THE FOXHOLE FLYER

PRINCIPAL MESSAGE

Hello VOL family!

I want to begin by celebrating some truly fantastic news. Our PM2 testing window was a tremendous success, with over 99% of all VOL students participating. This is an incredible accomplishment, and it reflects the partnership we continue to strengthen among our students, teachers, and families. Thank you for doing your part to ensure every child had the opportunity to show what they know. I couldn't be more proud of our community.

We are already moving steadily through Week 3 of the second semester, and I encourage all families to keep a close eye on student progress. Consistent check-ins, communication with teachers, and staying on top of pacing guides make a tremendous difference. Our teachers remain committed to supporting every learner, and your collaboration helps us keep students on the path to success.

I'm also excited to share that beginning in February, we will be offering tutoring in both reading and math for students in grades 3–10. More details will be coming soon, but please know this is another way we continue to invest in student growth.

As always, thank you for your partnership and for trusting us with your child's learning. Stay warm and have a great week!

Dr. Serrianni

aaserian@volusia.k12.fl.us

IMPORTANT REMINDERS

- Virtual attendance is recorded based on student progress in their virtual course. If a student is working in their course and on pace, they are marked present. If a student is not working and behind pace, they are marked absent. Please create a weekly schedule to ensure your student completes all assignments each week to avoid unexcused absences.
- Our target completion date for the third quarter is **March 6th**. This allows students the opportunity to complete their assignments, receive teacher feedback, and resubmit for a higher grade prior to grade reporting. This also allows teachers to meet with students for Help Me Sessions, grade all work, and schedule needed DBAs prior to posting report card grades. Students who are on pace earn an extra week of Spring Break. A win-win for all!

UPCOMING EVENTS

- Get ready for an exciting afternoon on **January 27**—our **LEGO Club** kicks off at **4:00 PM**, followed by **Robotics** at **5:00 PM**. Bring your curiosity, creativity, and big ideas as we build, design, and explore together. We can't wait to see you there! 🧱🤖
- ✨ Get Ready for **STEAM Night!** ✨ Science, Technology, Engineering, Art & Math come alive on **Wednesday, February 4th** from **5 - 7 pm**. More details below.
- Families are invited to celebrate our scholars! The **NJHS Induction Ceremony** will take place on **February 18** from **6:00–7:00 PM**. We look forward to honoring our students' achievements.
- Join us for our **SAC Meeting** on **February 25** from **4:00–5:00 PM** and be part of the conversation that supports our school.
- 🎨✨ VOL is bringing the creativity with an **Art Lab: Fiber Arts**. Hands-on fun and imagination ahead. More exciting details coming soon!

THE FOXHOLE FLYER

STUDENT SPOTLIGHT!

Harmony Sweetser - 4th Grade

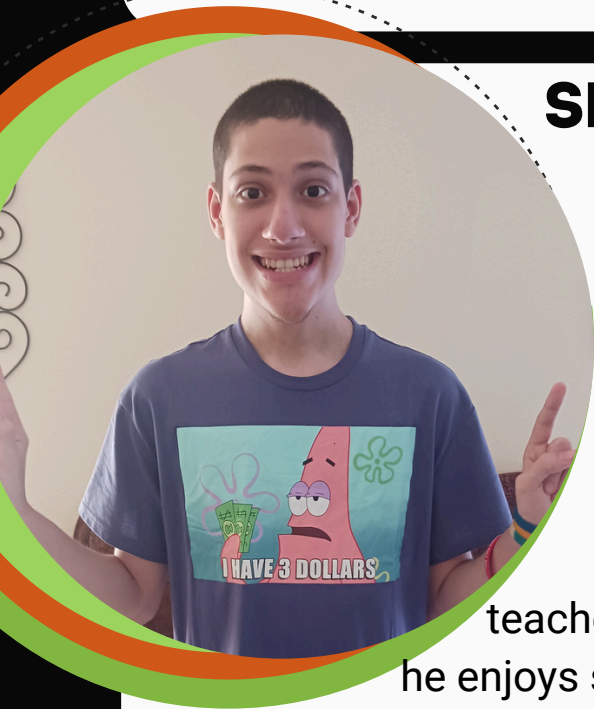

Harmony was nominated by her fourth-grade teacher, Ms. Spencer. Harmony is showing wonderful growth in her independence and responsibility as a learner. She is taking greater ownership of her work by staying organized, following through on tasks, and putting genuine effort into doing her best. Harmony is also becoming a confident self-advocate. She asks thoughtful questions when she needs support, seeks clarification to deepen her understanding, and expresses her needs respectfully and clearly. Her positive attitude and willingness to take charge of her learning are helping her become a strong, self-directed student who believes in her own abilities.

SENIOR SPOTLIGHT!

Aden Gonzalez

Aden is an awesome student who brings fun and positivity everywhere he goes. He has been with VOL for four years, and he credits his success in virtual learning to his love of working on the computer, which helps him stay focused. Aden also appreciates having great teachers who support his learning. Outside of school, he enjoys spending time with his brothers, dogs, and cats. In the future, Aden dreams of making pizza—and we know he'll cook up something amazing!
