2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Mariposa Elementary has a total of 38 classrooms, a library, a parent center, an administration building with a staff lounge, a multipurpose room, and three separate offices for the speech pathologist, psychologist, and instructional coach. The school facility provides a safe learning environment with fully functioning lighting, heating, and cooling systems, noise mitigation, and solar panels. In addition to three separate playground areas with equipment designated for kindergarten, primary, and upper-grade students, the campus includes a large field with sufficient space for student play. There are 13 restrooms available for students and six restrooms designated for staff, all of which are in working condition. The school also has an outdoor covered area with tables and a fully enclosed multipurpose room that are used for breakfast, lunch, and special school events. Wireless and network internet access is available in all buildings throughout the campus. At this time, there are no current or planned facility improvements.

Administrators meet weekly with the head custodian to discuss maintenance, grounds, and cleaning needs. A routine cleaning schedule is in place, and the head custodian maintains cleanliness on the school grounds daily. Classrooms have trash emptied each night and are vacuumed every other day. Deep cleaning occurs during extended breaks and throughout the summer months. The district makes significant efforts to ensure that all schools remain clean, safe, and fully functional. Site and district maintenance and grounds staff ensure that necessary repairs and upkeep are completed in a timely manner. A work order process is utilized to provide efficient service, with emergency repairs given the highest priority. Overall, the floors, walls, and plumbing systems are in good condition.

School Facility Conditions and Planned Improvements

The Local Educational Agency (LEA) also prioritizes maintaining clean, safe, and functional school facilities. To support this effort, the district's Operations Department conducts an annual, comprehensive evaluation of each school to assess facility conditions and identify areas requiring maintenance, repair, or upgrades. The district uses a facility survey instrument developed by the State of California Office of Public School Construction to guide data collection during inspections. Findings are shared with the principal, and work orders for necessary repairs are generated accordingly. The Facility Inspection Tool (FIT) was used during a walkthrough of the school, and no extreme deficiencies were identified. The inspection report was forwarded to the Superintendent of Schools. The most recent FIT Report was conducted on October 30, 2025.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

Mariposa parents have many opportunities for involvement in the school and their student's education. Parents are invited to participate in the following parent groups: School Site Council, English Learner Advisory Council, Special Education Advisory Committee, Gifted and Talented Education Parent Meetings, Coffee with the Principal, Grade-level Workshops, School-Wide PBIS Team (Positive Behavior Intervention and Supports) and LCAP Advisory Meetings. Mariposa parents are encouraged to attend meetings and provide input on such topics as safety and access, site strategic planning, school plan program decisions and advise the school leadership on the needs of English learners, GATE students and students with disabilities.

The School Action Plan for Parent/Community Involvement addresses the establishment of a parental survey to determine interests and needs of parents. Our school hosts a parent volunteer recognition event and various community/family nights to engage Mariposa families and the community. Other training opportunities are available such as training parents as volunteers, parenting skills training, roles and responsibilities of Site Council and SELPAC membership. Parent meetings are presented monthly to assist parents with strategies on how to support the academic success of their students.

Information about current events and school activities can be found on the Mariposa Elementary School website, School-wide Parent Square and Instagram accounts.

Parents who want more information or wish to participate may contact our front office at (909) 983-4116.

2025-26 School Safety Plan

The School Safety Plan was last updated in August of 2025. It was reviewed by staff in August and quarterly. The School Safety Plan includes provisions for establishing a secure campus, including the requirement of visitor badges (or district badges for district employees), monitoring of the campus perimeter, common release procedures for all teachers, continuous monitoring for safety hazards throughout the campus. There is also a detailed listing of emergency procedures for fire, earthquake, and potential and actual campus intrusions and staff and students are trained at the beginning of the year, in addition to monthly drills. Emergency provisions of water and sanitary kits and limited food are maintained in each classroom and additional supplies of food, boxed water, batteries, and other important supplies are maintained in storage. A set of several sturdy two-way radios are maintained to ensure communication can be maintained during emergencies.

Fiscal Year 2024-25 Types of Services Funded

We provide multiple opportunities to support students in meeting their academic goals, including before-school, after-school, and between-the-bells academic interventions, as well as enrichment opportunities. Students also have regular access to the library, with opportunities to read and check out books at their individual reading levels. A full-time Instructional Coach supports teachers in planning and implementing a high-quality instructional program for all students, while also providing targeted support for English Learners, students with disabilities, and socio-economically disadvantaged students. Administrators monitor the implementation of programs for English Learners and the Positive Behavior Interventions and Supports (PBIS) framework and provide ongoing professional development for both certificated and classified staff.

Professional Development

Professional development at the site and district levels address the implementation of common core standards based instruction using the core curriculum, effective instructional strategies for differentiated learning, and positive behavior intervention supports in the classroom and on the playground. In addition, district level professional development includes workshop sessions and classroom support for beginning teachers (Induction), support for veteran teachers through the Peer Assistance and Review program (PAR), leadership development for administrators, compliance related workshops and a variety of job-specific and mandated trainings for classified employees. The district also provides professional development to support and train teachers with instruction for English Language Learners and Students with Disabilities. This support is focused on helping EL students attain proficiency on the English Language Proficiency Assessment for California (ELPAC), IEP Goals and the statewide assessment (SBAC).

Professional development at Mariposa School is developed based on student assessment data and teacher need. Teachers are trained both during after-school meetings during half and full release days. The Principal, Assistant Principal, and Instructional Coach provide instructional support for teachers to grow as professionals through observations, in-class coaching, coaching cycles, peer-coaching individual and grade level data meetings. Staff development includes professional learning in the following areas: ELA, Math, English Language Development (ELD), Professional Learning Communities (PLCs), Data Analysis, Positive Behavior Interventions & Supports (PBIS), Multi-Tiered System of Supports (MTSS), instructional planning, integrated technology and our school wide initiative of the Leader in Me, which focuses on academic achievement and social-emotional needs of students.

Throughout the 2025-2026 school year, Mariposa staff has continued to receive professional development in our district adopted English Language Arts, math, and science curriculum. Additionally, Mariposa staff has received further training in the Leader in Me program, Student Study Team Process (SST), Gradual Release, and PLCs.
