

Eufaula Elementary School

Vision

To create a school where students master an engaging curriculum that will prepare them for the field of their choice.

Mission

To create self-motivated learners who set and achieve goals that will yield social and academic growth.

Beliefs

All students can master curriculum goals and develop social skills to become college and career ready individuals in the future.

Student Achievement

- #### Objectives
- Provide personalized learning opportunities to support students' readiness in reading and math

- #### Critical Initiatives
- Implement core programs that promote personalized learning for all students to increase readiness in Reading and Math
 - Support core program instruction with targeted interventions and personalized instruction designed through evidence based, web-based technology.
 - Provide support resources for teachers to include students whose primary language is not English
 - Provide job embedded professional learning using evidence based instructional strategies in Reading and Math

Attendance

- #### Objectives
- Increase student and teacher attendance

- #### Critical Initiatives
- Implement initiatives to increase student and teacher attendance
 - Abide by state (Attendance Matters) and local attendance policies.
 - Identify frequently absent and/or tardy students and collaborate with parents/guardians to provide needed support or resources.

School Culture

- #### Objectives
- Develop a school environment in which students feel safe and have opportunities to succeed.

- #### Critical Initiatives
- Consistently implement school wide discipline plan
 - Implement a PBIS program to improve student behavior
 - Improve communication with all stake holders
 - Heightened awareness of school safety
 - Provide support for students and staff concerning mental health awareness.
