Cleveland High School Community

Cleveland High School is one of nine public high schools in Portland, Oregon. An urban high school in inner southeast Portland, Cleveland draws from socio-economically mixed neighborhoods and serves a diverse population of 1462 students. As a four-year comprehensive high school, Cleveland is respected for its high academic standards in all content areas, multiple opportunities in the fine and performing arts, and a warm and accepting school climate. Cleveland has a comprehensive English Language Learners program and opportunities for selected students to participate in the Reed College Young Scholars program.

The Cleveland community thrives as one of the 5900+ International Baccalaureate World Schools in 160 countries and one of only two IB high schools in Portland Public Schools. As a member of this international school community, Cleveland offers strong core academic programs across the curriculum that build college and career readiness skills and encourage students to embrace the IB mission to become "...active, compassionate and lifelong learners who understand that other people, with their differences, can also be right."

Every student at Cleveland participates in four IB classes in their junior and senior years (IB English Literature HL or IB Language & Literature HL- 2 years; IB Biology HL or SL; IB History of the Americas HL). Most take additional IB classes, and **23% annually** complete all academic requirements to earn the internationally-recognized IB Diploma.

Rank Order and GPA

Cleveland High School computes both unweighted & weighted GPA. Unweighted rank and GPA is calculated based on the cumulative grade point average of all classes on a four-point scale. Weighted GPA is recalculated with a weighted differential based on a five-point scale for International Baccalaureate classes only. **The highest weighted GPA for the Class of 2025 is 4.438.**

Note to College Admissions Professionals

We encourage colleges and universities to disregard student class rank when considering a Cleveland senior for admission. We believe that one student's relative standing among classmates who also pursue a rigorous course of study is not necessarily a definitive indicator of their college readiness.
