Two RCSS schools make 2024-2025 AP School Honor Roll

(AUGUSTA, GEORGIA) – A.R. Johnson Health Science and Engineering Magnet and John S. Davidson Fine Arts Magnet schools earned a place on the College Board’s AP Honor Roll on Jan. 9. This recognition identifies schools whose AP programs are delivering exceptional results, providing opportunities for students to earn college credits and increasing their school’s college-ready culture.

“The hard work by our schools and AP programs demonstrates their efforts in preparing our students for their future,” said Dr. Malinda Cobb, superintendent of schools. “The skills acquired in AP courses goes well beyond college, it provides students the ability to think more critically and engage with other hardworking students.”

Davidson Fine Arts Magnet earned Platinum status on the honor roll, continued from 2024, and A. R. Johnson Magnet earned a Gold status recognition, up from Bronze in 2024. To qualify for the 2025 AP School Honor Roll and status recognitions, schools must meet or exceed a percentage threshold for students in the graduating class who took an AP exam, who scored a 3+ on any AP exam, and who took 5 or more AP exams during high school.

Richmond County Technical Career Magnet School and The Academy of Richmond County, George P. Butler, Cross Creek, Glen Hills, Hephzibah, Westside, and Lucy C. Laney comprehensive high schools also demonstrated high College Culture scores for their percentage of students in their graduating class who took an AP exam at any point in high school.
