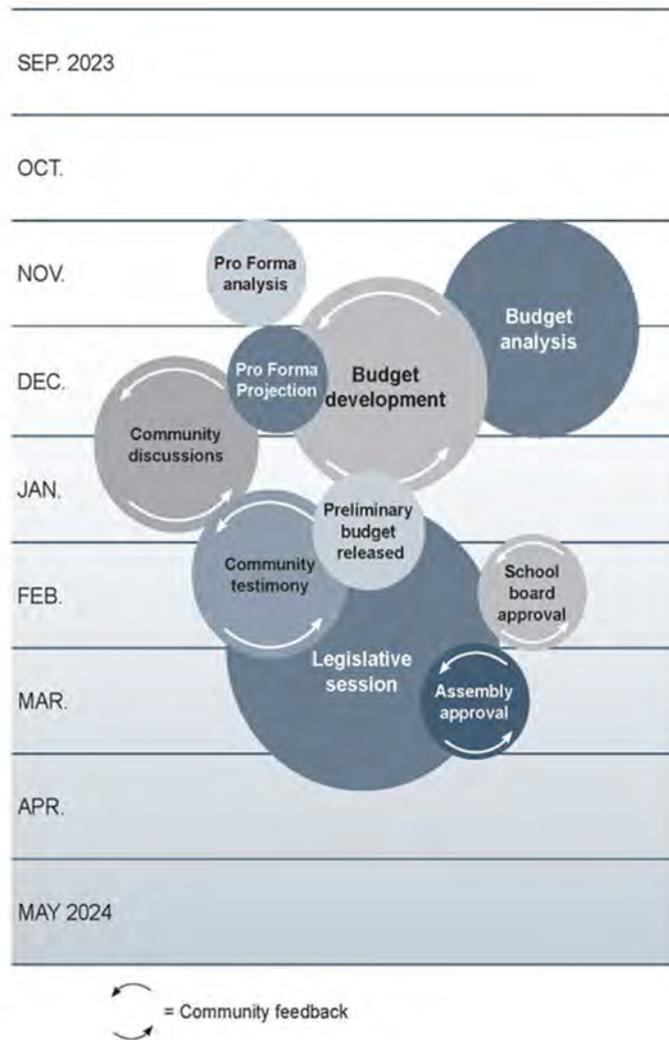

The District provides a full range of educational and certain community services. Educational opportunities within the District include a wide range of schools and programs to prepare students to be ready for college and careers. The schools range from traditional local neighborhood schools to specialized schools and programs that draw upon students from across the District. The District has a number of educational alternatives and programs such as Montessori, back-to-basics ABC learning, language immersion, middle college, correspondence and self-paced instruction. In addition, the District offers special education services, gifted programming, career and technical education, as well as multi-cultural education programs. The District offers community use of its facilities such as tracks, fields, playgrounds, ice rinks, classrooms, and libraries.

The District operates eight charter schools which have been approved by the School Board and the State Board of Education. Charter schools are primarily funded through the State of Alaska Public School Funding formula. Each charter school in the District is guided by an Academic Policy Committee, whose purpose is to “supervise the academic operation of a charter school” (AS 14.03.290). Charter schools remain under the purview of the Superintendent and governance of the School Board.

The School Board approves the superintendent’s budget for the General Fund, Grants, Food Service, Pupil Transportation and Student Activity Special Revenue Funds, Debt Service Funds and Capital Grants. The District is required to submit the budget to the Anchorage Assembly (Assembly) on (but not later than or prior to) the first Monday in March each year for the subsequent year. The Assembly must approve the District’s total budget and appropriate the funds within 30 days after receipt. If the Assembly fails to approve the budget within this time, the budget as submitted becomes the budget for the District. Legislative changes subsequent to the passage of the budget may result in revisions to the Adopted budget.

The District’s timeline for budget development, community engagement, and approval is below:

Budget Development Process for the 2026-27 Fiscal Year

Budgetary control is maintained by the District by fund, organization, function, and object in the General Fund, Student Nutrition Special Revenue Fund, Grants Special Revenue Fund, Pupil Transportation Special Revenue Fund, and Debt Service Fund only. The Capital Project and Student Activity Funds are controlled based on the amount of revenue generated, where expenditures and encumbrances cannot exceed revenue.

Additional information regarding the District, its programs, services, facilities, events and other statistics can be found on the District’s website at www.asdk12.org.

Long-term Financial Planning

The District saw a long-awaited increase to the Base Student Allocation (BSA) of \$700, now \$6,660 for fiscal year 2025-2026, an increase of about 11.8 percent. Prior to 2025-2026, the BSA, which is the fixed per-student funding metric used to determine school district revenue, had remained largely unchanged since 2017. The State did provide significant one-time funds for operational and capital uses in the interim years, \$174 million for fiscal year 2024-2025, of which the District received approximately \$49 million in 2024-2025. The District also received continued authorization for 0.5 ADM to be provided in funding for preschool students; however, eligible students must not already be funded under certain state and federal programs.

For fiscal year 2025-2026, the District used a combination of the State's formula funding increase, fund balance, and budget reductions to come to a balanced budget.

The District initially projected a budget shortfall of approximately \$80 million for fiscal year 2026-2027 which grew to \$90 million with the cost of contracted services and negotiated agreements, and used a combination of significant budget reductions and fund balance to create a balanced budget, eliminating over 500 positions. While Legislative action provided a permanent increase to formula-funding, this funding replaced one-time supplemental funding without an increase in actual dollars to the District. Additionally, fund balance that the District used to close much of the remaining budget gap in prior years has been largely exhausted. The proposal has the District spending its unassigned savings down to about 1 percent of general fund expenditures, leaving very little room to address unexpected expenditures or reductions in revenue. If flat funding continues into fiscal years 2027-2028 and 2028-2029 the District could see additional budget shortfalls of \$42 million and \$30 million, respectively. For FY 2027-2028 and FY 2028-2029, the District expects to contend with medical and liability insurance cost increases above the rate of inflation and slightly higher than inflation on salaries, benefits, services and supplies, which will generate additional shortfalls. These budget shortfalls could result in the elimination of 520 additional positions in order to balance the budget if additional revenue sources are not provided.

Enrollment

The majority of the District's funding is derived from the State of Alaska Public School Foundation Program, which provides formula funding based on adjusted average daily membership (ADM). The District's ADM decreased by 850 students (2 percent) from the prior fiscal year to 41,168 for fiscal year 2025-2026. The projections for fiscal year 2026-2027 and 2027-2028 expect enrollment to continue declining as Alaska continues to experience outmigration coupled with an aging population.

Facilities

Under Alaska law, the District cannot legally hold title to real property; therefore, all constructed or purchased school facilities are owned by the Municipality of Anchorage. The Municipality has delegated the construction management of school projects to the District.

Anchorage School District

2026-27 Preliminary Budget

Educating All Students for Success in Life

A message from the School Board

The Anchorage School Board is presented this budget at a pivotal moment for public education in Alaska. Last year, bipartisan legislative action delivered a historic \$700 permanent increase to the Base Student Allocation. That decision helped stabilize schools statewide and demonstrated what is possible when students are prioritized. We remain grateful to the legislators, educators, families, and community members whose advocacy helped secure that outcome.

At the same time, the long-term funding challenges facing our district remain unresolved. One-time reserves used to protect classrooms last year are now exhausted and inflation has continued to erode our ability to maintain our system of public education. In fact, were the BSA adjusted for inflation to ensure Districts could maintain education programming and services since 2011, the BSA would be \$1,400 more per student. As a result, the Anchorage School District faces a projected deficit of approximately \$90 million for the 2026–27 school year to operate

existing programs and services—roughly equivalent to a \$1,275 per-student funding gap.

As a governing body, the School Board is committed to careful stewardship, transparency, and public engagement as these difficult decisions are made. While administrative reductions have been implemented, the reality is that administration is such a small portion of our budget that eliminating it completely would not come close to closing the budget gap, even if this were legally permissible. Without additional revenues, cuts to instructional programs and student support services are unavoidable.

Our responsibility is to advocate for sustainable, long-term education funding while ensuring this budget reflects our community’s core values and our goals of improving reading, math, and life readiness. Solving this difficult situation will require continued partnership across communities and across branches of government. Together, we can keep students at the center of Alaska’s education priorities, secure adequate funding for our education system, and provide our communities the schools & programs they deserve.

Sincerely,

Carl Jacobs
School Board President
Anchorage School District

A message from the Superintendent

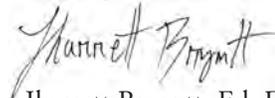

As we prepare this budget, the Anchorage School District (ASD) is once again facing significant financial uncertainty. Last year, the Legislature's historic \$700 permanent increase to the Base Student Allocation provided important stability at a pivotal moment, allowing our schools to protect classrooms, staff, and student supports. We remain grateful for that permanent investment in Alaska's children.

However, this increase largely replaced one-time supplemental funding rather than expanding overall resources to districts across the state. At the same time, rising costs continue to outpace education funding. It simply costs more each year to maintain current operations, and without additional revenue, ASD must reduce expenditures to achieve a balanced budget. Even with the BSA increase, districts are estimated to be underfunded by roughly \$1,400 per student due to the absence of inflationary adjustments since 2011. In recent years, ASD also relied on one-time reserves to preserve programs, and those funds are now largely exhausted. As a result, we face a projected deficit of approximately \$90 million for the 2026–27 school year, which is a gap of about \$1,275 per student across our system.

Our team has spent many long days reviewing budgets line by line, reducing administrative and non-classroom costs wherever possible. Even with those reductions, most district funding directly supports classrooms, student services, and people, which means difficult tradeoffs are unavoidable. Maintaining the status quo is not mathematically possible under current state funding levels.

Despite these challenges, our north star remains clear: aligning resources to students' classroom experiences and advancing the School Board's goals of improving reading, math, and life readiness. We are committed to transparency, community engagement, and responsible stewardship as we work toward a balanced budget that protects student learning to the greatest extent possible.

Best regards,

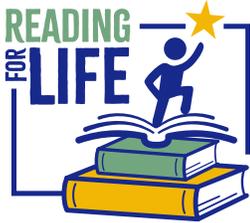

Jharrett Bryantt, Ed. D.
Superintendent
Anchorage School District

Protecting progress today builds stability for tomorrow

Success is no accident. At ASD, it's the result of targeted efforts by teachers who believe in their students, families who support them, and a community that invests in the tools to help them succeed.

ASD is using data to drive change, make progress, and deliver results.

Early Reading Up 11%

Double digit gains for ASD kindergarten and first graders who are meeting benchmark on literacy screeners. Teachers are using data to drive outcomes. *(Spring 2023-Spring 2025)*

Math Scores Adding Up

ASD 8th grade math proficiency on AK STAR is up 5%. Alaska Native and American Indian 8th graders improved 8%. *(SY 2024 to SY 2025)*

More Opportunities

6th graders have new opportunities for electives and CTE courses now that they're in middle school.

Career Readiness

ASD students who completed two courses in a career or technical pathways graduated at 96%. Students who didn't take two courses in a pathway graduated at 82%. *(SY 2024-25)*

Graduation Rate Increase

4-year graduation rate is up to more than 83%; moving closer to the 90% goal. *(SY 2024-25)*

On Track to Graduate

7% increase in 9th grade students on track to graduate. Staggered school start and Freshmen Academy are giving freshmen a sense of possibility. *(SY 2023-25)*

More Advanced Learning

750 more students are enrolled in Advanced Placement courses, with a remarkable 42% increase among under-represented students. *(Spring 2022 compared to Spring 2025)*

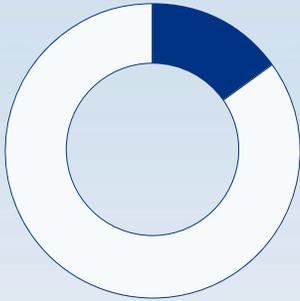

More College Credits

81% of Advanced Placement exam takers are earning college credit while in high school. At Eagle River High School, 89% of AP students passed their exams. That's a 34% increase compared to four years ago.

Student Diversity

A diverse student population provides students the ability to interact with peers from many different backgrounds, expanding their knowledge of other cultures and preparing for life in a global society.

15%
of ASD students are English Language Learners

61%
Multicultural student population

English Language Learners

ASD families speak over 100 different languages.

Top 5 languages spoken at ASD after English K-12, 2026:

1. Spanish
2. Samoan
3. Hmong
4. Filipino
5. Russian

Suspensions Down

Suspension rates are down 21% as positive behavior programs take hold.

Bus Drivers On Schedule

More bus drivers hired. New app allows families to receive updates on their child's bus. Students arriving on time, families less stressed.

Safer Schools

\$63.8 million in capital and safety improvements underway at schools districtwide, thanks to community approval of school bond.

Thriving Choice Programs

Enrollment is up in charter and correspondence programs, offering options that fit family preferences. 25% increase in charter school enrollment, 76% increase in correspondence program enrollment.

School Consolidations

Through Rightsizing ASD, schools were closed and students were relocated to schools with more resources. Staff handled transition with compassion and empathy, strengthening receiving schools.

Strategy 2028

Anchorage School District School Board Strategic Plan: 2023–28 Board Goals and Guardrails

Goals

Goals are based on the community’s vision and are focused on student results. They clarify what students know and are able to do. Goals describe the Board’s top priorities.

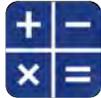

Portrait of a Graduate

The focus of the Anchorage community is to produce citizens who are effective communicators and collaborators. Students will be fully engaged learners with strong career and life skills who have a positive sense of self and purpose. Our graduates will be ready to enlist in the military, enter the workforce, or enroll in postsecondary opportunities.

Early Reading Proficiency

The percentage of **grade 3** students proficient in English Language Arts (ELA) on the state summative assessment (currently AK STAR) will increase from **32.4%** in May 2023 to **46.4%** in May 2028.

Math Proficiency

The percentage of **grade 8** students proficient in Mathematics on the state summative assessment (currently AK STAR) will increase from **34.5%** in May 2023 to **41.5%** in May 2028.

College, Career, Life Ready

The percent of students graduating College, Career, and Life Ready as measured by four-year graduation rates, will increase from **81%** in June 2023 to **90%** in June 2028.

Guardrails

Guardrails are based on the community’s values and represent actions which the Superintendent may not allow in pursuit of the District’s student outcome goals.

Superintendent will not leave underrepresentation in lottery/application-based programs unaddressed.

Superintendent will not allow unsatisfactory employee performance to go unidentified or unaddressed.

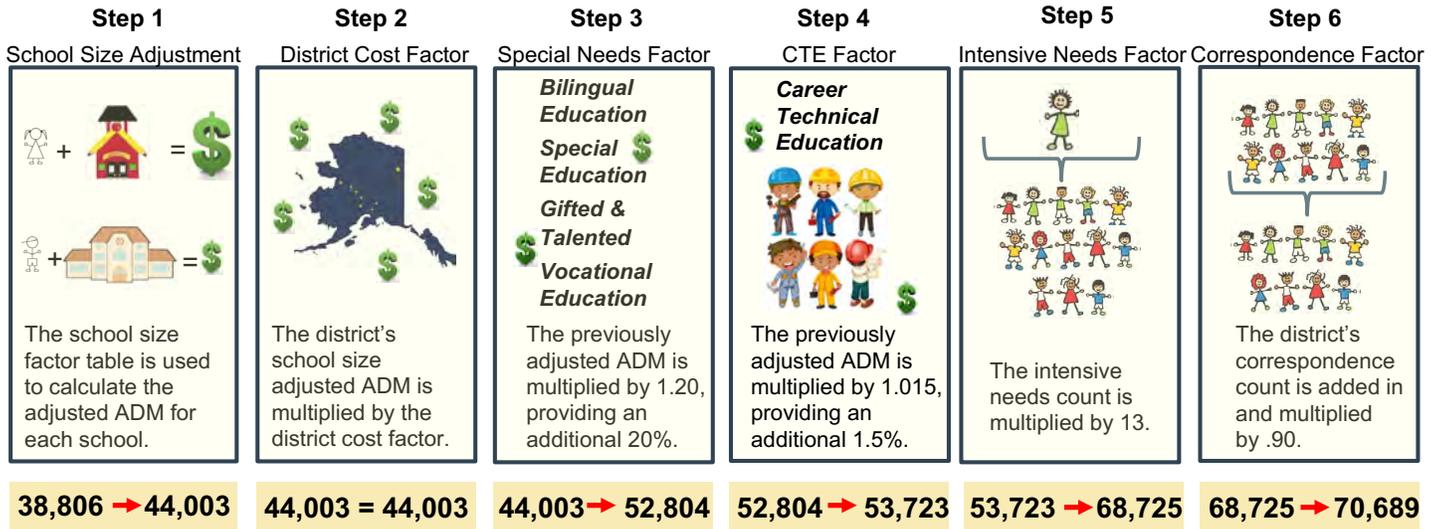

Superintendent will not operate without a plan to develop a qualified, diverse, and culturally responsive workforce.

Superintendent will not operate elementary schools without mental health services.

ASD School Funding Since 2017–BSA Equivalents

The State of Alaska maintained a Base Student Allocation (BSA) of \$5,930 from FY17 through FY23 with a \$30 (0.5%) increase for FY24 and no increase for FY25, with one-time funds providing sporadic supplemental funding in recent years in lieu of a permanent increase to the BSA. For FY26, the BSA had a permanent increase of \$700, a 0.3% increase above the equivalent amount provided in one-time funds the year prior. Currently, there is no statutory increase to the BSA for FY27. ASD applied fund balance, the state’s one-time payments, and federal relief money to maximize educational opportunities

during the past nine years, however those funding sources have been depleted, and significant reductions are necessary to balance the budget.

The chart below depicts the BSA’s inflationary increase, based on Anchorage’s CPI-U, from 2017 through 2024 as the brown line. Rates from January 2025 through 2027 are estimated based on a 2% steady inflation rate for those three years. The bars date back to 2017 and represent the BSA and BSA-equivalents of one-time funding.

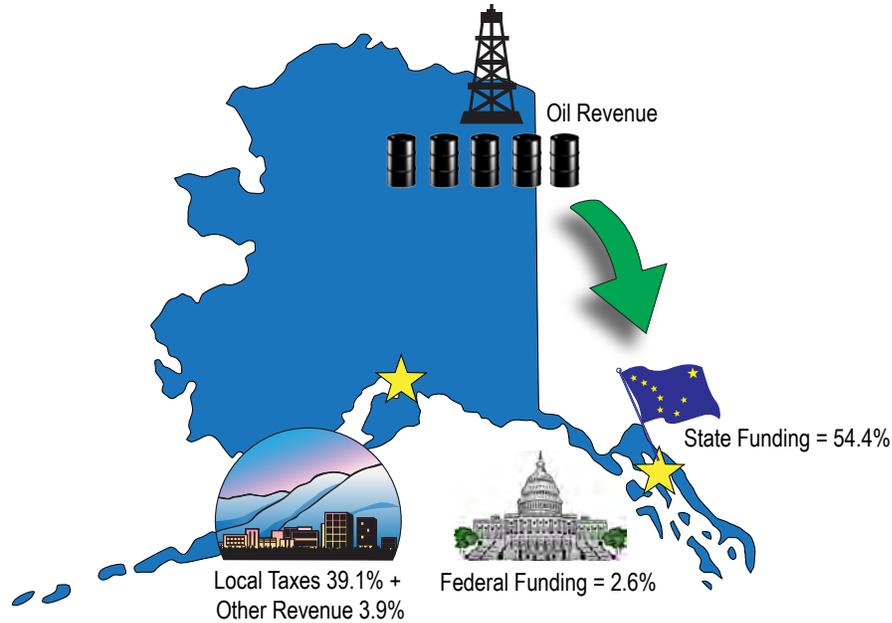

During the past nine years, ASD has closed five schools (Mt. Iliamna, Mt. Spurr, Abbott Loop, Lake Hood, and Nunaka Valley), combined several programs (Crossroads, Avail, AK Choice), merged two schools into one facility (King Tech High School and Alaska Middle College School) and reduced staff accordingly in order to achieve a balanced budget. Rising costs

of labor, health and liability insurance, utilities, and goods and services in general continue to make budget reductions necessary as funding has not kept pace. FY27 relies heavily on reductions in staffing, services, supplies, and equipment to balance the budget as reserves are depleted and significant cuts must be made.

FY 2026–27 Preliminary Budget Overview

General Fund Revenue

Anchorage schools are primarily funded through the State of Alaska Foundation Funding Formula, which includes required and additional allowable local property taxes. Additional federal revenues come from Federal Impact Aid and reimbursements for Medicaid and JROTC instructors. Other local revenues include fund balance, interest earnings from the municipal investment fund, user fees, and facility rental fees. The District is planning to use about \$8.1 million in fund balance to address some of the structural deficit which will leave an unreserved fund balance of approximately 1% of expenditures to address emergencies or other revenue shortfalls. Average Daily Membership (ADM) in FY27 is expected to decline by about 180 from FY26 due to net out-migration and overall increase in the average age of the population in Anchorage.

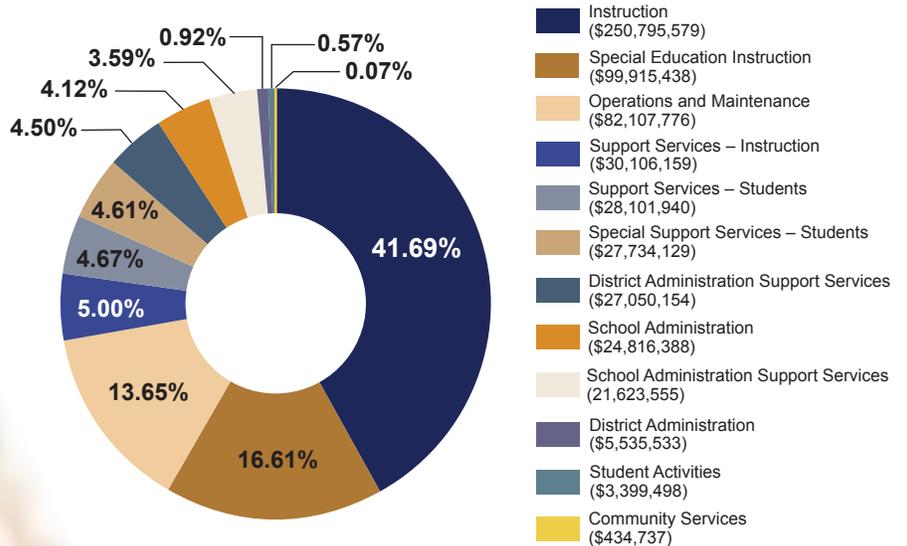

FY 2026–27 General Fund Revenue

Expenditures

District expenditures are apportioned for personnel costs (87.2%), utilities/rent (5.1%), purchased services (4.4%), supplies & equipment (2.3%), and insurance/other items (1.0%).

Budget Development

Student enrollment, or membership, drive the State's funding formula. Projected enrollment numbers and current law, are used to develop the budget. Enrollment data during the first 20 school days in October is used to develop the Average Daily

Membership (ADM); this confirms the State/local revenue for the school year. The following chart depicts ASD's per-student revenue during the past several years from local, state, and federal sources.

General Fund Revenue per Student (ADM)

Budget Assumptions

The State's legislative session is scheduled to end in late April, requiring some assumptions to be made to develop the budget within required timelines. The budget must be balanced prior to submission to the Anchorage School Board in February and to the Anchorage Assembly no later than the first Monday in March. The following assumptions were used for the preliminary budget:

- No increase to the State's BSA at \$6,660. The BSA has only increased by about 12% since FY 2016-17, while inflation has been more than twice that amount.
- No changes to the State's Foundation Funding Formula.
- No increases to the State's transportation funding which has only increased 10% since FY 2015-16.
- No change in the State's portion of ASD's debt reimbursement.

Personnel Reductions

Approximately 87% of the District’s budget is used to pay salaries and benefits for employees. As a result, the District’s revenue determines whether the workforce increases or contracts. The District has balanced the budget with an increase of +4 to the pupil-teacher ratio (PTR) for grades K

through 12. The PTR formula divides the total number of students in the school, by grade level, by a ratio (e.g. 1 teacher to 28 students in 1st grade); this creates a baseline to establish the total number of teachers allocated per school.

School Type	FY 2026 General Fund PTR–Grade Level Groupings						
	K	1	2	3	4–5	6–8	9–12
Secondary Schools							32.25
Middle Schools							32.25
Elementary Schools	23	24	26	27	28		

School Type	FY 2027 General Fund PTR–Grade Level Groupings						
	K	1	2	3	4–5	6–8	9–12
Secondary Schools							36.25
Middle Schools							36.25
Elementary Schools	27	28	30	31	32		

Changes

- PTR is a budget staffing formula, not a class size or class cap
- \$8.1 million in reserves is being used to offset potential increases in PTR
- Enrollment-based changes to full-time equivalent (FTE) positions:
 - » Decrease 29.0 FTE at elementary schools
 - » Decrease 10.4 FTE at middle schools
 - » Decrease 10.4 FTE at high schools
- The +4 PTR increase at grades K-12 resulted in the following reductions:
 - » 90.4 FTE at elementary schools
 - » 29.4 FTE at middle schools
 - » 40.8 FTE at high schools
 - » 7.7 FTE at alternative schools
- Reduce 46.4 FTE from holdbacks
- Reduce 25.4 FTE from elementary specialists
- Reduce 28 FTE from middle schools for collaboration time
- Add 3 FTE to Accelerator school

Changes

- Increase PTR by 4 at grades K-5
- Add 3 FTE to support Baxter, Chester Valley, and North Star elementary school students as Accelerator schools
- Nurses are removed from school budgets, nursing services to be provided on a regional model
- Eliminate all library assistants, -1.31 FTE
- Reduce supply funds
- Eliminate second addenda for Battle of the Books
- Eliminate 3 level 1 addenda at each school
- Eliminate IGNITE
- Eliminate elementary summer school

District-level Reductions and Changes

The District will continue to focus on the School Board's Goals and Guardrails while making difficult decisions to reduce costs based on continued flat funding from the State. These reductions will continue to erode the student experience

and the number of specialized programs the District is able to offer. Additional detail on position changes, departmental realignments, and other changes by school/department can be seen in Appendix C of the budget book.

Governmental Funds Overview

Governmental funds are used to account for governmental activities and focus on near term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. The District maintains seven individual governmental funds and adopts an annual appropriated budget for its General Fund, Grants, Student Nutrition, Pupil Transportation, Student Activities Special Revenue Funds, and Debt Service Fund. Additionally, the District adopts an annual budget for the Capital Projects Fund to account for monies received outside of voter approved, bond funded projects such as State Legislative Grants or Capital Contributions from the General Fund. The combined governmental funds budgets are approved and set the Upper Limit Spending Authority in accordance with Municipal Charter.

[2] Accounting practice for transparency and efficiency only - not additional funding

[3] Capital Projects includes capital legislative grants and General Fund contributions only; voter approved bond projects that are repaid through debt service have been excluded

The District projects a total decrease for all Governmental Funds of approximately \$48.773 million, or 5.3 percent. This increase is primarily due to stagnant state revenue, enrollment decline, and the loss of fund balance to fill the budget gap.

General Fund Overview

The General Fund is the general operating fund of the District. It is used to account for all financial resources traditionally associated with school districts except those required to be accounted for in another fund.

Funding Sources

Anchorage schools are primarily funded through the State of Alaska and local property taxes, with additional Federal revenues coming from Federal Impact Aid (FIA). FIA is a program to help offset lost local tax revenue for students living on Joint Base Elmendorf Richardson and other federally connected students. Other reimbursements for JROTC instructors and Medicaid are also included in Federal revenue. Other local revenues include interest earnings, user fees, and facility rentals.

State Revenue

The District's revenue from the State is generated through the Alaska Foundation Formula Program which uses each district's average daily membership (ADM) to calculate State revenue and, in turn, set the amount of local property taxes that a district can collect.

The ADM is based on the District's average enrollment during the first 20 days of October in the fiscal year in which funding is to be provided. Once the ADM is calculated, it is run through the six steps of the Foundation Formula to generate an adjusted average daily membership (AADM). The six steps to determine the AADM through the foundation formula are as follows:

1. Adjusts the ADM at each school based on the school's size
2. Apply the District Cost Factor to the total adjusted ADM from step 1.
3. Apply the Special Needs Factor
4. Apply the Career Technical Education (CTE) Factor
5. Adds adjustment based on Intensive Needs (IN) count
6. Adds adjustment based on correspondence schools ADM

Once the AADM is determined, it is multiplied by the Base Student Allocation (BSA) to determine Basic Need. Basic Need is then reduced by an amount that is required to be funded by the local borough or municipality and reduced for a portion of Federal Impact Aid funds that are received.

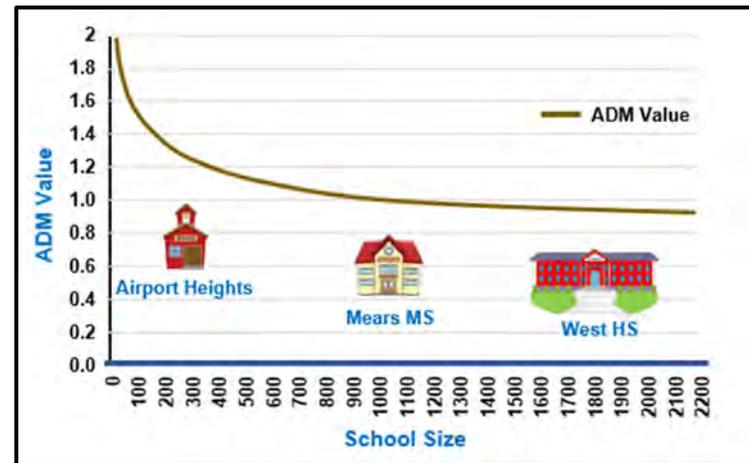

The detailed calculations to determine State revenue and local contributions for fiscal year 2026-2027 are as follows:

Step 1 – School Size Adjustment

Schools are divided into two categories: regular schools (facilities based) and correspondence (home schools). The school size adjustment applies to regular schools only and correspondence schools are added at step 6, not receiving adjustments for special needs or CTE. The school size adjustment is applied on a school-by-school basis (with the exception of alternative and charter schools under 175 and 150 ADM, respectively, which are included within the District’s school with the highest ADM) and is calculated based on the following formula created by the State of Alaska:

Alaska State School Size Table		
Reference	School Size	Formula
1	10 - 19.99	39.60
2	20 - 29.99	$39.60 + (1.62 * (ADM - 20))$
3	30 - 74.99	$55.80 + (1.49 * (ADM - 30))$
4	75 - 149.99	$122.85 + (1.27 * (ADM - 75))$
5	150 - 249.99	$218.10 + (1.08 * (ADM - 150))$
6	250 - 399.99	$326.10 + (.97 * (ADM - 250))$
7	400 - 749.99	$471.60 + (.92 * (ADM - 400))$
8	Over 750	$793.60 + (.84 * (ADM - 750))$

Correspondence student counts are not adjusted for size (See Step 6)

The school size table effectively creates a sliding scale where an ADM adjustment is incrementally less for each additional student that is enrolled in the school. The graphical representation of the school size adjustment is shown above.

For FY 2026-27, the District is projecting an ADM of 40,988.27 (38,806.27 regular and 2,182 correspondence).

Step 1	Regular ADM		38,806.27
	School Size Adjustment	+	5,197.01
	Total		44,003.28

Step 2 – District Cost Factor

The second step of the formula is the District Cost Factor which is an adjustment for cost differentials between districts. Anchorage is set as the baseline and receives no cost adjustment in this step. Cost factors are specific to each district and range between 1.000 and 2.116. It is worth noting that the district cost factors have not been adjusted based on any studies completed in 20 years. In that time, the cost of living in Anchorage has outpaced many other districts and is not the least expensive place to conduct business any longer.

Step 2	AADM from Step 1		44,003.28
	District Cost Factor	x	1.00
	Total		44,003.28

Step 3 – Special Needs Adjustment

The Special Needs Adjustment is block funded at 20 percent of Step 2, intended to assist districts in providing vocational education, non-intensive special education, gifted/talented education and bilingual/bicultural education.

Step 3	AADM from Step 2		44,003.28
	Special Needs Factor	x	1.20
	Total		52,803.93

Step 4 – Career Technical Education Funding

The CTE adjustment is block funded at 1.5 percent of Step 3 and is intended to provide for additional CTE instruction for students in grades 7-12. This step includes an additional 127 ADM to account for the School Consolidation Hold Harmless provision that was triggered by the closures of Abbott Loop, Lake Hood, and Nunaka Valley elementary schools.

Step 4	AADM from Step 3		52,803.93
	CTE Factor	x	1.015
	Total		53,722.99

Step 5 – Intensive Needs Funding

Intensive needs funding is based on the actual number of students with an IEP and are receiving intensive services. The number of IN students is multiplied by 13 and added to the total from step 4.

Step 5	Intensive Needs Count		1,154.00
	Intensive Needs Adjustment	x	13.00
	Subtotal		15,002.00
	AADM from Step 4	+	53,722.99
	Total		68,724.99

Step 6 – Correspondence Funding

Funding for correspondence programs is calculated by multiplying the correspondence ADM by 90 percent. This is added to the total from step 5 to get to the Foundation Formula’s total Adjusted Average Daily Membership (AADM).

Step 6	Correspondence ADM		2,182.00
	Correspondence adjustment	x	0.90
	Subtotal		1,963.80
	AADM from Step 5	+	68,724.99
	Total AADM		70,688.79

Basic Need

After the AADM is determined, the State calculates Basic Need, which is the amount of revenue the State has determined each district needs to fund education, by multiplying the AADM by the BSA. Basic Need, however, is not the amount the District will receive from the State. The passage and veto override of HB 57 provided a BSA increase of \$700 for FY 2025-26 and 2026-27, bringing the total BSA in statute to \$6,660.

District adjusted ADM		70,688.79
Base Student Allocation	\$	6,660
Basic need (BSA x AADM)	\$	470,787,334

Adjustments to Basic Need

Once Basic Need is calculated, the State makes adjustments to the amount of each district’s funding based on a required local contribution that boroughs and municipalities must make towards education, Federal Impact Aid funds received, and the Quality Schools Grant which was incorporated into the formula in 1998.

Required Local Contribution

The Required Local Contribution (RLC) is calculated as the lesser of 45 percent of the prior year’s Basic Need or 2.65 mills of the borough or municipality’s tax base for prior tax year (e.g. 2025 tax base used for the 2026-27 fiscal year). ASD has historically used the mill rate as the basis of calculation, shown here:

Property Values	\$	52,425,374,890
Mills		x 2.65
Total Required Local Taxes	\$	138,927,243

Federal Impact Aid

Basic Need is then reduced by 90 percent of eligible revenue received from Federal Impact Aid funding that provides an ‘in-lieu of local tax revenue’ for the children of parents living and/or working on Federal property. For Anchorage, the actual percentage of total Federal Impact Aid receipts that is recaptured in the State Funding Formula is closer to 50 percent.

Quality Schools Grant

The Quality Schools Grant is calculated based on \$16 per AADM and added into the total funding provided by the State. The total adjustments to Basic Need and the resulting net amount of State aid to ASD are calculated as:

Operating Grants

State funded operating grants are generally funds appropriated by the State in lieu of a permanent increase to the BSA. However, for FY 2025-26, the Legislature passed a historic \$700 increase to the BSA with a veto override vote instead of providing another one-time supplemental appropriation outside the foundation formula. (Supplemental one-time funds are distributed on the basis of each district’s AADM.)

Total State revenue for FY 2026-27 is expected to decrease from FY 2025-26 funding by approximately \$14.38 million, a 4.21 percent decrease, primarily as a result of cost shifting to the

Municipality through the RLC (\$11.227 million) and projected enrollment decline (\$3.148 million).

Education Raffle Proceeds

In FY 2019-20, the State of Alaska instituted an Education Raffle where residents can purchase raffle tickets when applying for their Permanent Fund Dividend. Half of the proceeds from the raffle are dedicated to go directly to school districts and are distributed to all districts on the basis of AADM. For FY 2026-27, the District is expecting approximately \$0.15 million in revenue generated from the raffle.

Additional Local Contribution

The State allows boroughs and municipalities the opportunity to contribute additional funds to education above the amount legally required. The maximum additional allowable amount is calculated as the greater of a 2 mill tax levy on the local tax base or 23 percent of the total of Basic Need, the Quality Schools Grant, and other supplemental funds provided outside of the Foundation Formula, if applicable. ASD has

Basic Need	\$ 470,787,334
Quality Schools	1,131,021
Supplemental Funding	-
Total	\$ 471,918,355
	23%
Total Allowable Contribution	\$ 108,541,222

historically used the latter method to calculate the total amount of local contributions allowed by the State as shown above. However, in recent years the amount of the additional discretionary local contribution has been tied to the funding projection established at the time of budget approval and required transmission of the District’s budget to the municipality in March. Therefore, the amount of additional local contribution provided to the District is often set at a lower amount than what ends up being allowable, since additional or new appropriations made by the Legislature later in the session raises the cap on total allowable contributions. Additionally, more recently with the increase of the BSA and the subsequent increase to the maximum allowable contribution, Anchorage’s local tax cap is the lower ceiling on additional local contributions than the State cap. For FY 2026-27, the additional discretionary request is \$96,272,498, approximately \$12.269 million less than the allowable contribution under the State cap. The Municipality of Anchorage is proposing a one-time voter-approved levy to provide for the full maximum allowable contribution.

Local Revenue

The District is a component unit of the Municipality of Anchorage and has no ability to levy taxes itself; therefore, any tax appropriations must be levied by the Municipality for the benefit of the District and are subject to the State's allowable local contributions as described above.

Local Property Taxes

The District is fortunate to have a community that is very supportive of public education and anticipates receiving tax appropriations close to, if not equal to, the maximum allowed under State law base. Total local property tax contributions are expected to increase overall by \$9.691 million, about 4.3 percent, due to an increase in property values that shifts funding responsibility from the State to the Municipality, and a decrease in the additional allowable contribution that is attributable to the required local contribution outpacing the local tax cap. The RLC increased by \$11.227 million while the local tax cap was set at \$9.691 million, necessitating a reduction of allowable contributions by \$1.536 million.

Additionally, the District is subject to a local tax cap defined in Municipal Charter. Information on the District's mill rate and local tax cap can be found in Appendix D - Local Property Tax Mill Rate and Appendix E - Municipal Tax Cap Limitation, respectively. The District can only collect the lesser of the State Allowable Local Contribution or the Municipal tax cap.

Fund Balance

The District has proposed using fund balance, the governmental equivalent of savings, as a local revenue source in FY2026-27 in the amount of \$8.09 million to address the District's budget gap. Though the District had exhausted all available fund balance in the FY 2025-26 budget for planned expenditures, cost control actions taken by District mid-year, such as a hiring freeze, contract renewal savings, and cancellations on planned expenditures, the District was able to make additional funds available to preserve programs and services for FY 2026-27.

E-Rate

The E-Rate program is intended to help school districts offset the costs of telecommunications, including bandwidth and telephone services. The District has historically received E-Rate revenue directly; however, in FY 2025-26 the District entered into a contract that shifted responsibility for submitting requests for E-rate rebates to the contractor. Though E-rate revenue

is not received by the District directly, according to governmental accounting rules E-Rate discounts must be recorded as a revenue to the District.

Other Local Revenues

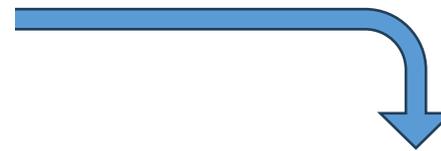

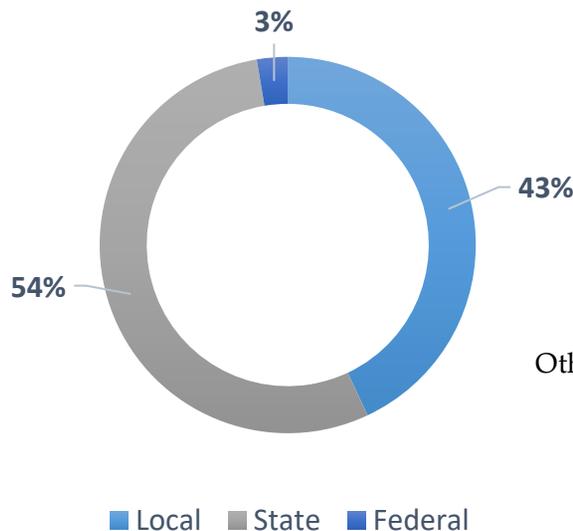

Other local revenues include interest earnings, facility rentals, user fees and other miscellaneous revenue. For FY 2026-27, the District is expecting to receive the same approximate amount in interest earnings.

Federal Revenue

Federal revenue consists of Federal Impact Aid, JROTC instructor funding and Medicaid claim reimbursements. Budgeted Impact Aid is expected to decrease from FY 2025-26 levels, by approximately \$.842 million, or 5.43%, based on number of students living on Joint Base Elmendorf Richardson (JBER) and actuals for FY 2024-25.

JROTC instructor funding is a partial reimbursement for salaries of JROTC instructors which also sets the Minimum Instructor Pay (MIP), and is expected to increase by approximately 9 percent consistent with expected costs. As costs based on the MIP escalate, the associated revenue will also increase.

Expenditures

By law, the District is required to have a balanced budget where revenues are equal to expenditures. Given that the District has no authority to levy taxes or raise additional funding, balancing the budget when revenue declines generally results in a reduction of budgeted expenditures. The District generally spends about 87 percent of its revenue on salaries and benefits, so reductions in expenditures predominately come from personnel. Additional organizational and personnel details for General Fund expenditures can be found in the General Fund section of this document.

Additionally, the District is legally required to pay for and carry a variety of insurances and incur certain fixed costs to ensure safe, effective, and compliant operations. While these costs, along with utilities and building-related expenses, are a much smaller portion of the General Fund budget, these areas of spending have experienced steep increases and inflationary pressures in recent years, over which the District has little control.

The District has made reductions across most functions since 2013 as revenues have been flat or declining for the past several years. The table below shows the authorized FTE by State Function since 2023. The description of each State Function can be found in Appendix A – State of Alaska Chart of Accounts, as well as a more detailed description of which positions are in each function, in Appendix B – General Fund Detailed Personnel History. A detailed summary of changes can be found in Appendix C – Summary of FTE and Significant Discretionary Budget Changes.

The State of Alaska has separated the State Functions into two distinct categories for the purposes of recognizing the amount that is classified as instructional activities. Functions 100 through 400 have been defined as instructional activities while function 450 through 780 are defined as support services. Up until fiscal year 2016-17, when AS 14.17.520 was repealed, Alaskan districts were required to spend a minimum of 70 percent of operating funds on instructional activities. Anchorage School District has always been well above the minimum requirement and continues to see the value in providing the calculation to demonstrate the funds being directed to each category.

The chart below shows expenditures by State Function for the General Fund and the calculation of instruction vs support. The reduction in Function 100 Instruction reflects the increase in PTR. The reduction in positions in Function 550 District Administration is primarily due to aligning school & instruction-based IT positions with the Chart of Accounts classification as Function 350 Support Services – Instruction expenditures.

Pupil Transportation Fund Overview

The Pupil Transportation Fund is used to account for the operation of the District’s home to school and school to school transportation programs. Transportation costs for other extracurricular or instruction purposes, such as sports and educational field trips, are recorded in the fund and function in which the activity applies.

The District is anticipating a decrease of \$.536 million, about 1.6 percent, in State Transportation formula funding for FY 2026-27 based on enrollment changes. State funding for transportation previously remained unchanged from FY 2016 to FY 2025. However, with passage and veto override of House Bill 57 an increase to the per student amount of State transportation funding increased from \$481 per non-correspondence ADM to \$529. Additionally, the District requested \$12.9 million in local tax revenue to supplement the Pupil Transportation Fund and support current levels of operation, the same level of funding requested for FY 2025-26.

The overall Pupil Transportation revenues and expenditures are expected to decrease by just over \$.537 million, or about 2.5 percent, as a result of projected enrollment decline and consolidation of routes. Additional detailed information on Pupil Transportation Fund expenditures can be found in the Other Funds section of this document.

Grants Fund Overview

The Grants Fund is used to account for revenues from sources which include categorical State and Federal grants and/or contracts used to supplement the District’s educational programs.

The District anticipates receiving \$90.180 million in grants in FY 2026-27, a decrease of 1.64 percent. Federal grants, including contingency, are expected to increase by approximately \$3.7 million, predominantly due to new discretionary funds awarded in FY 2025-26 that offset possible formula grant decreases expected for FY 2026-27. It should be noted that recent uncertainty at the federal grants level has made it difficult to project what may realistically be available.

Federal grants constitute approximately 88 percent of the Grants Fund and includes \$15 million in contingency for Federal awards not yet received. State and local grant awards make up the remaining 12 percent, a higher number than prior years due to the actual and projected cancellation of large federal awards. The graph shows the amounts and percentages of local, State and Federal awards expected for FY 2026-2027. Additional detailed information on local, State, and Federal grant expenditures can be found in the Other Funds section of this document.

Debt Service Fund Overview

The Debt Service Fund is used to pay expenditures associated with voter-approved bonding for the purpose of major capital outlay relating to acquisition, construction, and renovation of capital facilities as well as debt incurred through the Municipality of Anchorage’s master lease program. Annual debt service payments used to pay long-term principal, interest and related costs are expected to be \$49.145million, \$1.83 million more than the current year, a 3.9 percent increase. The District’s total gross bonded debt as of June 30, 2025 is \$409.240 million, down from \$577.500 million a decade ago.

Funding for repayment of principal, interest, and other expenses comes primarily from the State Capital Debt Reimbursement program and local property taxes. The calendar year tax assessment for the repayment of bonds is estimated at .806 mills for 2026, an increase of .10 mills from 2025. The table above shows the revenue sources by agency and the expenditures by type for the Debt Service Fund.

For FY 2025-26, the State of Alaska underfunded the School Bond Debt Reimbursement program for all districts, with Anchorage being shorted about \$4.4 million. The District has limited fund balance to absorb the shortfall and will need to request approximately \$2.1 million from Anchorage taxpayers to make up the difference along with the 2026-27 tax request.

Capital Projects Fund Overview

The Capital Projects Fund is used to account for the acquisition and major repair of school facilities and equipment. Capital projects are financed by proceeds from general obligation bonds, local, State, and Federal grants and transfers from other funds. For upper limit spending authority purposes, the District budgets for additional spending authority for funds received outside of voter-approved bonds such as State Legislative grants or transfers in from other funding sources. The District has included \$25.538 million in upper limit authority, a \$5.848 million decrease from the prior year, to account for spending the funds authorized by the School Board for projects funded by School Bond Debt Reimbursement received from the State. Additional information regarding the administrative costs and personnel of the Capital Projects Fund can be found in the Other Funds section of this budget document.

Student Nutrition Fund Overview

The Student Nutrition Fund is used to account for the operation of the School District's student nutrition program. Funding is provided by user fees and proceeds received under the National School Lunch and Breakfast and Snack Programs, as well as from the several federal passthrough grants.

Student Nutrition's school lunch program has expanded to an additional two schools and the breakfast program to three schools in FY 2025-26, and expects to expand to more schools in FY 2026-27. Additionally, changes to the model of program at specific schools is projected to lead to both an increase in meal sales and federal reimbursements. Specifically, an increase

in program participation of 3-5% due to the transition of pre-packaged “bagged” meals to traditional “hot” meal service was implemented in 7 schools in FY 2025-26, with another nine planned for FY 2026-27. Moreover, 13 schools were transitioned to CEP status in FY 2025-26. Community Eligibility Provision (CEP) schools are high-poverty, participating National School Lunch/Breakfast Program institutions that offer free meals to all students without requiring individual applications, and are reimbursed at a higher rate than the regular National School Lunch Program meals. Schools that transition to CEP have been shown to increase program participation, which increases the number of meals for which the District can be reimbursed.

Notes:

1. State of Alaska on-behalf pension payments have been removed

For FY 2026-27, the District has included \$0.1 million in transfers from the General Fund to pay for uncollectible, unpaid meal balances, primarily for students in foster care or who subsequently became eligible for free or reduced meals.

Overall revenue for the Student Nutrition Fund is expected to remain flat for FY 2025-26, with a projected increase of only \$0.092 million or about .3 percent, based on lower revenue actuals for FY 2025-26, reflecting a lag between program changes and subsequent increases in program participation and revenues. Additionally, unforeseen disruptions in service, such as remote learning days or other unplanned closures, or disruptions to federal programs and reimbursements, impacts revenues. The anticipated revenue is shown in the chart below and detailed statements of expenditures and personnel can be found in the Other Funds section of this budget document.

Student Activities Fund Overview

The Student Activities Fund is used to account for revenues and expenditures generated from student body organizations. For fiscal year 2026-27, no material change to the budget is expected from the current year.

STATEMENT OF PROGRAM:

ASD preschool provides developmentally appropriate, intentionally planned, preschool programs with a focus on young children, four and five years of age (not yet eligible for kindergarten) and their families. ASD Preschool programming focuses on increasing kindergarten readiness through high-quality classrooms that focus on a comprehensive literacy-based approach to developing the whole child. Curriculum experiences will explicitly support early literacy skills, social/emotional, physical, language, cognitive, and math development in nurturing and responsive early childhood environments for all students.

STATEMENT OF PROGRAM:

The Elementary Education division strongly supports partnerships with parents and the community and believes that such partnerships are critical to the success of the District's mission of education students for success in life. We believe that all children can and will learn in our classrooms and schools. All of our efforts are aimed at improving academic achievement in safe and caring schools and classrooms. Each school is encouraged and expected to create opportunities to ensure academic progress and success for every child at every grade level.

STATEMENT OF PROGRAM:

The Assessment and Evaluation Department serves schools and students within the learning community by supporting the multiple systems of support that contribute to our mission to ensure success in life for all students. The department oversees data collection including state required and district adopted assessments and data analysis by supporting research and evaluation projects. The department, in close collaboration with the Information Technology Department, strives to provide accurate data and analysis to support key decision makers from the classroom to the boardroom so that the district can deliver the best possible education to all students.

STATEMENT OF PROGRAM:

The Fine Arts Department provides funding, instruction, and direct supervision for the elementary band, 6-12 orchestra, and middle school choir programs. Our itinerant instrumental music and choral teachers teach more than 5,000 students throughout the District. The FA budget also funds orchestra and band in the secondary optional programs. In addition to funding and supervision, The FA Department also provides support and event coordination for the entire K-12 Music program and K-12 Art program. This includes curriculum support, teacher in-service, professional development, resource materials, festivals, concerts, art shows, and a variety of other services to all schools.

STATEMENT OF PROGRAM:

Career and Technical Education (CTE) department designs and delivers career preparation programs aligned to in-demand industry clusters and career pathways. CTE priorities include high quality programs with modern technology and equipment. The department provides rigorous CTE curriculum, work-based learning experiences, and post-secondary connections for students in 6th through 12th grade. Programs are influenced and guided by the CTE Advisory boards, industry partners, and post-secondary education institutions to ensure students can successfully transition out of high school to pursue their career and educational goals.

STATEMENT OF PROGRAM:

The Development and Grants Department acts as the central oversight for ASD's external funding opportunities. The Department provides research, prepares competitive grant proposals, and plans for growing the peripheral relationships and networking capacity for ASD to gain funding prospects. The staff works closely with ASD leadership and Academic Services to identify school/instructional funding needs and to strategically align with ASD's long-term goals/objectives. Under the Finance Department, the Development and Grants Dept. works closely with Accounting staff regarding notification of awards, post-award compliance training, budget adjustments, and new award criteria.

STATEMENT OF PROGRAM:

The Rentals/Community Services Department coordinates district and community use of ASD facilities for school, community, and recreational events. The department uses an online program that allows rental groups to check site availability and schedule rental requests. The department includes Auditorium techs who maintain high school auditoriums and theater programs. The Auditorium techs provide instruction to students and staff on the safe use of auditorium equipment, and assist with wireless microphones, MPR/Gym projectors, and stage curtains in all schools. The department's goal is to support facility scheduling needs, auditorium use, and sound, projection and stage curtains in large group spaces.

STATEMENT OF PROGRAM:

Airport Heights Elementary School provides a comprehensive school experience for children in kindergarten through grade six. The school uses a research-based curriculum combined with ongoing assessment and progress monitoring to deliver data driven, differentiated instruction for all students. By instilling the value of learning, and teaching the skills necessary for social and academic success, we will develop life-long learners who are responsible, productive members of their families and the community.

STATEMENT OF PROGRAM:

Alpenglow Elementary School is set in the picturesque Eagle River Valley, a local K-5 neighborhood school. While high academic achievement continues to be a success story, its best attribute is the cohesive community of parents and staff who work together to make each day a positive experience. Alpenglow is a high achieving school that fosters both high expectations and consideration for the social emotional development of the whole child. Alpenglow enjoys strong parental involvement and is dedicated to continuing and expanding its partnership with the community. We are proud to hold a high standard at Alpenglow and pleased to celebrate the many successes of all our hard working students.

STATEMENT OF PROGRAM:

Baxter Elementary provides a comprehensive educational program for students in Kindergarten through sixth grade. Baxter is the alternative site for the MSI (Multi-Sensory Instruction) program in the Anchorage School District. MSI is a structured, systematic, explicit approach to teaching Language Arts and Reading. The approach is highly effective with students with Specific Language Disability and those that struggle in reading, writing, and spelling. Baxter has two Life Skills classes for students with disabilities. The Baxter staff is dedicated to providing a safe and positive educational environment in which students are challenged, excellence is expected, and diversity is valued.

STATEMENT OF PROGRAM:

Bayshore Elementary School provides a well-rounded education for children in grades K-5 in a traditional neighborhood setting. The rigorous program is focused on district and state standards. Our dedicated 90-minute literacy and math blocks help students learn in flexible groups based on regular review of performance. Reading and math instruction is provided according to students' specific needs. We also use assessment-driven instruction in writing. PTA and staff members are dedicated to providing personal development activities for students such as: chorus, choir chimes, community service, Student Council, spirit days and numerous sports opportunities.

STATEMENT OF PROGRAM:

Birchwood ABC is a neighborhood school in the Anchorage School District with an alternative curricular program. The staff emphasizes basic academic skills and subject matter along with character building, citizenship, and patriotism. The school seeks to build a sense of responsibility, confidence, and community. Parent participation is a key component to our success as many parents volunteer six or more hours of their time each quarter. This partnership creates the optimal climate for promoting student success.

STATEMENT OF PROGRAM:

Campbell STEM Elementary is ASD's first official STEM (science, technology, engineering and math) alternative school serving the Campbell neighborhood and students throughout Anchorage who are interested in STEM. In addition to PE, Music, Health, Art, and Band or Orchestra for 6th graders, Campbell STEM includes integration of science, technology, engineering and math into all subject areas. Campbell STEM places an emphasis on engineering design process, project-based and place-based learning, and STEM career exposure at every grade level as well as STEM labs and maker-spaces. Campbell STEM utilizes partnership businesses, UAA and high schools to provide STEM experiences for students.

STATEMENT OF PROGRAM:

Chinook Elementary is a school providing a comprehensive instruction program for grades K-5. The staff is committed to improving student achievement. Our focus on reading, language arts and the Common Core State Standards continue throughout all grade levels. The staff welcomes focused and intensive staff development to increase their knowledge and skill set. Chinook is also fortunate to have two active parent associations, the PTA and Chinook Optional School Association (COSA). These associations work together to benefit all students and provide enriching experiences for our students.

STATEMENT OF PROGRAM:

The students at Chugach Optional Elementary develop a sense of responsibility for themselves and others while becoming confident, independent learners. The open method at Chugach focuses on “doing” and reflects an experiential approach to learning. In practice this means extensive use of manipulative teaching materials, formulation and testing of hypotheses, numerous field trips and classroom visits by a variety of resource persons. Chugach has a strong sense of community with close home school connections.

STATEMENT OF PROGRAM:

Offered within the walls of Chugiak Elementary one will find our Natiya Program, an academically rigorous educational program working harmoniously with the District's only one-way Spanish Immersion School. Adding to the richness of our school one will also find an award winning art program, a high-energy physical education program that is committed to lifelong fitness, a state of the art library, and a music program offering the regular music curriculum as well as a handbell choir, an honor choir, and regularly scheduled performances. We are also fortunate to have caring and dedicated support staff in our Teacher's Assistants, office personnel, recess attendants, and bus drivers.

STATEMENT OF PROGRAM:

Creekside Park Elementary is a TITLE 1 neighborhood school. We are committed to the provision of quality educational programs to maximize student learning and citizenship. We are proud of our diverse student body representing children from many countries and speaking many different languages. We are also an area-site for students with significant disabilities and have two self-contained classroom for up to ten students from the neighborhood and area schools. Creekside Park currently houses a Pre-School Communications classroom and partners with Headstart for a regular Pre-School for four year olds.

STATEMENT OF PROGRAM:

Denali Montessori School uses the Montessori method of instruction for its students. The emphasis is highly customized using proprietary materials appropriate to the child's developmental level. The child progresses academically at his or her own pace. Denali's classes are multi age with individual and small group instruction. Independent learning, teamwork, inquiry and freedom within a structured academic environment are encouraged.

STATEMENT OF PROGRAM:

Eagle River Elementary is a community of learners, with students and staff taking an active role in creating a safe and positive learning environment. Teachers set high academic standards for all of our students while still recognizing and honoring the strengths and challenges of each child. Our neighborhood and open optional programs provide students with opportunities to grow and develop as learners and citizens of the school community.

STATEMENT OF PROGRAM:

Huffman Elementary is a K-6 neighborhood school emphasizing strong, caring relationships and high academic expectations. In addition to the K-6 neighborhood program, Huffman offers a K-5 Extended Resource program for children with significant cognitive delays. We are committed to providing a well-rounded education where students are challenged to take academic risks and share their unique perspectives. We strive to meet the individual needs of every student. Parent and community involvement are vital to Huffman's success and we are lucky to have a strong and involved PTA and parent group. Huffman emphasizes our motto, "We are safe, respectful, responsible, friendly, and caring" everyday.

STATEMENT OF PROGRAM:

Kasuun Elementary School is a neighborhood school. In addition to our traditional K-5 education program, our school provides bilingual support and fulfills gifted education needs. We also house an Early Intervention Preschool Program. We are committed to providing a safe and engaging environment for the success of all of our students. Our well-rounded academics incorporate technology, art, music and character building. We stress a strong commitment to the relationship between home and school and encourage our families to become involved at the school. By working together this approach will set up our students to become life-long learners.

STATEMENT OF PROGRAM:

Kincaid Elementary is a neighborhood K-5 school. We prepare our students with strong academic foundations while promoting an environment based on respect and responsibility. Our school community emphasizes good citizenship and responsible social conduct. We celebrate our unique diversity and embrace the gifts and talents of all students. Our school helps students succeed through quality staff, parent involvement and community partnerships. Parents play a crucial role in making sure their children do well in school. Principals share school achievement data with parents and actively seek parents' suggestions, comments and participation in developing plans for continuous school improvement.

STATEMENT OF PROGRAM:

Lake Otis Elementary School provides a complete education for children in grades K-5 in a traditional neighborhood setting, adjacent to Wendler Middle School and the University of Alaska. A strong focus on the individual child is evident daily. Lake Otis offers an excellent academic program, as well as before and after-school activities that support the physical and academic growth of our students. Our PTA and staff are dedicated to providing additional learning experiences for students such as chorus, community service, student council and bicycle rodeo. We are proud of our school's accomplishments and look forward to improving all aspects of our education community.

STATEMENT OF PROGRAM:

Mountain View Elementary is a Pre-K through 5th grade Title 1 school, located in northeast Anchorage. Our student population is comprised of multiple racial and ethnic groups who speak a wide variety of languages. We celebrate diversity in our school and in our neighborhood. Our instruction is data-driven and district curricula are implemented with fidelity and integrity. Science and math have often been strong areas for our students and we have fielded several winning Math Derby teams in the last several years. Our mission statement: At Mountain View Elementary we are dedicated to promoting a safe productive learning environment in which all students can thrive academically and socially.

STATEMENT OF PROGRAM:

North Star Elementary has a richly diverse population of pre-kindergarten through sixth grade students who are supported by highly qualified teachers, paraprofessionals and multiple programs. These programs include after school tutoring provided by 21st Century and Supplemental Educational Services. Other programs include: Indian Education student support; a neighborhood preschool and a Child in Transition/Homeless (CIT/H) preschool; Language & Cultural Liaison and self-contained Preschool and K-2 classes for children who experience autism. English Language Learners tutors support students whose primary language is not English. North Star is a Title I school that has free breakfast and lunch.

STATEMENT OF PROGRAM:

Northern Lights ABC K-8 School is an alternative program in the Anchorage School District known for its back-to-basics approach to education. The parents, teachers, and staff believe the purpose of education is to provide children with the skills necessary to live successfully as responsible citizens and contribute to their community. The academic program at Northern Lights ABC is based on the premise that many students learn best within the framework of a structured environment, where self-discipline is encouraged and boundaries are consistently applied. The program challenges students to take responsibility for their own learning and to have pride in their work.

STATEMENT OF PROGRAM:

The mission of Orion Elementary School is to ensure optimal learning and safety for all and help make respect, courtesy, and consideration for others a common practice. Located on Joint Base Elmendorf Richardson, Orion serves Pre K-5 students, most of whom are military dependents. Students attend art, health, library, music, and physical education classes in addition to classroom instruction. Parent and community involvement, participation, and support of our exceptional teaching and classified staff are key ingredients to Orion's educational program and positive learning environment.

STATEMENT OF PROGRAM:

Rogers Park Elementary School provides a climate that promotes instructional excellence through a student-oriented program that focuses on the development of the whole child. Recognizing that individual students have unique learning styles, Roger Park School affords every person opportunities for success with access to special services and resources for those students who are exceptional. At Rogers Park, two educational programs exist; a neighborhood K-6 program and a K-5 for highly gifted students. Cooperation of school professionals, parents, and community members ensures support for each student to achieve positive academic, emotional, physical and social growth.

STATEMENT OF PROGRAM:

"Leading with Respect, Learning for a Lifetime" is more than a vision statement; it is a way of life at Sand Lake Elementary School. As a "Leader in Me" School, Sand Lake is a strong community of learners with students, teachers, parents and the community partnering to provide the best opportunities for every student. Sand Lake has a vibrant neighborhood program and is home to the Japanese Immersion Program. The staff is recognized for its commitment and the school benefits from involved parent groups. While Sand Lake is the largest elementary school in the Anchorage School District, the sense of community gives it the feel of a much smaller school.

STATEMENT OF PROGRAM:

Scenic Park Elementary provides a complete K-5 instructional program using the Anchorage School District curriculum. Students learn the language and culture of China from our certificated Chinese teacher. Chinese classes are taught 20-30 minutes twice a week. We also provide bilingual students and native students with support through English Language Learners and the Cook Inlet Tribal Council program. We strive to promote a safe and healthy environment where students are taught how to solve problems and make good choices. We are a community committed to the success of all learners as they become knowledgeable, responsible, and caring citizens.

STATEMENT OF PROGRAM:

Spring Hill Elementary School is a neighborhood school and provides a complete K-5 educational program. Spring Hill also serves as a regional site for Special Education Extended Resource serving kindergarten through sixth grade students. We believe in educating students for success in life with a focus on both academic skills and personal responsibility. A teacher is available for students who qualify for the gifted program. Spring Hill offers students in our neighborhood an instructional program based on the curriculum adopted by the Anchorage School Board. Emphasis is placed on development of the whole child using a standards-based approach to teaching and learning.

STATEMENT OF PROGRAM:

Taku Elementary students are scored from AIMSweb, COREK12 and informal tests to determine student needs. The school day is structured with a 90 minute literacy block, 60 minute math block for k-4 and 75 minute math block for grade 5, 30 minute writing block and 30 minute intervention block for grades 1-6, to provide differentiated instruction for all students. Staff professional development is provided through study groups, grade-level collaboration, district training, and staff meetings. Second step lessons along with Conscious Discipline are regularly directly taught to students.

STATEMENT OF PROGRAM:

Turnagain Elementary provides educational opportunities for K-5 students. The Turnagain educational community believes all children can learn and be successful in a safe, nurturing environment where a respectful relationship exists between staff, students, and parents. We are dedicated to improving student achievement and to providing opportunities for students to acquire strategies and coping skills that foster good citizenship and life-long learning. In addition to a neighborhood school program, a Russian Immersion Program is available through a lottery process. Our goal is that all students will become literate, independent, positive and respectful citizens who take pride in themselves.

STATEMENT OF PROGRAM:

William Tyson Elementary School provides a comprehensive elementary curriculum that strives to develop each child. It is our vision that people in our community will become aware that we have many constructive choices for dealing with conflict, and encourage our students to develop skills that will help them make those choices. We are dedicated to increasing respect for our own and others cultures, and above all, believe Tyson has a powerful role to play in creating a more democratic, just and peaceful world. We are committed to providing a safe and peaceful learning environment for everyone.

STATEMENT OF PROGRAM:

The Alaska Native Cultural Charter School is operating in its new building. The K-8 school offers a curriculum that is similar to Anchorage School District adopted curriculum with an emphasis on Native subsistence life styles and rural Alaskan culture. Several Native languages are introduced to students and various Native groups and organizations present special programs and provide guest helpers in the classroom to enrich the children's' educational experience. The school provides free and reduced breakfasts and lunches as well as makes available Title I assistance for all students. The school is open to all students in ASD and uses the lottery system to determine enrollment.

STATEMENT OF PROGRAM:

Aquarian Charter School serves students in grades K-6 and is currently residing in an ASD facility. The program philosophy statement says that Aquarian provides an educational community which supports a learning environment based on high expectations within an academic foundation, experiential hands-on learning and a commitment to personal character. The instructional program follows many aspects of an enrichment model, with Spanish inclusion in all grades, a solid core curriculum, which is aligned to State Performance Standards, fine arts, thematic instruction and technology integration.

STATEMENT OF PROGRAM:

Eagle Academy is a K-6 charter school. It offers an academically challenging program requiring students to master Eagle Academy's performance standards before progressing to the next level of curriculum. Students are placed in instructional levels after teachers analyze the results of standardized tests and classroom assessments. The Spalding Method of Integrated Language Arts is the basis for instruction across curriculum in all grades, employing a multi-sensory learning approach. Saxon Math is used across all levels for math instruction. All students receive an hour of instruction in art, music, physical education, and technology weekly.

STATEMENT OF PROGRAM:

Family Partnership is no longer a charter school and has been moved into Organization code 1831. Family Partnership is a K-12 alternative school. "Parent directed education" defines this program. It is based on the premise that a partnership between students, parents, professional educators, and community members is an ideal educational environment for children. This partnership is established between a family and a certificated ASD teacher who share similar educational philosophies and work together to create customized educational programs for each student.

STATEMENT OF PROGRAM:

Highland Academy serves as a model for educational entrepreneurship and illustrates a paradigm shift in education and learning. Highland Academy serves 6th - 12th graders from the Anchorage School District. Students are expected to follow a dress code resembling casual business dress. Since students will be going into the community, a professional appearance and stature is expected. The facility promotes a digital learning environment, which integrates technology, connectivity and digital content into the classroom. Student learning is rigorous and demanding and students must pass each level with at least an 80 percent proficiency in each of the eight content areas.

STATEMENT OF PROGRAM:

Rilke Schule Charter School was opened in the fall of 2007 and serves K-8 students. The program philosophy states that this school will provide an immersion program in the German language for students who attend the school. There will be an emphasis on being responsible citizens of the community and the world. The Anchorage School District curricula will be followed in all classes except German. The school will be open to all students selected through the lottery application process.

STATEMENT OF PROGRAM:

Special Education Administration is responsible for all functions of the Special Education Division which supports students ages 3 through 22 who are eligible for services under the IDEA. Section 504 is also supervised by Special Education. The Special Education division provides Special Education instructional and related services to students in district schools, special school programs, and community sites. Services are implemented through collaboration with the general education divisions and under the supervision of the Deputy Superintendent. In addition, guidance and support is provided to ensure District compliance with state and federal statutes and regulations.

STATEMENT OF PROGRAM:

The Alaska State School for Deaf and Hard of Hearing is mandated to serve all deaf and hard of hearing students within the State whose IEP requires this centralized program of comprehensive services. This budget details funding necessary to operate the preschool through age 22 program. AKSDHH students receive instruction in a variety of settings. They are included with non-disabled students as part of a school within a school at Russian Jack Elementary, Clark Middle School, East High School, King Tech, and ACT programs.

STATEMENT OF PROGRAM:

The mission of the Psychology Department is to assist teachers, parents and administrators to meet the academic, emotional and social needs of the Anchorage School District students. This includes accurate, timely evaluations for special education provision of direct and indirect services to students, and consultation and short-term counseling to ensure the total health and wellness of students and staff in an environment free of emotional and psychological barriers to learning. Psychologists will directly respond to and assist staff in responding to crises created by violence in schools, student and/or staff injury or death.

STATEMENT OF PROGRAM:

Middle School Special Education provides special education services to support students with disabilities in grades 7-8, as well as grade 6 in certain schools. Students receive instruction in their least restrictive learning environment, with access to the general education curriculum as determined by the student's IEP team. Specialized, research-based curriculum is used to address reading, writing, math, and/or behavioral skills for students based on their individual needs. Middle School Special Education provides a continuum of services to address all levels of student need.

STATEMENT OF PROGRAM:

Elementary Special Education provides special education services to support students with disabilities from age 5 through the elementary grades. Students receive instruction in their least restrictive learning environment, with access to the general education curriculum as determined by the student's Individualized Education Program (IEP) team. Specialized, research-based curriculum is used to address reading, writing, math, and/or behavioral skills for students based on their individual needs. Elementary Special Education provides a continuum of services to address all levels of student need.

STATEMENT OF PROGRAM:

The ACT Program (Adult Community Transition) provides instruction for special education students who have completed four years of high school, have not received a diploma, and who are eligible for services as determined by their IEP team. Students are eligible for participation through the age of 22. Our goal is to build student independence through instruction which promotes job skills and functional life skills in a community-based setting. Our young adult students work on maturity skills, self-help, communication, social and recreation/leisure skills. ACT utilizes multiple community settings throughout the community.

STATEMENT OF PROGRAM:

Special Schools Program has been moved out of the Special Education code series into Organization code 1882 to align with ASD's Account Code structure since the program also serves non-Special Ed students. The Special Schools Program provides educational programs outside traditional school settings for students who experience physical, medical, emotional, or behavioral conditions which affect the student's ability to attend school. Services are provided at various residential treatment centers and hospitals within the municipality of Anchorage. Fifty to sixty percent of students served are from the Anchorage area, and forty percent from outside the district. Additionally, visiting teacher services are provided in the hospital or home setting to students who are physically unable to attend school due to temporary or chronic medical conditions.

STATEMENT OF PROGRAM:

The Health Services program improves and protects the health of students in a supportive learning environment. School nurses prioritize health maintenance, injury and disease prevention, and health restoration. Nursing interventions support educational staff in providing students with a safe, caring and educationally relevant school program. Students with disabilities are provided nursing services as identified in the Individual Education Plan (IEP). Health Services program administration supports supervision, delegation, evaluation of nursing practice and employee training. Mandatory first aid training is provided promoting safe and caring schools.

STATEMENT OF PROGRAM:

Mears Middle School provides seven instructional periods daily. All students are enrolled in four required academic courses, physical education and electives. Remedial and gifted course work is offered in language arts, science and mathematics. Electives include computer and industrial technology, arts/crafts, family consumer science, foreign languages and music. Growth in traditional academic areas is emphasized. Students are also encouraged to participate in career and leisure time activities. Intramural, interscholastic and after school extracurricular activities are available to all students. Mears' parents, staff and school business partners work together to build a dynamic community.

STATEMENT OF PROGRAM:

The Dr. Martin Luther King Jr. Technical High School is a hybrid model with full time and part time students. King Tech is a full time school for ASD juniors and seniors; it combines career technical education with regular core classes in a design- your- own-education format. King Tech students work with a mentor to design a personalized learning plan that could include the following: career path, relevant electives, core classes, King Tech classes, internships (on the job training), District options outside King Tech, and digital learning (APEX, ASD iSchool).

STATEMENT OF PROGRAM:

Chugiak High School offers a standard high school program in line with the expectations of the Anchorage School District. Spanish Immersion, World Discovery Seminar, NJROTC, AP and CTE Courses are some of the special programs offered. Chugiak High School is a partnership of students, staff, families, and the community. This partnership works to graduate students who communicate effectively, think logically and critically, discover and develop their own creative talents, and possess essential career and technical skills. Included in this vision is the encouragement of all facets of educational levels and future career goals as they pertain to each individual student.

STATEMENT OF PROGRAM:

Bettye Davis East Anchorage High provides a safe and positive educational environment for a highly diverse population of students. High expectations for academics and decorum are the norm. Students are served by a curriculum encompassing a range of remedial through advanced placement courses, and opportunities in fine arts, world languages, JROTC, career technology, and physical education. Extra-curricular offerings in both athletic and academic teams, clubs, and organizations are available, and an intentional focus on building positive one-to-one adult-student relationships for every student occurs through a four-year advisory program.

STATEMENT OF PROGRAM:

Family Partnership Correspondence is a K-12 alternative school. "Parent directed education" defines this program. It is based on the premise that a partnership between students, parents, professional educators, and community members is an ideal educational environment for children. This partnership is established between a family and a certificated ASD teacher who share similar educational philosophies and work together to create customized educational programs for each student.

STATEMENT OF PROGRAM:

Steller Secondary is an open optional school of choice that serves students in grades 7-12 from across the Anchorage School District. The emphasis of the school program is attaining an education through responsibility to self and to the community. Students, parents, and staff participate in the democratic process of setting school policies. Students participate in all aspects of the school program from planning and scheduling activities, mentoring and assisting younger students, and designing coursework through independent study and peer taught classes. Students acquire leadership and responsibility for both their school and their community through participation in operation of the school.

STATEMENT OF PROGRAM:

Eagle River is a comprehensive high school that serves students in grades nine through twelve. The student body is evenly comprised of students from the local Eagle River community and from Joint Base Elmendorf/Richardson. Annual enrollment fluctuates due to a high mobility rate amongst the 45% of students who are military dependents and the school provides a variety of transitional supports. Despite being the smallest of the ASD high schools, ERHS provides a full compliment of fine arts, world languages, Advanced Placement offerings, and CTE programs. The school also supports a regional autism program.

STATEMENT OF PROGRAM:

McLaughlin School provides educational services for residents of McLaughlin Youth Center. Youth are placed at MYC as a result of their criminal activity and placed in a detention or a long-term treatment unit (based on court ordered disposition). The educational program is an essential component of each student's treatment plan. This requires additional academic assessment, appropriate class placements, and differential curriculum to meet the unique educational and treatment needs of each student.

STATEMENT OF PROGRAM:

The Special Schools Program provides educational programs outside traditional school settings for students who experience physical, medical, emotional, or behavioral conditions which affect the student's ability to attend school. These services are provided at various residential treatment centers and hospitals within the municipality of Anchorage. Fifty to sixty percent of the students served are from the Anchorage area, and forty percent from outside the district. In addition, visiting teacher services are provided to students who are physically unable to attend school due to temporary or chronic medical conditions. These services are provided in the hospital or home settings.

STATEMENT OF PROGRAM:

The Adult Crossing Guard Program was established to provide area students with safe passage across streets with heavy vehicle traffic. The program is monitored by the Executive Directors of Elementary and Secondary Education and the principals of each school where guards are provided. Specific locations for Adult Crossing Guards are recommended by the Hazardous Transportation Committee which is chaired by the Director of Transportation Services.

STATEMENT OF PROGRAM:

The Capital Planning & Construction Department manages planning, design and construction of new and renewal of, existing facilities, according to Board policy and administrative action. The division works with design professionals during design and construction of capital projects and is responsible for assuring designs comply with ASD Educational Specifications and code requirements. The District primarily receives project funds from municipal bonds, grants, and some general funds.

Functions

FUNCTION is used to group within a fund the different broad classifications of financial activities or services performed; for example, Instruction is function 100, a broad group of activities and services performed. Functions provide for the reporting of financial information in a manner, that is useful to school boards, superintendents, the Department of Education and Early Development, the Legislature and in some instances provides for the accumulation of expenditures in such a manner as to show compliance with law or regulation.

For school districts that wish to accumulate financial information in greater detail than the required function level many required functions are further subdivided into optional functions. Optional functions provide for the grouping of activities or services in further detail; for example, Instruction 100 is a required function but could be further broken out into the optional function Correspondence Instruction 120. The optional functions are components of the required functions and if optional functions are used, then they should be aggregated and reported at the required function level. When establishing coding for required functions the explanations and detail provided in the optional functions should be considered.

- 100 **INSTRUCTION** - Instruction includes the educational activities directly involving the interaction between teachers and students. Instruction may be provided in the school classroom, in another location such as a home or hospital, or in other learning situations such as student curricular field trips. It may also be provided through some other approved medium such as televisions, radio, computer, multimedia, telephone, or correspondence. Technology that is used by students in the classroom or that has a student instruction focus should be coded here. Included here are the certificated classroom teachers or other certificated personnel who are performing as classroom teacher and classroom aides or classroom assistants who directly assist in the instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools or other locations for instructional purposes. Inservice teacher training, conferences and workshops that are for the benefit of teachers for staff development are not included here but in Support Services - Instruction, function 350. **(Required)**
- 120 **BILINGUAL/BICULTURAL INSTRUCTION** - Bilingual and bicultural instruction includes the educational activities directly involving the interaction between teachers and students of limited English-speaking ability. Included here are the certificated bilingual and bicultural classroom teachers or other certificated personnel who are performing as the bilingual and bicultural classroom teacher and classroom aides or classroom assistants who directly assist in the bilingual and bicultural instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools and other locations for bilingual and bicultural instructional purposes. Specific inservice teacher training, conferences and workshops for bilingual and bicultural staff development are also included here. **(Optional)**

- 130 GIFTED/TALENTED INSTRUCTION - Gifted and talented instruction includes the educational activities directly involving the interaction between teachers and students who exhibit outstanding intellect, ability, or creative talent. Included here are the certificated gifted and talented classroom teachers or other certificated personnel who are performing as the gifted and talented classroom teacher and classroom aides or classroom assistants who directly assist in the gifted and talented instructional process. Examples of the types of expenditures included are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, and travel between schools and other locations for gifted and talented instructional purposes. (Optional)
- 140 CORRESPONDENCE STUDY INSTRUCTION - Correspondence study instruction includes the educational activities directly involving the interaction between teachers and students when the primary medium of instruction is communication between the instructor at one physical location and the student at another physical location when the student does not attend a designated school on a regular basis. Included here are the certificated correspondence study teachers or other certificated personnel who are performing as the correspondence study teacher and classroom aides or classroom assistants who directly assist in the correspondence study instructional process. Examples of the types of expenditures to include are salaries, employee benefits, teaching supplies, textbooks, equipment and equipment repair directly used in the teaching process, telephone, internet, courses and postage, and travel to visit correspondence students for instructional purposes. (Optional)
- 160 VOCATIONAL EDUCATION INSTRUCTION - Vocational education instruction includes the educational activities directly involving the interaction between teachers and students in state approved vocational education classes. Included here are the certificated vocational education teachers or other certificated personnel who are performing as the vocational educational teacher and classroom aides or classroom assistants who directly assist in the vocational education instructional process. Examples of the types of expenditures to include are salaries, employee benefits, instructional supplies, textbooks, equipment and equipment repair directly used in the teaching process and travel between schools and other locations for vocational instructional purposes. (Optional)
- 200 SPECIAL EDUCATION INSTRUCTION - Special education instruction includes the educational activities directly involving the interaction between teachers and special education students in the classroom or other facility. Included here are the costs of instruction for the student who deviates from the average or normal child in mental, physical or social characteristics to such an extent that he or she requires a modification of school practices or special education services in order to develop to his or her maximum potential. Included here are the certificated special education teachers or other certificated personnel who are performing as the special education teacher and classroom aides or classroom assistants who directly assist in the special education instructional process. Examples of the types of expenditures to include are salaries, employee benefits, instructional supplies, textbooks, equipment and equipment repair directly used in the

- Expenditures for the purpose of these items are generally debited to an Asset account, and are charged to the proper appropriation as they are requisitioned. Only a loss should be charged to this account. If the physical inventory reflects an overage in items, the excess is debited to the Asset account "Inventory." (Optional)
- 457 SMALL TOOLS AND EQUIPMENT - Expenditures for articles not readily classified as supplies but as minor equipment. Items are inexpensive and are expendable, including but not limited to: shop tools, office appliances, home economics dishes and kitchen utensils, items for science laboratories, and athletic equipment. (Optional)
- 458 VEHICLE GASOLINE, DIESEL, AND OIL - Expenditures of all gasoline, diesel and lubricants used for the district's vehicles or equipment. (Optional)
- 459 FOOD - Expenditures of all food to be served in the school food service program. Food purchased for instructional purposes are **not** included here but in Teaching Supplies, object 451. (Optional)
- 460 MILK - Expenditures of all milk to be served in the school food service program. (Optional)
- 471 TEXTBOOKS - Expenditures for prescribed books purchased for students or groups of students and resold or furnished free to them. Included are the costs of textbooks and binding or repairs. (Optional)
- 472 LIBRARY BOOKS - Expenditures for regular or incidental purchases of library books available for general use by students, including any reference books, even though such reference books may be used solely in the classroom. Included are costs of binding or other repairs to school library books. (Optional)
- 473 PERIODICALS - Expenditures for periodicals and newspapers for general use in the school library. A periodical is any publication appearing at regular intervals of less than a year and continuing for an indefinite period. (Optional)
- 475 SUPPLIES-TECHNOLOGY RELATED - Technology-related supplies include supplies that are typically used in conjunction with technology related hardware or software. Some examples are CDs, flash or jump drives, cables, monitor stands, E-readers (including tablets and mobile devices), printers, copiers, software costs, and cloud-based applications that do not meet the capitalization criteria (See Appendix A) should be reported here. Any items that meet the capitalization criteria are not included here, but in object code 512, Technology-Related Hardware or object code 513, Technology Software. (Optional)
- 479 OTHER SUPPLIES, MATERIALS, AND MEDIA - Expenditures for all other supplies, materials and media items that cannot be accounted for elsewhere. (Optional)
