INDEPENDENT AUDITORS' REPORT

October 14, 2025

Board of Education
Milan Area Schools
Milan, Michigan

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the general fund, and the aggregate remaining fund information of **Milan Area Schools** (the "District"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the general fund, and the aggregate remaining fund information of the District, as of June 30, 2025, and the respective changes in financial position thereof and the respective budgetary comparisons for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Implementation of GASB Statement No. 101

As described in Note 18, the District implemented the provisions of GASB Statement No. 101, *Compensated Absences*, in the current year. Accordingly, beginning net position of the governmental activities was restated. Our opinion is not modified with respect to this matter.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Independent Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Independent Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management’s Discussion and Analysis and the schedules for the pension and other postemployment benefit plans, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District’s basic financial statements. The combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 14, 2025, on our consideration of the District’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District’s internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Lehmann Lobson LLC". The signature is written in a cursive, flowing style.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MILAN AREA SCHOOLS

Management's Discussion and Analysis

As management of Milan Area Schools (the "District"), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2025.

Financial Highlights

· Total net position	\$ (49,675,177)
· Change in total net position	7,244,783
· Fund balances, governmental funds	5,664,122
· Change in fund balances, governmental funds	(1,505,278)
· Unassigned fund balance, general fund	2,427,419
· Change in fund balance, general fund	(1,529,623)
· General obligation bonds outstanding	33,260,000
· Change in general obligation bonds	(4,250,000)

Overview of the Financial Statements

The discussion and analysis are intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the District's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the net reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the District that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the District include instruction, supporting services, community service, athletics, and food service. The District had no business-type activities during the current year.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District are governmental funds.

MILAN AREA SCHOOLS

Management's Discussion and Analysis

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains various individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balance for the general fund which is a major fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements following the required supplementary information.

The District adopts an annual appropriated budget for its general and special revenue funds. The budgetary comparison statement has been provided for the general fund herein to demonstrate compliance with that budget.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information. This is limited to this management's discussion and analysis and the schedules for the Michigan Public Schools Employees' Retirement System (MPERS) pension and other postemployment benefit plan immediately following the notes to the financial statements.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, liabilities and deferred inflows of resources exceeded assets and deferred outflows of resources by \$49.7 million at the close of the most recent fiscal year.

MILAN AREA SCHOOLS

Management's Discussion and Analysis

Net position invested in capital assets, net of related debt used to acquire those assets that are still outstanding, resulted in a net position of \$26.0 million at June 30, 2025. The District uses these capital assets to provide services to the students it serves; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

	Net Position	
	Governmental Activities	
	2025	2024
Current and other assets	\$ 17,399,732	\$ 14,728,970
Capital assets, net	61,029,731	63,174,788
Total assets	78,429,463	77,903,758
Deferred outflows of resources	13,751,712	18,657,336
Other liabilities	6,068,915	7,061,613
Long-term liabilities	116,492,724	131,160,466
Total liabilities	122,561,639	138,222,079
Deferred inflows of resources	19,294,713	12,516,250
Net position:		
Net investment in capital assets	25,962,855	23,574,631
Restricted	7,083,978	1,849,847
Unrestricted (deficit)	(82,722,010)	(79,601,713)
Total net position	\$ (49,675,177)	\$ (54,177,235)

The District reported a deficit in total net position of \$49.7 million as of year end. Restricted net position represents amounts subject to external restrictions such as amounts restricted for food service, debt service and the other postemployment benefit asset. The District also reported a deficit of \$82.7 million as unrestricted net position. The negative balance is mainly related to the District's proportionate share of the MPSERS net pension liability, and related pension and OPEB deferred amounts.

MILAN AREA SCHOOLS

Management's Discussion and Analysis

	Changes in Net Position	
	Governmental Activities	
	2025	2024
Program revenues:		
Charges for services	\$ 1,289,690	\$ 1,163,692

Change in net position	<u>7,244,783</u>	<u>4,773,749</u>
Net position, beginning of year	(54,177,235)	(58,950,984)
Restatement for implementation of GASB 101	(2,742,725)	-
Net position, end of year	<u>\$ (49,675,177)</u>	<u>\$ (54,177,235)</u>

The District's net position increased by \$4.5 million during the current year as compared to an increase of \$4.8 million in the previous year. The significant factors affecting this increase are as follows:

- Overall, revenue decreased slightly during the year. The revenue decrease was due in part to a reduction in revenue for new grant initiatives. The District did experience an increase in property tax revenue.
- Overall, expenses decreased during the year due in part to the elimination of a number of Federal and State grants. Staff wages increased in fiscal year ending 2025 according to bargained agreements, the District also experienced an increase to insurance premiums and retirement rates increased during the 2025-2026 school year.

MILAN AREA SCHOOLS

Management's Discussion and Analysis

Financial Analysis of the Government's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the District's governmental funds reported combined ending fund balances of \$5.7 million, a decrease of \$1.5 million in comparison with the prior year. Approximately 43% of this total amount, \$2.4 million, is unassigned fund balance. The remainder of fund balance is nonspendable because the underlying assets are included in inventory and prepaid items, is committed or assigned because the amounts are constrained by the District's intent to be used for specific purposes, or is restricted for food service and debt service, and not available for current expenditure.

The general fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$2.4 million while the total fund balance for the general fund was \$3.5 million. As a measure of the general fund's liquidity, it is useful to compare unassigned fund balance to total general fund expenditures. Unassigned fund balance represents approximately 7% of total general fund expenditures. This percentage is lower than in 2023-2024. An unassigned fund balance of 10-15% of expenditures is generally recommended.

The fund balance of the District's general fund decreased by approximately \$1.5 million during the current fiscal year. The unassigned fund balance decreased by approximately \$1.1 million. The Board of Education has a stated goal to keep fund balance for the general fund at approximately 10% of expenditures. As a result, the District has developed its budget intentionally to meet that goal. When the District negotiated contracts with all bargaining units in the summer of 2024, the negotiated contracts included spending which would both benefit employees and bring fund balance in line with this goal. The District will attempt to continue to meet this goal as we enter into negotiations for the 2025-2026 school year.

General Fund Budgetary Highlights

There were several noteworthy changes between the original and final amended budgets:

- Revenues increased by \$3.0 million due to several things that were not known at the time of the original budget. The foundation allowance for fiscal year 2025 increased by \$458 per pupil, the original budget estimate was \$450. Property values increased leading to an increase in the local revenues collected. The inclusion of new grants/State of Michigan funding, along with increases to other District grant allocations also led to major increases to the revenue budget. In the 2024-2025 fiscal year the District also experienced an increase in MPSERS UAAL contributions due in part to a one time UAAL payment, 147g, which was used to reimburse staff their ORS contributions for retiree healthcare.

MILAN AREA SCHOOLS

Management's Discussion and Analysis

- Expenditures were increased by \$1.9 million due to more current information being available. The increase was due, in part, to grant allocations or new grant funding that was unknown at the time of the original budget. The District also settled contracts with all staff after the initial budget was adopted. These contract negotiations lead to all staff seeing an increase in pay. Also, in the 2024-2025 fiscal year the District also experienced a slight increase in MPSERS UAAL contributions, which resulted in an increase to retirement expenditures related to 147(c)1.

Once additional information was known, subsequent budget amendments recognized the additional revenue and changes in expenditure categories.

Budget to actual comparisons were generally favorable. Actual revenue was less than final budget by \$1.2 million, primarily due to revenue deferred as unearned for future periods. Revenue under budget was more than offset by expenditures coming in below budget by \$2.0 million due to the District carefully and conservatively responding to changing circumstances. Net change in fund balance was \$826 thousand better than what was shown in the final amended budget.

Capital Asset and Debt Administration

Capital Assets. The District's investment in capital assets for its governmental activities as of June 30, 2025, amounted to \$61.0 million (net of accumulated depreciation/amortization). This investment in capital assets includes land, land improvements, buildings and improvements, equipment, vehicles, and subscription assets. This reflects a decrease of \$2.1 million from the previous year due to depreciation/amortization of existing assets.

Major capital asset events during the year included:

- The purchase of equipment totaling approximately \$388,700
- The construction totaling approximately \$42,200.

Capital Assets (Net of Depreciation/Amortization)		
	2025	2024
Capital assets not being depreciated -		
Land	\$ 1,607,945	\$ 1,607,945
Capital assets being depreciated/amortized:		
Land improvements	1,187,266	1,376,748
Buildings and improvements	56,520,988	58,499,105
Equipment	1,082,554	865,190
Vehicles	506,565	641,836
Subscription assets	124,413	183,964
Total capital assets, net	\$ 61,029,731	\$ 63,174,788

Additional information on the District's capital assets can be found in the notes to financial statements.

MILAN AREA SCHOOLS

Management's Discussion and Analysis

Long-term Debt. At the end of the current fiscal year, the District had total bonded debt outstanding of \$33.3 million. The District's total bonded long-term debt decreased by \$4.3 million during the current fiscal year as a result of scheduled principal payments. Another significant change in long-term debt also reflects borrowings from the School Loan Revolving Fund of \$1.9 million. The loan has a paid balance of \$1.4 million.

Additional information on the District's long-term debt can be found in the notes to financial statements.

Factors Bearing on the District's Future

The following factors were also considered in preparing the District's budget for the 2025-2026 fiscal year:

- The State Aid Foundation Grant was unknown at the time of the original budget adoption. Based on information received from state organizations the District budgeted a \$400 per student increase due to the varying estimates given in State of Michigan budget projection conversations. The proposed budgets varied greatly with the Governor's and Senate's foundation proposals being close; however, the House budget varied greatly. When the state has adopted a budget revenues will be adjusted accordingly.
- The District projected a loss of students from the 2024-2025 audited February count for the preliminary 2025-2026 budget. This loss of students follows the trend for Milan and many districts across the state.
- The retirement rate was budgeted at each individual of the staff member's retirement rate based on their chosen retirement plan, plus an additional 15.02% that has to be included in the revenue and expenditure budgets for 2025-2026 to account for UAAL Stabilization costs that the District is charged and then the state is offsetting through state aid. The District's required contribution for defined contribution employees will remain the same in the 2025-2026 school year as in the previous year. These figures will be adjusted, if necessary, in future amendments.
- For all employee groups eligible for health care coverage, the District will pay up to the annual hard-cap, as set by the Michigan Department of Treasury, for individual, two-person or full family coverage. The balance of the premium will be covered by the employee. The District has added a HMO product to the PPO product originally offered to allow staff to have a less expensive option.
- The District, along with the Intermediate School District, will continue to explore cost savings through consolidation of services. The District has shared costs in many areas in the past including internet costs, software implementations, student databases, and other costs.
- In 2024-2025 the District was in a one year bargained labor agreements with all groups. At the time the 2025-2026 budget was adopted, none of the labor agreements had been settled. Once negotiations have been completed and new contract amounts are known the budget will be amended to reflect any changes.
- During the 2024-2025, the District's voters to passed a Sinking Fund millage. As the funds generated from a Sinking Fund are received, the District will have additional funding to maintain aging facilities.

MILAN AREA SCHOOLS

Management's Discussion and Analysis

- Because of conservative budgeting practices over the last several years, the District has been able to maintain a general fund balance in 2025-2026 of 10.45% total expenditures (unassigned fund balance constitutes 7.2% of total expenditures) while not having to ask for concessions or cuts to the classrooms or facilities. The District will continue to do its best to keep as much money in the classroom as possible and continue to enhance programs and facilities for students.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Superintendent, 100 Big Red Drive, Milan, Michigan 48160.

Reconciliation

Fund Balances of Governmental Funds
to Net Position of Governmental Activities
June 30, 2025

Fund balances - total governmental funds	\$ 5,664,122
---	---------------------

Amounts reported for *governmental activities* in the statement of
net position are different because:

Capital assets used in governmental activities are not financial resources and
therefore are not reported in the funds.

Capital assets	114,658,037
Accumulated depreciation/amortization	(53,628,306)

Certain liabilities, such as bonds payable, are not due and payable
in the current period, and therefore are not reported in the funds.

Bonds, notes, and other long-term liabilities	(75,755,836)
Unamortized deferred charge on refunding	1,908,072
Unamortized bond premium	(3,580,149)
Accrued interest on long-term debt	(277,167)
Compensated absences	(2,842,509)

Certain pension and other postemployment benefit-related amounts, such as the
net pension liability, net other postemployment benefit asset and deferred amounts
are not due and payable in the current period or do not represent current financial
resources and therefore are not reported in the funds.

Net pension liability	(34,314,230)
Net other postemployment benefit asset	5,943,862
Deferred outflows related to the net pension liability	10,391,289
Deferred inflows related to the net pension liability	(11,245,883)
Deferred outflows related to the net other postemployment benefit asset	1,452,351
Deferred inflows related to the net other postemployment benefit asset	(8,048,830)

Net position of governmental activities	<u>\$ (49,675,177)</u>
--	-------------------------------

Net Changes in Fund Balances of Governmental Funds
to Change in Net Position of Governmental Activities
For the Year Ended June 30, 2025

Net change in fund balances - total governmental funds \$ (1,505,278)

Amounts reported for *governmental activities* in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense.

Capital assets purchased/constructed	430,898
Depreciation/amortization expense	(2,575,955)

Bond proceeds provide current financial resources to governmental funds in the period issued, but issuing bonds increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Principal payments on bonds, notes, and other long-term liabilities	5,769,254
Accrued interest on School Loan Revolving Fund added to principal	(1,867,047)

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in net pension liability and related deferred amounts	3,759,891
Change in net other postemployment benefit asset and related deferred amounts	2,472,670
Change in accrued interest payable on long-term debt	35,416
Amortization of bond premium and deferred charge on refunding	213,508
Change in the accrual for compensated absences	511,426

Change in net position of governmental activities \$ 7,244,783

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

MILAN AREA SCHOOLS

Notes to Financial Statements

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Milan Area Schools (the “District”) has determined that no entities should be consolidated into its basic financial statements as component units. Therefore, the reporting entity consists of the primary government financial statements only. The criteria for including a component unit include significant operational or financial relationships with the District.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District had no business-type activities during the current year.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period, except for expenditure-driven grants, which use a period of one year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

MILAN AREA SCHOOLS

Notes to Financial Statements

Property taxes, intergovernmental revenue, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those accounted for and reported in another fund.

Additionally, the District reports the following fund types:

The *special revenue funds* are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

The *debt service funds* are used to account for financial resources restricted, committed, or assigned to expenditure for principal and interest.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted first, then unrestricted resources as they are needed.

The effect of interfund activity has been eliminated from the government-wide financial statements.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Equity

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

The District's investments in the Michigan Liquid Assets Fund (MILAF) are recorded at amortized cost, and its investments in money market funds and in the Michigan CLASS government investment pool are stated at fair value.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans).

Accounts payable and other payables reflected in the financial statements are based on when the liability is incurred.

MILAN AREA SCHOOLS

Notes to Financial Statements

Inventory and Prepaid Items

Inventory is valued at the lower of cost (first in, first out) or market. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition cost at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Capital assets of the District are depreciated/amortized using the straight-line method over the following estimated useful lives:

	Years
Land improvements	10-20
Buildings and improvements	25-50
Equipment	5-20
Vehicles	8

Deferred Outflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. The District reports deferred outflows for the charge on refunding. This amount represents the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The District also reports deferred outflows of resources related to the net pension liability and the net other postemployment benefit asset. A portion of these costs represent contributions to the plan subsequent to the plan measurement date.

MILAN AREA SCHOOLS

Notes to Financial Statements

Unearned Revenue

The District reports unearned revenue on its governmental funds balance sheet and statement of net position. Unearned revenues also arise when the District receives resources before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for unearned revenue is removed from the statement net position and balance sheet and revenue is recognized.

Compensated Absences

The District recognizes a liability for compensated absences for leave time that (1) has been earned for services previously rendered by employees, (2) accumulates and is allowed to be carried over to subsequent years, and (3) is more likely than not to be used as time off or settled during or upon separation from employment. Based on the criteria listed, two types of leave qualify for liability recognition for compensated absences - sick and personal. The liability for compensated absences is reported as incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. The liability for compensated absences includes salary-related benefits, where applicable.

Long-term Obligations

In the government-wide financial statements, long-term obligations are reported as liabilities in the governmental activities statement of net position. Where applicable, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

Subscription-based Information Technology Arrangements (SBITA)

The District has noncancellable subscription-based information technology arrangements. The District recognizes a subscription liability and an intangible right-to-use subscription asset in the government-wide financial statements. The District recognizes subscription liabilities with an initial, individual value of \$5,000 or more.

At the commencement of a subscription, the District initially measures the subscription liability at the present value of payments expected to be made during the SBITA term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at or before the subscription commencement date, plus certain initial direct costs. Subsequently, the subscription asset is amortized on a straight-line basis over its useful life.

MILAN AREA SCHOOLS

Notes to Financial Statements

Key estimates and judgments related to subscriptions include how the District determines (1) the discount rate it uses to discount the expected SBITA payments to present value, (2) subscription term, and (3) subscription payments. The District uses the interest rate charged by the SBITA vendor as the discount rate. When the interest rate charged by the SBITA vendor is not provided, the District generally uses its estimated incremental borrowing rate as the discount rate for SBITAs. The subscription term includes the noncancellable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments and purchase option price (if applicable) that the District is reasonably certain to exercise.

The District monitors changes in circumstances that would require a remeasurement of its subscription and will remeasure the subscription asset and subscription liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Deferred Inflows of Resources

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The District's deferred inflows of resources are related to the net pension liability and the net other postemployment benefit asset.

Fund Equity

Governmental funds report *nonspendable fund balance* for amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. *Restricted fund balance* is reported when externally imposed constraints are placed on the use of the resources by grantors, contributors, or laws or regulations of other governments. *Committed fund balance*, if any, is reported for amounts that can be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority, the Board of Education. A formal resolution of the Board of Education is required to establish, modify or rescind a fund balance commitment. The District reports *assigned fund balance* for amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The Board of Education has delegated the authority to assign fund balance to the Superintendent or his/her designee. *Unassigned fund balance* is the residual classification for the general fund, as well as for any deficits reported in other governmental funds.

When the District incurs an expenditure for purposes for which various fund balance classifications can be used, it is the District's policy to use restricted fund balance first, then committed fund balance, assigned fund balance, and finally unassigned fund balance.

Pensions and Other Postemployment Benefits

For purposes of measuring the net pension liability and the net other postemployment benefit asset, deferred outflows of resources, and deferred inflows of resources related to pension and other postemployment benefits, and pension and other postemployment benefit expense, information about the fiduciary net position of the plan and additions to/deductions from the plan fiduciary net position have been determined on the same basis as they are reported by the plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

MILAN AREA SCHOOLS

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

2. BUDGETARY INFORMATION

The general and special revenue funds are under formal budgetary control. Budgets shown in the financial statements are adopted annually on a basis consistent with generally accepted accounting principles (GAAP), and are not significantly different from the modified accrual basis used to reflect actual results, and consist only of those amounts contained in the formal budget as originally adopted or as amended by the Board of Education. The budgets for the general and special revenue funds are adopted on a functional basis. All annual appropriations lapse at fiscal year end.

3. COMPLIANCE AND ACCOUNTABILITY

Excess of Expenditures over Appropriations

During the year ended June 30, 2025, the District incurred expenditures in excess of the amounts appropriated at the legal level of budgetary control as follows:

	Final Budget	Actual	Variance
General fund			
Supporting services:			
Central support	\$ 911,295	\$ 936,581	\$ 25,286
Community service	1,285,697	1,301,894	16,197
Debt service -

Student activity fund			
Supporting services -			
Support other	600,000	630,381	30,381

MILAN AREA SCHOOLS

Notes to Financial Statements

4. DEPOSITS AND INVESTMENTS

A reconciliation of cash and investments as shown on the Statement of Net Position follows:

Statement of Net Position

Cash and investments	<u>\$ 5,027,927</u>
----------------------	---------------------

Deposits and investments

Cash on hand	\$ 5,853
Bank deposits (checking and savings accounts)	2,366,814
Investments	<u>2,655,260</u>

Total	<u>\$ 5,027,927</u>
--------------	----------------------------

Statutory Authority

State statutes authorize the District to invest in:

- Bonds, bills, or notes of the United States; obligations, the principal and interest of which are fully guaranteed by the United States; or obligations of the State. In a primary or fourth class school district, the bonds, bills, or notes shall be payable at the option of the holder upon not more than 90 days notice or, if not so payable, shall have maturity dates not more than five years after the purchase dates.
- Certificates of deposit insured by a State or national bank, savings accounts of a state or federal savings and loan association, or certificates of deposit or share certificates of a state or federal credit union organized and authorized to operate in this State.
- Commercial paper rated prime at the time of purchase and maturing not more than 270 days after the date of purchase.
- Securities issued or guaranteed by agencies or instrumentalities of the United States government or federal agency obligation repurchase agreements, and bankers' acceptance issued by a bank that is a member of the federal deposit insurance corporation.
- Mutual funds composed entirely of investment vehicles that are legal for direct investment by a school district.
- Investment pools, as authorized by the surplus funds investment pool act, composed entirely of instruments that are legal for direct investment by a school district.

The District's investment policy allows for all of the above investment types.

MILAN AREA SCHOOLS

Notes to Financial Statements

Investments

The District chooses to disclose its investments by specific identification. As of year end, the District had the following investments:

Investment	Maturity	Amortized cost/fair value	Rating
Michigan Liquid Asset Fund	n/a	\$ 2,648,617	S&P AAAM
American Funds money market funds	n/a	4,324	S&P AAAM
Michigan CLASS government investment pool	n/a	<u>2,319</u>	S&P AAAM
		<u>\$ 2,655,260</u>	

Interest Rate Risk. State law limits the allowable investments and the maturities of some of the allowable investments as identified in the list of authorized investments above. The District's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in the list of authorized investments above. The District's investment policy does not have specific limits in excess of state law on investment credit risk. The ratings for each investment are identified above for investments held at year end.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned. State law does not require and the District does not have a policy for deposit custodial credit risk. As of year end, \$1,929,383 of the District's bank balance of \$2,429,383 was exposed to custodial credit risk because it was uninsured and uncollateralized.

Custodial Credit Risk - Investments. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. State law does not require and the District does not have a policy for investment custodial credit risk. The investments listed above are not subject to custodial credit risk.

Concentration of Credit Risk. State law limits allowable investments but does not limit concentration of credit risk as identified in the list of authorized investments above. The District's investment policy does not have specific limits in excess of state law on concentration of credit risk. All investments held at year end are reported above.

Fair Value. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; level 2 inputs are significant other observable inputs; level 3 inputs are significant unobservable inputs.

MILAN AREA SCHOOLS

Notes to Financial Statements

The District's only recurring fair value measurements as of June 30, 2025 were related to its investments in money market funds. These investments are valued using quoted market pricing of the underlying securities (Level 1 inputs).

Investments in Entities that Calculate Net Asset Value per Share. The District holds shares in Michigan CLASS whereby the fair value of the investment is measured on a recurring basis using net asset value per share (or its equivalent) of the investment pool as a practical expedient.

At year end, the net asset value of the District's investment in Michigan CLASS was \$2,319. The investment pool had no unfunded commitments, specific redemption frequency or redemption notice period required. The Michigan CLASS investment pool invests in U.S. treasury obligations, federal agency obligations of the U.S. government, high-grade commercial paper (rated 'A-1' or better) collateralized bank deposits, repurchase agreements (collateralized at 102% by Treasuries and agencies), and approved money market funds. The program seeks to provide safety, liquidity, convenience, and competitive rates of return, and is designed to meet the needs of Michigan public sector investors. It purchases securities that are legally permissible under state statutes and are available for investment by Michigan counties, cities, townships, school districts, authorities, and other public agencies.

5. RECEIVABLES

Receivables as of year end for the District are as follows:

	General	Nonmajor Governmental Funds	Totals
Accounts receivable	\$ 115,029	\$ 116,338	\$ 231,367
Due from other governments	5,931,828	31,890	5,963,718
	<u>\$ 6,046,857</u>	<u>\$ 148,228</u>	<u>\$ 6,195,085</u>

MILAN AREA SCHOOLS

Notes to Financial Statements

6. CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2025 was as follows:

	Beginning Balance	Additions	Disposals	Ending Balance
Capital assets not being depreciated - Land	\$ 1,607,945	\$ -	\$ -	\$ 1,607,945
Capital assets being depreciated/amortized:				
Land improvements	9,270,496	-	-	9,270,496
Buildings and improvements	98,055,437	42,174	-	98,097,611
Equipment	3,115,993	388,724	(27,553)	3,477,164
Vehicles	1,936,520	-	-	1,936,520
Subscription assets (note 11)	320,650	-	(52,349)	268,301
	<u>112,699,096</u>	<u>430,898</u>	<u>(79,902)</u>	<u>113,050,092</u>
Less accumulated depreciation/amortization for:				
Land improvements	(7,893,748)	(189,482)	-	(8,083,230)
Buildings and improvements	(39,556,332)	(2,020,291)	-	(41,576,623)
Equipment	(2,250,803)	(171,360)	27,553	(2,394,610)
Vehicles	(1,294,684)	(135,271)	-	(1,429,955)
Subscription assets (note 11)	(136,686)	(59,551)	52,349	(143,888)
	<u>(51,132,253)</u>	<u>(2,575,955)</u>	<u>79,902</u>	<u>(53,628,306)</u>
Total capital assets being depreciated/amortized, net	<u>61,566,843</u>	<u>(2,145,057)</u>	<u>-</u>	<u>59,421,786</u>
Governmental activities capital assets, net	<u>\$ 63,174,788</u>	<u>\$ (2,145,057)</u>	<u>\$ -</u>	<u>\$ 61,029,731</u>

Depreciation/amortization expense of \$2,575,955 is reported as unallocated depreciation/amortization, and not allocated to individual functions.

MILAN AREA SCHOOLS

Notes to Financial Statements

7. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Accounts payable and accrued liabilities as of year end for the District are as follows:

	General	Nonmajor Governmental Funds	Totals
Fund Financial Statements:			
Accounts payable	\$ 485,908	\$ 14,682	\$ 500,590
Accrued liabilities	369,617	-	369,617
Salaries and benefits payable	2,636,452	1,854	2,638,306
	<u>\$ 3,491,977</u>	<u>\$ 16,536</u>	3,508,513
Government-wide Financial Statements -			
Accrued interest on long-term debt			<u>277,167</u>
			<u>\$ 3,785,680</u>

8. INTERFUND RECEIVABLES AND PAYABLES AND TRANSFERS

As of year end, interfund receivables and payables consisted of the following:

	Due from Other Funds	Due to Other Funds
General	\$ -	\$ 799,564
Nonmajor governmental funds	900,101	100,537
	<u>\$ 900,101</u>	<u>\$ 900,101</u>

The District often reports interfund balances between many of its funds. These interfund balances resulted primarily from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

For the year ended June 30, 2025, interfund transfers consisted of \$60,000 transferred from the nonmajor food service fund to the general fund to cover certain allocable costs.

MILAN AREA SCHOOLS

Notes to Financial Statements

9. SHORT-TERM DEBT

During the year, the District financed some of its operations through the issuance of State Aid Anticipation Notes. These notes were issued for terms of less than one year, and accordingly, are recorded as liabilities of the respective funds from which they were issued. At year end, outstanding notes consisted of \$1,033,100 with interest at 3.31%. The note has no set-aside payments and is due in full on August 20, 2025. Short-term note activity for the year ended June 30, 2025, was as follows:

	Beginning Balance	Additions	Deductions	Ending Balance
State aid notes	\$ 1,551,756	\$ 1,033,100	\$ 1,551,756	\$ 1,033,100

10. BONDS, NOTES, AND OTHER LONG-TERM LIABILITIES

Bonds, notes, and other long-term liabilities activity for the year ended June 30, 2025 was as follows:

	Beginning Balance	Additions	Deductions	Ending Balance	Due Within One Year
Governmental activities					
General obligation	\$ 37,510,000	\$ -	\$ 4,250,000	\$ 33,260,000	\$ 4,315,000
Direct borrowings:					
Installment purchase agreement	150,902	-	49,665	101,237	53,504
School loan revolving fund	41,943,471	1,867,047	1,449,481	42,361,037	-
Subscription liabilities (note 11)	53,670	-	20,108	33,562	10,805
Total	79,658,043	1,867,047	5,769,254	75,755,836	4,379,309
Unamortized bond premium	4,109,666	-	529,517	3,580,149	529,517
Compensated absences *	3,353,935	-	511,426	2,842,509	2,131,882
Total bonds, notes and other long-term liabilities	\$ 84,378,919	\$ 1,867,047	\$ 6,810,197	\$ 82,178,494	\$ 7,040,708

* The change in compensated absences above is a net change for the year.

MILAN AREA SCHOOLS

Notes to Financial Statements

Bonds payable consist of the following issues:

General obligation bonds

2018 Refunding Bonds, due in annual installments of \$2,070,000 to \$2,345,000 through 2030, interest at 5.00% \$ 11,265,000

2019 Refunding Bonds, due in annual installments of \$1,525,000 to \$2,940,000 through 2034, interest at 5.00% 21,995,000

Total general obligation bonds \$ 33,260,000

Annual debt service requirements to maturity for general obligation bonds are as follows:

Year Ending June 30,	Principal	Interest	Total
2026	\$ 4,315,000	\$ 1,663,000	\$ 5,978,000
2027	4,370,000	1,447,250	5,817,250
2028	4,445,000	1,228,750	5,673,750
2029	4,540,000	1,006,500	5,546,500
2030	4,630,000	779,500	5,409,500
2031-2034	<u>10,960,000</u>	<u>1,403,000</u>	<u>12,363,000</u>
Totals	<u><u>\$ 33,260,000</u></u>	<u><u>\$ 7,528,000</u></u>	<u><u>\$ 40,788,000</u></u>

Installment Purchase Agreement

The District has entered into an installment purchase agreement for financing the acquisition of copiers. The original amount of installment purchase agreement still outstanding at year end was \$101,237 with interest at 7.47%. The District's total debt service obligation for the installment purchase agreement is \$4,938 per month (including principal and interest).

Annual debt service requirements to maturity for installment purchase agreement are as follows:

Year Ending June 30,	Principal	Interest	Total
2026	\$ 53,504	\$ 5,755	\$ 59,259
2027	<u>47,733</u>	<u>1,649</u>	<u>49,382</u>
	<u><u>\$ 101,237</u></u>	<u><u>\$ 7,404</u></u>	<u><u>\$ 108,641</u></u>

MILAN AREA SCHOOLS

Notes to Financial Statements

School Loan Revolving Fund

The School Loan Revolving Fund balance represents amounts borrowed from the State of Michigan School Bond Loan Program to supplement property tax revenue for making payments on the District's general obligation bonds. Although interest accrues each year, no payment is due until such time as the District's property tax revenue is sufficient to support the debt service requirements on the general obligation bonds. Changes to the School Loan Revolving Fund for the year ended June 30, 2025, are as follows:

	School Loan Revolving Fund		
	Principal	Interest	Total
Beginning balance	\$ 38,218,023	\$ 3,725,448	\$ 41,943,471
Additions	-	1,867,047	1,867,047
Deductions	-	(1,449,481)	(1,449,481)
Ending balance	\$ 38,218,023	\$ 4,143,014	\$ 42,361,037

11. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The District is involved in four arrangements that qualify as long-term subscription-based information technology ("SBITA") arrangements. Below is a summary of the nature of these arrangements. These arrangements qualify as intangible, right-to-use subscription assets as the District has the control of the right to use another party's IT software and the noncancelable term of the arrangement surpasses one year. The present values are discounted using an interest rate of 3.5 percent based on the District's incremental borrowing rate.

The right-to-use-assets and the related activity are included in Note 6, Capital Assets. The subscription liability and related activity is presented in Note 10, Bonds, Notes, and Other Long-term Liabilities.

	Remaining Term of Arrangements
Asset Type	
Subscription assets	3 years

The net present value of future minimum payments as of June 30, 2025, were as follows:

Year Ending June 30,	Principal	Interest
2026	\$ 10,805	\$ 1,175
2027	11,183	797
2028	11,574	405
Total	\$ 33,562	\$ 2,377

MILAN AREA SCHOOLS

Notes to Financial Statements

12. NET INVESTMENT IN CAPITAL ASSETS

The composition of net investment in capital assets as of June 30, 2025, was as follows:

Capital assets, net	\$ 61,029,731
Capital related general obligation bonds payable	
outstanding	(33,260,000)
Installment purchase agreement	(101,237)
Subscription liabilities	(33,562)
Unamortized bond premium	(3,580,149)
Deferred charge on refunding	1,908,072
	<u>1,908,072</u>
Net investment in capital assets	<u><u>\$ 25,962,855</u></u>

13. RISK MANAGEMENT

The District is exposed to various risks of loss related to property loss, torts, errors and omissions, employee injuries (workers' compensation), as well as medical benefits provided to employees. The District has purchased commercial insurance for general liability, property, and casualty claims. The District has a flexible benefit plan for group medical, disability, and dental/vision insurance. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

An independent third party administers the District's flexible benefit program.

Changes in the balances of claims liabilities during the past two years are as follows:

	2025	2024
Accrued claims, beginning of year	\$ 32,000	\$ 32,000
Incurred claims	371,120	487,024
Claim payments	<u>(371,120)</u>	<u>(487,024)</u>
Accrued claims, end of year	<u><u>\$ 32,000</u></u>	<u><u>\$ 32,000</u></u>

14. PROPERTY TAXES

Property taxes levied by the District are collected by various municipalities and periodically remitted to the District. The taxes are levied as of July 1 and December 1, and are due upon receipt of the billing by the taxpayer. The actual due dates are September 14, and February 14, after which time the bills become delinquent and penalties and interest may be assessed by the collecting entity. District property tax revenues are recognized when levied to the extent that they result in current receivables (collected within 60 days after year end). Amounts received subsequent to August 31 are recognized as revenue when collected.

MILAN AREA SCHOOLS

Notes to Financial Statements

15. TAX ABATEMENTS

The District received reduced property tax revenues during 2025 as a result of industrial facilities tax exemptions (IFT's) entered into by cities, villages, townships, and authorities within the District boundaries.

The IFT's were entered into based upon the Plant Rehabilitation and Industrial Developments Districts Act (known as the Industrial Facilities Exemption), PA 198 of 1974, as amended. IFT's provide a tax incentive to manufacturers to enable renovation and expansion of aging facilities, assist in the building of new facilities, and to promote the establishment of high-tech facilities. Properties qualifying for IFT status are taxed at 50% of the millage rate applicable to other real and personal property within the District boundaries. The abatements amounted to approximately \$95,676 in reduced District tax revenues for 2025.

16. PENSION AND OTHER POSTEMPLOYMENT BENEFITS PLANS

Plan Description

The Michigan Public School Employees' Retirement System (the "System" or MPSERS) is a cost-sharing, multiple employer, state-wide, defined benefit public employee retirement plan governed by the State of Michigan (the "State") originally created under Public Act 136 of 1945, recodified and currently operating under the provisions of Public Act 300 of 1980, as amended. Section 25 of this act establishes the board's authority to promulgate or amend the provisions of the System. The board consists of twelve members - eleven appointed by the Governor and the State Superintendent of Instruction, who serves as an ex-officio member.

The System's pension plan was established by the State to provide retirement, survivor and disability benefits to public school employees. In addition, the System's health plan provides all retirees with the option of receiving health, prescription drug, dental and vision coverage under the Michigan Public School Employees' Retirement Act (1980 PA 300 as amended).

The System is administered by the Office of Retirement Services (ORS) within the Michigan Department of Technology, Management & Budget. The Department Director appoints the Office Director, with whom the general oversight of the System resides. The State Treasurer serves as the investment officer and custodian for the System.

The System's financial statements are available at the ORS website at www.michigan.gov/orsschools.

MILAN AREA SCHOOLS

Notes to Financial Statements

Pension Benefits Provided

Benefit provisions of the defined benefit pension plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions for the defined benefit (DB) pension plan. Depending on the plan option selected, member retirement benefits are determined by final average compensation, years of service, and a pension factor ranging from 1.25% to 1.50%. DB members are eligible to receive a monthly benefit when they meet certain age and service requirements. The System also provides disability and survivor benefits to DB plan members.

A DB plan member who leaves Michigan public school employment may request a refund of his or her member contributions to the retirement system account if applicable. A refund cancels a former member's rights to future benefits. However, returning members who previously received a refund of their contributions may reinstate their service through repayment of the refund upon satisfaction of certain requirements.

Participants in the defined contribution plan consist of one of the following: (1) members who worked for a Michigan public school on or after September 4, 2012 and elected to be enrolled in the defined contribution plan; (2) members who elected to transfer from the defined benefit plan to the defined contribution plan under the reform (P.A. 300) of 2012; or (3) members who worked for a Michigan public school on or after February 1, 2018 and did not elect participation in the Pension Plus 2 plan. Members who worked for a Michigan public school on or after September 4, 2012 and elected to be enrolled in the defined contribution plan receive a 100% match of the member contribution rate up to a maximum of 3% based on the member's gross earnings. Additionally, there is a mandatory employer contribution of 4% of the member's gross earnings for MPSERS members who elected to convert from a Basic or MIP benefit plan to the defined contribution benefit plan. Members electing the Pension Plus or Pension Plus 2 benefit plan receive a 50% match of the member's contribution percent up to a maximum of 1% based on the member's gross earnings. Effective October 1, 2017, there is a mandatory employer contribution of 4% of the member's gross earnings for members who elect the Defined Contribution benefit plan. The employer must match 100% of the employee contribution for any member who elected the Personal Healthcare Fund up to a maximum of 2% of the member's gross earnings. For all members with a Personal Health Care Fund (PHF), the first 2% of DC contributions must go into the PHF and must be matched 100% by the employer.

Other Postemployment Benefits Provided

Benefit provisions of the postemployment healthcare plan are established by State statute, which may be amended. Public Act 300 of 1980, as amended, establishes eligibility and benefit provisions. Retirees have the option of health coverage, which, through 2012, was funded on a cash disbursement basis. Beginning fiscal year 2013, it is funded on a prefunded basis. The System has contracted to provide the comprehensive group medical, prescription drug, dental and vision coverage for retirees and beneficiaries. A subsidized portion of the premium is paid by the System with the balance deducted from the monthly pension of each retiree healthcare recipient. For members who first worked before July 1, 2008, (Basic, MIP-Fixed, and MIP Graded plan members) the subsidy is the maximum allowed by statute. To limit future liabilities of Other Postemployment Benefits, members who first worked on or after July 1, 2008 (MIP-Plus plan members) have a graded premium subsidy based on career length where they accrue credit towards their insurance premiums in retirement, not to exceed the maximum allowable by statute. Public Act 300 of 2012 sets the maximum subsidy at 80% beginning January 1, 2013; 90% for those Medicare eligible and enrolled in the insurances as of that date. Dependents are eligible for healthcare coverage if they meet the dependency requirements set forth in Public Act 300 of 1980, as amended.

MILAN AREA SCHOOLS

Notes to Financial Statements

Public Act 300 of 2012 granted all active members of the Michigan Public School Employees Retirement System, who earned service credit in the 12 months ending September 3, 2012 or were on an approved professional services or military leave of absence on September 3, 2012, a voluntary election regarding their retirement healthcare. Any changes to a member's healthcare benefit are effective as of the member's transition date, which is defined as the first day of the pay period that begins on or after February 1, 2013.

Under Public Act 300 of 2012, members were given the choice between continuing the 3% contribution to retiree healthcare and keeping the premium subsidy benefit described above, or choosing not to pay the 3% contribution and instead opting out of the subsidy benefit and becoming a participant in the Personal Healthcare Fund (PHF), a portable, tax-deferred fund that can be used to pay healthcare expenses in retirement. Participants in the PHF are automatically enrolled in a 2% employee contribution into their 457 account as of their transition date, earning them a 2% employer match into a 401(k) account. Members who selected this option stop paying the 3% contribution to retiree healthcare as of the day before their transition date, and their prior contributions were deposited into their 401(k) account.

Contributions

Employers are required by Public Act 300 of 1980, as amended, to contribute amounts necessary to finance the coverage of active and retired members. Contribution provisions are specified by State statute and may be amended only by action of the State Legislature.

Employer contributions to the System are determined on an actuarial basis using the entry age normal actuarial cost method. Under this method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated on a level basis over the service of the individual between entry age and assumed exit age. The portion of this cost allocated to the current valuation year is called the normal cost. The remainder is called the actuarial accrued liability. Normal cost is funded on a current basis. The unfunded (overfunded) actuarial accrued liability as of the September 30, 2023 valuation will be amortized over a 15-year period beginning October 1, 2023 and ending September 30, 2038.

The table below summarizes pension contribution rates in effect for fiscal year 2025:

Benefit Structure	Member Rate	Employer Rate
Basic	0.00% - 4.00%	23.03% - 30.11%
Member Investment Plan (MIP)	3.00% - 7.00%	23.03% - 30.11%
Pension Plus	3.00% - 6.40%	19.17% - 26.27%
Pension Plus 2	6.20%	20.10% - 27.16%
Defined Contribution	0.00%	13.90% - 20.96%

For the year ended June 30, 2025, required and actual contributions from the District to the pension plan were \$5,746,648, which included \$1,451,763, the amount received from the State and remitted to the System to fund the MPSERS unfunded actuarial accrued liability ("UAAL") stabilization rate. In addition, the District had additional contributions of \$329,991, which was a one-time, state payment toward the MPSERS unfunded liability.

MILAN AREA SCHOOLS

Notes to Financial Statements

The table below summarizes OPEB contribution rates in effect for fiscal year 2025:

Benefit Structure	Member Rate	Employer Rate
Premium Subsidy	3.00%	1.25% - 8.31%
Personal Healthcare Fund (PHF)	0.00%	0.00% - 7.06%

For the year ended June 30, 2025, required and actual contributions from the District to the OPEB plan were \$258,222.

The table below summarizes defined contribution rates in effect for fiscal year 2025:

Benefit Structure	Member Rates	Employer Rates
Defined Contribution	0.00% - 3.00%	0.00% - 7.00%
Personal Healthcare Fund (PHF)	0.00% - 2.00%	0.00% - 2.00%

For the year ended June 30, 2025, required and actual contributions from the District for those members with a defined contribution benefit were \$357,922.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2025, the District reported a liability of \$34,314,230 for its proportionate share of the MPSERS net pension liability. The net pension liability was measured as of September 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation rolled forward from September 2023. The District's proportion of the net pension liability was determined by dividing each employer's statutorily required pension contributions to the System during the measurement period by the percent of pension contributions required from all applicable employers during the measurement period. At September 30, 2024, the District's proportion was 0.14016%, which was an decrease of 0.00438% from its proportion measured as of September 30, 2023.

MILAN AREA SCHOOLS

Notes to Financial Statements

For the year ended June 30, 2025, the District recognized pension expense of \$1,998,191. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ 930,969	\$ 372,829	\$ 558,140
Changes in assumptions	3,577,462	2,514,148	1,063,314
Net difference between projected and actual earnings on pension plan investments	-	6,548,610	(6,548,610)
Changes in proportion and differences between employer contributions and proportionate share of contributions	175,941	1,810,296	(1,634,355)
	<u>4,684,372</u>	<u>11,245,883</u>	<u>(6,561,511)</u>
District contributions subsequent to the measurement date	5,706,917	-	5,706,917
Total	<u><u>\$ 10,391,289</u></u>	<u><u>\$ 11,245,883</u></u>	<u><u>\$ (854,594)</u></u>

The amount reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended June 30,	Amount
2026	\$ (1,720,998)
2027	(201,432)
2028	(2,766,886)
2029	<u>(1,872,195)</u>
Total	<u><u>\$ (6,561,511)</u></u>

Notes to Financial Statements

OPEB Assets/Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2025, the District reported an asset of \$5,943,862 for its proportionate share of the MPSERS net OPEB asset. The net OPEB asset was measured as of September 30, 2024, and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation rolled forward from September 2023. The District's proportion of the net OPEB asset was determined by dividing each employer's statutorily required OPEB contributions to the System during the measurement period by the percent of OPEB contributions required from all applicable employers during the measurement period. At September 30, 2024, the District's proportion was 0.13809% which was a decrease of 0.00519% from its proportion measured as of September 30, 2023.

For the year ended June 30, 2025, the District recognized an OPEB benefit of \$2,315,894. At June 30, 2025, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net Deferred Outflows (Inflows) of Resources
Differences between expected and actual experience	\$ -	\$ 6,298,678	\$ (6,298,678)
Changes in assumptions	1,298,225	149,220	1,149,005
Net difference between projected and actual earnings on OPEB plan investments	-	1,125,241	(1,125,241)
Changes in proportion and differences between employer contributions and proportionate share of contributions	41,361	475,691	(434,330)
	<u>1,339,586</u>	<u>8,048,830</u>	<u>(6,709,244)</u>
District contributions subsequent to the measurement date	112,765	-	112,765
Total	<u>\$ 1,452,351</u>	<u>\$ 8,048,830</u>	<u>\$ (6,596,479)</u>

MILAN AREA SCHOOLS

Notes to Financial Statements

The amount reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as an adjustment to the net OPEB asset in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30,	Amount
2026	\$ (2,171,230)
2027	(1,347,235)
2028	(1,270,947)
2029	(1,153,416)
2030	(644,147)
Thereafter	<u>(122,269)</u>
Total	<u><u>\$ (6,709,244)</u></u>

Actuarial Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The total pension and OPEB liabilities in the September 30, 2023 actuarial valuation were determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial cost method	Entry age, normal
Wage inflation rate	2.75%
Investment rate of return:	
MIP and Basic plans (non-hybrid)	6.00%
Pension Plus plan (hybrid)	6.00%
Pension Plus 2 plan (hybrid)	6.00%
OPEB plans	6.00%
Projected salary increases	2.75% - 11.55%, including wage inflation at 2.75%
Cost of living adjustments	3% annual non-compounded for MIP members
Healthcare cost trend rate	Pre-65: 7.25% Year 1 graded to 3.5% Year 15 Post-65: 6.50% Year 1 graded to 3.5% Year 15
Mortality	Retirees: PubT-2010 Male and Female Retiree Mortality Tables scaled by 116% for males and 116% for females and adjusted for mortality improvements using projection scale MP-2021 from 2010. Active: PubT-2010 Male and Female Employee Mortality Tables scaled 100% and adjusted for mortality improvements using projection scale MP-2021 from 2010.

MILAN AREA SCHOOLS

Notes to Financial Statements

Other OPEB assumptions:	
Opt-out assumptions	21% of eligible participants hired before July 1, 2008 and 30% of those hired after June 30, 2008 are assumed to opt-out of the retiree health plan.
Survivor coverage	80% of male retirees and 67% of female retirees are assumed to have coverages continuing after the retiree’s death.
Coverage election at retirement	75% of male and 60% of female future retirees are assumed to elect coverage for 1 or more dependents.

Assumption changes as a result of an experience study for the period 2017 through 2022 have been adopted by the System for use in the annual pension and OPEB valuations beginning with the September 30, 2023 valuation. The total pension and OPEB liabilities as of September 30, 2024, are based on the results of an actuarial valuation date of September 30, 2023, and rolled forward using generally accepted actuarial procedures, including the experience study. The recognition period for pension liabilities is 4.4612 years which is the average of the expected remaining service lives of all employees. The recognition period for OPEB liabilities is 6.2834 years which is the average of the expected remaining service lives of all employees. The recognition period for assets is 5 years.

Changes in assumptions . The method for amortizing UAAL transitioned from the level percent of payroll to the level dollar method. In addition, healthcare cost trend rates for pre-65 decreased from 7.50% to 7.25% and post-65 increased from 6.25% to 6.50%.

Notes to Financial Statements

Long-term Expected Return on Pension and OPEB Plan Assets

The long-term expected rate of return on pension and OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension/OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension and OPEB plans' target asset allocation as of September 30, 2024, are summarized in the following table:

Pension

Asset Class	Target Allocation	Long-term Expected Real Rate of Return	Expected Money-Weighted Rate of Return
Domestic equity pools	25.00%	5.02%	1.26%
Private equity pools	16.00%	8.53%	1.36%
International equity pools	15.00%	6.16%	0.92%
Fixed income pools	13.00%	2.08%	0.27%
Real estate and infrastructure pools	10.00%	6.73%	0.67%
Absolute return pools	9.00%	4.93%	0.44%
Real return/opportunistic pools	10.00%	6.54%	0.65%
Short-term investment pools	2.00%	1.33%	0.03%
	<u>100.00%</u>		5.60%
Inflation			2.30%
Risk adjustment			<u>-1.90%</u>
Investment rate of return			<u><u>6.00%</u></u>

	<u>100.00%</u>		5.57%
Inflation			2.30%
Risk adjustment			<u>-1.87%</u>
Investment rate of return			<u><u>6.00%</u></u>

Rate of Return

For the fiscal year ended September 30, 2024, the annual money-weighted rate of return on pension and OPEB plan investments, net of pension and OPEB plan investment expense, was 15.47% and 15.45%, respectively. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Discount Rate

A discount rate of 6.00% was used to measure the total pension and OPEB liabilities. This discount rate was based on the long-term expected rate of return on pension and OPEB plan investments of 6.00%. The projection of cash flows used to determine these discount rates assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension and OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments was applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities.

Notes to Financial Statements

Sensitivity of the District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 6.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher:

	1% Decrease (5.00%)	Current Discount Rate (6.00%)	1% Increase (7.00%)
District's proportionate share of the net pension liability	\$ 50,305,029	\$ 34,314,230	\$ 20,998,812

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Changes in the Discount Rate

The following presents the District's proportionate share of the net OPEB asset calculated using the discount rate of 6.00%, as well as what the District's proportionate share of the net OPEB asset would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher:

	1% Decrease (5.00%)	Current Discount Rate (6.00%)	1% Increase (7.00%)
District's proportionate share of the net OPEB asset	\$ (4,593,465)	\$ (5,943,862)	\$ (7,111,422)

Sensitivity of the District's Proportionate Share of the Net OPEB Asset to Healthcare Cost Trend Rate

The following presents the District's proportionate share of the net OPEB asset calculated using the assumed trend rates, as well as what the District's proportionate share of the net OPEB asset would be if it were calculated using a trend rate that is 1 percentage point lower or 1 percentage point higher:

	1% Decrease	Current Healthcare Cost Trend Rate	1% Increase
District's proportionate share of the net OPEB asset	\$ (7,111,435)	\$ (5,943,862)	\$ (4,691,646)

Notes to Financial Statements

Pension and OPEB Plans Fiduciary Net Position

Detailed information about the pension and OPEB plan’s fiduciary net position is available in the separately issued MPSERS financial statements available on the State of Michigan Office of Retirement Services website at www.michigan.gov/orsschools.

Payable to the Pension Plan

At June 30, 2025, the District reported a payable of \$823,573 for the outstanding amount of pension contributions to the Plan required for the year ended June 30, 2025.

Payable to the OPEB Plan

At June 30, 2025, the District reported a payable of \$20,735 for the outstanding amount of OPEB contributions to the Plan required for the year ended June 30, 2025.

17. SUBSEQUENT EVENTS

State Aid Anticipation Notes

On August 20, 2025, the District entered into two short-term borrowings with through the Michigan State Aid Note (SAN) Program. Note 2025A-1 (set-aside) in the amount of \$600,000, bears interest at 2.79%, and matures on July 20, 2026. Note 2025A-2 (no set-aside) in the amount of \$1,500,000, bears interest at 2.77%, and matures on August 20, 2026.

18. RESTATEMENT OF BEGINNING BALANCES

During the current year, the District implemented GASB Statement No. 101, *Compensated Absences*. The effects of the change in accounting principle are summarized below:

	Governmental Activities
Net position, beginning of year, as previously reported	\$ (54,177,235)
Restatement - GASB 101 implementation	<u>(2,742,725)</u>
Net position, beginning of year, as restated	<u><u>\$ (56,919,960)</u></u>

Pension Information

The amounts presented in the schedule of the District's Proportionate Share of the Net Pension Liability were determined as of September 30 of the preceding year (the plan year).

The significant changes in assumptions for each of the fiscal years ended June 30 were as follows:

- 2025 - The method for amortizing UAAL transitioned from the level percent of payroll to the level dollar method.
- 2024 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2025 and 2026 employer contributions decreased from 2.00% to 1.50% and 1.50% to 0.75%, respectively. In addition, the PubT-2010 mortality tables were used in the September 2022 valuation compared to the RP-2014 mortality tables used in the September 2021 valuation.
- 2023 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2024 employer contributions decreased from 2.5% to 2.0%. Additionally, the discount rate used in the September 30, 2021 actuarial valuation decreased to 6.00% for the MIP and Basic plans, and 6.00% for the Pension Plus Plan.
- 2022 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2023 employer contributions decreased from 3.0% to 2.5%.
- 2021 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2022 employer contributions decreased from 3.5% to 3.0%.
- 2020 - The discount rate used in the September 30, 2018 actuarial valuation decreased to 6.80% for the MIP and Basic plans, 6.80% for the Pension Plus Plan, and 6.00% for the Pension Plus 2 Plan.
- 2019 - The discount rate used in the September 30, 2017 actuarial valuation decreased to 7.05% for the MIP and Basic plans, 7.00% for the Pension Plus plan, and 6.00% for the Pension Plus 2 plan.
- 2018 - The discount rate used in the September 30, 2016 actuarial valuation decreased to 7.50% for the MIP and Basic plans and 7.00% for the Pension Plus plan.

OPEB Information

GASB 75 was implemented in fiscal year 2018. The OPEB plan schedules are being built prospectively. Ultimately, 10 years of data will be presented.

The amounts presented in the schedule of the District's Proportionate Share of the Net OPEB (Asset) Liability were determined as of September 30 of the preceding year (the plan year).

The significant changes in assumptions for each of the fiscal years ended June 30 were as follows:

- 2025 - The method for amortizing UAAL transitioned from the level percent of payroll to the level dollar method. In addition, healthcare cost trend rates for pre-65 decreased from 7.50% to 7.25% and post-65 increased from 6.25% to 6.50%.
- 2024 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2025 and 2026 employer contributions decreased from 2.00% to 1.50% and 1.50% to 0.75%, respectively. In addition, the PubT-2010 mortality tables were used in the September 2022 valuation compared to the RP-2014 mortality tables used in the September 2021 valuation. Finally, healthcare cost trend rates for pre-65 decreased from 7.75% to 7.50% and post-65 increased from 5.25% to 6.25%.
- 2023 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2024 employer contributions decreased from 2.5% to 2.0%. Additionally, the discount rate used in the September 30, 2021 actuarial valuation decreased to 6.00%.
- 2022 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2023 employer contributions decreased from 3.0% to 2.5%. The healthcare cost trend rate used in the September 30, 2020 actuarial valuation increased to 7.75%.
- 2021 - The payroll growth assumption for amortization purposes used in determining the fiscal year 2020 employer contributions decreased from 3.0% to 2.5%.
- 2020 - The discount rate used in the September 30, 2018 actuarial valuation decreased to 6.95%.
- 2019 - The discount rate used in the September 30, 2017 actuarial valuation decreased to 7.15%.

INDEPENDENT AUDITORS' REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

December 8, 2025

Board of Education
Milan Area Schools
Milan, Michigan

We have audited the financial statements of the governmental activities, the general fund, and the aggregate remaining fund information of **Milan Area Schools** (the "District"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements. We issued our report thereon dated October 14, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MILAN AREA SCHOOLS

Notes to Schedule of Expenditures of Federal Awards

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying schedule of expenditures of federal awards (the “Schedule”) includes the federal grant activity of Milan Area Schools (the “District”) under programs of the federal government for the year ended June 30, 2025. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net position or cash flows of the District.

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, which is described in Note 1 to the District’s financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance or other applicable guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts, if any, shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. Pass-through entity identifying numbers are presented where available.

Cash received is recorded on the cash basis; expenditures are recorded on the modified accrual basis of accounting. Revenues are recognized when the qualifying expenditures have been incurred and all grant requirements have been met.

The Schedule has been arranged to provide information on both actual cash received and the revenue recognized. Accordingly, the effects of accruals of accounts receivable, unearned revenue and accounts payable items at both the beginning and end of the fiscal year have been reported.

Expenditures are in agreement with amounts reported in the financial statements and the financial reports. The amounts reported on the Grant Auditor Report reconcile with this Schedule.

2. 10% DE MINIMIS COST RATE

For purposes of charging indirect costs to federal awards, the District has not elected to use the 10 percent de minimis cost rate as permitted by §200.414 of the Uniform Guidance.

3. PASS-THROUGH AGENCIES

The District receives certain federal grants as subawards from non-federal entities. Pass-through entities, where applicable, have been identified in the Schedule with an abbreviation, defined as follows:

Pass-through Agency Abbreviation	Pass-through Agency Name
MDE	Michigan Department of Education
WISD	Washtenaw Intermediate School District

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

October 14, 2025

Board of Education
Milan Area Schools
Milan, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the general fund, and the aggregate remaining fund information of **Milan Area Schools** (the "District"), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated October 14, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink that reads "Lehmann Lohman LLC". The signature is written in a cursive, flowing style.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

December 8, 2025

Board of Education
Milan Area Schools
Milan, Michigan

Report on Compliance for the Major Federal Program

Opinion on the Major Federal Program

We have audited the compliance of **Milan Area Schools** (the "District") with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on the District's major federal program for the year ended June 30, 2025. The District's major federal program is identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2025.

Basis for Opinion on the Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Independent Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for the major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Independent Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of the major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Independent Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

A handwritten signature in black ink that reads "Lehmann Lobson LLC". The script is cursive and fluid, with the letters connected. The "L" at the beginning is large and loops around. The "LLC" at the end is written in a slightly more upright, but still cursive, style.
