

## CTE Creative Career Connections Program

Join us for an engaging series of various workshops designed to provide in-depth, tailored learning experiences in various career and technical education (CTE) fields. Our dedicated teachers, each an expert in their respective areas, will guide participants through hands-on activities, real-world applications, and personalized instruction that cater to individual interests and career goals.

Each workshop will focus on a specific CTE industry career area, such as healthcare, technology, construction, culinary arts, or agriculture, and will feature:

- **Interactive Learning:** Participants will dive into practical skills and techniques relevant to the chosen field, gaining valuable insights that can be directly applied in the workplace or further education.
- **Expert Guidance:** Our experienced teachers will share their knowledge, provide mentorship, and offer tailored advice to help participants navigate their career paths.
- **Networking Opportunities:** Attendees will have the chance to connect with peers and industry professionals, fostering relationships that can lead to internships, job opportunities, and collaboration.
- **Resource Access:** Participants will receive materials and resources to support their continued learning and build a resume of current, relevant, industry standard skill sets

Whether you're an expert and want to practice your skills or just beginning and want to enhance your skills, these are fantastic opportunities designed to empower and inspire. Discover your passion, build your expertise, and take the next step in your career journey with us!
