Operations**Subject: CHILDCARE TRANSPORTATION**

The North Rose-Wolcott Central School District recognizes the need to accommodate transportation requests for district students to be transported to and/or from an address other than their home. These requests should be necessitated by a working parents need to provide for childcare service before and/or after normal school hours. Childcare transportation requests will be approved if they meet the following criteria:

- a) Childcare transportation will be available to students in grade K through 8.
- b) A child must be eligible for transportation according to the transportation eligibility policy in order to be transported to or from a childcare provider.
- c) The childcare provider must be located within the North Rose-Wolcott Central School District and on an already existing bus route. Door-to-door bus service will not necessarily be provided. New bus routes will not be created and already established bus routes will not be altered.
- d) Transportation must be consistent week to week. A child's daily schedule for pick-up and drop-off may be different each day of the week with a maximum of two (2) pickup and two (2) drop off points for the week. For example, a child may go to daycare Monday, Wednesday and Friday and home the other two (2) days. The schedule must remain the same every week for the entire school year.
- e) All childcare request forms must be completed and returned to the Transportation Department Office by July 30th. We cannot guarantee that childcare requests received after July 30th will be approved. You must complete one (1) form per child. Requests must be renewed each subsequent year by submitting a new request by July 30th deadline.

Medicaid Consent

Dear Parent/Guardian:

This is to ask your permission (consent) to bill your or your child's Medicaid Insurance Program for special education and related services that are on your child's Individualized Education Plan (IEP).

This consent allows the School District to bill for covered health-related services and to release information to the school district's Medicaid Billing Agent for that purpose.

I, _____ as the parent/guardian of _____, have received a written notification from the School District that explains my federal rights regarding the use of public benefits or insurance to pay for certain special education and related services.

I understand and agree that the School District may access Medicaid to pay for special education and related services provided to my child.

I understand that:

- Providing consent will not impact my child's/my Medicaid coverage;
- Upon request, I may review copies of records disclosed pursuant to this authorization;
- Services listed in my child's IEP must be provided at no cost to me whether or not I give consent to bill Medicaid;
- I have the right to withdraw consent at any time; and
- The school district must give me annual written notification of my rights regarding this consent.

I also give my consent for the school district to release the following records/information about my child to the State's Medicaid Agency for the purpose of billing for special education and related services that are in my child's IEP. The following records will be shared.

Records to be shared (such as records or information about services your child receives)	
IEP	Medication Administration Report
Written Order/Referral	Special Transportation Log
Evaluation Reports	Other Personally Identifiable Information
Session Notes	Any Other Specific Records Pertaining to the Student's Services or Program

I give my consent voluntarily and understand that I may withdraw my consent at any time. I also understand that my child's right to receive special education and related services is in no way dependent on my granting consent and that, regardless of my decision to provide this consent, all the required services in my child's IEP will be provided to my child at no cost to me.

2026-27 School Year New York State Immunization Requirements for School Entrance/Attendance¹

NOTES:

All children must be age-appropriately immunized to attend school in NYS. The number of doses depends on the schedule recommended by the Advisory Committee on Immunization Practices (ACIP). Intervals between doses of vaccine must be in accordance with the [“ACIP-Recommended Child and Adolescent Immunization Schedule.”](#) Doses received before the minimum age or intervals are not valid and do not count toward the number of doses listed below. See footnotes for specific information for each vaccine. Children who are enrolling in grade-less classes must meet the immunization requirements of the grades for which they are age equivalent.

Dose requirements MUST be read with the footnotes of this schedule

Vaccines	Pre-Kindergarten (Day Care, Head Start, Nursery or Pre-K)	Kindergarten and Grades 1, 2, 3, 4 and 5	Grades 6, 7, 8, 9, 10 and 11	Grade 12
Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (DTaP/DTP/Tdap/Td) ²	4 doses	5 doses or 4 doses if the 4th dose was received at 4 years or older or 3 doses if 7 years or older and the series was started at 1 year or older	3 doses	
Tetanus and Diphtheria toxoid-containing vaccine and Pertussis vaccine adolescent booster (Tdap) ³	Not applicable		1 dose	
Polio vaccine (IPV/OPV) ⁴	3 doses	4 doses or 3 doses if the 3rd dose was received at 4 years or older		
Measles, Mumps and Rubella vaccine (MMR) ⁵	1 dose	2 doses		
Hepatitis B vaccine ⁶	3 doses	3 doses or 2 doses of adult hepatitis B vaccine (Recombivax) for children who received the doses at least 4 months apart between the ages of 11 through 15 years		
Varicella (Chickenpox) vaccine ⁷	1 dose	2 doses		
Meningococcal conjugate vaccine (MenACWY) ⁸	Not applicable		Grades 7, 8, 9, 10 and 11: 1 dose	2 doses or 1 dose if the dose was received at 16 years or older
Haemophilus influenzae type b conjugate vaccine (Hib) ⁹	1 to 4 doses	Not applicable		
Pneumococcal Conjugate vaccine (PCV) ¹⁰	1 to 4 doses	Not applicable		

1. Demonstrated serologic evidence of measles, mumps or rubella antibodies or laboratory confirmation of these diseases is acceptable proof of immunity to these diseases. Serologic tests for polio are acceptable proof of immunity only if the test was performed before September 1, 2019, and all three serotypes were positive. A positive blood test for hepatitis B surface antibody is acceptable proof of immunity to hepatitis B. Demonstrated serologic evidence of varicella antibodies, laboratory confirmation of varicella disease or diagnosis by a physician, physician assistant or nurse practitioner that a child has had varicella disease is acceptable proof of immunity to varicella.
2. Diphtheria and tetanus toxoids and acellular pertussis (DTaP) vaccine. (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a 5-dose series of DTaP vaccine at 2 months, 4 months, 6 months and at 15 through 18 months and at 4 years or older. The fourth dose may be received as early as age 12 months, provided at least 6 months have elapsed since the third dose. However, the fourth dose of DTaP need not be repeated if it was administered at least 4 months after the third dose of DTaP. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. If the fourth dose of DTaP was administered at 4 years or older, and at least 6 months after dose 3, the fifth (booster) dose of DTaP vaccine is not required.
 - c. Children 7 years and older who are not fully immunized with the childhood DTaP vaccine series should receive Tdap vaccine as the first dose in the catch-up series; if additional doses are needed, use Td or Tdap vaccine. If the first dose was received before their first birthday, then 4 doses are required, as long as the final dose was received at 4 years or older. If the first dose was received on or after the first birthday, then 3 doses are required, as long as the final dose was received at 4 years or older.
3. Tetanus and diphtheria toxoids and acellular pertussis (Tdap) adolescent booster vaccine. (Minimum age for grades 6 through 9: 10 years; minimum age for grades 10, 11, and 12: 7 years)
 - a. Students 11 years or older entering grades 6 through 12 are required to have one dose of Tdap.
 - b. In addition to the grade 6 through 12 requirement, Tdap may also be given as part of the catch-up series for students 7 years of age and older who are not fully immunized with the childhood DTaP series, as described above. In school year 2023-2024, only doses of Tdap given at age 10 years or older will satisfy the Tdap requirement for students in grades 6 through 9; however, doses of Tdap given at age 7 years or older will satisfy the requirement for students in grades 10, 11, and 12.
 - c. Students who are 10 years old in grade 6 and who have not yet received a Tdap vaccine are in compliance until they turn 11 years old.
4. Inactivated polio vaccine (IPV) or oral polio vaccine (OPV). (Minimum age: 6 weeks)
 - a. Children starting the series on time should receive a series of IPV at 2 months, 4 months and at 6 through 18 months, and at 4 years or older. The final dose in the series must be received on or after the fourth birthday and at least 6 months after the previous dose.
 - b. For students who received their fourth dose before age 4 and prior to August 7, 2010, 4 doses separated by at least 4 weeks is sufficient.
 - c. If the third dose of polio vaccine was received at 4 years or older and at least 6 months after the previous dose, the fourth dose of polio vaccine is not required.

DISTRICT CHILD FIND PROCEDURE

The North Rose Wolcott Central School District is committed to meeting the needs of students with different learning styles. Referrals to the Committee on Special Education (CSE) can only be made by parents, and requests for referral can be made by teachers, providers, or physicians. The CSE is appointed by the Board of Education to conduct comprehensive evaluations for students who have been referred to the CSE. If the information gathered during the evaluation supports classification according to New York State Education Law, the CSE will then develop an Individualized Educational Program (IEP) to address the unique learning needs of the student. The Board of Education has also appointed CSE subcommittees to facilitate the meeting process. It is important to note that not all students who are experiencing school difficulties are eligible for special education services.

Once a student is identified with a documented disability by mandated criteria, our special education services provide for the individual needs of the student including academic, social, physical, and management needs. These are provided with the goal of serving the student in the least restrictive environment. In the North Rose Wolcott School District, the first consideration is education of students with disabilities in general education in their home school. Sometimes, student needs may surpass what is available in district and alternative programs need to be considered to best meet student needs (e.g. BOCES programs, private programs).

Preschool age children may also be eligible for special education services, through a similar process overseen by the Committee on Preschool Special Education (CPSE). Educational programs and services for preschool children with disabilities from the ages of three to five are the responsibility of the school district in which the child resides in accordance with New York State Education Law. There is also birth to age two services provided by the county of residence.

The North Rose Wolcott Central School District, in compliance with the Regulations of the Commissioner of Education and Education Law, is required to locate all children with disabilities within its jurisdiction under the age of twenty-one. Children of preschool age and children in all public and private agencies and institutions must be identified, located and evaluated in the district in which they reside. If you suspect your child(ren) ages 3-21 of having a disability and are not receiving special education services, please contact the Director of Special Education at 594-3133.
