**UNIVERSITY  
NEXT STEPS**

# Complete the CCP Application

Complete the online CCP application for the university of your choice. *HHS students most frequently complete CCP work through Kent State, University of Akron and Stark State.*

Be sure to meet the university's published deadlines.

Request your transcript through the records office.

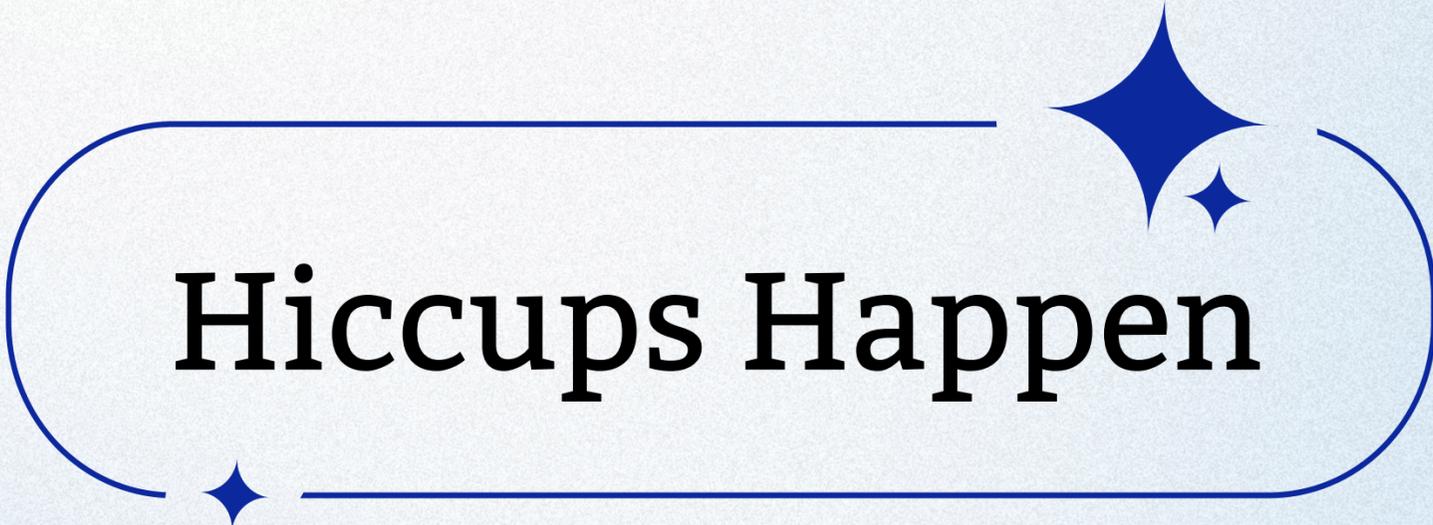

# Responsibilities

## Communication

- \*Course Registration
- \*Completed course work/grades
- \*Add/Drop deadlines
- \*Student communicating with advisor and professor

## Course Selection

- \*Schedule meeting with CCP advisor
- \*Limited availability of courses, scheduling timeframe matters
- \*Communicate with HHS counselor to confirm your selected CCP course meets HHS requirements

# Hiccups Happen

- Please be sure you understand if/how CCP courses will transfer to your college of choice. (Ohio publics, private colleges, out of state universities)
- CCP registration is time sensitive. It's important you have selected HHS options that you are happy to take in case CCP doesn't work out.
- Parents have limited access to information and communication with the university/professors.
- Deadlines are firm... be mindful of add/drop dates so you aren't charged for a course you opt out of late.
- Grades impact college transcript AND HHS transcript.

YOU**
