

Counseling Presentations & Individual Meetings FAQs

What will counselors be doing over the next few weeks?

Counselors will be working with students through classroom presentations and individual counseling meetings to support academic planning and ensure course selections align with students' college and career goals.

When are classroom counseling presentations?

Presentations will take place during students' English classes on the following dates:

- **Juniors:** February 2–3
- **Sophomores:** February 6 & 9
- **Freshmen:** February 10–11

During these lessons, students will use Xello and Aeries to review graduation requirements and select courses for the upcoming school year.

What should families do after the classroom presentation?

After the presentation, students should review their academic plan and course selections at home with a parent or guardian. Family input and approval are an important part of this process.

Families should also encourage their student to enter their selected courses in Aeries. Step-by-step instructions are available on the counseling website.

Aeries course entry deadlines:

- **Juniors:** February 12
- **Sophomores:** February 20
- **Freshmen:** February 27

When will individual counseling meetings take place?

Counselors will meet individually with students on the following dates:

- **Juniors:** February 17–20
- **Sophomores:** February 24–27
- **Freshmen:** March 3–7

What happens during an individual counseling meeting?

During the individual meeting, counselors will:

- Review the student's academic plan
- Discuss college and career goals
- Confirm that selected courses align with graduation requirements and future plans

Do parents attend individual counseling meetings?

Individual counseling meetings are held with students during the school day. Families are encouraged to review plans together at home and reach out to the counselor with any follow-up questions after your student's meeting with the counselor.

What if my student has additional questions after their meeting?

Most questions are answered during the classroom presentation and individual meeting. If additional questions remain, students may request a follow-up meeting after Spring Break, once all students have been seen.

What if my student is absent on their meeting day?

No problem. Counselors will meet with students during make-up days in March to ensure every student is seen.

Is there an advantage to meeting earlier or later?

No. Counselors are focused solely on confirming course selections, not assigning class periods. There is no benefit or drawback to being seen earlier or later in the process.

Who should I contact with questions?

For questions or concerns, please contact your student's assigned counselor.
