### TUITION ASSISTANCE

The School does provide limited tuition assistance to its students and prospective candidates beginning in first grade on the basis of financial need. No discrimination is made because of race, color, religion, or national origin. The School utilizes Clarity as our financial aid platform. You will find that Clarity offers a streamlined and user friendly tuition assistance application process that can take as few as twenty minutes to complete. It is mobile-friendly, so you can complete your application on your phone or tablet! Furthermore, your 1040 and W2 documents from 2024 will be automatically transferred from the IRS when you complete the verification step. These documents no longer need to be uploaded manually. A new financial aid application must be completed each year for consideration: [Clarity Application](#). Applications will be reviewed on a rolling basis, pending the availability of tuition assistance funds.
