

# YEARBOOK

## WHAT IS THIS CLASS?

A **yearbook class** is a hands-on course where students work as a team to create the school's yearbook from start to finish. Students take and edit photos, write captions and stories, design page layouts, and plan how to cover school events, sports, and student life. The class also focuses on teamwork, organization, creativity, and meeting real deadlines so the finished yearbook is ready for printing by the end of the year.

## WHO CAN TAKE THIS CLASS?

Anyone can apply. There is an application and interview process.

**KNOW THIS:** Yearbook students are a vital part of the school, they attend events and document the year with their creative photos and layouts. There is a time commitment outside of school involved, but it's a great opportunity to be involved in student life and build leadership skills at Burbank High School.

**Instructor:** Ms. Winn
