GRISWOLD EARLY EDUCATION PROGRAM

Preschool provides the building blocks for learning!

2026 Community Developmental Screenings

All families in Griswold and Jewett City with children who were born in the years 2022 and 2023, or were born after September 1, 2021, are invited to schedule an individual appointment for a free developmental screening at Griswold Elementary School.

Developmental Screening Dates:
March 20 & April 10, 2026

Griswold Early Education Program and area community programs will provide information about their program/ services on both dates. Whether or not you have concerns about your child's development, early screenings, interventions, assessments, and programming can help maximize a child's ability to learn and be successful at school and in the community. Screenings are confidential.

Please request a developmental screening appointment by completing this Google Form (or scan the QR code). Griswold Elementary School secretary Deb Fargo will be in touch to schedule your appointment.

Once your appointment is scheduled, please complete a Griswold Early Education Program application to bring to your designated screening time. ***The application deadline for the 2026-2027 school year is 4/10/25.*** The application form can be found on our website via the QR code below.

Participation in a screening and completion of the application <u>does not</u> guarantee placement in the Early Education Program.

Feel free to reach out to the Griswold Early Education team at (860) 376-7610 x1135 during normal elementary school hours to discuss screenings or ask questions.

Learn more about Griswold Public Schools' Early Education Program and fill out an application at https://geep.griswoldpublicschools.org/ or by scanning the QR Code at the right:
