

# FEBRUARY

Complete at least one math box and 1 ELA box each day.  
 Choose 1 of the following each day: at art or music project of your choice, or a physical activity! Write them in the center box.

<p>True or false:  <math>7 = 6-2</math>  <math>11 = 13-2</math>  <math>9+1 = 11-1</math>  <math>5 = 4-4</math></p>	<p>Read a book to a stuffed animal then write down 2 things you remember from the story.</p>	<p>Draw it: There were 9 girls in line. 4 girls left the line. How many girls are in line now?</p>	<p>Write 3 silent E words with the long vowel A with crayons.  <i>Ex: cape, fate, mate</i></p>	<p>Write a part-part-whole problem with these numbers: 3, 6, and 9</p>
<p>Practice writing Silent e words and reading them out loud:              rope              hike              make</p>	<p>Solve by counting on: Leighton's dog had 5 puppies. Two of the puppies have spots. How many puppies don't have spot?</p>	<p>Go on a vowel hunt in a book and see how many long vowel words you can find. Remember these have a silent E at the end!</p>	<p>Draw a picture to go with your equation. 10 kids are at the lunch table. 3 are eating pizza. How many are not eating pizza?</p>	<p>Practice writing and reading these long vowel words.  <b>grape</b>  <b>hike</b>  <b>Pete</b>  <b>note</b></p>
<p>How many tens frames do you need to solve this: <math>8 + 9</math>? What is the answer?</p>	<p>Read a book with a flashlight then go tell someone at home what you read about. Describe the character in detail.</p>	<p>Art:               Music:               PE:</p>	<p>Read a story to a parent or guardian and then retell the story. Be sure to say what the setting was.</p>	<p>Fill in the chart with 5, 10, and 15. Write two equations to match.</p> 
<p>Find the letter <b>A and U</b> in magazines or newspapers and circle them</p>	<p>Use friendly numbers to solve:  <math>7 + 12 =</math></p>	<p>Read a story and write down 4 silent E words you find. Read more than one story if needed!</p>	<p>Double these numbers and write an equation:              5    4    8</p>	<p>Take an I spy nature walk outside!</p>
<p>Draw a picture for these doubles:               7    9    3</p>	<p>Write 4 words that have a long O sound in them. Ex: <b>rope, joke</b></p>	<p>Solve with doubles plus 1:   <math>6 + 5 =</math>   <math>9 + 8 =</math></p>	<p>Use Legos, block or anything else to make towers. As you are building count each piece.</p>	<p>Solve this word problem and tell your adult what strategy you used:              8 cats are in the house. 8 more come in. How many are there in the house?</p>
