

Montessori Education Week

We are thrilled to announce that Montessori Education Week in Louisiana is February 22 - February 28, 2026!

From 2/22 through 2/28, we will celebrate Montessori Education Week, honoring the 118-year legacy of Dr. Maria Montessori. This annual celebration highlights the benefits of Montessori education—including individualized learning and mixed-age classrooms—through school-wide activities, community awareness efforts, and special events such as peace walks. As part of this celebration, we want to recognize the lasting impact of Montessori education and its contributions to the children of CGMA. We invite parents and students to share testimonials about their experiences with CGMA and Montessori education. Selected testimonials will be shared throughout Montessori Education Week and beyond on our social media platforms.
