

## **Lower School STEAM & Robotics Teacher**

Seacrest Country Day School, a PS-12th grade independent, college preparatory school in Naples, Florida, is seeking an experienced Lower School STEAM & Technology Teacher. The ideal candidate will enjoy supporting, developing, and implementing educational strategies consistent with the Seacrest mission, values, and initiatives.

This candidate will be passionate about education and committed to nurturing young learners curiosity, creativity, and love for learning across multiple STEAM disciplines. The candidate will be enthusiastic about leveraging technology to enhance student learning and promote digital literacy skills essential for success in the 21st century.

Seacrest retains and recruits dynamic educators who value collaboration and partnerships, seek new, mission-appropriate methodologies, and love working with children.

Founded in 1983, Seacrest provides a safe, student-centered environment to educate a diverse community of students to become lifelong learners who pursue academic and personal excellence, physical well-being, creative achievement, and a commitment to social responsibility.

**Our Mission:** Seacrest Country Day School is committed to fueling intellectual engagement, teaching ownership of the educational experience, cultivating quality of character, and inspiring students to lead lives of significance.

### **Essential Duties and Responsibilities:**

- Implement an age-appropriate STEAM / Robotics curriculum that aligns with national and state standards, fostering student exploration in science, technology, engineering, arts, and mathematics.
- Develop detailed lesson plans incorporating hands-on activities, experiments, and creative projects that integrate STEAM concepts and support inquiry-based learning.
- Design and deliver engaging learning activities covering computer basics, internet safety, coding, multimedia production, and digital citizenship, aligned with relevant educational standards.

- Collaborate with classroom teachers and specialists to support STEAM integration across the curriculum and assist with co-teaching or lesson modeling as needed.
- Maintain a classroom environment that promotes creativity, collaboration, experimentation, and safety, encouraging curiosity and respectful participation.
- Provide guidance and support to help students explore STEAM concepts through exploration, experimentation, and discovery.
- Integrate technology into cross-curricular projects and activities to enhance learning across subject areas.

### **Common Qualification Requirements:**

- Bachelor's degree in Elementary Education, Computer Science, Information Technology, or a related field (Masters degree preferred).
- Strong knowledge of STEAM / Robotics concepts and educational technology tools, software applications, and digital resources suitable for kindergarten through 5th grade.
- Excellent communication, interpersonal, and organizational skills.
- Differentiate instruction and adapt teaching strategies to meet the diverse needs of students.
- Create a nurturing classroom atmosphere that fosters intellectual curiosity and character development.
- Strong classroom management, proficiency in Google Workspace and other educational technology.

### **Compensation and Benefits**

This is a 10-month, full-time instructional position that will begin August 1, 2026 for the 2026-2027 academic year. Full-time employees are eligible for our competitive benefits package, which includes medical, dental, vision, disability, AD&D, life insurance, AFLAC ,and Seacrest's 403(b) retirement program.

- Seacrest Country Day School is an equal-opportunity employer.
- Fingerprinting and background checks are a required part of the Seacrest employment eligibility process.
