

Parent Bulletin Friday 30th January 2026

Dear Parents and Carers

Thank you to the parents of Year 13 students who came into school yesterday for their child's last parents' evening. There were some high quality discussions and a real focus on the final exams. We have lots going on next week to mark careers week and also the beginning of the options process for Year 9 students with assemblies about the different options subjects.

School Shop

This is open every day before school and brand new ties can now be bought from there for £4.50. This will save the need for students or parents to have to visit Reception to buy one.

Mobile Phones in Schools

I am sure you have seen the news coverage this week about the government's intention to change the rules around mobile phones in schools so they are completely banned and students prevented from using them at all during the school day. This is not the current policy at Slough and Eton but is one we will work towards in the coming months ready for September 2026. Today I spoke to students about this through my weekly video message and will write home with more details about our plans for this policy change later this term.

Multicultural Evening 11th February 17:30 – 19:30

Tickets will go on sale on Monday 2nd February at lunchtime at the Restaurant at £4.00 per person. They are first come first served and once sold out there will not be any further available. Please do not attempt to arrive to the event without a ticket, you will not be allowed in. Doors close at 17:25 for a prompt 17:30 start.

Parent webinars on county lines and criminal exploitation (Iverson Trust)

The Iverson Trust is a national charity working to keep children safe from exploitation by supporting parents, disrupting exploiters, and working in partnership with police and family services. Their work is grounded in a trauma-informed, family-centred approach.

During March 2026, the Iverson Trust is delivering a series of live webinars for parents and carers focused on county lines and criminal exploitation. The sessions help parents understand how exploitation happens, how children are groomed, what warning signs to look out for, and where to access advice and support. Each webinar includes local context, time for questions, and input from a parent with lived experience.

More information and booking details are available [here](#)

Online Safety

This week's safety online guidance is about what parents need to know about Memes. You can access the details online [here](#).

Have a good weekend.

Yours sincerely
