

Snapshots of the Week

The children have had a fantastic first week back at school, and it has been so lovely to hear all about the exciting things they enjoyed over the Christmas holidays. It was wonderful to see how happy and eager they were to return to school! We've had a busy and exciting start to the term. The children loved seeing the snow and exploring all the changes in our outdoor area and the signs of winter. This week, we also began our new learning theme: "All Things Wild." We started by looking at pets. Some of the children shared stories about their own pets, which was a lovely way to get everyone talking. We discussed how we care for animals and the important things they need to stay happy and healthy.

How you can Help Your Child at Home

As we learn all about animals this term, you could explore and discover fascinating facts about animals and habitats. You could find out about animals that live in the jungle, the Arctic, Africa, or the ocean. If you'd like to, please upload anything you learn onto Tapestry so the Buttercups can enjoy sharing these interesting facts together!

Looking Ahead to Next Week

Next week, we'll be diving into the wonders of the jungle! The children will explore what makes jungles special, discover the amazing animals that live there, and learn about their habitats.

Little Wandle Phonics

This week we have started phase 3 phonics.

This week's sounds: ai, ee, igh

Tricky words: the and I

Spellings: rain, wait, see, feet, night and right.

Notices

Please make sure grapes are cut in half if children are bringing them to school.
