

ABOUT US

Hutchinson Community College is the premier two year college in Kansas.

Founded in 1928, HutchCC encompasses a beautiful and spacious campus in the heart of Hutchinson. More than 16,000 students are impacted each year by the educational offerings at HutchCC, with more than 5,500 enrolled students in 2024-25 and over 500 graduating in career and technical programs.

Top-notch academic and technical programs are the trademark of HutchCC. The College offers more than 75 areas of study leading to Associates degrees as well as a wide range of one- and two-year technical certificate programs.

Graduates can elect to immediately enter the workforce as highly-trained, employable individuals or transfer to a four-year institution, well prepared to succeed and with a certificate or degree that is highly respected.

INDUSTRY SKILLS TRAININGS

THE FOUNDATION...

Prepare for an exciting career opportunity with our F.A.S.T. Track trainings.

A F.A.S.T. Track training is a short-term training program that offers jobseekers training in workplace skills and techniques while addressing skill gaps and helping prepare them for employment in the appropriate industry.

These trainings will meet from 8:00 am - 5:00 pm daily on the campus of Hutchinson Community College. Tuition is free, lunch is included and you can earn \$10/hour for attending.

Construction Track	May 26 - June 15
Other tracks	June 1 - June 19

College credit earned:

Automotive Technology	3 CH
Automotive Collision/Refinishing Technology	3 CH
Manufacturing	6 CH
Construction	6 CH

...FOR YOUR FUTURE

Throughout these courses students will learn the foundations, including:

- Applied Math
- Blueprint Reading
- Precision Measurement
- Automotive Body and Engine Diagnosis
- Basic Safety and Health
- Employability Skills

The F.A.S.T. Track is a great way to explore careers in a real-world setting, gain marketable skills, and network with industry professionals.

Students who successfully complete the F.A.S.T. Track Training can interview for potential summer and full-time employment as well as registered apprenticeship opportunities.

In addition, the foundation of skills acquired through the F.A.S.T. Track will provide an excellent transitional opportunity to HutchCC's programs:

- Automation Engineering Technology
- Automotive Collision/Refinishing Technology
- Automotive Technology
- Computer Aided Drafting
- Construction Technology
- Industrial Mechanical Maintenance
- Machining
- Manufacturing Engineering Technology
- Renewable Energy Technology
- Welding Technology
