SUBJECT: **2026 PM2 FAST ASSESSMENT RESULTS**

The Florida Department of Education (FLDOE) Florida Assessment of Student Thinking (FAST) Progress Monitoring (PM)2 assessment window closed on Friday, January 23, 2026.

**Grades 3-10 FAST Overview**

- Grades 3–10 FAST English Language Arts (ELA) Reading and grades 3–8 FAST Mathematics assessments are aligned to the Benchmarks for Excellent Student Thinking (B.E.S.T.) Standards.
- FAST assessments are computer adaptive. Each item a student receives will be selected to meet the blueprint requirements, and the item's difficulty level will be adjusted based on the student's response.
- FAST assessments are administered three times during each school year: once at the beginning of the year (PM1), once in the **middle of the year (PM2)**, and once at the end of the year (PM3).
- Each PM event is tied to a blueprint for the **full grade-level content**. The ELA and Mathematics blueprints indicate the number of items in each reporting category that students will encounter during each PM window.
- Here are descriptions of each PM opportunity for students:
  - PM1 – Because this administration occurs at the very beginning of the school year, it is designed to provide a baseline score, allowing teachers to track student progress in learning the B.E.S.T. Standards from PM1 to PM2.
  - **PM2 – By the time of this administration window, students will have had an opportunity to learn the grade-level standards, and this administration will provide a mid-year score to compare to the baseline score from PM1.**
  - PM3 – This last administration will provide a summative score that will accurately measure student mastery of the B.E.S.T. Standards at the end of the school year. While PM1 and PM2 are for informational purposes only, PM3 is used for school accountability.

**Assessment results for 2025-2026 FAST PM2 indicate Broward's students increased in every grade level for ELA compared to the 2024-2025 FAST PM2 results.** The results are available for:

- FAST ELA Grades 3 to 10
- FAST Mathematics Grades 3 to 8.

This memorandum summarizes the results at the district level. Individual student-level results are available to each school through the Florida Reporting System. Additionally, parents can access their child's scores through the state's Family Portal via Broward's parent portal application at <https://www.browardschools.com/focus>.

Here are the key highlights from the 2025-2026 assessment results for the percentage of Broward County Public School (BCPS) students meeting or exceeding on-grade level performance (Achievement Level 3 or Above):

- **FAST PM2 ELA performance** improved across all grades compared to the prior year.
  - **Notable increases were observed in Grades 5 and 7-9, which showed growth of 5 percentage points or more.**
- **FAST PM2 Mathematics** performance improved in Grades 3, 5, and 7 compared to the previous year.
  - **Excluding charter schools, notable gains were observed in Grade 3 and 7, which showed growth of 5 percentage points.**

Below are tables of test results by subject area and grade level, comparing 2024-2025 PM2 to 2025-2026 PM2 results for Broward, which includes charter schools (Tables 1 and 2) and results excluding charter schools (Tables 3 and 4, and Figures 1 and 2). Figures 3 and 4 show results excluding charter schools by subgroup, including race/ethnicity, English Language Learners (ELL), and Students with Disabilities (SWD). The tables and figures show Broward increased or remained the same compared to the prior year in every grade level and subject. The tables also show Spring (PM3) performance for the 2024-2025 school year, which will be used to illustrate growth over the course of the year.

**Table 1.** FAST PM2 ELA Assessment Results for Broward, **including** Charter Schools, 2024-2025 & 2025-2026
