YSD1 Closed Tuesday, February 3, 2026

York, SC – York School District One's maintenance and operations team has been assessing the conditions of our roadways, school buildings, offices, driveways, parking lots etc. after the winter storm. While interstates and major roads are clearing, many secondary and rural roads still pose a threat to travel due to snow and black ice. **Out of abundance of caution, York School District One will transition to asynchronous eLearning for Tuesday, February 3, 2026. All YSD1 buildings will remain closed.**

An asynchronous eLearning Day means that students will not log on for live instruction from their teachers. Instead, students will complete assignments posted to Canvas or provided in paper packets for our youngest learners. Students who do not have access to the internet or are unable to complete their assignments will have the opportunity to submit assignments at a later date that will be communicated upon return to school. Flexibility will be provided. Should parents have questions regarding student work assignments, please contact your child's teacher.

We will continue to closely monitor road conditions, school facilities, and weather updates throughout the day on Tuesday. A decision regarding school operations for Wednesday will be communicated late Tuesday afternoon.

We appreciate the community's patience, cooperation, and continued support of York School District One as we work to ensure the safety of our students, families and staff.

The YSD1 school board work session scheduled for Tuesday night has been postponed until Thursday, February 5, 2026.
