

SCULPTURE PROGRAM

Sculpt your ideas!

Burbank High School Sculpture students create dimensional artwork, and utilize a variety of materials and methods to create original, meaningful and relevant art. Students can enroll in up to three years of sequential classes to build their skills, concepts and portfolios.

COURSES IN ORDER:

SCULPTURE 1 SCULPTURE 2 AP STUDIO ART 3D

MEDIA EXAMPLES:

Learn to create with ceramic & polymer clays, design with 3D materials, carve & cast plaster, use wire for armatures, sculpt in different styles, and develop interest-based projects as you advance.

WHO SHOULD TAKE THIS CLASS?

Students interested in building dimensionally, enjoy using clay and layered materials, have interest in design and hands on artwork. Successful students work consistently and thoughtfully during class to develop ideas and results, with some outside time needed to perfect projects.

Instructors: Ms. Platner & Ms. Pickett
