

§ 15497. Local Control and Accountability Plan and Annual Update Template.

LEA: Santa Barbara County Office of Education **Contact:** Kathy Hollis, Director Educational Support Services, 805-964-4711 / 661-414-2607 (cell) **LCAP Year:** 2014-17

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and annual update template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs should comply with instructions and use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parent involvement: efforts to seek parent input in decision making, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to engage parents, pupils, and the community and how this engagement contributed to development of the LCAP or annual update. Note that the LEA’s goals related to the state priority of parental involvement are to be described separately in Section 2, and the related actions and expenditures are to be described in Section 3.

Guiding Questions:

- 1) How have parents, community members, pupils, local bargaining units, and other stakeholders (e.g., LEA personnel, county child welfare agencies, county office of education foster youth services programs, court-appointed special advocates, foster youth, foster parents, education rights holders and other foster youth stakeholders, English learner parents, community organizations representing English learners, and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA’s process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA’s engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representative parents of pupils identified in Education Code section 42238.01?
- 6) In the annual update, how has the involvement of these stakeholders supported improved outcomes for pupils related to the state priorities?

Involvement Process	Impact on LCAP
<p>Introduction:</p> <p>The Santa Barbara County Education Office (SBCEO) annually serves over 730 students grades 6 - 12 in the Juvenile Court and Community Schools (JCCS). At any given time, the SBCEO JCCS program serves approximately 250 students. The Juvenile Court Schools include Dos Puertas School located in the Santa Maria Juvenile Hall and Los Robles High School located on the campus of the Los Prietos Boys Camp. Students served in the county court schools have been referred by the juvenile courts or are awaiting further action. SBCEO provides an educational program which includes direct instruction and online course access in core subjects. Students are also provided mental health and drug and alcohol support services through county probation and various community agencies. Staff review student transcripts to determine appropriate course placement for credit recovery and to determine if students are on track for graduation in the event that they transition back to their home district.</p> <p>JCCS operates two community schools on behalf of the neighboring districts, one located in Santa Maria, Peter B. Fitzgerald Community School, and one located in Lompoc, El Puente Community School. Students served by the community schools are typically referred by the district for expulsion, behavior issues, chronic absenteeism, and/or probation referred. The main goal of the community schools in Santa Barbara County is to restore support for these students through an academic program of core subjects that keep the students focused and on track to graduate with a smooth and seamless transition back to their home districts. Some students choose to remain with the community schools to earn their diplomas. The educational program at both school sites currently offers core academic content through direct instruction and on-line access. Staff review student transcripts to determine appropriate course placement aligned with the students’ overall academic program. Students may need credit recovery options and access to get back on track for grade level expectations or graduation. The staff also develop Individual Learning Plans</p>	<p>Information gathered by the LCAP committee from the various stakeholders’ input sessions clarified that parents, students, teachers, community members, and professional partners wanted the LCAP to focus on students and equitable opportunities for students to succeed. The committee responded to the stakeholders’ interests and concerns by developing overarching goals that best meet the needs of all students served in the Juvenile Court and Community Schools including English learner, low income and foster youth students. The committee developed goals that were aligned with the ten state priorities and could be measured by specific actions and services for all students.</p> <p>The overarching goals are:</p> <ol style="list-style-type: none"> 1. Students will be engaged in a standards-aligned and relevant course of study that is appropriately differentiated based on learning and language needs. Educational professionals will be well prepared and supported to provide for the academic and social/emotional needs of the students. 2. Students will be provided access to A-G approved courses, Career Technical Education (CTE) aligned courses, and expanded post-secondary college and career opportunities. 3. School safety, climate, and attendance will be increased to support student engagement and success. 4. Expelled youth will be provided a strong academic environment, effective rehabilitation services, and appropriate social/emotional support. 5. Foster youth will be provided a strong academic environment, consistent delivery of support services, and appropriate social/emotional support. 6. Communication and collaborative partnerships with parent, community members, and service providers will be increased to support student achievement and personal growth. <p>Analysis of the input from the stakeholders suggest that in order to appropriately prioritize the 10 LCAP priority areas,</p>

(ILPs) with each student to better support their goals and monitor student progress while they are enrolled at the community schools. Additionally, both community schools offer mental health and/or drug and alcohol support through partner agencies.

The Fall 2013 CALPADS report reflects that ninety three percent (93%) of SBCEO JCCS students were identified as unduplicated students (i.e., English Learners, low income and/or foster youth). The two JCCS programs enrolled the following percentages of unduplicated students:

Juvenile Court Schools: 100%

Community Schools: 87.93%

Approximately 12% of all JCCS students are identified as students with special needs requiring Individual Educational Plans (IEPs). Students are served in a variety of learning environment models including full inclusion, learning centers and pullout services. The SBCEO Special Education department provides appropriately credentialed teachers and support staff to meet the needs of the students with IEPs. General Education and Special Education staff work collaboratively to ensure that the terms and conditions of the IEPs are met.

Involvement Process:

As a part of the Local Control Accountability Plan (LCAP) involvement process, Santa Barbara County Education Office (SBCEO) collected input from all stakeholders beginning with initial focus group meetings in early February 2014. Dates were communicated to parent committee members and other stakeholder groups through classroom and office postings, student and parent surveys, mail, phone calls, and personal contact. Student representatives were included on the *Parent Advisory Committee (PAC)* and were invited to participate in the *English Learner Parent Advisory Committee (ELPAC)* meetings. Great effort was taken to schedule parent meetings at times conducive to parent work schedules and childcare availability and were held at community school sites for easy accessibility. Childcare was offered, light snacks were provided, and translators were present. The meetings were effectively utilized to inform, engage and generate input which was brought back to the LCAP committee responsible for developing the LCAP. The LCAP committee comprised of site and district administration met frequently beginning in early January to develop a timeline for gathering information, writing the draft LCAP, and sharing with stakeholders for additional input.

SBCEO recognizes that parents and students have traditionally been the audience, rather than the actively involved stakeholder in the educational process. Through the LCAP involvement process, SBCEO JCCS has increased collaborative opportunities for program development, implementation, and assessing outcomes.

Delineated below are LCAP stakeholder engagement opportunities provided during the 2013-14 school year: Stakeholder Meetings: Meetings included an overview of the LCAP requirements, information about the 10 priority areas, review of relevant data, and gathering of initial input. Meetings in which the LCAP draft was shared are noted with an asterisk.

- Parent Advisory Committee (PAC): 1/29/14, 3/19/14, 5/21/14*
- English Learner Parent Advisory Committee (ELPAC) (including English Learner Advisory Committee (ELAC) and District English Learner Advisory Committee (DELAC) members): 1/28/14, 3/18/14, 5/20/14*
- JCCS Advisory Committee monthly meetings: 1/13/14, 3/17/14*, 5/12/14*
- Feeder district meetings to establish district needs and priorities
 - Santa Maria Joint Union High School District: 1/13/14, 2/13/14, 3/18/14*
 - Lompoc Unified School District: 2/19/14, 3/25/14*
 - Santa Maria-Bonita School District: 3/5/14*
- Classified Association monthly meeting: 3/3/14, 6/3/14*
- Certificated Association monthly meeting: 3/5/14, 6/4/14*
- Probation and community agencies quarterly meetings: 2/10/14, 4/7/14*
- Parent/student focus groups: 1/29/14, 3/19/14, 5/21/14*
- Ongoing consultation with the SBCEO Transitional Youth Services Director (TYS), who is the foster

SBCEO Juvenile Court and Community Schools must address the following state priorities:

- A. Conditions of Learning: Enhance and ensure continuity among classroom instruction that is engaging, meaningful, connected to common core standards, and respective of the students' language abilities and cultural backgrounds;
- B. Pupil Outcomes: Through development of Individual Learning Plans (ILPs), better assist students in identifying pathways to positive and constructive adult activities and expectations for independence including working toward requirements for graduation, transitioning students to feeder districts, and preparing students to participate in college and career activities;
- C. Engagement: Create a positive school climate that models pro-social behavior; that ensures students feel safe and valued coming to school.

Section 2: Goals and Progress Indicators

*For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, for **each** state priority and any local priorities and require the annual update to include a review of progress towards the goals and describe any changes to the goals.*

Instructions: Describe annual goals and expected and actual progress toward meeting goals. This section must include specifics projected for the applicable term of the LCAP, and in each annual update year, a review of progress made in the past fiscal year based on an identified metric. Charter schools may adjust the chart below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33. The metrics may be quantitative or qualitative, although LEAs must, at minimum, use the specific metrics that statute explicitly references as required elements for measuring progress within a particular state priority area. Goals must address each of the state priorities and any additional local priorities; however, one goal may address multiple priorities. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site. The goals must reflect outcomes for all pupils and include specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to "Engagement" (e.g., pupil and parent)?
- 4) What are the LEA's goal(s) to address locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for subgroups as defined in Education Code sections 42238.01 and 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific predicted outcomes/metrics/noticeable changes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority and/or to review progress toward goals in the annual update?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) In the annual update, what changes/progress have been realized and how do these compare to changes/progress predicted? What modifications are being made to the LCAP as a result of this comparison?

Identified Need And Metric	Goals			Annual Update: Analysis of Progress	What will be different/improved for students? (based on identified metric)			Related State and Local Priorities (Identify specific state priority. For districts & COEs, all priorities in statute must be included and identified; each goal may be linked to more than one priority if appropriate.)
	Description of Goal	Applicable Pupil Subgroup(s) (Identify applicable subgroups (as defined in EC 52052) or indicate "all" for all pupils.)	School(s) Affected (Indicate "all" if the goal applies to all schools in the LEA, or alternatively, all high schools, for example.)		LCAP Year 1: 2014-15	LCAP Year 2: 2015-16	LCAP Year 3: 2016-17	
<p>a. Need: Provide all JCCS students with greater <u>access to courses of study</u>, either through direct instruction or online.</p> <p>Metric:</p> <ul style="list-style-type: none"> • Individualized Learning Plans (ILPs) • Student transcripts • Master schedule • IEP Transition Plans (ITP) • IEP goal progress 	<p>Goal 1: All students will be engaged in a standards-aligned and relevant course of study, which includes access to A-G approved courses, Career Technical Education (CTE) aligned courses, and expanded post-secondary college and career opportunities. State and local assessments will be effectively used for formative and summative evaluation.</p>	<p>1.a. All Including:</p> <ul style="list-style-type: none"> • EL • RFEP • LI • FY • Students with disabilities 	1.a. All	N/A	1.a. To ensure students remain on track to graduate, an Individualized Learning Plan (ILP) will be developed and used to track course progress for 100% of JCCS students. Transcripts and site master schedule will be reviewed to ensure that appropriate courses are offered for all students. ILPs will be integrated into Individual Transition Plans (ITPs) for students with disabilities.	1.a. To ensure students remain on track to graduate, ILPs will continue to be developed and implemented for 100% of JCCS students. Transcripts and site master schedules will continue to be reviewed to ensure that appropriate courses are offered for all students. B. Describe the LEA’s increase in funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5). Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496. For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school site in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state priority areas. (See 5 CCR 15496(b) for guidance.)

Goal (Include and identify all goals from Section 2, if applicable)	Related State and Local Priorities (from Section 2)	Actions and Services	Level of Service (Indicate if school-wide or LEA-wide)	Annual Update: Review of actions/ services	What actions are performed or services provided in each year (and are projected to be provided in years 2 and 3)? What are the anticipated expenditures for each action (including funding source)?		
					LCAP Year Year 1: 2014-15	Year 2: 2015-16	Year 3: 2016-17
All actions and services reported in Section 3A were specifically designed for ALL JCCS students, with specific focus given to addressing the needs of low income pupils, English learners, expelled youth, foster youth, and redesignated English learners. The following are increased and/or improved services above and beyond those described in 3A for unduplicated student groups delineated in this section.							
For English learners:							
Goal 1: All students will be <u>engaged in a standards-aligned and relevant course of study</u> , which includes access to A-G approved courses, Career Technical Education (CTE) aligned courses, and expanded post-secondary college and career opportunities. State and local assessments will be effectively used for formative and summative evaluation.		Provide equitable access to rich and relevant instruction and engage staff in professional learning to support the academic growth and language development of English learners in an instructional environment that values home cultures and primary languages as assets.	LEA-wide	N/A	1.h.1. JCCS staff will annually administer the CELDT test to measure and monitor English language acquisition of all ELs. 1.h.2. To ensure ELs have equitable access to appropriate instruction, JCCS staff will: <ul style="list-style-type: none"> Analyze locally identified JCCS assessments to determine how they can most effectively be used for progress monitoring (i.e., Read 180, MAP, writing assessment). Create a protocol for implementation of progress monitoring tools, and incorporate into staff meetings regular discussions around individual student progress. Continue staff participation in Content Area Language and Literacy (CALL) training. Based upon an agreed upon approach, monitor instruction to ensure implementation of CALL lesson design 	1.h.1. JCCS staff will annually administer the CELDT test to measure and monitor English language acquisition of all ELs. 1.h.2. To ensure ELs have equitable access to appropriate instruction, JCCS staff will: <ul style="list-style-type: none"> Utilize agreed upon progress monitoring tools (i.e., Read 180, MAP, writing assessment) to evaluate student progress and inform instruction. Utilize the progress monitoring protocol, and continue to incorporate into staff meetings regular discussions around individual student progress. Continue staff participation in Content Area Language and Literacy (CALL) training. Based upon an agreed upon approach, monitor 	1.h.1. JCCS staff will annually administer the CELDT test to measure and monitor English language acquisition of all ELs. 1.h.2. RFEP students reclassified within two years will be closely monitored to ensure academic and language growth.</p> <p>Expenditure: Data Analysis \$1,000 Source: LCFF Supplemental & Concentration Grant (Object Codes 1000-3000)</p>
For low income pupils:							
<p>Goal 2: Educational professionals will be highly qualified and <u>well prepared and supported</u> to provide: (a) appropriately differentiated instruction based on identified learning and language needs, and (b) appropriate and effective use of technology to support instruction.</p>		<p>Provide professional learning opportunities based on, aligned with and in direct support of research driven practices. Brain function is negatively impacted by stress. Low income and at-risk students are routinely confronted with increased levels of stress, which inhibits their ability to process and learn.</p>	LEA-wide	N/A	<p>2.b.3. Staff will deepen their understanding of brain-based science research in order to (a) improve academic performance for students, (b) enhance the educational climate, and (c) positively impact academic achievement.</p> <p>Expenditure/Source: See Section 2A - 2.b</p>	<p>2.b.3. Staff will deepen their understanding of brain-based science research in order to (a) improve academic performance for students, (b) enhance the educational climate, and (c) positively impact academic achievement.</p> <p>Expenditure/Source: See Section 2A - 2.b</p>	<p>2.b.3. Staff will deepen their understanding of brain-based science research in order to (a) improve academic performance for students, (b) enhance the educational climate, and (c) positively impact academic achievement.</p> <p>Expenditure/Source: See Section 2A - 2.b</p>

		Schools can promote healthier brain function by increasing protective factors.					
For foster youth:							
Goal 5: <u>Foster youth</u> will be provided a strong academic environment, consistent delivery of support services and appropriate social/emotional support.	Priority Areas: 7, 10	Provide coordinated services to minimize disruption in school placement and facilitate efficient transfer of records for foster youth	LEA-wide	N/A	<p>5.a.1. TYS Director will begin collaborative discussions around the development of a common procedure with the school districts in the county. The TYS Director will draft a protocol for the quick transfer of records and services for foster youth based on the discussions with the school districts in the county.</p> <p>5.a.2. The TYS Director, or designee, will meet with schools' AP's and counselors once per semester and provide an overview of the AB 216 requirements.</p> <p>Expenditure/Source: Title 1D and grants</p>	<p>5.a.1. By June 30, 2016, the SBCEO TYS Director will work with districts and community agencies to finalize a procedure for transfer of records and provision of services for foster youth.</p> <p>5.a.2. The TYS Director, or designee, will meet with school administrators and counselors to provide an overview of the AB 216 requirements.</p> <p>Expenditure/Source: Title 1D and grants</p>	<p>5.a.1. By June 30, 2016, the SBCEO TYS Director will work with districts to implement the procedure for transfer of records and provision of services for foster youth.</p> <p>5.a.2. C. Describe the LEA’s increase in funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5). Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a district-wide, school-wide, countywide, or charter-wide manner as specified in 5 CCR 15496. For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school site in the LCAP year, when using supplemental and concentration funds in a district-wide or school-wide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state priority areas. (See 5 CCR 15496(b) for guidance.)

Increased or improved services:

Current revenues place Santa Barbara County Education Office at the State funding target for LCFF, indicating “hold harmless” status for SBCEO LCFF funding. Although SBCEO will not receive an increase in funds based on the number or concentration of unduplicated students, the BASC calculator and a locally developed worksheet were used to determine **\$470,817 as the dollar amount attributable to unduplicated pupils**, as delineated in Step 5 of the regulations [CCR 15496(a)]. The LCFF calculation, proportionality percentage, and base funding generated by unduplicated students are reflected in Attachment A.

The approved 2014-15 JCCS budget reflects funding allocations necessary to run a base program for JCCS students. The cost of the base JCCS program for 2014-15 will be \$2,448,957, as reflected in the allocations delineated below:

- Salaries of certificated staff, including the Director and sufficient teachers to ensure 20:1 ratio in Court Schools and 25:1 in Community Schools: \$1,032,899
- Salaries of classified staff, to include Administrative and Site Secretaries and Teaching Assistants: \$328,312
- H/W benefits for certificated and certificated staff: \$407,279
- Textbooks, instructional materials, technology, and supplies: \$36,687
- Facility leases, security systems, equipment leases, software, licenses, and contracts for services: \$425,084
- Indirect Costs: \$218,696

As described in Section 1 of the JCCS LCAP, ninety-three percent (93%) of SBCEO JCCS students are identified as unduplicated (i.e., low income, English learners, and foster youth), with Court Schools at 100%, and Community Schools at 87.93%. The JCCS LCAP describes actions and services in Sections 3A and 3B that have been specifically designed to enhance the base program for unduplicated students.

SUPPLEMENTAL & CONCENTRATION GRANT funds will be used in 2014-15 to support the following:

\$ 99,000	Professional Development or release time targeted to the language and learning needs of students, including English Learners
\$ 148,786	Read 180
\$ 82,000	Data and tech support
\$ 4,000	CCSS materials alignment
\$ 6,000	Licenses/Fees
\$ 65,425	Positive Behavior programs
\$ 15,000	School climate and safety support
\$ 15,000	Parent engagement, outreach and support
\$ 40,000	Child welfare & attendance support
\$ 475,211	INCREASED AND/OR IMPROVED SERVICES PROVIDED THROUGH SUPPLEMENTAL & CONCENTRATION FUNDS

LEA-WIDE AND SCHOOLWIDE USE OF FUNDS:

As previously stated, 93% of the JCCS students are identified as unduplicated. All students enrolled in the JCCS programs, including unduplicated students and those with IEPs, are students who are at risk of failing, perform below grade level and have poor attendance records. With the exception of a limited number of services specifically designated to Court or Community Schools, all services in Section 3A and 3B will be provided districtwide or schoolwide, pursuant to 5 CCR 15496 (b). An example of an action or service that is NOT designated LEA-wide is in Section 3A, Item 3.b.1, which is specific to Community Schools, because attendance and chronic absenteeism are not issues associated with residential schools. Through LEA-wide and school-wide use of LCFF resources, JCCS will implement research-based instructional practices, improve educational outcomes, narrow achievement gaps, and provide targeted support for low-income students, English Learners, foster youth, expelled students redesignated fluent English proficient students, and students with special needs. As identified in Sections 3A and 3B, Supplemental & Concentration funds are highly leveraged to target the 10 state priority areas and the 6 JCCS goals.

- D. Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils

SBCEO has calculated the proportional increase in funding for unduplicated students to be **4.27%** in the 2014-2015 LCAP year. Attachment A describes the LCFF calculation, proportionality percentage, and base funding generated by unduplicated students. Increased and improved services for 2014-15 are delineated below.

Taken together, the **quantitative** services described in Section 3C and **qualitative** improvements for unduplicated pupils listed below are significantly above the minimum threshold required to document improved and/or increased services for unduplicated students.

Qualitative increases and/or improvements in services for unduplicated pupils during the 2014-15 school year include:**All students:**

- developing system capacity to implement new standards and instructional practices that support them
- improving data management and staff capacity specific to formative assessment data
- using effective, research-based systematic lesson design models for the daily delivery of ELA and Math curriculum that includes access-to-core support for all students
- improving school climate through the consistent use of positive discipline and restorative justice practices that focus on responsibility and meaningful accountability
- increasing and improving school to home communication and parent/family participation through open houses, parent conferences, trainings, and newsletters
- enhancing opportunities for parent engagement throughout the JCCS programs

English learners:

- incorporating *Universal Design for Learning* principles and guidelines to ensure effective teaching practices and the intentional differentiation of instruction
- incorporating culturally responsive instruction by building on background knowledge and experiences to promote the development of academic English, positive self-image in students, and respect for different cultures and languages
- providing a professional culture of learning for all teachers and administrators in how to create high challenge/high support learning environments for students
- improving formative assessment practices to accurately identify language and learning needs
- providing access to instructional materials and interventions, as appropriate (e.g., READ 180, System 44, etc.)
- improving identification of reclassification eligibility and improving monitoring and support of reclassified students

Low-income students:

- studying and understanding brain-based science to improve academic performance and enhance educational climate
- providing access to consistently delivered instruction and practices designed to provide continuity and academic support
- evaluating and supporting behavioral and social-emotional needs
- providing transitional support services for students returning to home districts or to other JCCS programs
- providing career awareness opportunities to increase interest and access to successful post secondary opportunities

Foster Youth:

- providing for more timely release of education related information between JCCS and home districts
- providing a safety net through strong collaboration with community agencies and districts
- improving opportunities for students to engage in school activities and programs that create a stable foundation
