## 2024-2025 School Accountability Report Card (Published During the 2025-2026 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2025-26 School Description and Mission Statement

Welcome to Oaks Middle School! Oaks Middle School is one of six middle schools in the Ontario Montclair School district located in San Bernardino County, CA. Established in the fall of 1996, our school currently serves approximately 700 students in grades 7 and 8. At Oaks Middle School, we are committed to providing a safe, positive, and academically enriching environment for all students. Our schoolwide focus areas include: (1) High-Quality Instruction - our goal is to prepare students for success in a global society. (2) Health and Wellness - we foster a safe and supportive school environment. (3) College and Career Readiness - we promote a culture that encourages students to aspire to higher education and career goals. Our staff members are highly qualified and dedicated to the success of every student. The mission of Oaks Middle School is to close the achievement gap by delivering a comprehensive education that equips students for future learning and success in a

global context.

Oaks Middle School is proud to be an award-winning Positive Behavioral Interventions and Supports (PBIS) and AVID (Advancement Via Individual Determination) National Demonstration School. We have received Gold and Platinum recognition for our efforts to create a safe and positive learning environment for students, staff, and families through PBIS. In addition, to our academic programs, Oaks Middle School boasts an award-winning music program, which includes an acclaimed marching band, advanced orchestra, and beginning band. Oaks also offers a robust afterschool extended learning program, featuring a variety of clubs that cater to diverse interests. Students can participate in high-interest clubs including drone technology and coding, as well as a comprehensive athletic program.

In our commitment to developing a positive school culture, we emphasize respect, diversity, social responsibility, and effective communication. As an AVID National Demonstration School, we focus on developing students' skills in writing, inquiry, collaboration, organization, and reading. All students have access to AVID strategies that prepare them for post-secondary success.

## School Facility Conditions and Planned Improvements

Oaks Middle School opened its doors in 1996. The school has 35 regular classrooms and 8 portable classrooms. It has a multipurpose room, a library, and an administration building. During the 2017-18 school year, the school's local bond measure passed, Measure K and new fencing was installed around the perimeter of the school. In addition, the campus had solar panels installed, the existing security cameras were replaced and additional cameras were installed at the end of the 17-18 school year. In the fall of 2022, new flooring, new tables, and seating were added to the Multi-purpose room. In the summer of 2024, a new roof was installed in the same room. Currently, there are no additional planned construction projects on campus.

The Ontario Montclair School District makes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the LEA uses a facility survey instrument developed by the State of California OPSC. The purpose of the Inspection/visit is to ensure that facilities are safe for pupils and staff. It also determines the safety, cleanliness, and adequacy of the school facilities. The last FIT inspection was conducted on September 9, 2025. Oaks Middle School received an overall rating of 99.96%. The school was rated Exemplary.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

**Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

**College and Career Ready**

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

## 2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2025-26 Opportunities for Parental Involvement

At Oaks Middle School, we recognize the vital role that parents and guardians play in their children's education. We believe that effective collaboration among parents, school staff, and the community fosters meaningful partnerships that enhance student achievement. To facilitate this collaboration, Oaks provides a variety of opportunities for meaningful parent involvement, including the School Site Council, School, and District English Learner Parent Advisory Council, Gifted and Talented Education Parent Advisory Committee, Students with Disabilities Parent Advisory Committee, District Parent Leadership Summit, Annual District Parent Leadership Conference, Back to School Night, Open House, Student-led Conferences, monthly Coffee with the Principal, PBIS and AVID Parent Meetings, and Band Booster Club. Additionally, our school hosts several community events throughout the year, such as sporting events, music band concerts, parades, and family event nights.

Oaks encourages and welcomes parents and guardians to contact our school for further information about additional opportunities for involvement in both school and community initiatives. Contact, Ms. Celeste Messina, School Counselor at (909) 988-2050. Oaks Middle School strives to create a welcoming environment where families feel welcomed and supported as educational partners in their student's academic success.

## 2025-26 School Safety Plan

Oaks Middle School is committed to providing a safe and productive learning and working environment for all students and staff. The safety of our students and staff is a top priority. Oaks Middle School conducts the following safety and security drills throughout the school year: Fire Drills (Four (4) per year), Earthquake Drills Two (2) per year, Lockdown/Active Shooter Drills Two (2) per year, and AED drills Two (2) per year. Site feedback is gathered and documented in the form of a drill log after every drill to identify areas of strength and areas of our safety procedures that need improvement. Additionally, each classroom is equipped with an emergency backpack, the contents of which were updated and reviewed by staff in the Fall of 2025.

Students are regularly supervised before, after, and during school hours by staff and administration. We greet all of the students in the morning and they are required to enter through one main entrance. During the day, all main gates are locked and students are required to enter through one entrance that leads to our main office. Our Campus Safety Officer regularly checks all gates, hallways, and restrooms throughout the day. He also provides supervision before school, during passing periods, during class periods, lunches, after school, and special events. All visitors must sign in at the front office using the Raptor system and wear a visitor's identification tag if moving to any other area of Oaks' campus.

Our site disaster preparedness teams meet annually to review their roles, and to address any concerns. The School Safety Plan is reviewed and updated each school year. Areas of this plan are discussed during staff meetings in August and throughout the school calendar year in committees. Procedures for safety and disaster planning are reviewed with the staff annually at a staff meeting before the opening of school each year. Our Comprehensive School Safety Plan (CSSP) is reviewed annually by the School Site Council (SSC). SSC last reviewed and approved the CSSP plan on November 5, 2025. The plan was last reviewed with staff in August 2025.

## Fiscal Year 2024-25 Types of Services Funded

Our School Site Council, Leadership Team, and Parent Advisory committees (English Learner, GATE, and Students with Disabilities) collaborated to identify student needs and prioritize categorical funds for programs targeting specific academic and social-emotional requirements. Services funded include an Instructional Coach (Teacher On Assignment) for coordinating intervention services, providing instructional support, and progress monitoring, a Library Media Tech, a Student Mentor, a Campus Security Officer, Academic Intervention and enrichment teachers, before and after school extending learning programs, intervention support for English Learners, zero-period classes, allowing students to take a second elective including high school for credit courses.

The school site council and parent advisory committee monitor expenditures throughout the year to ensure alignment with our strategic plan and to involve parents in decision-making processes and communication.

## Professional Development

The Ontario-Montclair School District offers research-based, ongoing professional development for certificated, classified, and management employees aligned with the district's long-term goals. Professional development (PD) is designed to help employees enhance their knowledge and develop the needed skills to provide quality services in order to maximize student learning and achievement. Professional development courses and programs are developed and coordinated through the Teaching and Learning Department as well as at each school site and provide training in the curricular areas of Reading/Language Arts, Science, Social Studies, and Math to all teachers and administrators throughout the district.

Professional development at the site and district levels addresses the core curriculum, instructional strategies, standards-based instruction, and classroom management driven by student assessment data. In addition, the district-level professional development includes workshop sessions and classroom support for beginning teachers (BTSA), technology training, leadership development for administrators, compliance-related workshops, and a variety of job-specific and mandated training for classified employees. Coaches/TOA's are trained by the district to provide ongoing support at each site to ensure the implementation of the curriculum in each classroom. Following each benchmark assessment, department teams participate in the Professional Learning Communities (PLC) process. During the PLC process, teachers analyze the results of the most recent common assessments, discuss strategies to re-teach concepts that need additional support by a majority of the students, and develop implementation plans to re-teach the concepts. Staff members participate in professional development and/or Professional Learning Communities on the first and third Tuesday of each month. PD topics include but are not limited to WICOR, Reading Strategies, iLit, Constructive Response, Focus Note-taking, Interactive Notebooks, EL Strategies, Positive Behavior, and Social-Emotional Learning. . Teachers are assigned planning days so they can meet in PLCs, teachers also have common preps to allow for additional planning and training.

This table displays the number of school days dedicated to staff development and continuous improvement.
