NORTHERN YORK COUNTY SCHOOL DISTRICT
Dillsburg, Pennsylvania

SCHOOL HEALTH SERVICES

Dear Parent/Guardian:

The School Health Law requires medical examinations for children on original entry into school and in grades 6 and 11. These examinations are recommended because these are critical periods in the growth and development of your child. The physical exam may be completed any time during the previous school year and still qualify as a school physical exam.

In meeting the requirements of the law, parents are urged to have family physicians do the required examinations and tests, perhaps when they are examined for attendance at camp, to obtain working papers or when applying for a driver's license.

We are asking you and the physician to submit complete and accurate information. Since the immunization information is such a vital part of your child's health history, special attention should be given to this part of the form. Please have your physician record all boosters and new vaccines given at the time of this examination.

These forms are being sent to you early so that you may have an opportunity to have these examinations completed and the results forwarded to us by the opening of school. This knowledge enables the staff to help children achieve maximum benefits of their educational opportunities.

Upon completion, this form may be mailed to your child's respective school to the attention of the School Nurse, or you may send it to school with your child at the opening of school.

Thank you for your assistance and cooperation with our school health program.
