2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Mission Statement:

Working together to ensure students have opportunities to acquire the knowledge and skills necessary for future success and "Together Building a P.L.A.N."

Prepare for college or career Lead by example Academic excellence Navigate toward the DHS G.O.A.L.

A Message from the Principal:

Welcome to Washington Intermediate. As the principal of WIS, I feel very proud to be working alongside such a fantastic group of teachers, parents and most importantly terrific students. It is the goal of our staff to create connections for student success at Washington Intermediate School.

The two years of Jr. high school are a special and exciting time as well as a little challenging. Incoming 7th graders must not only familiarize themselves with a new school, but a new schedule, the change from working with a single teacher to working with many teachers. Washington Intermediate will do their best to help make this a seamless transition for all student. During Jr. high school, students become more aware of whom they are and begin to identify specific values and interests that will be important to them for a lifetime. It is the task of the Jr. High staff to challenge all students to achieve and to provide opportunities to grow in a positive direction.

This document will provide valuable information regarding the opportunities offered to our students and their parents. I encourage you to take advantage of all the opportunities at our school. I would also encourage our students to become involved in the extra and co-curricular activities that interest them. Being involved in school activities will make their Jr. High school experience even more enjoyable. I strongly encourage parents and guardians to get involved in their child's education through the various school committees, school events, and various parent meetings that will take place throughout the school year. I look forward to the strong partnership that we can create to ensure that your child's middle school years are successful.

2023-24 School Description and Mission Statement

I look forward to another exciting, meaningful and successful school year for the Washington Intermediate community. Please do not hesitate to contact myself and/or any of our administrators if you should have any questions. We are committed to providing you and your child with a positive and memorable experience here at Washington Intermediate.

Kevin Thomas

Principal, Washington Intermediate

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Washington Intermediate School has adopted Study Sync/ McGraw hill (5/2023) for English Language Arts. The Science adoption is Stemscopes-Online Edition through Accelerate Learning (2018). Illustrative Mathematics is the adopted text for Math
(5/2018). History 8th -Social Studies has adopted HSS Impact United States History and Geography Growth and Conflict from McGraw-Hill (2018). Social Studies 7th Medieval and Early Modern Times. Core curriculum is state adopted and board approved. Students have access to core textbooks from the library. Each student recieves a Chromebook where all core text matierials are available on line. All students have access to the library and computer labs if additional resources are required.

The Williams legislation calls for schools to have enough books in core classes for all students. The law also asks districts to reveal whether those books are presenting what the California content standards calls for. All adopted text books are aligned with state standards for each content area.

School Facility Conditions and Planned Improvements

Washington Intermediate School was built in 1964. The school takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, gym use, and staff work rooms. To assist our school in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal. Site custodians and district maintenance staff maintain the buildings and campus. To ensure that we maintain a healthy and safe learning environment training in general maintenance procedures is provided on a routine basis for site staff, custodians and maintenance.

Maintenance and Repair:

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

In 2021, our main quad area in front of the stage received renovation by having the aging planters and cement removed and replaced with an all cement surface with proper drainage. A student shade structure was built for the main quad area, which provides for cover during hot and inclement weather. Various drainage areas were addressed by adding cement.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Our aim at Washington Intermediate School is to foster connections with our parent community. We do this in many ways:

School Site Council (SSC) will meet a minimum of four times a year to review and revise the annual Single Plan for Student Achievement and reflect on the effectiveness of programs and instruction. The English Language Acquisition Council (ELAC) will also meet four times a year. Both councils will be designed to ensure that our curriculum reflect the diverse needs of all students, to promote activities that recognize and appreciate cultural diversity, and to help develop a school climate that offers equal opportunity to all staff and students.

Parents are welcome and encouraged to volunteer at WIS. A variety of parent communications occur via traditional, electronic and social media platforms including Blackboard, PS Messaging, targeted phone calls, certificated mailings, Facebook, Instagram, and Peach Jar. Parent T-Bird education opportunities will be offered during the school year. Information will be used to strengthen communication with parents and provide awareness to social trends and academic requirements that affect students' success at school. Social trends that are often addressed are bullying, cyber bullying and social networking, gang awareness, mental health, suicide awareness, CAASPP, attendance, promotion requirements, and academic interventions. T-Bird nights will be designed to involve parents in their child's education. Student T-Bird of the month celebrations are conducted each month on a Friday with breakfast provided for parents and students who are nominated for an award. Parents are able to share in the success of their student and take pictures with the Principal along with the student. Back to school night, along with teacher / student conference provide parents with the opportunity to meet with the teacher and discuss individualized needs, concerns, and progress monitoring of their student(s).

Academic counseling services are available for parents and students. On-going and as needed conferences are available for all students and parents. If you would like more information about Parent Engagement Activities, please contact our Community Liaison, Ms. Alicia Villarreal @ 559-595-7252.

2023-24 School Safety Plan

School safety is a priority for all staff at Washington Intermediate School. The Comprehensive School Safety Plan is designed to assist in maintaining a safe school environment and preparing for emergencies. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. An updated copy is available to the public at the school office. In addition, school administration and other support staff monitor the campus before, during, after school and during school events. WIS in partnership with Dinuba Police Department has a full time police officer on campus to ensure that a safe school environment is provided for students and adults. The four (mobile) campus officers, along with administrative management, monitor the school to ensure a school safe environment. All buildings and offices have telephones and intercoms. Support staff and faculty are provided radios to ensure ongoing ability to communicate. Also, the school has 41 cameras strategically located around the perimeter of the school campus. Gates around the campus are closed and locked during school hours. There is one single access way for the public to enter the school. Visitors register at the office before coming onto campus. Parents are required to sign student in/out when leaving early or arriving late to school. Doors remain secure throughout the day and are only accessible via Lock Block retraction, Key, and/or Key Fobs (specific to the gym).

School Site Council reviews and approves the Washington Intermediate School safety plan annually prior to its approval by the district's Board of Trustees. Washington Intermediate School holds monthly safety drills to ensure the students and staff are prepared for any emergency that may arise (i.e., fire, earthquake, secure campus and lock down).

The school's safety plan was updated, reviewed, and approved by the School Site Council in March of 2022.

The school has a focus on meeting the needs of all students as well as the significant subgroups. English language arts and mathematics will continue to be a focus to better meet the academic needs of students.

Teachers meet every Monday to participate in Professional Learning Communities in order to reflect upon current practice and utilize data to inform their instruction. They collaborate a full day each semester and on minimum days to analyze assessment data and reflect on instructional practices. Teachers challenge students every day with higher order questioning and engagement strategies.
