

CISD Regular Board Meeting

President's Report

February 2, 2026

Tonight, I'm proud to begin with some exceptional news regarding the financial strength of our district. Last week, our district was awarded the highest possible bond rating by Moody's Investor Service. Out of more than 1,200 independent school districts in the state of Texas, only about a dozen have achieved this distinction. That places our district in truly elite company.

This accomplishment did not happen by chance. It is the direct result of five years of disciplined decision-making, thoughtful planning, and unwavering commitment to sound fiscal responsibility. I want to commend this Board as well as our superintendent and administrative leadership for stewarding taxpayer dollars wisely while keeping students at the center of every decision. This rating is a vote of confidence in how we govern, how we plan, and how we protect the long-term future of this district.

I would also like to take a moment to recognize our Facilities Department. Following last week's ice storm, their hard work, long hours, and attention to detail ensured our schools were safe, prepared, and ready to reopen for students and staff. Their efforts often happen behind the scenes, but their impact is felt every day, and we are deeply grateful for their professionalism and commitment.

In addition, I want to thank the committee that dedicated their time and expertise to the head football coach search process. The review of applicants and interviews was thorough, thoughtful, and centered on what is best for our students, our athletes, and our community. We appreciate the care and integrity with which this important responsibility was carried out.

Finally, it is my honor to once again congratulate Coach Lee Munn, who was selected as the 16th head football coach in program history. Coach Munn, we are confident in your leadership, your vision, and your commitment to our student-athletes. We look forward to the impact you will make, not only on the field, but in the lives of our students and throughout our community.

This evening reflects who we are as a district: financially responsible, resilient in the face of challenges, and committed to excellence in all that we do. Thank you to everyone who plays a role in making this district something we can all be proud of.
