February 2026 Edition

NOTE FROM MRS. BUSSARD

Happy February RooCrew! We just finished MAP testing and will share our data next month once we have been able to dig in and collaborate as a staff. From what we can see so far, our reading has grown leaps and bounds! Thank you for all of your support in working on our reading goals both at home and at school.

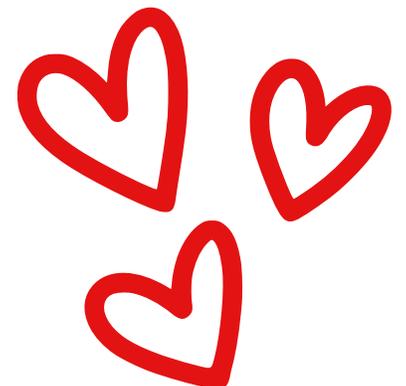

This week the Illinois 5 Essentials Survey comes out.

This is a very important piece of feedback we look forward to getting each year. This survey allows to understand from parents, students, and staff what is going well and areas in which we can improve. Our goal every year is to hear from as many of you as possible so that together we take action to make our school the best community possible to support our families and students.

Please be watching Class Dojo for more detailed posts about what to expect in the survey. As always, thank you for all of your involvement and support. Together, we can create a great community for our students to grow and thrive.
