

Collaborate with City Year!

What is City Year Buffalo?

City Year Buffalo is an educational non-profit that trains and employs AmeriCorps members to serve as Student Success Coaches. These coaches provide behavioral and academic support to students and schools to expand possibilities for learning and development. This includes working with students one on one, building relationships, encouraging attendance and good behavior, and supporting a safe and healthy learning environment. The Student Success Coach position is a full-time position lasting 10 months for anyone ages 18-25 that is interested in completing a service year. Biweekly stipends, health insurance, professional development, and \$7,395 scholarship are just a few of the benefits.

How can we work together?

*All of our services are free of charge

City Year Presentations

A general overview for students, parents, and/or teachers on City Year's opportunities, benefits, and how to apply.

Workshops

Sessions that provide students with knowledge and skills. Topics include leadership development, the importance of service, Common App overview, and building job assets such as resumes, cover letters, applications, and interview prep. These are tailored for each partner.

Tabling

Setting up in counseling centers, cafeterias, libraries or during school sponsored events is a great way to share City Year as a post graduate option for students!

Resources

Digital and hard copy informational flyers are available for you to share at your discretion.
