Last day to withdraw with a W grade	Monday, August 3
Classes End	Friday, August 21
Last day to request an incomplete	Monday, August 24
Grades due in Self Service	Friday, August 28
Last day to reverse Q/NQ election	Monday, August 31
Last day to resolve Summer incomplete	Tuesday, September 22

## About Albright College

### **A storied history. A bright future.**

Repeatedly named a top national college for academics, affordability and social mobility, Albright College was founded in Reading, Pennsylvania in 1856. Home to engaging faculty who foster an academic environment that inspires students to explore concepts and ideas, make their impact in the world and reach their goals, our distinctive co-major program empowers our Lions to combine different areas of study *and* graduate on time. We invite

you to join our supportive, vibrant community of undergraduate students, adult learners, and graduate students to fuel your future as an Albright College Lion.

### **Mission**

The mission of Albright College is to provide students with an education that enables them to live their best lives, now and in the future. We immerse students in impactful experiences that foster social mobility and ensure exceptional outcomes through real-world engagement, a supportive community, and a distinctive co-major program rooted in the liberal arts and sciences.

### **History of Albright College**

As the oldest institution of higher learning in Berks County, Albright has a long history of helping generations of students become strong, curious, and creative leaders. Since 1856, students have discovered their talents, explored their interests, and embraced their creativity here at Albright.

The College dates its beginning to the founding of Union Seminary in 1856. Union Seminary was not a theological seminary, but a three-year collegiate institute, which became the origin of the College's liberal arts tradition. Albright Collegiate Institute was founded in 1895 and became Albright College in 1898. Union Seminary, founded in 1856 and re-chartered as Central Pennsylvania College in 1887, merged with Albright College in 1902. In 1929, Albright moved from its campus in Myerstown, Pa., to the present Albright campus.

Jacob Albright, after whom the College is named, was a Pennsylvania German evangelical preacher and the founder of the Evangelical Association (later the Evangelical United Brethren Church). He was born in 1759 as Johannes Jacob Albrecht. His family changed their name to Albright after his death in 1808.

From its earliest history, the College's rigorous liberal arts curriculum has long maintained an interdisciplinary focus. Albright's hallmarks are connecting fields of learning, collaborative teaching and learning, and a flexible curriculum that allows students to create an individualized education.

## **Accreditation**

Albright College is an accredited institution and a member of the Middle States Commission on Higher Education (MSCHE or the Commission) [www.msche.org](http://www.msche.org).

MSCHE is recognized by the U.S. Secretary of Education to conduct accreditation and pre-accreditation (candidate status) activities for institutions of higher education including distance, correspondence education, and direct assessment programs offered at those institutions. The Commission's geographic area of accrediting activities is throughout the United States.

To view the current accreditation status for Albright College please visit the MSCHE website and search for Albright College in the Institutional Directory or click here <https://www.msche.org/institution/0462/>

## Other Accreditations

The chemistry degree programs are approved by the Committee on Professional Training of the American Chemical Society. The program offers a curriculum which allows for certification of the chemistry and biochemistry degrees.

The Pennsylvania Department of Education has approved teacher certification programs in art education, early childhood/elementary education, elementary education, foreign language education (French, Latin and Spanish), secondary education (biology, chemistry, English, mathematics, physics and social science) and special education.

## Equal Opportunity Policy

Albright College is committed to a policy of equal opportunity and does not discriminate on the basis of race, religion, sex, age, national origin, sexual orientation, veteran status, marital status, or disability. This policy extends to all educational, service, and employment programs of the College.

## Policy on the Physically Challenged

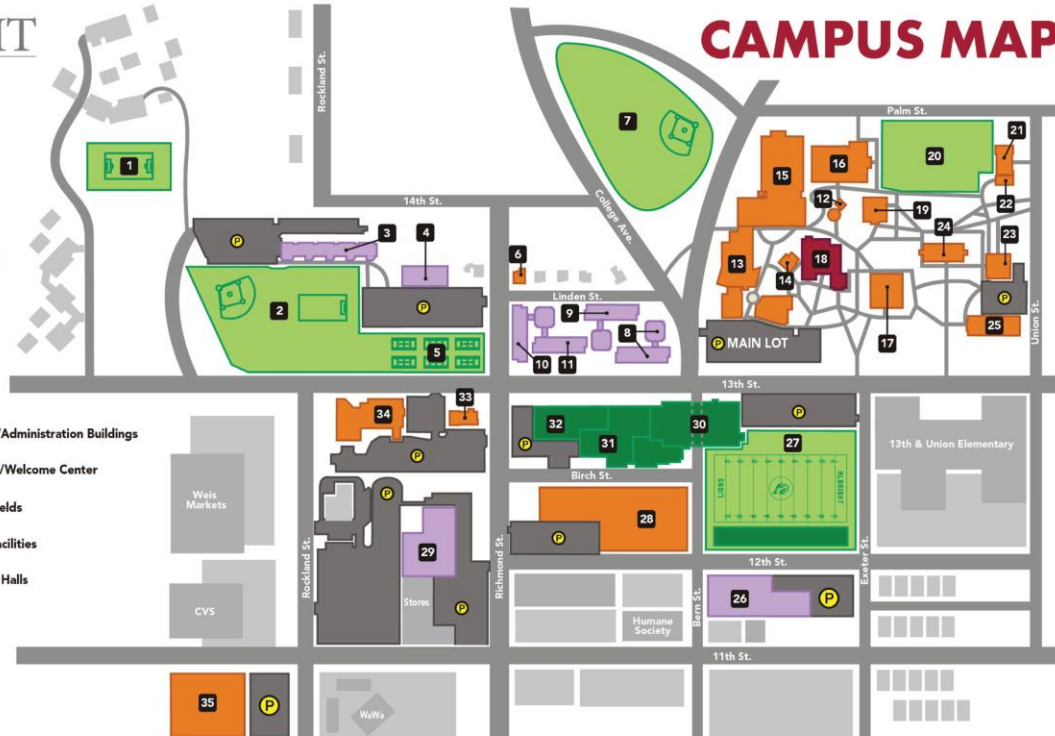

Albright College complies with Section 504 of the Rehabilitation Act of 1973 and with the Americans with Disabilities Act Amendments Act (ADAAA) of 2008. Students with disabilities have access to all programs of the College, including academic programs, student services, and campus activities. The College will make all reasonable adjustments in programs, services, and activities to accommodate individual students as necessary.

Students should discuss any needs or concerns with the Academic Learning Center. Further information on program adjustments and accessible buildings and facilities is available in the dean of students' office.

## Student Right-to-Know and Campus Security Act

The Federal Student Right-to-Know and Campus Security Act of 1990 requires colleges and universities to report statistics on campus crime and security policies and procedures to the U.S. Department of Education once a year. These reports are available to the campus community in the Office of Public Safety and on the Clery Crime Statistics page.

## Albright College Campus and Map

Albright College encompasses a variety of academic, residential, and athletic facilities, which are open to graduate students. The McMillan Student Center is home to the bookstore, coffee shop, dining hall and snack bar, Klein Lecture Hall, and multiple meeting locations. Adjoining the McMillan Student Center is the Center for the Arts, which includes the Wachovia Theatre and Freedman Gallery.

All students are welcome to utilize the Scholl LifeSports Center and Schumo Center for Fitness and Well Being. Additionally, graduate students are invited to utilize the virtual and in-person resources available through the Gingrich Library.

# Admission

## First-Year Students

Admission to Albright is on a rolling, non-binding basis, which means your application is reviewed shortly after all necessary documents have been received. To be considered, you must submit your completed application along with your official high school transcript. Albright does not require standardized test scores for admission or scholarship consideration. However, you are free to submit your Scholastic Aptitude Test (SAT) or American College Testing (ACT) scores if you wish.

## Transfer Students

Admission to Albright is on a rolling, non-binding basis, which means your application is reviewed shortly after all necessary documents have been received. To be considered, you must submit your completed application along with your official transcripts from all colleges or universities attended, and your official high school transcript (if you have fewer than eight transferable courses).

## International Students

### International First-Year Students

In addition to your application, the following documentation is required for the application to Albright College:

- **Academic Transcripts:** Please submit an original secondary school transcript, a copy of the transcript with an official school seal, or a notarized copy of the transcript. An up-to-date transcript includes grades for the past three years of school as well as a listing of courses, exams, marks, and certificates in progress.
- **Standardized Test Results:** If your native language is not English, you are required to submit results from any one of the following tests:
  - Test of English as a Second Language (TOEFL) International English Language Testing System
  - (IELTS) Scholastic Aptitude Test (SAT)
  - American College Testing (ACT)
  - Duolingo English Test
- **Certification of Finances:** Please have a financial sponsor complete the Certification of Finances form and submit a bank statement issued within the past six months. Both documents must show that the sponsor is willing to pay for and can afford the cost of your education.

### International Transfer Students

In addition to your application, the following documentation is required for the application to Albright College:

- Academic Transcripts: Please submit an official or notarized copy of your postsecondary school transcript with course titles and grades. Your secondary school transcript will also be required if you have fewer than eight courses that will transfer to Albright.
- A Professional Course by Course Evaluation or detailed Course Information in English by a NACES accredited provider.
- Standardized Test Results: If your native language is not English, you are required to submit results from any one of the following tests:
  - Test of English as a Second Language (TOEFL) International English Language Testing System
  - (IELTS) Scholastic Aptitude Test (SAT)
  - American College Testing (ACT)
  - Duolingo English Test
- Certification of Finances: Please have a financial sponsor complete the Certification of Finances form and submit a bank statement issued within the past six months. Both documents must show that the sponsor is willing to pay for and can afford the cost of your education.

## Financial Aid, Tuition & Fees, and Scholarships for Day Undergraduate Programs

Students who wish to receive financial aid are strongly encouraged to submit a Free Application for Federal Student Aid (FAFSA) annually. This is a requirement for all sources of aid, including state and federal. The FAFSA application is available after October 1st each year. The FAFSA can be found at <https://www.studentaid.gov>. When applying, you will need both your FSA ID and your parents' FSA ID. The Albright College Federal school code for your FAFSA is 003229.

**The filing deadline for completing the FAFSA is April 1st.** Form completion by this deadline allows you to stay in-step with the financial aid processes. If the form is not completed by April 1st, you risk losing state, federal, and/or institutional aid.

## Determining Your Status

All students accepted by Albright College as degree-seeking candidates are eligible to apply for financial aid using the FAFSA. Funds provided to Albright College from federal and state sources are awarded to United States citizens and permanent resident aliens. When determining your eligibility for Federal, State and Albright College financial aid, your enrollment status is defined as follows:

Full-time enrollment status is at least 3 course units, equivalent to 12 credit hours, per semester for all undergraduate programs. Full-time status is required for the awarding of all institutional funds.

Half-time enrollment status in both day and School of Professional Studies programs is 1.5 course units, equivalent to 6 credit hours, per semester. At least half-time status is required for grant programs, federal loan programs, and federal work study.

For graduate programs, students taking 3 courses, equivalent to 9 credit hours, have full-time status. Students taking 2 courses, equivalent to 6 credit hours, have half-time status.

Less than half-time enrollment status (fewer than 1.5 course units, equivalent to fewer than 6 credit hours) may entitle a student to a modest Federal Pell Grant, but other aid programs are not applicable to this status.

Official financial aid awards are made only after an offer of acceptance to the College. For families of accepted students who choose to complete the FAFSA after October 1 of any given year, award letters will be sent to accepted students starting in November.

## Types of Aid

You will receive a letter with the total amount of your award, and the award amounts from each program. A typical financial aid award includes:

- Grant(s)/Scholarship(s)/Award(s) – a gift to you that does not have to be repaid
- Loan(s) – borrowed funds that must be repaid, with interest
- Employment – on-campus jobs that provide money for educational costs. (Federal work study, campus employment)

## Grants

### **Albright College Trustee Grants**

Albright College gives Trustee Grants on the basis of financial need. These funds originate from several sources, including funds donated to the College.

### **Federal Government Grants**

Federal Pell Grants and Federal Supplemental Education Opportunity Grants (FSEOG) are given by the federal government on the basis of financial need. Both programs can change from year to year based on the family's financial needs. The Federal Supplemental Opportunity Grant is need-based and is given until the Federal fund has been exhausted.

### **State Grants**

Students who are Pennsylvania residents could be eligible for a Pennsylvania State Grant through the Pennsylvania Higher Education Assistance Agency (PHEAA). Typically, the application for the PA State grant is initiated when a student from Pennsylvania submits a

valid FAFSA. PHEAA has a strict filing deadline of May 1 prior to the start of each academic year. Please allow for processing time of two to three business days after you submit your FAFSA for PHEAA to receive it.

It is very important to note that applicants may be contacted by PHEAA or our Financial Aid Office concerning incomplete applications, grants assigned to other schools, or missing documentation. This correspondence will most likely be sent by email. Applicants should address these requests as soon as possible to ensure there are no delays with the funding of their PA State Grants. Additional information and updated grant status can be found by visiting [www.aessuccess.org](http://www.aessuccess.org) or by calling PHEAA at 1-800-692-7392.

Students who are not Pennsylvania residents could be eligible for a similar state grant aid program in their home state. Not all surrounding states allow the student to receive state aid when attending a Pennsylvania institution. For more information about these aid programs, including eligibility requirements and filing deadlines, please contact your high school guidance office or the corresponding state agency that manages the aid programs in your home state.

### **The Donald B. and Dorothy L. Stabler Foundation Grant**

The foundation provides support for upperclass students who have shown a demonstrated commitment to leadership and service, as well as a willingness to pay it forward to assist future Albright students with financial need.

### **Yellow Ribbon Program**

Albright College does participate in the Yellow Ribbon Program. If you have tuition and fee charges that are not covered by your post-9/11 benefits, you may be able to receive additional assistance in the form of a Yellow Ribbon Award. Only Veterans who are approved by the VA and qualify for Post 9/11 benefits are eligible to participate in the Yellow Ribbon program.

### **State, Federal, or Outside Tuition Grant Assistance**

All students receiving grant assistance from other institutions, as well as other states, must notify the Financial Aid Office. Tuition grants received from other institutions for tuition or from states other than Pennsylvania will be used to meet any unmet need in the financial aid package. However, if a need-based grant is awarded by Albright before we are informed of the outside tuition grant for award eligibility, the need-based aid from Albright may be subject to change. Albright will allow our academic scholarship awards to be used for charges associated with tuition as well as room and board.

### **Fostering Independence Tuition Waiver Program**

Created by Pennsylvania Act 16 of 2019, this program seeks to remove barriers in accessing a postsecondary education for youth who are or have been in foster care. This will allow eligible foster youth to complete their studies, graduate with less debt, and have

the opportunity to build a network of support. To see if you qualify, please visit the Pennsylvania Higher Education Assistance Agency website.

#### How Do I Receive the Waiver?

1. Complete a current year FAFSA
2. Enroll in a PA postsecondary institution approved by the U.S. Department of Education for Title IV funding
3. Apply for and be eligible for the Chafee Education and Training Grant (Chafee ETG) Program.
4. Applicants for the FosterEd waiver should submit the Chafee ETG Application by May 1<sup>st</sup>. Mail or fax your application to:

PHEAA

PA State Grant and Special Programs

P.O. Box 8157

Harrisburg, PA 17105-8157

Fax: (717) 720-3786

Students who wish to appeal their eligibility determination can do so by emailing FosterEd@pheaa.org.

#### **Veterans Benefits Administration**

After you have applied for admission and have been accepted to Albright College, you may obtain your education benefits by following these steps:

1. Apply for your education benefits from the U.S. Department of Veteran's Affairs (VA) at <https://www.va.gov/education/eligibility/>.
2. If eligible, provide your Certificate of Eligibility (or Notice of Basic Eligibility) to the Registrar's Office. You may email your certificate to registrar@albright.edu.
3. Once you have officially registered for courses, please complete Albright's VA Benefit Request Form for the term you wish to be certified. This form must be completed each semester for your enrollment to be certified with VA. *This form must also be resubmitted immediately if the student adds or drops a class during the current semester that has been certified.*
4. Once enrolled and your enrollment is confirmed, Albright's School Certifying Official (SCO) will certify your enrollment through VA's Enrollment Manager.
5. If you are receiving active duty or reserve benefits, you must verify your enrollment on the last calendar day of every month using the Web Automated Verification of Enrollment (WAVE).

#### Certification & Enrollment

Eligible students are required to submit Albright's VA Benefit Request Form below each semester to the School Certifying Official (SCO) in order to have classes certified for

veteran education benefits. The form can be filled out, and a picture with the filled-out information can be sent to our office for certification. If you would prefer, you can also mail, scan or drop off the completed form to:

Albright College Registrar's Office  
Thirteenth & Bern Streets  
P.O. Box 15234  
Reading, PA 19612-5234

## **Scholarships and Awards**

To reward those students for their achievements in academics, leadership, and community involvement, Albright offers a variety of scholarships and awards. All scholarships and awards are renewable each semester as long as the student remains in good academic standing and is in compliance with Albright's Student Code of Conduct.

### **Shirk Scholarship**

\$22,000 per year, are offered to Berks County students who are dedicated to community service, leadership, strength of character and commitment to excellence.

### **Presidential Scholarship**

\$20,000 per year. Presidential Scholars generally rank in the top five percent of their graduating class and demonstrate strong leadership skills and a commitment to service.

### **Dean's Scholarship**

\$18,000 per year. Dean's Scholars have excellent academic records and demonstrate a commitment to school and community.

### **Keystone Commitment Scholarship**

\$16,000 per year, are offered to first-year students who have strong and respectable academic records and a home address in Pennsylvania.

### **Albright College Scholarship**

\$13,000 per year. Albright Scholars have strong academic records.

### **13th Street Scholarship**

North 13th Street in Reading, Pennsylvania, is noted by Ripley's Believe it or Not as the only place in the United States where a student can go from kindergarten through college by taking classes at schools on the same street. In recognition of this educational phenomenon, the 13th Street Scholarship is awarded to all accepted students who have graduated from Reading High School, Northeast Middle School, and 13th & Green and/or 13th & Union Elementary Schools.

### Warren L. Davis Scholarship

This prestigious invitation-only scholarship covers full tuition, as well as room and board costs at Albright College. It is awarded to those students who display exceptional academic performance and have a desire to hone their creative and critical thinking skills so they may serve their communities beyond Albright. Students who are invited to apply must submit a prompted essay as well as a character recommendation. Select students will then be invited to campus for a series of interviews, including a meeting with Albright College President Debra Townsley, Ph.D.

### Advancing Lives Scholarship

Through the generosity of alumni and friends of the College, donations to Advancing Lives provide funds to help students meet their individualized financial needs and helps to keep an Albright education affordable.

### Endowed Scholarships

Albright College is incredibly fortunate to have a committed group of donors who passionately support our efforts. Thanks to their kindness and generosity, we are able to provide a world of wonderful opportunities for our students.

### Legacy Award

If you are a child or grandchild of an Albright College graduate, you are eligible to receive the Legacy Award. Candidates must provide documentation of legacy status in their application prior to an offer of admission.

### United Methodist Award

In recognition of its affiliation with the United Methodist Church, Albright offers awards to incoming students who are active in their United Methodist Church. Candidates must provide a letter from their pastor clearly stating their active membership in the church. This letter must be received prior to May 1.

## Payment Options

### Federal Direct Student Loan

A Master Promissory Note (MPN) and Entrance Counseling must be completed prior to receiving Federal Direct Student Loan funds. You may complete these steps online at [www.studentaid.gov](http://www.studentaid.gov).

There are two types of Federal Direct Student Loans:

A Direct Subsidized Loan is awarded on the basis of financial need. You will not be charged any interest before you enter into repayment. The federal government will pay the interest while you are in school at least half time or during periods of deferment.

A Direct Unsubsidized Loan is not awarded on the basis of need. You will be charged interest from the time the loan is disbursed until it is paid in full. If you allow the interest to accumulate, it will be added to the principal amount of your loan and additional interest will be based upon the higher amount.

If you are a dependent student whose parents do not qualify for a Federal PLUS Loan, or you are an independent student, you may qualify for an additional Direct Unsubsidized Loan.

#### Federal Direct Student Loan Annual Limits

Undergraduate Grade Level	Base Loan Amount Subsidized	Base Loan Amount Unsubsidized	Additional Unsubsidized Eligibility for Independent Students and Dependent Students whose parent is not eligible to borrow a PLUS Loan
1st year	\$3,500	\$2,000	\$4,000
2nd year	\$4,500	\$2,000	\$4,000
3rd, 4th or 5th year	\$5,500	\$2,000	\$5,000

#### Federal PLUS Loan

Through this program, parents of dependent undergraduate students may borrow up to the total cost of education, less any financial aid received. Graduate and professional students are also eligible to borrow under this program. Parents of Dependent undergraduate students can apply for the Parent PLUS Loan at [www.studentloans.gov](http://www.studentloans.gov) with their social security number and FSA ID.

#### Private Student Loans

Before applying for private student loans, undergraduate and graduate students should have filed an FAFSA. Make sure to maximize your federal and state aid options before applying for additional loans. Borrowers and co-signers should review and compare information about interest rates, fees, loan terms, and repayment terms. Interest rates are often determined by the credit history of borrower and/or co-signer. During the application process, selecting options such as in-school deferment and repayment schedule can directly affect interest rates. For specific questions, please contact the lenders directly.

A list of lenders can be found at [www.elmselect.com](http://www.elmselect.com).

\*\*New Jersey residents may be eligible for a NJ Class Loan. More information can be viewed at New Jersey Higher Education Student Assistance Authority's website.

### Interest Free Monthly Payment Plans

Please visit <https://selfservice.albright.edu/SELFSERV/Home/> for more information on payment plan options offered through our Student Accounts Office.

### On-Campus Employment

The Federal Work-Study Program is designed to help students earn money during the academic year for books, supplies, and other expenses. Students can apply for jobs through Handshake. The funding will not be applied directly to the student's college account to offset costs. Payment will be made directly to the student for hours worked. Find out more by clicking on the Student Employment link on our Human Resources page.

## Verification

Verification is the process in which a financial aid office is required to test the accuracy of information reported by parents and students on the FAFSA. At minimum, required documentation will include the most recent Federal IRS Tax Transcript, copies of immediate past year W-2 forms, and a completed Federal Verification Worksheet. Important Note: the verification process cannot accept signed copies of federal 1040 tax forms. All families selected for verification must request a tax transcript from the IRS or choose to use IRS data retrieval on their FAFSA to meet the verification requirements.

In addition to minimum requirements, the Albright College Office of Financial Aid may require you to provide proof of citizenship, copies of Social Security benefit statements, 1099 forms, corporate earnings statements, or other information dealing with your income or assets. Financial aid applications are randomly selected by the federal FAFSA processor for verification. If you are selected, the verification process is required in order for you to receive financial aid.

### Awarding Process and Declining Aid

Upperclass awarding for the full academic year begins the beginning of June of any given year. Financial aid award letters will be sent to your Albright College student email account. If your file is selected for federal verification, no aid will be processed until verification is complete.

Students have the right to decline any awarded financial aid per academic year. If a student wishes to decline any financial aid, they must email us at [finaid@albright.edu](mailto:finaid@albright.edu). We will make the requested adjustments and send a revised award letter to the Albright College student email account.

# Satisfactory Academic Progress Policy for Title IV Federal Student Assistance (SAP)

Federal regulations (General Provision CRF 668.1) require that Albright College review the academic progress of a student before awarding Federal financial aid to assure the student has met and continues to meet the basic academic progress standards set forth by the College.

The Federal government requires a student receiving Federal aid to complete their degree within 150% of the published length of the academic program. Albright College also expects a full-time student to complete degree requirements within a maximum of 10 semesters and summer school (five years). The day academic programs at Albright College are four years in length. The requirement for a bachelor's degree is 30 course units, equivalent to 120 credit hours.

All students enrolled at Albright College are subject to the academic standards of the College. As a participant in the federal financial aid programs (Title IV), students are also required to make satisfactory academic progress toward their degree using both qualitative and quantitative measures as defined below:

Qualitatively, your progress is defined as academic good standing at the College, or grade attainment of a cumulative GPA of 1.7 after your first year of attempted course units or the equivalent credit hours, and a cumulative GPA of a 2.0 thereafter. Graduate students must maintain a minimum GPA of 3.0.

Quantitatively, you are required to complete 67 percent progress toward your graduation requirements. The measurement is the relationship between the cumulative units you have attempted to complete and those units you actually completed.

An aid recipient must display progress in both qualitative and quantitative measures. If either test fails, the student is not making acceptable academic progress for the receipt of financial aid. Students are evaluated for progress at the end of the spring semester after final grades are submitted to Registrar. Students will be notified in June of any given year if they have not met the SAP guidelines for financial aid.

Students not making progress may appeal the results. A financial aid appeal form can be found on the financial aid website. Students must submit their appeal to the Financial Aid Office no later than July 15th for the fall semester and January 5th for the spring semester. If approved, the student will be placed on financial aid probation for a period of one academic year and will be required to establish an approved academic plan designed in coordination with the Albright Academic Learning Center.

## **Change of Financial Circumstances/Financial Aid Appeals**

You have the right to appeal your financial aid awards based on circumstances beyond the control of your family. Some examples of valid reasons for an appeal for additional federal,

state and institutional grant aid include significant out-of-pocket medical and dental expenses, catastrophic financial losses associated with a designated natural disaster, death of a parent, change in marital status, and loss of employment.

The College also has some additional funds available to assist students who have exhausted all other financial resources available to fund their education.

### **How do I file an appeal for additional funding?**

To file an appeal for additional funding, download the Special Circumstance Form and return it to the Financial Aid Office for further review by an appeals committee. All students completing appeal requests must be full time students in good academic standing with the College. Please complete a Financial Aid Special Circumstance/Appeal form for the appropriate academic year.

## **Tuition and Fees**

Albright College offers an aggressive financial aid policy that makes it a leader among similar private colleges in the region. This commitment empowers families to choose Albright based on its exceptional academic and extracurricular opportunities. We believe in the immense value of an Albright College education, and we want to help as many students as possible experience it. We offer a wide range of financial aid options including scholarships, awards, grants, and campus employment. You can apply for financial aid when you apply for admission and we'll make sure you have a clear answer on your financial package in a few short weeks.

**97% of Albright students receive aid.**

**\$20 million in financial aid is awarded each year.**

**How much financial aid do you need?** Understand the total cost of your education by factoring in tuition, fees, books and supplies.

### **2025-26 Day Undergraduate Tuition, Room and Board (annual)**

Comprehensive Tuition	\$30,900
Student Services Fee	\$125
Room (Double Occupancy)	\$8,006
Room (Single Occupancy)	\$9,755
Meal Plan (Gold Unlimited)	\$7,170
Total	\$46,201

\*books are the only additional cost.

## **Financial Aid Refund Policy – FALL 2025**

In accordance with federal regulations, Federal aid\* will be adjusted based on the percentage of the semester completed prior to the withdrawal for any student who withdraws, or is dismissed, during the first 60 percent of a semester in which that student began attendance.

\* Federal Title IV Financial Assistance includes Pell Grants, Supplemental Educational Opportunity Grants, National Smart Grants, Perkins Loans, Stafford Loans, PLUS Loans, and Federal Work Study.

Albright College grant and scholarship funds will be adjusted based on the percentage of tuition charged according to the withdrawal date.

Due to unforeseen circumstances (including medical reasons), it may become necessary for a student to leave the College during the academic year. In the event this does occur, tuition and other institutional charges will be refunded in accordance with the following schedule:

- 100% prior to the start of the semester
- 95% during 1st week of semester
- 90% during 2nd week of semester
- 75% during 3rd week of semester
- 50% during 4th week of semester
- 25% during 5th week of semester
- No Refund during or after the 6th week of the semester

Please note that any refund is subject to a \$200 administrative fee, a \$20 record fee, and cancellation fees as delineated in the Residential and Food Service Contract, if applicable. A student's enrollment deposit will be credited to the student account as long as the student completed one semester at the College.

## **Financial Aid Refund Policy – SPRING 2026**

In accordance with federal regulations, Federal aid\* will be adjusted based on the percentage of the semester completed prior to the withdrawal for any student who withdraws, or is dismissed, during the first 60 percent of a semester in which that student began attendance.

\* Federal Title IV Financial Assistance includes Pell Grants, Supplemental Educational Opportunity Grants, National Smart Grants, Perkins Loans, Stafford Loans, PLUS Loans and Federal Work Study.

Albright College grant and scholarship funds will be adjusted based on the percentage of tuition charged according to the withdrawal date.

Due to unforeseen circumstances (including medical reasons), it may become necessary for a student to leave the College during the academic year. In the event this does occur, tuition and other institutional charges will be refunded in accordance with the following schedule:

- 100% prior to the start of the semester
- 90% during 1st week of semester
- 75% during 2nd week of semester
- 50% during 3rd week of semester
- 25% during 4th week of semester
- No refund during or after the 5th week of the semester

While you may apply for more than one scholarship, you are not eligible to receive multiple awards. We encourage you to explore scholarship opportunities through Albright College.

## Financial Aid for International Students

### **Certification of Finances**

An international applicant is required to have a financial sponsor complete the Certification of Finances form and submit a bank statement issued within the past six months. Both the Certification of Finances and supporting bank statement must show that the sponsor is willing to pay and can afford the cost of the student's education.

### **Scholarships**

You do not need to submit any additional forms to be considered for a scholarship. All scholarship decisions are based on a student's academic history. Scholarship amounts range from \$6,000 to \$20,000 for full-time students taking classes on Albright's campus. If awarded, the scholarship is renewable for up to four years provided you maintain satisfactory grades. Half of the scholarship amount is applied to your bill at the start of the fall semester; the other half is applied at the start of the spring semester.

On-campus jobs may be available but will not be a significant source of income. International students are permitted to work no more than 20 hours per week and will usually earn less than \$2,000 a year.

### **Contact Us**

If you have any questions concerning international student admission or need any of the forms or requirements mentioned above, please contact us:

ALBRIGHT COLLEGE  
Office of Admission 13th and Bern Streets  
P.O. Box 15234  
Reading, PA 19612  
Phone: (610) 921-7700

Fax: (610) 921-7729

Email: international@albright.edu

## Requirements for the Conferring of the Albright College Undergraduate Degree

The College offers a liberal arts and sciences education. The curriculum includes the general studies component, the specific major or combined majors, and elective courses selected by the student.

Albright offers two undergraduate degrees, a Bachelor of Arts and a Bachelor of Science. The minimum requirements for graduation are completion of *no fewer than 30 course units, the equivalent of 120 credit hours*, completion of all general studies and major requirements, a minimum 2.00 cumulative grade point average, and a minimum 2.00 grade point average in the major and each combined major.

Albright is transitioning from a course-unit system to a credit-hour system. The 30 units required for graduation is equivalent to 120 credits.

In addition to these academic requirements, to be eligible for graduation a student must have satisfied all obligations to the College including, but not limited to, payment of any outstanding charges and return of equipment and library books. The student also must be in good standing under the Student Code of Conduct as administered through the judicial system of the College.

## Academic Support Programs and Services

Albright College provides many services to support student success. On this page, you will find links to some key offices and services whose faculty and professional staff can help you make the most of your academic experience at Albright.

## Health and Wellness Services

Students at Albright College have free, 24/7 access to virtual medical and mental health support through TimelyCare. Students are encouraged to register for these services through [timelycare.com/Albright](https://timelycare.com/Albright) or the Timelycare app. For either registration, you need to sign in with your Albright credentials. There is a nurse available in the Gable Health Center located on campus at 1829 Linden Street or by calling the Gable Health Center at 610-921-7532. The center is open Monday-Friday 9 am until 1 pm.

## Student Accessibility & Advocacy

Albright College ensures that people with disabilities have equal opportunity to participate in its programs and activities, in compliance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act Amendments Act (ADAAA) and encourages qualified students to request impairment-related accommodations for which they qualify. Impairment-related academic adjustments, auxiliary aids, and services are offered through the Student Accessibility & Advocacy office, which handles all requests for academic accommodations and makes referrals to other college units as needed.

The department endeavors to foster independent learning by students with disabilities through a strengths-based approach and by providing faculty with consultation and resources. Impairment-related accommodations are provided to students with disabilities, while maintaining the academic standards of the College. Students, including prospective students, are encouraged to use their strengths and develop a growth mindset to nourish their commitment to lifetime learning.

The Student Accessibility & Advocacy office is located in the Student Center Conference Room, down the hall from the Dining Hall. The office can be reached by phone at 610-921-7503 or by email at [SAA@albright.edu](mailto:SAA@albright.edu).

Students with disabilities can receive reasonable accommodations, auxiliary aids, and services, per the ADAAA. Accommodations are created for each individual student based on their documentation and are provided on a case-by-case basis. The best way to determine what a student's accommodations will be is to provide documentation, which meets the documentation standards, to the Director of Student Accessibility & Advocacy.

The most common accommodation is extended time for exams. *However, this accommodation is not ideal for all students and recent research suggests that this accommodation may not be the "fix all" for all students with disabilities.* Other accommodations include FM systems, access to ADA bathrooms for residential students, permission to record lectures, and access to text to speech software.

Albright does not provide personal attendants, devices, or services.

## Gingrich Library

The Gingrich Library provides information, instruction, and other services for the College community's teaching and research needs. Our collection provides the foundation for research and study on all disciplines taught at the College. The reference and general collections of more than 352,000 print and electronic books, print periodicals, microforms and audiovisual materials to support both the curriculum and general interests.

Digital resources provide access to more than 100 different book, journal and newspaper databases and provide access to tens of thousands of online, full-text journals.

All students have complete access to the Gingrich Library catalog, electronic books, and all of its electronic databases from on-campus, in residence halls or off-campus. Students can request, free of charge, almost any book or article through our interlibrary loan system. Librarians are always ready to answer questions and help students find materials—in person, by email, text or phone. Student reference assistance is available 24/7 through the College’s participation in the AskHerePA services.

The Library maintains a computer laboratory for instruction and training of students.

The Holocaust Library and Resource Center collects Holocaust and genocide materials in various formats. The Special Collections Department includes rare and important local and historical materials as well as the College Archives, which preserves the institutional memory. The Curriculum Library and the Children's Book Collection support the College's education programs.

The Gingrich Library is a member of many library consortia and as a member of ACLCP, a consortium of more than 20 college and research libraries, the library can provide reciprocal borrowing and direct access to their millions of volumes.

The Gingrich Library is an integral part of the academic experience. The staff gives highest priority to assisting students in their use of information and the library, so that the pattern of critically evaluating and researching information is instilled in all students.

## Office of Student Success

The Office of Student Success provides proactive outreach, personalized academic support, and campus connections to help first-year students maximize their potential for success. We can help you with:

Time Management	Academic Exploration
Goal Planning	Motivational Strategies
Identifying Obstacles and Barriers to Success	College Financial Planning and Literacy
Mentorship	

## One-On-One Consultations

The Office of Student Success provides proactive outreach, personalized academic support, mentorship, and campus connections to help first-year students maximize their potential for success. Each first-year student is assigned a Student Success Specialist (SSS) based upon their last name.

## The Albright College Alpha Program

Some students enter college knowing exactly what they want to major in and exactly what career field they want to enter upon graduation. For many, however, things are a little less certain – some students may need to explore different possibilities to find the right fit. If this second profile describes you, then ***the Albright College Alpha Program is designed specifically for you***. Through academic guidance, peer support, special events and career counseling, the Alpha Program will help you to choose the appropriate major, as well as assist you in finding a fulfilling career.

The value of this program is best shared by Albright’s alumni and students who have participated in the Alpha Program. Read on to learn what it means to have an “undeclared major” as part of the Alpha program and the support you can expect.

The Alpha Program will provide holistic guidance for entering students who have not declared a major. The Program will combine academic coursework, focused advising, and a specialized living environment that integrates academic and social content to provide intentional support to students on their pathway toward acclimating to college life and selecting a major that best suits their academic, personal and career interests and abilities.

The Albright Alpha Program is available to all first-year and sophomore students who have not declared a major. Each Alpha student is assigned a faculty adviser specially chosen to counsel undeclared students and help them learn about the programs of study the College offers, the careers these may lead to, and their own interests and goals. Alpha’s goal is to help students explore the world of knowledge and themselves in order to make better informed choices among academic concentrations. Gradually Alpha students define their academic interests more clearly and select a major that will provide learning in depth to complement the learning in breadth which comes with a liberal arts program’s general education courses. The Alpha Program facilitates this process.

## Academic Advising

The academic advising system is a crucial and integral part of an Albright education. The advising process helps you as a student to plan and complete an academic program that satisfies your individual needs and goals. Your adviser can help you to understand the value of a liberal arts education and explore the relationships among your academic coursework, your personal goals, and the opportunities and responsibilities of the larger world, including the world of work.

## The Academic Learning Center

The Academic Learning Center (ALC) offers a range of academic services, including peer tutoring in many 100-200 general education courses, academic skills support, and academic counseling for students with academic concerns. If you have questions, contact [academiclearningcenter@albright.edu](mailto:academiclearningcenter@albright.edu).

## The Writing Center

In Albright's Writing Center, academic support for writing is available to all students. The Writing Center peer tutors and faculty coordinator can assist your growth as a writer in any course, whether you are brainstorming a topic, trying to create an initial draft, or working on the nuances of a final draft. If you have questions, contact the Director of Student Support Services.

## Career Development Center

The Career Development Center (CDC) offers a variety of services for students, alumni and employer. The Center assists students in exploring majors, careers, and experiential learning opportunities that enhance Albright's core learning goal of "engaging the world." Experiential learning is a "hands-on" approach to education that is personally relevant and connected to students' academic learning objectives. Albright students participate in experiences such as internships, study abroad/off-campus study, service learning, and undergraduate research. The career development process helps students make meaning from their experiences and education, leading to greater personal satisfaction and professional success. If you have questions, please send email to [careerdevelopmentcenter@albright.edu](mailto:careerdevelopmentcenter@albright.edu).

## Academic Policies and Procedures

### Academic Dishonesty and Grade Appeals

Faculty members are expected to follow practices of fairness and objectivity in matters relating both to the issuance of grades and charges of dishonesty. A student who feels that he or she has been wrongly treated in this area has the right of appeal to the Academic Appeals Board.

The Academic Appeals Board is a judiciary body that investigates, holds hearings, and renders decisions on student appeals referred to it by the chief academic officer in which students challenge the academic policies or actions of an instructor. The membership of the Academic Appeals Board includes five faculty members and five students.

A student has the right to initiate an appeal to an instructor's grade which the student regards as unjustified within one week of the beginning of the following fall or spring semester. If the student is in the School of Professional Studies, the student may initiate an appeal up to twelve weeks following the issuance of the grade or sanction. Students with documented disabilities may request relevant accommodations if they participate in the appeals process. All requests for accommodations for an appeals hearing will be considered on a case-by-case basis and should be submitted in writing, accompanied by qualifying documentation, to the relevant academic dean.

Upon receipt of a complaint from a student alleging that an instructor has not followed practices of fairness and objectivity in matters relating to the issuance of grades and/or charges of dishonesty, the chief academic officer shall attempt a resolution of the problem through consultation with the student, instructor, and the instructor's department chair. In these discussions, the chief academic officer shall articulate her or his judgment of the strength of the case and her or his opinion concerning the decision likely to be rendered by the Academic Appeals Board. The chief academic officer shall also make the student aware that the ultimate responsibility for the determination of a course grade lies with the instructor. If the chief academic officer is unable to achieve a resolution to the matter, she or he is expected to refer such cases to the Board, if the student desires.

The Academic Appeals Board shall hold closed hearings in which the student and the instructor shall be asked to discuss the complaint and present relevant data. The board shall provide a copy of its decision to the instructor, the student, and the chief academic officer. A copy of this report shall be made available to the registrar for attachment to the transcripts, if the student requests this.

The instructor has the right to accept or reject the recommendation of the board and make whatever adjustments she or he deems judicious in light of the board's decision. However, if the instructor does not follow the board's decision, then the student will have a choice as to whether the original transcript notation will be removed or whether another notation shall be added to the student's transcript stating that the grade and/ or charge was successfully challenged.

## Academic Standing Appeals

A student who has been academically dismissed may appeal the decision to the Academic Appeals Board. An appeal of an academic dismissal must document the student's extenuating circumstances and must include specific actions that the student will take to improve his or her academic performance. The appeal must be in writing and must be filed in a timely manner (generally within one week of the official notification of dismissal).

A dismissed student may apply for reinstatement after one semester. In general, a student must demonstrate substantial improvement in his or her academic performance to be reinstated. To do this, a student usually must take courses at another college or university. A written petition for reinstatement must be submitted to the Academic Appeals Board by

August 1 for fall semester re-entry and by January 10 for spring semester re-entry. The petition must include the student's personal assessment of the factors that led to dismissal and what specific actions the student will take to improve his or her academic performance. An academic transcript from any other institutions the student attended while dismissed should be included with the petition. The Academic Appeals Board determines whether to grant or deny requests for reinstatement and determines the conditions of reinstatement.

A student, in attending Albright College, recognizes the right of the College to dismiss for academic reasons. In all matters pertaining to academic standing, the decisions of the Academic Appeals Board are final.

## Graduation Requirements Appeals

The Academic Appeals Board is responsible for making decisions regarding student requests for exceptions to graduation requirements. To file such a request, a student should contact the registrar or the academic dean who will submit the student's request to the Board. Students should be aware that requests for exceptions to graduation requirements are rarely approved.

## Academic Integrity Policy

Academic integrity is part of the foundation of an academic community. Any violation of the highest standards of academic honesty threatens the trust upon which an academic community is built and is conduct that violates its fundamental principles.

Academic dishonesty is a serious breach of the rules of proper academic conduct. The penalty for the first act of academic dishonesty will be a zero on the piece of work involved or an F in the course, at the discretion of the instructor in consultation with the academic dean as appropriate. A letter describing the incident and the action taken will be sent by the instructor to the student with a copy to the chief academic officer. Academic Affairs will then send a notice to the student and to the Registrar for placement in the student's file. The letter will serve as a record of a first offense but will be removed from the file upon graduation if no subsequent offense occurs. If a student commits a subsequent offense, the mandatory penalty will be an F in that course and a letter in the file. A student may be dismissed from the College for a second or subsequent offense at the discretion of the chief academic officer, in which case a notation will be placed on the student's academic record (his or her transcript) noting only the fact of dismissal.

Violations of academic integrity that are not relevant to a course in which the student is or was enrolled at the time of the violation — for example, enabling others to be academically dishonest in a class in which the student is not enrolled, sabotaging another student's academic work in another class, or vandalism, theft or tampering with regards to data files

or equipment — may be referred to the judicial process administered by the Student Affairs Division and described in *The Compass*, at the discretion of the chief academic officer. In such cases, documentation provided to Academic Affairs by faculty or others will be forwarded to the dean of students. The integrity charge will still originate from Academic Affairs, and the student will be subject to the provisions above concerning a letter to the student's file, transcript notation, and potential dismissal.

A student found guilty of any academic integrity offense may lose his or her eligibility for college honors and awards, at the discretion of the chief academic officer.

Academic dishonesty can take many forms. In general, academic dishonesty is any behavior that results in the circumvention of the work required and expected to gain academic credit. For example, writing a paper without using your own thoughts and/or words, claiming participation in an academic requirement in which one did not participate, such as group work or required attendance, and submitting the same work more than once for credit all comprise acts of academic dishonesty. Following are further descriptions of behaviors that are considered academically dishonest. However, students should be aware that this list is not meant to be exhaustive. The fundamental question to always keep in mind is whether the behavior is a means by which to avoid the work required to secure academic credit. If the answer is yes, the behavior constitutes academic dishonesty.

One form of academic dishonesty is taking another person's work and presenting it as one's own. This can result from copying another student's paper, display on a terminal or an exam; using data or information stored in a computer system without explicit authorization or acknowledgement of the author; presenting another person's ideas or words as one's own in a homework assignment or research paper; and so on.

Plagiarism is a distinct form of academic dishonesty in which a person uses the words or ideas of another without proper acknowledgment. But the definition of plagiarism cannot be satisfactorily stated in a few words, and students are encouraged to consult the handbook approved by the English Department for ENG 101 and 102. Students also are encouraged to consult with faculty members if they wish further clarification. Faculty will endeavor to distinguish between intentional plagiarism and the misuse of sources due to poor attribution skills.

Other examples of academic dishonesty include using unauthorized material or devices on examinations or in preparing for examinations; unauthorized collaboration with others; using information stored in a computer system without explicit authorization and acknowledgement of the author; claiming participation in an academic requirement in which one did not participate; submitting the same work more than once for credit (without express permission); falsifying or fabricating data or sources; denying access to information or materials to other students; sabotaging another student's academic work; enabling others to be academically dishonest, whether one benefits or not; failing to acknowledge assistance from others and its specific results; allowing someone else to do work that one claims as one's own; and knowingly violating the ethical code of a profession

for which one is preparing. Theft and/or damaging of books, periodicals, and other instructional materials (including laboratory equipment) shall be deemed acts of academic dishonesty. As such, they are subject to monetary penalties and to the same penalties as apply to other such acts of academic dishonesty.

The unauthorized or inappropriate use of college computers or tampering with data files or equipment constitutes academic dishonesty. Plagiarism or violation of proprietary agreements concerning the programs and data of other users will be treated as acts of academic dishonesty. The Policy for Responsible Computing, available at the Computer Center, explains the College's guidelines with respect to computer ethics.

The College and its faculty will endeavor to inform students about what constitutes plagiarism and academic dishonesty, but the ultimate responsibility for adhering to accepted standards of academic behavior rests with the student.

A student who feels that he or she has been unfairly treated in a case of academic dishonesty has the right of appeal to the Academic Appeals Board.

## Academic Forgiveness

By writing to the Academic Appeals Board, a student may request that a semester of poor performance be dropped from his or her grade point average. All grades will be retained on the transcript. The chief academic officer is also permitted to extend the forgiveness of the appeal in the case of extraordinary circumstances, as documented by the petitioning student.

The following conditions must be met: The student must provide justifiable reasons for the original poor semester's average; at least two years in non-degree status or academic probation status must have elapsed subsequent to the semester for which forgiveness has been requested, and one of these years must have been spent off campus; and, after return to degree status, the student must have completed at least two successive semesters in full-time study (or eight courses, if a part-time or student) on the Albright campus, at a minimum cumulative grade point average (GPA) level of 2.500. Requests for academic forgiveness are rarely approved.

## Academic Honors

### Dean's List

Students who earn a GPA of 3.750 or above for a minimum of twelve graded (not Q/NQ) credit hours in a fall or spring semester are placed on the Dean's Honor List for that semester. Students with an incomplete grade must receive a grade by March 1 for the fall semester or July 1 for the spring semester to be placed on the Dean's Honor List. (For students who matriculated before the 2005 fall semester, the Dean's List GPA is 3.50.)

### Graduation Honors

Students who have completed at least half of their course work at Albright are eligible for degrees with distinction as follows:

- Summa Cum Laude: 3.850 and above
- Magna Cum Laude: 3.700 to 3.849
- Cum Laude: 3.500 to 3.699.

Academic honors do not apply to second degree candidates.

### Academic Standards for Participation in Athletics and Organizations

In order to participate in any Recognized Student Organization (RSO) or intercollegiate athletics team, students must meet minimal academic requirements that are consistent with the academic standing policies of the College. Students must attain the minimum cumulative GPA indicated in the following schedule to participate in RSOs and athletics:

- 1st Semester, 1st Year: 1.500
- 2nd Semester, 1st Year: 1.700
- 1st Semester, Sophomore Year: 1.900
- 2nd Semester, Sophomore Year: 1.900
- 1st Semester, Junior Year and all later semesters: 2.000

Failure to achieve the minimum GPA will result in eligibility probation. Eligibility probation means that the student, although eligible to participate, will have one semester to raise his or her GPA to the designated minimum level. If this level is not attained, the student will be ineligible to participate in RSOs and athletics. After a student is ineligible to participate, he or she must attain the designated minimum GPA to regain eligibility.

The Academic Appeals Board may declare a student ineligible, with no eligibility probation, if the student's GPA is significantly below the required level.

## Course Completion Requirement

Full-time students must successfully complete twenty-four credit hours each academic year to maintain eligibility to participate in RSOs and athletics. A student who fails to successfully complete twenty-four credit hours during an academic year will be ineligible to participate beginning with the next fall semester. Such a student will regain eligibility when he or she has successfully completed the sixth course.

### Special Provisions

Ineligibility to participate in RSOs and athletics will take effect at the beginning of the next

semester.

Any executive officer of a RSO (E-Board member) or captain of an athletics team must forfeit that position if placed on eligibility probation. Individual RSOs and teams may set and enforce higher standards for participation. The special conditions described in the section on academic standing also apply to these academic standards for participation in RSOs and athletics.

## Academic Standing Policy: Academic Warning, Probation, and Suspension

Academic standing refers to a student's status in terms of academic performance. These regular reviews are a way of helping students stay on the path to degree completion and academic success. Academic standing reviews are conducted at the end of each fall and spring semester as well as the end of the second or full summer sessions.

A student's cumulative grade point average is the average of all grades taken at the institution for their degree. The cumulative grade point average determines whether students are placed on academic warning, probation, or suspension; it also helps determine when they may return to good academic standing. The College will notify, in writing, each student who goes on academic warning, probation, or suspension. *Please note that students may be administratively withdrawn from their courses for academic disengagement at any point in the semester. This policy may be found [here](#).*

### Academic warning

Any student who, beyond the first semester, falls below the minimum cumulative grade point averages listed below will be placed on academic warning for one semester. A student who is placed on academic warning must see their success coach or academic advisor and develop an Academic Success Plan.

Course units/credit hours attempted (not including W courses)*	Minimum required cumulative grade point average
1-7.75 course units/1-31 credit hours	1.5
8-11.25 course units/32-45 credit hours; transfer students are included in this category	1.75
11.5 course units or more/46 or more credit hours	2.0
Graduate students	3.0

\* Albright is transitioning from a course unit to a credit hour policy. A course that is .75 course units is equivalent to a three-credit hour course; a course that is 1 unit is equivalent to four credit hours.

## Academic probation

Any student remaining below the minimum cumulative grade point averages noted above following a semester of academic warning will be placed on academic probation for one semester. The student who is placed on academic suspension must see their Student Success Coach or academic advisor and develop an Academic Success Plan. Students on probation are not eligible to participate in athletics and registered student organizations.

## Extended academic probation

Any student still below the minimum cumulative grade point averages noted above after one full-time semester of academic probation is subject to academic suspension. In these cases, a student may appeal to receive extended probation. The student must submit an appeal to the Academic Appeals Board who may grant one semester of extended probation to a student who:

1. Has made progress toward academic good standing while following their Academic Success Plan, and
2. Has a reasonable mathematical chance of reaching the minimum cumulative grade point average listed above after one additional semester on probation.

Extended probation is intended to allow students to complete their degree in a timely manner. If a student who has received a letter of dismissal is granted extended probation status, they must enroll in the next available full-term semester (summer is excluded). If a student does not enroll in the next available term, they will be subject to the full guidelines associated with academic suspension.

## Academic suspension

1. Students earning a 0.00 term grade point average at the end of their first semester of full-time enrollment will be suspended from the College. They may return to Albright College when they satisfy the guidelines for return (see section on “Readmission” below).
2. Students who are *not* in their first semester of full-time enrollment and earn a 0.00 term grade point average at the end of any semester of full-time enrollment will be reported to the financial aid office and administratively withdrawn from the College. Students who are administratively withdrawn will have the opportunity to appeal to the Academic Appeals Board. This appeal must include documentation that they met with the Financial Aid Office to discuss the financial aid implications of their academic status.
3. A student who is still below the minimum cumulative grade point average listed above after one full-time semester of extended probation will be suspended.

4. Any student who regains good academic standing but falls below the minimum cumulative grade point average standard in any subsequent semester will be placed on probation and given a maximum of 3 course units/12 credit hours to return to good academic standing.
5. A student may be placed on probation no more than twice; placement on probation for a third time will result in immediate suspension from the College.
6. Students may be suspended from Albright College for academic standing only at the end of the fall or spring semesters.
7. Nothing in this policy should be taken to preclude the dismissal of students for violations of other College policies, in accordance with the provisions of those policies.
8. A student dismissed at the end of the spring semester may enroll in a summer session at Albright College in an effort to increase their cumulative grade point average to the required minimum grade point average. Please note that courses transferred from other institutions may satisfy a degree requirement if approved, but they are not calculated into the Albright grade point average.
9. A student may appeal their suspension in writing to the Academic Appeals Board.

## Readmission

1. Students will be considered for readmission after two full academic sessions following the time of dismissal. For the in-person undergraduate program, the fall semester, spring semester, and full summer session constitute full academic sessions. For students enrolled in online programs through the School of Professional Studies, each of the two fall, spring, and summer course periods constitute a full academic session. Please refer to the “Returning after Academic Suspension” policy [found here](#) for information about readmission criteria and processes.
2. Students readmitted to the College will have a maximum of two full-time semesters to reach the minimum cumulative grade point average. Failure to achieve a minimum cumulative grade point average following the second semester of readmission will result in a second dismissal. Any student who is dismissed from the College for poor academic performance a second time may be eligible for future readmission to the College two years after the second dismissal.

## Academically Disengaged Student Policy

Albright College recognizes that attendance and active engagement in class is essential for students' academic success. It is each student's responsibility to attend class and be accountable for all assignments.

While individual faculty may hold stricter attendance or participation policies, the College identifies a student as academically disengaged when: a student is absent from all enrolled in- person, hybrid, or online courses for the first week of the Fall or Spring term or the equivalent, as determined by the Registrar, for terms of different lengths (such as Summer).

Additionally, academic Disengagement occurs when a student is absent from all attempted in- person, hybrid, or online courses for two weeks within the Fall or Spring term or the equivalent, as determined by the registrar, for terms of different lengths (such as Summer).

Albright College may administratively withdraw academically disengaged students from their courses upon consultation with the dean of students and/or the chief academic officer. Students who are administratively withdrawn must follow all normal college processes to separate themselves from Albright College. (See the Withdrawal Policy for more details). Students who have been administratively withdrawn must remove all personal effects from the residence halls and vacate within 24 hours. Withdrawal grades will be assigned according to the normal Registrar dates for the given term.

## Accessibility

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act require that Albright College ensure that its programs, services, goods, and facilities are accessible to individuals with Disabilities.

Albright College, in compliance with state and federal laws and regulations, including the Americans with Disabilities Act and Section 504 of the Rehabilitation Act, does not discriminate based on Disability in administration of its education-related programs and activities, and has an institutional commitment to provide equitable educational opportunities for disabled students who are otherwise qualified.

Albright College is committed to providing equitable access to information technology, digital materials, services, and the environments in which information technology is used. All faculty are responsible for ensuring access to their Web content, Web applications, digital materials, environments, and services to the greatest extent possible in accordance with the following practices.

The College will meet the standards and guidelines outlined in the Web Content Accessibility Guidelines (WCAG 2.1) Level AA for all web-based electronic information,

communication, and technology. Further, it will follow the Guidance on Applying WCAG 2.1 to Non-Web Information and Communications Technologies (WCAG2ICT).

Please note that Albright's commitment to follow WCAG 2.1 Level AA for all web-based electronic information, communication, and technology only applies to web-based electronic information, communication, and technology that are used for Albright-related business. Personal web pages or websites published by students, employees or non-college organizations that are not used to conduct college-related business are outside the scope of this policy.

In cases where Web content, Web applications, digital materials or services are not accessible, an individual with a disability may request that the Web content, Web application, digital material or service be made available in an accessible alternative format or that an equally effective accommodation be provided by the unit responsible for its provision and maintenance. The responsible unit must, upon receipt of the request, either make an accessible alternative format available or provide an equally effective accommodation.

## Appealing a Grade

A student has the right to initiate an appeal to an instructor's grade which the student regards as unjustified within one week of the beginning of the following fall or spring semester. If the matter cannot be resolved by discussion between the student, instructor, and the instructor's department chair, it should be brought to the chief academic officer, who will consult with the instructor and the department chair. If this procedure does not result in a mutually acceptable solution, the chief academic officer is expected to refer the case to the Academic Appeals Board, if the student desires. The appeals process is described in the Academic Appeals section. Final determination of the grade is the instructor's prerogative.

## Assignment of Credit Hours

*Albright College is transitioning from a course unit to a credit hour system. One course unit is the equivalent of 4 credit hours, .75 course units are equivalent to 3 credit hours, and so on.*

### I. CREDIT HOUR DEFINITIONS

Pennsylvania regulations state that "A semester credit hour represents a unit of curricular material that normally can be taught in a minimum of 14 hours of classroom instruction, plus appropriate outside preparation or the equivalent as determined by the faculty" (PA Code, Title 22, section 31.21), using a 14-week semester as its typical standard (excluding final examinations).

The federal definition of credit hour (Title 34, §600.2) states:

a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than –

(1) One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or

(2) At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

Albright courses comply with state and federal guidelines.

## II. CREDIT HOUR ASSIGNMENT POLICIES

In the day program, Albright College follows a semester system. Both fall and spring semester classes run for 15 weeks, which includes one exam week. Albright also offers accelerated course opportunities of varying duration in the day program in two summer sessions. The School of Professional Studies offers two sessions per semester and two sessions per summer. Courses meet for 7.5 weeks. Regardless of calendar, all courses meet the federal government's regulations for credit hours. The faculty is responsible for the curriculum. Faculty committees, the Registrar's Office, and the Office of Academic Affairs work together to ensure appropriate student work and outcomes, adherence to scheduling expectations, and compliance with credit hour policies. During the new course approval process, the faculty Curriculum Development Committee and the General Education Committee (as relevant) review rationale for the new course, student work expectations, and the syllabus. Prior to the start of each semester, the Registrar's Office and the Office of Academic Affairs review the class schedule to ensure that all classes are scheduled for the minimum number of minutes required for its credit hour assignment. Discrepancies are brought to the department chair and the instructor for correction. All syllabi are collected by the Office of Academic Affairs each semester and are available for review during the periodic reviews of academic programs.

Credit hour assignment for new courses or changes to credit hour assignment for existing courses is subject to CAO approval, which must be secured before the course is reviewed by the CDC and GEC (as relevant).

Following is a general overview of credit-hour assignments in different instructional scenarios. Day Program

### 1. Lecture and Seminar

Albright lecture and seminar courses are 3-credit hour courses. The courses in the day program run in 15-week semesters for the Fall and Spring semesters, which includes one final exam week. Lecture and seminar courses typically meet either for three 50-minute, two 75-minute or one 170-minute class period(s). Programs may also develop courses that meet for 1 or 2 instructional hours and are 1- or 2-credit hour courses. Select lecture and seminar courses may meet 4 instructional hours and are 4-credit hour courses. Such lectures and seminars will typically be math, upper-level language, digital media, and other courses where additional contact time is materially relevant to the student learning objectives. In addition to instructional time, all courses expect two hours of outside work for each one hour in class.

## 2. Laboratory Courses

Many courses in the natural sciences include laboratory experiences for students. Laboratory classes meet for weekly sessions and are 1-credit hour in addition to the 3-credit hour lecture associated with the laboratory. Computer laboratory classes, as are typical in the social sciences and computer sciences, meet for weekly sessions and are 1-credit hour in addition to the 3-credit hour lecture associated with the laboratory.

## 3. Studio Sessions and Other Arts-Oriented Laboratory Courses

Some courses in fine and applied arts can require additional time for hands-on instruction and creative production. Programs such as studio arts, theatre, and fashion typically meet these needs through either studio sessions or an additional laboratory associated with a lecture class. Approved film courses offered in various programs may also add a laboratory session for the purpose of screening relevant media. These classes will be 4-credit hour courses.

## 4. Music and Theatre Practicum

Music lessons, ensembles, and other production experiences will be 1-credit hour per semester.

## 5. Independent Study

Each department provides opportunities for different levels of independent study of topics that no regular course addresses in the desired depth or breadth, and may at times offer as independent instruction courses in the catalog not available to a student in a given semester. The minimal hour requirements and learning objectives are the same as for any other credit-bearing course. The instructor is required to keep a record of the meeting times as well as the academic work required of and submitted by the student. These practices are evidenced in the required course syllabus, which is attached to the Independent Study Proposal Form that must be approved by the supervising instructor, the department chairperson, academic advisor, and the CAO. Six credit hours of independent study may be counted toward degree requirements.

## 6. Internship for Credit

Each department provides three levels of internships, each one reflecting the level of expertise and responsibility expected of the student. The minimal hour requirements are the same as for any other credit-bearing course. The student must spend between 130-150 hours on-site. In addition to on-site hours, periodic contact with the instructor overseeing the internship as well as written work are required. The student is required to keep a detailed record of on-site hours, verified by the on-site supervisor. The instructor is required to keep a record of meeting times as well as the academic work required of and submitted by the student. Such practices are documented by the course syllabus, which is submitted to the Career Development Center during the application process. Applications for internships are approved by the supervising faculty member and the CAO or designee.

### 7. Accelerated Courses

Summer courses in the day program maintain required minimum contact hours of 45 hours, plus 2 hours of additional work per every 1 hour in class, but these classes follow a much more intensive schedule. There are two summer sessions; typically summer courses meet for 5 weeks, although some courses run the full summer session. Summer courses cover the same content and contain the same student learning outcomes as courses taught during the regular semester. The Registrar advises faculty of credit hour needs when announcing the request for summer courses and reviews all class schedules once submitted prior to student registration. Syllabi document instructional time and outside work.

### 8. On-Line Courses

A limited number of on-line courses are offered in the day program. On-line courses deliver all instruction via technology with no face-to-face instructional time. On-line courses follow expectations outlined in an instructional equivalency chart [HERE](#) that is a required part of the on-line course development process. All on-line courses cover the same content and contain the same student learning outcomes as courses taught face-to-face. All syllabi document instructional equivalencies, which add up to 45 hours for a 3-credit course, along with two hours of outside work for each one hour in class; and 60 hours, along with two hours of outside work for each one hour in class, for a 4-credit course.

### School of Professional Studies

All SPS courses follow the federal definition of a credit hour, as outlined in more detail in the SPS “Assignment of Credit Hour” policy [HERE](#). As an accelerated program, courses use a schedule of instructional equivalencies to achieve expected instructional time (45 hours for 3- hour courses and 60 hours for 4-credit courses). In addition to instructional time, all courses assign two hours of outside work for each instructional hour.

The SPS credit hour equivalency guide was developed according to the guidelines set forth by the Council for Accelerated Programs (CAP); the equivalency guide is accessible [HERE](#).

All SPS courses are on-line and subject to identical requirements as described above under “On-Line Courses.”

## Auditing a Course

A student may elect to audit a course, with the approval of the instructor. A student does not receive academic credit for an audited course. The audited course will be listed on the student's record and transcript if the instructor certifies satisfactory attendance in the course. A student may request the Registrar's Office to change a course from audit to credit or credit to audit during the add period. Part-time students will be charged an audit fee.

## Class Attendance

Regardless of course format, Albright College considers regular attendance, participation, and interaction with the instructor and other students to be essential components of successful learning in an Albright class. Courses are conducted for the benefit of students, and it is important that students attend regularly and participate in class activities, however attendance and participation are defined by the course instructor. The academic program takes priority over other obligations, whether sponsored by the College or not. The student is responsible for attending class and for work missed due to absence, and the faculty are not required to make special arrangements for student absences. The presence of a qualifying disability accommodation may allow some flexibility on attendance and due dates, but the essential academic integrity of course goals and student learning must be preserved.

Specific attendance requirements vary according to the nature of the instruction and goals of a course. Instructors and academic departments may impose specific attendance requirements, including policies on tardiness; all such policies should be explained in the course syllabus.

Faculty members have the right to reduce a student's final course grade based on his or her attendance as defined for the course in question. Good communication from the student to the faculty about problems related to attendance and meeting deadlines is crucial, and instructors may ask any student to justify absences or missed work, although such justification may not preclude penalties. Each instructor is expected to monitor student attendance; attendance-related records can be important information with regard to potential refunds and withdrawal dates and to settling potential disputes over missed classes or exams and grade penalties.

## Classroom Recording Policy

If you will be recording your classroom sessions, faculty must make sure that your participants are comfortable with being recorded. At minimum, you will want to notify all participants that they will be recorded before you begin recording. The video-conference

system will also indicate to all participants when a session is being recorded by adding a “Recording” tag on the top left-hand corner. If a participant is uncomfortable with being recorded, you may want to allow them to turn their video and/or microphone off and encourage them to participate through other means, perhaps using the chat feature.

Once a recording has been made, faculty must take steps to ensure the participants’ privacy if you will be sharing the recorded material. Any recordings of a class session that includes video or audio of students are protected by FERPA and as such cannot be shared with anyone outside of that course section. To further ensure students’ privacy, avoid recording any classes where you anticipate that sensitive information might be shared.

Online synchronous class sessions can be recorded at the discretion of the professor. The purpose of this is to provide access to material for students enrolled in this class who miss the session for some reason, such as an excused absence or an unanticipated problem with internet connectivity. In addition, these recordings can be a resource for all students who would like to review the material of the session.

If you plan to record class sessions, you may want to add language in your syllabus indicating that you will be recording the class sessions and remind students at the beginning of sessions that they are being recorded. See sample language on the Sample Syllabus Statements page.

All recordings will be stored within the LMS and will only be available to view by members of this course. The recordings for the course will be deleted at the end of the course.

This policy will be updated by the Digital Learning and Innovation department.

## Commencement

Degrees are conferred at graduation dates in May, August, and December of the graduation year. Graduates are expected to attend the commencement ceremonies as scheduled, unless excused by the president. Any student completing graduation requirements after the May, August, or December graduation dates (but before the next graduation date) will receive, upon request, a letter from the Registrar indicating successful completion of graduation requirements. The diploma will be dated as of the next graduation date.

A student who is in good academic standing who is no more than 8 credit hours short of completing his or her graduation requirements may participate in commencement. Such a student will not be recognized for any graduation honors in the commencement program or at the commencement ceremony. Both a student’s overall and major grade point averages must be at least 2.000 for the student to be considered in good academic standing.

## Course Change Periods

Students may add courses through the first five class days of the day fall and spring semesters with the approval of their adviser and the course instructor.

Students may drop courses through the first ten class days of the day fall and spring semesters with the approval of their adviser and the course instructor. A dropped course does not appear on the student's transcript. The summer sessions have their own course change periods which are indicated in their course schedule publications. Please see "Withdrawal from Courses" for the policy on withdrawing from a course after the drop period.

## Course Loads

A full-time student is one who is enrolled in at least 12 credit hours in any given fall or spring semester. The normal student load consists of 15 credit hours in the fall semester, and 15 credit hours in the spring semester. Students can take 6-8 credit hours in the summer (no more than two courses simultaneously). Students may enroll in 18 credit hours in either the fall or the spring semester. If students want to enroll in more than 18 credit hours, they must have a 3.000 cumulative grade point average and have permission from the chief academic officer.

First-year students cannot take more than 18 credit hours in either semester.

These course load policies count transfer courses toward the maximum allowed for a given term.

Departments that require more than 18 credit hours a semester because of state or professional accrediting requirements should seek a routine exemption from the chief academic officer for the program. Students in such programs will still require the minimum grade point average or approval for the overload, as stated above.

## Course Retention Policy

This policy establishes guidelines for Albright College's retention rules for course sites being stored in Albright College's Learning Management Systems. This policy is designed to reduce the number of historic courses currently being viewed in the course list view, decrease the amount of storage on the cloud, and adhere to the LMS support policy.

The guiding principles of this policy are:

- To retain course sites and course content for a period of time which instructors, students, staff and administrators find adequate and useful
- To optimize the performance of the LMS
- To ensure that storage space is used efficiently

- To adhere to the LMS support policy

This policy applies to all courses taught in the Undergraduate, Graduate, and SPS catalog and sites maintained by staff and other areas of Albright College. The policy refers to all courses automatically generated in the registration system and subsequently populated in the LMS. Additionally, this policy refers to any restored or otherwise manually created added courses by faculty, staff, and students. This policy applies to all users of Albright's learning management system.

Courses will be available to faculty, staff and students on the Learning Management System and in the following framework and as defined by terms in the Albright College Academic Calendar:

- Courses will be made available to instructors when registration for courses opens in the student registration system
- Courses will be made available to students 14 days before the course start date (subject to publishing of course by instructor)
- Courses are available to both instructors and students for 30 days after the beginning of the following semester to account for incompletes. See the Grades of Incomplete Policy for more information.

Course sites will be available for faculty within the LMS for a period of seven (7) years from the end date of the term in which they were taught. After that time, the course sites will be archived and removed from the course list. This includes all files, grades, assignments, quizzes, surveys, links, videos and anything else associated with the course site. All other sites will be available indefinitely in the course list.

The archived course sites will remain available. This is consistent with the storage of data in the Information Retention Policy and aligns with accreditation requirements. If during this period a course needs to be restored, the instructor of the course will submit a request to Client Services and every effort will be made to restore the course.

## Credit by Examination/CLEP and DSST

Credit for any courses not previously scheduled at Albright may be granted on the basis of the student's earning a quality grade on a challenge examination prepared and approved by the department involved. Standards on such examinations correspond to those set for students in the courses offered. Preparation for testing may consist of previous study, day course work, or student-initiated self-study. A grade of Q is recorded for a successful challenge examination. Students may receive credit for up to seven courses achieved through College Level Examination Program (CLEP) Exams. In general, a student must achieve a score of **Fifty (50)** or above on an exam to receive credit for one course.

## Departmental Distinction

Seniors with at least a 3.250 cumulative grade point average and at least a 3.500 grade point average in the major may pursue Departmental Distinction. Students are encouraged to discuss this option with a departmental advisor no later than the junior year.

In addition to the grade point requirements, students must successfully complete a senior honors project. The Honors Committee determines the specific policies relating to the senior honors project and publishes them in the Honors Guide. The senior honors project is a yearlong independent research project completed in the spring of the senior year. The same project may be submitted in partial fulfillment of the requirements for both Departmental Distinction and College Honors. Students who earn Departmental Distinction will receive special recognition at graduation. Students should speak with their department chair or advisor about other requirements specific to each department.

## Examinations

Written examinations are given at frequent intervals during the semester, at the discretion of the instructor, and at the end of each semester. If, for a legitimate reason, a student is absent on the day scheduled for an announced examination, the student must initiate a request for the instructor to administer a deferred examination.

Students are expected to take their final examinations as scheduled. Accordingly, students should not make plans to leave campus before the last final examination period.

No student is required to take more than two regularly scheduled final examinations on any one day. Any student who has three or more examinations scheduled on one day is responsible for talking to and submitting a written request for rescheduling to each instructor at least two weeks before the beginning of the first scheduled final examination in order to reach a solution. If none of the instructors agrees to reschedule, the student must contact the chief academic officer at least one week before the beginning of the first scheduled final examination in order to reach a solution.

## Excused Absences Guidelines

The College expects students to attend classes on a regular basis, however attendance is defined for the course's mode of instruction. The policies stated below offer official guidelines on class attendance in cases of field trips, athletic events, and relevant disability accommodation.

Field trips, either as part of an academic course or an activity of a registered student organization (RSO), and athletic events provide a rich and valuable educational experience to our students.

While these experiences are encouraged and supported by college resources, they must be balanced by a consideration of the impact on the student's entire education, especially

the absence from normally scheduled classes that some activities require. For this reason, the following policy has been developed to guide faculty, students, and administrators as they balance these competing pressures.

The general principle of these guidelines is that if a scheduled athletic competition conflicts with a class meeting or event, students should be excused from a class, provided that they adhere to the responsibilities listed below. Excused athletic absences from classes apply only to athletic competitions and not practices. For course field trips and RSO travel, faculty planning the excursion should not expect that an excused absence is automatic from the teaching faculty. The guidelines in this policy should be followed. RSO committee meetings or regularly scheduled student organization meetings do not meet eligibility requirements for excused absences.

Coaches, RSO advisers, and professors should strive to understand the demands on the student's time and resources by practicing open communication and dialog in individual cases. Students should never be placed in a conflict among faculty, RSO advisers and coaches. All parties must seek out the counsel of the athletic director, department chairpersons and academic dean if a mutual adjustment cannot be obtained.

The policy outlined below should not be interpreted to mean that only faculty members are to excuse students from classes. Coaches should also be expected to excuse students from athletic events or practices when there are unique academic programs that are offered at times that conflict with athletic events or practices. The College schedules Experience events, seminars and professional gatherings at times that might conflict with athletic activities. Under certain circumstances, such programs may take precedence over athletic events.

### **Student Responsibilities: Professional Behavior**

Students have the following responsibilities in regard to an excused absence from class or required event for a scheduled athletic competition, required course field trips and RSO travel:

#### **Notify the Professor**

The student must personally notify his/her instructor at least one week in advance and in the class just prior to the absence.

#### **Obtain Missed Material**

The student is responsible for obtaining all information and materials presented or distributed in the missed classes. All academic assignments and course requirements must be made up from the missed class in a timely manner.

#### **Accept Responsibility**

Students should be aware that some in-class work simply cannot be made up. Such activities include, but are not limited to, presentations, class participation, drama

performances and foreign language practice. Students are encouraged to discuss the class activities with the professor before making the decision to miss class.

### **Submit Assignments on Time**

The student is responsible for submitting all assignments on time that were assigned prior to the day that the class was missed. A field trip, travel or athletic competition cannot be used as an excuse for late submissions. Assignments distributed on the day of the missed class, even if due in the next class period, must be completed on time.

### **Register Intelligently**

Students should schedule their courses each semester to minimize the need to miss classes. Review published athletic schedules before course registration periods. Consult with your academic adviser and coach.

### **Faculty Responsibilities for Field Trips: Responsible Implementation**

Professors who plan field trips have the following responsibilities:

#### **Request Funding Early**

If a class field trip requires the expenditure of college funds, permission from the department chair or the academic dean must be obtained prior to planning and announcing the field trip to the students.

#### **Plan Weekend Trips**

The faculty member is expected to schedule field trips over the weekend so as not to interfere with students' other courses and commitments. In cases where this is not possible, permission from the academic dean is required. If permission is granted, then faculty member is limited to one weekday field trip per semester for all her/his classes. This latter rule is designed to prevent an individual faculty member from scheduling multiple weekday trips that continually disrupt class schedules. Additional weekend trips are still permitted.

#### **Submit Notification to Dean**

The faculty member is to submit a field trip notification to the dean by completing the relevant forms, which can be obtained through the Academic Affairs Office. The notification should be presented to the dean's office three weeks before the trip, except in cases where college funding is requested (see above "Request Early Funding"). Include on Course Syllabus. The field trip description must be included in the course syllabus including date, required fees, and an alternative assignment if other commitments make attendance on the field trip impossible for the student.

#### **Notify the Faculty**

No later than two weeks prior to the trip an e-mail is to be sent to [faculty@albright.edu](mailto:faculty@albright.edu) that describes the academic importance of the field trip, the date and time of the trip, the names of the students participating, and a request that the students be excused from courses during the specified date and times.

### **Faculty Responsibilities in Excused Absences: Transparency in Requirements and Open Communication**

Faculty members have the following responsibilities:

#### **Provide Clear Written Policies**

The course syllabus should clearly explain the professor's policies with regard to attendance and make up work. These policies should be presented and discussed with the class at the beginning of each semester. There should be a clearly articulated policy on make-up testing and the requirements for participation in events or programs not scheduled during regular class hours.

#### **Use Transparent Process**

The professor must provide a reasonable and clearly understood mechanism for make-up work for excused absences. Such transparency is especially important for testing. The College administration encourages professors to aid the students in completing the material from the missed class. School policy does not require that professors provide additional assignments or work for the missed class.

#### **Articulate Late Assignment Policy**

The course syllabus should include a clear procedure on the submission of assignments by students with excused absence on the date the assignment is due. Assignments should not be due significantly earlier than the class time or in a way which might penalize the student for early submission. In the case of late assignments due to a qualifying, accommodated disability, the instructor and student should work with the disability office.

#### **Notify Parties**

When the professor concludes that the student has been or is at risk of being absent from an inordinate number of classes due to scheduled athletic events, travel, field trips, or accommodated disability, the professor should notify both the student and the relevant staff member (athletic director (AD), academic dean, student and campus life staff, or director of disability services) in a timely manner. If faculty members have concerns that the impact of athletic training activities affect a student's ability of attend class, they should communicate them to the athletic director and dean.

#### **Extended Absence from Class with Administrative Notice**

As explained in Albright's "Class Attendance" policy, Albright College considers regular attendance, participation, and interaction with the instructor and other students to be essential components of successful learning in an Albright class. The student is

responsible for attending class and for work missed due to absence, and the faculty are not required to make special arrangements for student absences. However, from time to time the Administration may alert faculty to a situation in which a student must miss class for an extended time due to a documented emergent situation, the reasons for which may be confidential. Faculty are encouraged whenever possible to arrange ways in which progress in a class may continue during this period, for example through remote or delayed assignments or testing, or, if necessary at the end of a term, by granting a grade of Incomplete for the course. It is understood that the nature of different courses varies, and the amount of flexibility allowable to a student may differ from class to class to preserve the fundamental learning outcomes of a course.

## Grades and Academic Reports

Evaluation of student progress is made at both mid-semester and at the end of the semester. At mid-semester, all grades are reported to first-year students and only non-quality grades (D, F, NQ, and I) are reported to upper-class students. Grade reports are sent to the students at their home addresses at the end of each semester. To designate the degree of scholastic achievement the following grades are used: A (superior); B (above average); C (average); D (below average); F (failure); and I (incomplete). Albright uses plus-minus qualifiers to indicate work at the upper or lower end of each letter grade range; C-, D+, D, and D- are considered below average.

Allowing flexibility for the instructor, the approximate numerical equivalents for these grades are:

- 90 and above: A
- 80-89: B
- 70-79: C
- 60-69: D
- below 60: F

For purposes of determining a student's grade point average, each grade is assigned a quality point value.

- A+/A = 4
- A- = 3.67
- B+ = 3.33
- B = 3
- B- = 2.67
- C+ = 2.33
- C = 2
- C- = 1.67
- D+ = 1.33
- D = 1
- D- = 0.67

- F = 0

## Incomplete Grades

A grade of Incomplete indicates that the student's work is satisfactory, but that completion of some requirements has been prevented by unusual circumstances. A request for Incomplete will be considered in the last few weeks of the semester until grades are submitted. The student will complete the Request for Incomplete Grade form with the instructor and submit the signed form to the Registrar's Office. The responsibility for communicating to an instructor a request for an Incomplete rests with the student, and when no such communication occurs, the instructor is expected to give the final grade most appropriate to the work actually completed. An instructor may petition for an Incomplete grade on a student's behalf only if the student is unable to complete the request for medical or other compelling reasons.

The student is expected to complete the required work so that a final grade can be submitted by the instructor within thirty days after the beginning of the next fall or spring semester. If a grade is not submitted by this time, the incomplete grade will be changed to a failing (F) grade. Any extension of an Incomplete beyond this time must have the approval of the instructor and the chief academic officer.

## Independent Study Course

Each department provides opportunities for different levels of independent study. The minimal hour requirements are the same as for any other credit-bearing course.

Prior to registration for independent study, a proposal form (available from the Registrar's Office or website) must be filed by the student by the end of the semester's add period; the proposal must indicate approval of the appropriate sponsoring instructor and the department chairperson (or a second member of the department when the sponsoring faculty member is the chair). Two courses of independent study may be counted toward degree requirements. Before a final grade can be assigned the student must submit a written report of the work done to the two sponsoring faculty members.

Note: Independent study courses may not be taken to satisfy general studies requirements. The following may be offered:

### 281 Independent Study Topics

Independent course work at this level allows students to pursue specialized interests in a manner different from that of more day courses. No superior competence on the part of the student is presumed as a qualification. These courses meet elective credit only and

may be taken only once on this level.

### 381 Advanced Reading or Laboratory

Independent work at this level is designed to allow the student to improve competence in a major or related area of interest. The instructor will assist the student in developing a bibliography to be attached to the application form. Minimum biweekly meetings may be scheduled. One or two course units may be taken on this level.

### 481 Advanced Research

Independent study at this level should be directed toward original topical or problematic research. The standards relating to bibliography, methodology, and interpretation of results should be consistent with the highest professional standards of the subject area. A written report is considered essential, a copy of which should be made available in the department office and in the library. One or two course units may be taken on this level.

## Individualized Study Program

At any time prior to the end of the sophomore year, a student may submit an Individualized Study Program (ISP) proposal to the Curriculum Development Committee (CDC) for a major different from those outlined in the College catalog. The CDC can approve proposals during the junior year for cases of extenuating circumstances that prevented an earlier development of the ISP. The proposal should outline the circumstances for any late submission. The ISP must provide for completion of the general studies requirements; include at least three academic disciplines; contain at least one 400-level course in each of two different disciplines; consist of 14 courses (five courses in the first discipline, five courses in the second discipline, and four courses in the third discipline); and be clearly superior to standard major requirements in meeting the student's academic or occupational goals.

The specific courses for each discipline must first be approved by the discipline's department chair or program coordinator. The entire ISP must be approved by the CDC.

Students interested in developing an ISP should find an adviser familiar with the student's goals as well as the general areas of study in which the student intends to concentrate. With the help of the adviser, the student will submit the ISP proposal to the CDC. The proposal form for an ISP is available from the Registrar's office.

## International Students – Special Requirements

The College offers a sequence of courses designed to enhance the learning experience of international students and students who are not native speakers of English. These courses provide students with the language proficiency, study skills and cultural understanding they need to be successful students at Albright. Non-native speakers of English may be required to take these courses based on their scores on their entrances exams or based on their results on an English placement exam. Failure to complete these courses as required may result in the student not being allowed to return to Albright.

## Leave of Absence & Withdrawal Policy

A leave of absence is defined as a decision to temporarily leave Albright College with a plan to return to the College in no less than two weeks and no later than one academic year from the semester of departure. For example, if a student takes a leave of absence in the fall 2029 semester, the student has until the start of fall 2030 semester to return.

A leave of absence might be voluntary or involuntary, might occur while a student is in good standing or on academic probation, and might be associated with a medical condition. There are three types of leaves of absence: voluntary, voluntary medical, and mandated medical.

Community Standards suspensions or academic suspensions will be handled by the appropriate department. Specific questions about Community Standards or academic suspensions should be addressed to the Student Life or Academic Affairs Office. Students planning a leave of absence should promptly consult with their academic advisor, the Financial Aid Office and the Residential Life Office to gain a better understanding of the possible ramifications, in particular as to how the leave of absence affects their academic progress, account balance, financial aid and housing. International Students must contact the International Students' Office or the Dean of Students to discuss their possible ramifications.

A student taking a leave of absence *for any reason* must meet the following conditions:

- A. The student must complete and submit the appropriate form to the Registrar's Office.
- B. The student must return to the College within one academic year. If not, the student will be fully withdrawn from the College. Please see below for more details about Withdrawals and the policies for readmission.
- C. The student is responsible for understanding how the absence may affect their current course grades and their academic standing.
- D. The student on a leave of absence may not be on campus without the permission of The Dean of Students.

E. The student on a leave of absence may not participate in college activities. This includes all athletics.

F. The student on a leave of absence may not remain living in a residence on campus. They should vacate their residence within 24 hours.

G. The student must have a financial plan in place to settle any account balance from a prior semester to avoid any delay in class registration for an upcoming semester.

H. The student on a leave of absence must meet the normal deadlines for applying for financial aid for the semester in which the student plans to return.

I. The student on a leave of absence is responsible for understanding how this may affect their current and future semesters' financial aid.

J. In order to meet many of these requirements, it is highly encouraged that the student meet with a college representative to have a Leave of Absence Meeting where these college processes will be discussed.

## Academic Information

A student taking a leave of absence after the end of a semester or between semesters will not affect their grades, as no courses will be in progress.

Taking a leave of absence during a semester may affect a student's grades, as their courses will be in progress. See the Class Attendance policy.

a. A student who does not take a leave of absence and simply fails to attend their courses will earn grades that reflect the student's academic performance and work completed in said courses; a leave of absence only occurs when a student has submitted the form to the Registrar's Office,

b. A student cannot take a leave of absence within the last two weeks of a semester, except in circumstances where a student is taking a medical leave of absence that is verified through Gable Health. These may be filed until the last day of the semester.

## Financial Aid Information

If you are able to complete your courses on time, there should be no effect. Failing or withdrawing from classes may lower your Satisfactory Academic Progress and affect your

eligibility for financial aid. Additionally, students who leave Albright and have borrowed through the Federal Student Loan program will be required to do Exit Counseling for their loans at [www.studentaid.gov](http://www.studentaid.gov). This counseling will advise students about repayment options and repayment start date, which begins 6 months after withdrawal from Albright. Should you return to Albright and begin to once again borrow through the federal loan program, your repayment will once again be deferred at that time. Consult the Financial Aid office for information about your specific situation.

## Residential Life Information

Students on a leave of absence should not be on campus and should not participate in any campus activities, including athletics. They will need to depart campus for the duration of their leave. If a student fully withdraws from the College, they must completely vacate their assigned space within 24-hours of submitting the withdrawal form.

## Short-Term Emergency

Sometimes, emergencies arise and require a student's attention. Short-Term Emergency is a situation that may cause students to miss academic and cocurricular experiences for no more than two weeks. See the Class Attendance policy. These situations differ from taking a leave of absence and a withdrawal in that they are not official separations from college and do not constitute the need for readmission or reenrollment.

*In the case of an emergency situation, for example the death of a family member, the hospitalization of a student, or a student entering an in-patient treatment program during a semester, students should contact the Public Safety Office as soon as possible to let the College know their whereabouts and the Dean of Students and their professors to discuss their short-term and long-term options, regarding time away from the College. Should the situation change and the length of time needed away from the College increase beyond two weeks, students should either contact the Gable Health and Counseling Center to make arrangements for a voluntary medical leave of absence or start the process for a voluntary leave of absence.*

## Voluntary Leave of Absence

Voluntary Leave of Absence is defined as when a student wishes to temporarily leave the College for a time no less than two weeks and no greater than one year for any personal reason not associated with physical or mental health, including but not limited to issues relating to work, travel, family, military service or another personal matter. *For medical-related leave of absences, please see below for more information.*

A student returning within the same semester in which the leave began should notify the Registrar when they return to classes. If a student indicates a return in a subsequent semester, the student will be contacted by the Academic Affairs Office for reenrollment. Reenrollment will be granted after students complete all the applicable features of the reenrollment document sent by Academic Affairs and this material is reviewed and approved by College administration; however, the college reserves the right to refuse reenrollment.

## Voluntary Medical Leave of Absence

During your time at Albright College, a student may experience life situations, or medical and/or psychological conditions that significantly interfere with their academic and personal success. In these instances, it may be necessary to take time away from Albright to focus on one's health. A voluntary medical leave of absence is intended to provide students with the opportunity to fully attend to their health and wellbeing, away from the stress associated with campus and academic life.

Voluntary Medical Leave of Absence is defined when a student wishes to temporarily leave the college for a time no less than two weeks and no greater than one year in order to seek professional treatment for a documented medical or psychological condition. A voluntary medical leave of absence from Albright College is processed through the Gable Health and Counseling Center so that the College can consult with students' off-campus care providers to ensure their safe return to full-time study with appropriate medical oversight, while keeping medical records secure and private.

Students requesting this type of leave of absence must indicate as such to the college, as it directly affects the reenrollment process. All requests for medical leaves of absence require the recommendation of the College's health or counseling care providers.

Recommendations are typically but not exclusively based on the following:

- A. An evaluation by staff at the Gable Health and Counseling Center
- B. A letter from a physician or mental health professional submitted to Gable Health and Counseling Center for review
- C. An evaluation from a hospital Emergency Room department submitted to Gable Health and Counseling Center for review

If a student indicates a return within the allowable timeframe, the student will be contacted by the Academic Affairs Office for reenrollment, directing the student to first contact the Office of the Gable Health and Counseling Center. The student should provide relevant medical information to the Gable Health and Counseling Center, such as

certification from a health care provider or psychologist that the student has participated in a course of treatment and is able to attend classes and conform to the standards of residential living. Return to the College may be contingent upon signing a behavioral contract. Such contracts may require the student to acknowledge that certain behaviors are proscribed.

The Gable Health and Counseling Center will review the paperwork and determine whether the condition requiring the medical withdrawal has been addressed sufficiently to allow students to resume their academic career at Albright successfully. Once the Gable Health and Counseling Center has cleared a student to return, they will direct the student to complete all the applicable features of the reenrollment document sent by Academic Affairs. The Gable Health and Counseling Center staff will help connect students with resources to support their successful return to campus and academic life.

## Mandated Medical Leave of Absence

Mandated Medical Leave of Absence is defined when the college requires a student to temporarily leave the college for a time no less than two weeks and no greater than one year if a reason exists for the college to believe a student's continued presence on campus poses a significant threat to self or others or to the stability and continuance of normal campus operations for a reason associated with physical and mental health.

Typically, a mandated medical leave of absence will arise from a student exhibiting acute or persistent health or behavioral problems, despite having been offered or provided with reasonable accommodations, such as those made in accordance with the Americans with Disabilities Act. The College may initiate the mandated medical leave of absence process if, in the judgment of the Senior Vice President for Student and Campus Life or the Behavioral Intervention Team, a student:

- A. Engages or threatens to engage in behavior that poses a danger of harm to self or others, causes significant property damage, or substantially affects the health or safety of others.
- B. Is not able to adequately address daily living skills to the extent that they cannot function independently and/or safely in the residential milieu.
- C. Interferes with or disrupts the operations, activities, or functions of the College or fails to comply with the behavioral requirements of a College official in the performance of his/her duty with regard to the College's commitments to both the individual and the community.
- D. In rare cases, a mandated leave of absence may co-occur with hospitalization or visit to the hospital. Occasionally, a student is released within hours or within a day or two of entering a hospital. If the student lives on campus, he/she must find alternative accommodations off campus. Any exceptions to this process must be approved by the

Director of Counseling Services or the Senior Vice President for Student and Campus Life.

If a student is able to and opts to return within the allowable timeframe, the student should contact the Gable Health and Counseling Center for reenrollment. Reenrollment will require providing relevant medical information to the Gable Health and Counseling Center, including certification by the student's health care provider or psychologist that the student participated in a course of treatment to resolve issues that precipitated the medical leave, is able to attend classes and is able to conform to the standards of residential living. Documentation should be provided to the college at least 45 days prior to anticipated return.

The Senior Vice President for Student and Campus Life, or their designee, will have the final authority regarding reenrollment, including returning to activities and residential life. The Senior Vice President for Student and Campus Life reserves the right to determine additional criteria for reenrollment, including, but not limited to, signing a behavioral contract that may require the student to acknowledge that certain behaviors are proscribed and that if they reoccur, withdrawal from the college will be mandated.

## Withdrawal

A withdrawal is defined as a decision to leave Albright College without a plan to return to the college before one academic year from the semester of departure. *References in this policy to "withdrawal" refer to full withdrawal from all courses.*

Students planning on withdrawing should promptly consult with their academic advisor, the Financial Aid Office and the Residential Life Office to gain a better understanding of the possible ramifications, in particular as to how the withdrawal affects their academic progress, financial aid and housing. International Students must contact the International Students' Office or the Dean of Students to discuss their student visas.

If a student wishes to return to Albright College after withdrawing, the student must contact the Admission Office and apply for readmission.

A student who plans a withdrawal for any reason is responsible for the following conditions:

A. The student withdrawing has completed and submitted the appropriate form to the Registrar's Office.

- B. The student understands how withdrawal may affect their current course grades and future academic standing.
- C. If a student withdraws tuition and institutional charges will be refunded in accordance with the schedule posted on the Student Accounts website.
- D. The student understands how withdrawal may affect their current and future financial aid.
- E. Following withdrawal, the student may not be on campus without the permission of the Dean of Students.
- F. Following withdrawal, the student may not participate in college activities. This includes all athletics.
- G. The student who has withdrawn may not continue to live in a residence on campus. They should vacate their residence within 24 hours.

### **Academic Information**

- A. A student withdrawing after the end of a semester or between semesters will not affect their grades, as no courses will be in progress.
- B. Withdrawing during a semester may affect a student's grades, as their courses will be in progress.
  - a. A student who does not withdraw and simply fails to attend their courses will earn grades that reflect the student's academic performance and work completed in said courses; a withdrawal only occurs when a student has submitted the form to the Registrar's Office.
  - b. Withdrawing anytime up to the 60th day of instruction in a regular 70-day semester or the equivalent, as determined by the Registrar, in terms of different lengths will result in the students' courses receiving the designation of W (Withdrawn). This will not affect a student's term or cumulative Grade Point Average.
  - c. After the 60th day or its equivalent, a student will receive their earned grade, except in circumstances where a student is taking a medical withdrawal that is verified through Gable Health. These may be filed until the last day of the semester.

### Financial Aid Information

Withdrawing may affect a student's financial aid. For more information, please see the Leave of Absence/Withdrawal FAQ.

### Residential Life Information

Withdrawing may affect a student's housing situation. For more information, please see the Leave of Absence/Withdrawal FAQ.

## Major

The major may be selected at any time but should be determined by the spring registration prior to the junior year. A delay in this decision may result in postponement of the student's graduation date.

Each major must include at least one 400-level senior seminar course, or two 400-level courses (one in each area) for a combined major. A cumulative grade point average of 2.000 must be achieved in all required courses for the major and any other courses designated by the department as appropriate for calculation inclusion. For a combined major, a grade point average of 2.000 must be achieved in EACH major.

## Family Educational Rights and Privacy Act Statement

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records:

The right to inspect and review the student's education records within 45 days of the day the college receives a written request. Students should submit written requests to the Registrar that identify the records they wish to inspect. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, he or she shall advise the student of the correct official to whom the request should be addressed.

The right to request the amendment of the student's education records that the student believes is inaccurate or misleading. Students should write the official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the college decides not to amend the record as requested by the student, the college will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person

employed by the college in an administrative, supervisory, academic or research or support staff position (including law enforcement unit, personnel and health staff); a person or company with whom the college has contracted (such as an attorney, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his other tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the college discloses education records without consent, to officials of another school in which a student seeks or intends to enroll.

The right to file a complaint. Complaints should be addressed in writing to the Registrar's Office so that a resolution may be found. Complaints may also be made directly to the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA." The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue SW, Washington, D.C. 20202-5920

For additional information on these rights, please contact the Registrar or the Dean of Student Affairs.

Albright College, in accordance with the FERPA, has designated the following items as public information: Name, Addresses, Telephone Numbers, E-mail Addresses, Date of Birth, Major and Degree, Participation in Sports and Officially Recognized Activities, Dates of Attendance, Academic Level (Class Year), Enrollment Status (Full-time/Part-time), and Degrees, Honors and Awards. Public Information may be released to the general public.

You may request that public information not be released by contacting the Registrar's Office in writing. Requests to withhold public information will be honored for the current academic year only. To remain in effect, a request must be re-authorized each academic year.

### **Parent Notification Amendment**

The Higher Education Amendments of the Family Educational Rights and Privacy Act (FERPA), permits postsecondary institutions to disclose to parents and legal guardians of students under the age of 21, without the student's consent, information regarding the student's violation of any Federal, State, or local law, or any rule or policy of the institution governing the use or possession of alcohol or a controlled substance.

## Phone Number Policy

Students will be asked to provide a personal phone number for communications from student services offices to support student success. These offices include, but are not limited to, Financial Aid, the Registrar, Health and Wellness, and the Office of Student Success. In the interest of student privacy, the academic phone number will be utilized for internal purposes only and will not be shared outside of the Albright community.

Students will be asked to provide a phone number (preferably mobile phone) at which they can be reached while enrolled. Students will provide this phone number through a phone form and will be able to update the phone number at any time while enrolled as a student. Students will also have the option to opt out of providing an academic phone number, but will be reminded that they are limiting the ability of key offices on campus to contact them directly when needed. Incoming students will be asked to provide this new phone number as part of the onboarding process through the Identity system. Current students will be required to provide a phone number or opt out and will be prompted until they complete one of the two options. If a member of the Albright community finds that a student cannot be reached at the number provided, the academic phone number will be deactivated, and we will resume prompting the student to update the academic phone number or opt out of contact. Every five years, the academic phone number will expire. Current students will resume being prompted until they verify or opt out of providing an academic phone number.

The academic phone number will be collected through eDocs and stored in the Student Information System (system of record). The phone number will be shared to other systems as needed, but will be updated to those systems upon update in the system of record.

## Quality/Non-Quality Grade

The designation of the Quality/Non-Quality (Q/NQ) grade has been devised to encourage students to take interesting and challenging courses outside their general area of knowledge. Quality work is C- or better; non-quality work is D+ or less. A student must request this designation during the fourth week of a fall or spring semester or the eighth day of a summer session. The grades Q and NQ are not counted in the cumulative average; both the Q and NQ, however, do appear on the student's transcript. A student may reverse the Q/NQ designation and request to take the final grade earned but to do so must inform the Registrar's Office of this reversal within 30 days of the end of the semester in which the course was taken. Reversing the designation may occur only once per course and applies only to courses not offered as Q/NQ only.

In addition to courses offered as Q/NQ only, one course may be registered for Q/NQ during each academic year a student attends the College. Q/NQ options may be used for general studies and for electives but not in the major. Any course that was previously registered as Q/NQ and is later used to meet major requirements will be reversed to the original letter grade submitted. Any course first elected as Q/NQ and later reversed will count toward the maximum number allowed.

## Repeating a Course

A student may repeat a course in which he or she received a grade of D+, D, D-, F, WF, or NQ. When a course is repeated, it counts only once for credit to the degree. Only the highest grade is included in the calculation of the cumulative grade point average. Each grade appears on the academic transcript. The course must be repeated at Albright for this policy to apply.

In general, a student may not repeat a course in which he or she received a grade of C- or higher. However, a student may repeat such a course with the permission of the adviser and approval of the academic dean. In such case, both the original grade and the second grade are included in the cumulative grade point average.

## Society of Jacob Albright Scholars

Graduating seniors who have completed at least half of their course work at Albright and who possess a cumulative grade point average of 3.850 or above at the end of the term preceding commencement will be inducted as members in the society and will be designated as Jacob Albright Scholars for life. Those who qualify only after the end of the spring term will be notified of their membership after commencement.

Note: The 3.850 Grade Point Average is effective with the Class of 2017.

## Standard Program

The standard program for full-time day students consists of eight regular semesters.

Senior year work must be taken at Albright College as a full-time student (at least three course units per semester). All students are expected to take major courses on the Albright campus. Transfer students must complete a minimum of ten course units at Albright.

Bachelor's degree holders may earn an additional Albright degree by completing at least eight course units (in a new full major); such students must satisfy general studies and major requirements.

In addition to these academic requirements, to be eligible for graduation a student must have satisfied all obligations to the College including, but not limited to, payment of any outstanding charges and return of equipment and library books. The student also must be in good standing under the Student Code of Conduct as administered through the judicial system of the College.

## Study at Other Institutions

Current Albright students can transfer to Albright courses taken only from accredited degree-granting institutions. Any exceptions to this policy will be determined by the academic departments involved and the academic dean.

Only courses in which a student earns a grade of C- or better will be transferred to Albright. No more than four courses can be transferred once a student becomes an Albright degree student. The grades earned in transfer courses will not be counted in the Albright grade point average (GPA).

In the case of non-major courses, students must obtain preliminary approval to take a course at another academic institution from the Registrar's Office. The Registrar will use academic standards and guidelines provided by the academic departments in granting preliminary approval for a transfer course. Preliminary approval does not guarantee that transfer credit will be granted. Final approval for transfer credit will be granted only when Albright receives an official transcript from the other institution and any other materials that may be requested to establish the nature and transferability of the course, for example a syllabus indicating expected learning outcomes.

In the case of major courses, students must obtain preliminary approval to take a course at another academic institution from the chair of their major's academic department, the chair of the academic department in which course credit is sought (if it is a related course) and from the Registrar's Office. Preliminary approval does not guarantee that transfer credit will be granted. Final approval for transfer credit will be granted only when Albright receives an official transcript from the other institution and any other materials requested to establish the nature and transferability of the course.

Academic departments will use appropriate academic standards in the evaluation of transfer work. This may include, but is not limited to, the evaluation of a course syllabus and expected learning outcomes, other course materials, student work, and the

administration of an examination by the department.

Students transferring to Albright from other institutions are governed by the above regulations once they are degree students at Albright. Transfer students must complete at least ten course units at Albright to earn an Albright degree and they may be required to complete more than ten course units in order to fulfill specific general studies and/or major requirements.

Courses taken in approved Study Abroad programs or in approved domestic Off-Campus Study semester-long programs (such as the Washington Center or the National Theater Institute) are treated as Albright courses for the requirement that transfer students must complete at least ten course units at Albright. They are also treated as Albright courses for the requirement that current students can take no more than four courses at other institutions.

Albright's adult School of Professional Studies does not accept transfer courses for major credit due to the cohort-based model of its Degree Completion Program. Also, School of Professional Studies students can transfer more than four courses after becoming an Albright degree student.

## Transfer Policies

Albright College welcomes applications for admission from students currently attending other colleges and universities. A student may be admitted to Albright as a transfer student at the beginning of either the fall or the spring term. Transfer credit is considered to be credit earned at a college or university other than Albright after a student has completed secondary school or the GED, but prior to the student's first enrollment at Albright College.

Current Albright students must complete the [Off-Campus Course Approval form](#). Enrollment at another institution in a Fall or Spring semester except through consortia relationships or other partnerships is not permitted. Course work completed as part of a study abroad experience at an international university must meet the criteria described on the [Study Abroad website](#).

A maximum of 22-23 course units (90 credit hours) may be transferred to Albright, but the student must complete a minimum of 7-8 course units (30 credit hours) at Albright.

Credit is granted for courses completed with a grade of "C-" or better; courses with grades lower than "C-" will not be accepted for transfer. Courses taken on a pass/fail basis will be accepted only if a grade of "pass" is equivalent to at least a "C-" at the awarding institution. Transfer credit will not be awarded for any course for which a student has previously earned credit at Albright. In addition, if a student subsequently takes a course at

Albright for which transfer credit has previously been awarded, the transfer credit will be removed from the student's Albright transcript.

Transferred course credits count toward the graduation requirement of 30 course units, based on four-credit hour courses, but the grades for such courses are not included in the student's academic grade-point average. The Albright transcript does not indicate the grades of transferred courses. Courses must be the equivalent of courses taught at Albright or be judged by the College to be consistent with Albright's curriculum. Course equivalencies will be determined by the Transfer Admission Officer in consultation with the Department Chair / Program Director, and the Registrar. If it is determined that there is not an equivalent Albright course, elective credit will be awarded. Official transcripts from each post-secondary college or university attended are required for transfer credit to be awarded. No credit(s) will be posted until official transcripts with final grades are received by Albright.

To be acceptable for transfer credit, U.S. courses must be taken in residence at (i.e., through registered enrollment in) a regionally or nationally accredited institution. Courses taken outside the U.S. must be transcribed either by an accredited U.S. partner institution or by a foreign institution certified in its home country by a process of comparable rigor to U.S. accreditation. Students must have an NACES recognized evaluation agency (some examples include AACRAO Office of International Education Services, Josef Silny & Associates, World Education Services, etc.) provide an evaluation of the foreign transcript to Albright College.

Transfer credits earned under an existing articulation agreement may be subject to separate guidelines, as outlined in the [specific agreement with each school](#). Students transferring to Albright with a completed Associate's degree from a regionally accredited institution are only required to take a Synthesis course to fulfill their [general education requirements](#).

Transfer students seeking AP, CLEP, or DSST/DANTES credit for examinations taken prior to matriculating at Albright College must provide an original score report from the College Board. Credit for these examinations will not be granted based on a transcript from another institution.

For students who have earned academic credits while in military service, and which are recorded on a Joint Service Transcript, credit will be accepted per the recommendation of the American Council on Education (ACE), so long as it otherwise meets the criteria for transfer of credit to Albright College. Transcribed military experiences are ineligible for transfer.

## Withdrawal from Courses

With the adviser's approval, a student may withdraw from a course anytime up to the 60th day of instruction in a regular 70 day semester or the equivalent, as determined by the Registrar, in terms of different lengths. The designation is W (Withdrawn) and is so noted on the student's record. After the 60th day, or its equivalent, a student will receive the earned grade, except in circumstances where a student is taking a medical leave of absence that is verified through Gable Health. In those instances, the designation of W will be used. Requests for a medical leave of absence may be filed until the last day of the semester.

Official withdrawal requires that a withdrawal form be submitted to the Registrar's Office.

Financial aid recipients should consult with the Financial Aid Office when considering course withdrawal.

## Undergraduate Day Academic Programs

### General Education

Gain broad-based knowledge and essential skills needed for success in college and careers with Albright's general education program! This program prepares you for a interconnected world and helps you to find your spark by challenging you to integrate and apply creatively what you have learned. You will meet your personal, four-year Success Coach; forge your own path through student-driven experiences; earn guaranteed credentials, right in the classroom; and discover passions for subjects and career paths that you didn't know existed.

Create your general education journey through these 13-14 courses, developing skills and knowledge along the way.

#### **First-Year Seminar (1 course)**

Gain essential college skills through an array of topics while partnering with your four-year Success Coach. This course is required of all first-year students as well as transfer students with fewer than 8 course units or 24 credits. Students are considered first-year students if they have not attended a different college following their high school graduation, even if they bring in credits from dual enrollment or other methods. Topics include Media Literacy, War and Peace, the Cultural Politics of Hip Hop, and Fashion in Activism.

#### **English Composition (2 courses)**

Develop communication and information literacy skills for success at Albright and beyond. English 101, Composition, focuses on thesis-driven essays and English 102, Writing About Texts, emphasizes research writing and information literacy.

### **Foundations (6 courses)**

Build the foundation of your educational journey with these fundamental, Foundations-designated courses across six areas: Fine Arts, Humanities, Social Science, Natural Science, Quantitative Skills, and World Cultures.

### **Connections (2-3 courses)**

Explore the rich and exciting history, creative products, beliefs and ideas of different cultures in the United States and around the world. Take Connections courses from different departments; at least one must be a designated Global Connections course. These courses come from a variety of fields, from history to gender studies, literature, international relations, business, sociology, environmental studies and many others. *Students who started before fall 2025 take two Connections courses; students starting in fall 2025 and after will take three Connections courses.*

### **Synthesis (1 course)**

Integrate your college experiences as you think creatively about different ways to approach a common topic in this general education capstone course. This course is taken in your junior or senior year as determined by credit hours or course units. Examples of Synthesis courses include Baseball and American Culture, Global Health, The Nuclear Age, and Monsters in Religion and Literature.

### **GE Elective (1 course)**

A student who has not completed at least 40 credits in General Education must take an elective at the Foundations, Connections, or Synthesis level to reach 40 credits. The elective course cannot count toward a major or co-major.

## **Accounting**

Accounting at Albright prepares students to become confident, career-ready financial professionals with the technical skills, analytical mindset, and ethical grounding employers value. The program blends practical coursework with industry-recognized certifications, data-driven learning, and structured advising. Students build a strong foundation in taxation, bookkeeping, auditing, and financial reporting while preparing for internships and professional exams.

### **Major Requirements**

- ACC 101 Financial
- ACC 201 Intermediate I

- ACC 202 Intermediate II
- ACC 325 Cost
- ACC 330 Tax
- ACC 331 Advanced Tax
- ACC 338 Advanced
- ACC 408 Auditing
- ACC 480 International Accounting Seminar
- ECO 207 Statistics
- BUS 250 Business Law I
- BUS 345 Financial Management
- ACC 110 Computer Applications for Business

Students must select ECO101 Principles of Microeconomics and ECO102 Principles of Macroeconomics as a General Studies Foundations-Social Science course and MAT 125 Calculus with Business as a General Studies Foundations-Quantitative Reasoning course.

### **Combined Major Requirements**

- ACC 101 Financial
- ACC 201 Intermediate I
- ACC 202 Intermediate II
- ACC 325 Cost
- ACC 330 Tax
- ACC 338 Advanced
- ACC 408 Auditing
- ACC 480 – International Accounting Seminar

## **Accounting, Economics, and Finance**

The interdisciplinary major in Accounting, Economics and Finance (AEF) blends coursework in accounting, economics and finance to create an integrated foundation for professional careers or further study in accounting and financial analysis. The major enables you to enhance your understanding in these fields by adding dimensions not possible in the regular or combined majors in Accounting, Economics and Business Administration-Finance.

Students whose primary focus is accounting, but who wish to add an emphasis in financial analysis, should take the Accounting Track within the interdisciplinary major in AEF.

Students whose primary focus is financial analysis need a strong understanding of both business financial statements and the methods of economic analysis. These students should take the Financial Analyst Track within the interdisciplinary major in AEF. The Financial Analyst Track is designed to prepare students for entry-level positions in financial

analysis and to provide foundation knowledge for professional certification programs in finance and financial analysis.

Students graduating with an interdisciplinary major in Accounting, Economics and Finance must complete the core requirements below and either the Accounting Track requirements or the Financial Analyst Track requirements.

## Major Requirements

- ACC 101 Financial
- ACC 201 Intermediate I
- ACC 202 Intermediate II
- MAT 125 Calculus with Business
- BUS 250 Business Law
- BUS 345 Financial Management
- BUS 350 Investments
- BUS 495 Seminar in Finance
- ECO 313 Money & Banking
- ACC 110 Computer Applications for Business
- ACC 325 Cost Accounting
- ECO101 Principles of Microeconomics and ECO102 Principles of Macroeconomics (satisfies General Studies Foundations-Social Science requirement)
- ECO 207 (satisfies General Studies Foundations-Quantitative requirement)

## Accounting Track

- ACC 330 Tax
- ACC 331 Advanced Tax
- ACC 338 Advanced Accounting
- ACC 408 Auditing

## Financial Analyst Track

- BUS 246 Management Principles
- ECO 307 Econometrics
- ECO 335 Intermediate Microeconomics
- ECO 336 Intermediate Macroeconomics

## Allied Health

The Allied Health major is aligned with the minimal requirements needed to enter [Drexel's Accelerated Career Entry \(ACE\) program](#). These requirements also allow students to apply to ACE programs at other institutions. Students earn a BS in Allied Health and would also be able to apply to other health related graduate programs.

## Major Requirements

### *General Education*

- First Year Seminar (FYS)
- ENG 101 Composition and ENG 102 Writing with Texts
- Foundations courses:
  - Humanities
  - World Cultures
  - Fine Arts
  - Social Science (PSY 100)
  - Natural Science
  - Quantitative Reasoning (MAT 110)
- Connections courses (2 total)
- Synthesis course

### *Biology and Math Requirements*

- Core courses
  - BIO 151 General Biology I: Structure & Function
  - BIO 203 General Biology III: Genetics
- MAT 110 Biostats
- BIO 242 Nutrition
- BIO 321 Microbiology/Lab
- BIO 234 Human Anatomy & Physiology I
- BIO 235 Human Anatomy & Physiology II

### *Chemistry, Psychology, and Public Health Requirements*

- Core courses
  - CHE 105 General Chemistry I/Lab
  - PSY 100 General Psychology
  - PSY 230 Human Development or 240 Child Development
  - BIO 207 Medical Terminology
- Electives (choose a minimum of two)
  - PUH 101 Introduction to Public Health
  - PUH 310 Epidemiology
  - PUH 330 Global Health
  - PUH 350 Public Health & Society: Current Issues
  - HIS 205 History of Medicine in the US
  - CHE 106 General Analytical Chemistry II/Lab
  - CHE 207 Organic Chemistry I/Lab
- **Senior Seminar (choose a minimum of one):**
  - BIO 495 Molecular Biology Seminar
  - BIO 497 Toxicology Seminar

- BIO 498 Immunology
- BIO 499 Cell Signaling Seminar

## Animation

Students co-majoring in **animation** will learn storyboarding, 2D and 3D computer graphic design, motion graphics, video production, and more, on their way toward innovative careers in film, television, gaming and marketing.

### Combined Major Requirements

- ART 102 Life Drawing
- ART 115 Animation I
- ART 215 Animation II
- ART 283 History of Animation\*
- One of the following:
  - ART 383 Digital Sculpture\*\*
  - DIG 201 Digital Video
  - DIG 250 Sound Design for Visual Media
- One of the following:
  - THR 150 Acting I
  - THR 361 Screenwriting
- One of the following:
  - ART 400 Studio Topics – Digital
  - DIG 470 Game Production

\* Offered once as a special topics course (200-level)

\*\* Offered twice as a special topics course (300-level)

### Minor Requirements

- ART 102 Life Drawing
- ART 115 Animation I
- ART 215 Animation II
- ART 283 History of Animation
- One of the following:
  - ART 400 Studio Topics – Digital
  - DIG 470 Game Production

\* Offered once as a special topics course (200-level)

\*\* Offered twice as a special topics course (300-level)

# Art

The Art Department offers a curriculum that combines theory and practice, well in keeping with Albright's emphases on the liberal arts and experiential learning. This curriculum, which comprises both studio and lecture courses, has two aims:

- 1) To Education students who elect the Art major, combined major or minor options required for a professional degree
- 2) To heighten the awareness and appreciation of the visual arts through expansion of your knowledge of art forms and artists, and their relation to society

## Major Requirements

- ART 101 Drawing
- ART 103 Design
- ART 112 Painting I
- ART 113 Sculpture I
- ART 114 Printmaking
- Two Art History courses
- Three courses from among the following:
  - ART 102 Life Drawing
  - ART 216 Photography
  - ART 265 Computer Graphics
  - ART 399 Digital Sculpture
  - ART 412 (ART 212 prerequisite)
  - ART 413 (ART 213 prerequisite)
  - Concentration in either:
    - Painting (ART 212, 312 and 400)
    - **OR**
    - Sculpture (ART 213, 313 and 400)
    - ART 400 Advanced Studio Topics\*\*

\*One of these courses may also be used to satisfy the Foundations-Fine Arts requirement of the [General Education Curriculum](#).

\*\*Must be the same area as 200-level course. All sections of ART 400 Studio Topics need are restricted to junior-level or higher students.

## Combined Major Requirements

- ART 101 Drawing
- ART 103 Design
- One of the following:
  - ART 105 Art History I
  - ART 106 Art History II
  - ART 200+ Art History

- ART 112 Painting I
- ART 113 Sculpture I
- ART 212 Painting II or ART 213 Sculpture II
- ART 400 Advanced Studio Topics\*\*\*

\*One of these courses may also be used to satisfy the Foundations-Fine Arts requirement of the [General Education Curriculum](#).

\*\*\*All sections of ART 400 Studio Topics need are restricted to junior-level or higher students.

## Biochemistry

An interdisciplinary program for students interested in biochemistry is designed for those who plan on professional careers in medicine, medical technology, pharmacology, bacteriology, cellular biology, molecular biology, microbiology, toxicology, or physiology.

### Major Requirements

- CHE 105 General Chemistry I/Lab and 106 General Chemistry II/Lab
- CHE 207 Organic Chemistry I/Lab and 208 Organic Chemistry II/Lab
- CHE 321 Quantum Mechanics & Spectroscopy/Lab
- CHE 322 Thermodynamics & Kinetics/Lab
- CHE 325 Biochemistry I/Lab
- CHE 326 Biochemistry II/Lab
- BIO 151 General Biology I: Structure & Function
- BIO 203 General Biology III: Genetics

One of the following

- BIO 321 Microbiology/Lab
- BIO 322 Cell Biology
- BIO 325 Molecular Genetics
- BIO 327 Histology and Microtechniques/Lab
- BIO 329 Virology
- MAT 131 Calculus & Analytic Geometry I
- MAT 132 Calculus & Analytic Geometry II
- PHY 201 General I/Lab
- PHY 202 General II/Lab

One of the following:

- CHE 411 Advanced Organic Chemistry/Lab
- CHE 412 Advanced Topics in Chemistry
- CHE 420 Environmental/Lab

- BIO 490 Behavioral Endocrinology
- BIO 495 Molecular Biology Seminar
- BIO 496 Scientific and Biomedical Imaging/Lab
- BIO 498 Immunology

A research experience is recommended.

Biochemistry majors who wish to receive certification in biochemistry by the Committee on Professional Training of the American Chemical Society must elect CHE 323 and 324 in addition to the required courses and select either CHE411 or CHE412 as their 400-level course. Students interested in graduate work in biochemistry and related fields may wish to consider additional courses from the 400-level courses (listed above) or from CHE 323 and 324 and BIO 321, 322 and 333.

Since biochemistry is already an interdisciplinary program, there is no combined biochemistry major with fewer courses. However, this does not preclude you from adding a combined major to biochemistry.

## Biology

The biology program allows you to develop a comprehensive knowledge of, and appreciation for, the many dimensions of the biological sciences and the close relationship of biology to other scientific disciplines, such as mathematics, chemistry, and physics.

Biology majors typically focus on general biology, biotechnology, or pre-professional programs and often pursue co- majors. Biochemistry and Psychobiology are the most frequently chosen combinations, but students also combine biology with other majors, such as History, Business Administration, or Spanish. You also may choose a biology education program that leads to certification to teach high school biology in Pennsylvania.

Special affiliations/agreements exist between Albright College and institutions, such as Penn State (Early Assurance Program with Hershey Medical School).

Some Biology majors declare interest in [Nursing](#) or enter the 3+1 [Medical Laboratory Science](#) program. Other students might take many Biology courses while majoring in [Allied Health](#).

## Major Requirements

- A total of 10 courses in Biology, including BIO 151, 152, 203, and one 400-level course.
- One of the following courses: MAT 110, or MAT 128/131 (pending placement assessment by the Math Department)

- CHE 105 and 106 and CHE 207 and 208  
One course from each of the following three groups must be taken:
  - Group I (Field Biology): BIO 211, 319, 389
  - Group II (Cell and Molecular Biology): BIO 321, 322, 325, 327, 329.
  - Group III (Organismal Biology): BIO 234, 235, 331, 333, 337.
- Within the context of these guidelines, students may freely elect any Biology course or CHE 325 (Biochemistry) to meet the 10-course requirement.
- No more than two courses at the 100-level may be counted toward the area of concentration.
- Biology majors must pass both of the introductory courses (BIO151 and 152), earning a minimum average grade of 2.0 across these two courses, or have permission of the Biology Department chairperson, in order to enroll in other Biology courses.
- Seniors must take the department exit exam as a graduation requirement.

### **Combined Major Requirements**

- A total of seven courses in biology, including BIO 151, 152, 203, a 400-level course, and one course from each of the three groups (I, II, and III) listed above.
- Biology majors must pass both of the introductory courses (BIO151 and 152), earning a minimum average grade of 2.0 over the two courses, or have permission of the Biology Department chair, in order to enroll in other biology courses.
- Seniors must take the department exit exam as a graduation requirement.

### **Interdisciplinary Majors in Biology**

The department participates in formal interdisciplinary majors, such as Psychobiology and Biochemistry. Students interested in pursuing teacher certification in biology must consult the chair of the [Education Department](#) regarding specific requirements for the program.

### **Biotechnology Track**

Albright offers a special track in Biotechnology. This track is primarily for Biology majors but may be completed by students in other majors (such as Biochemistry and Psychobiology) who have completed the necessary prerequisites.

- Six of the following courses, with at least one being a 400-level seminar:
  - BIO 321, 322, 325, 327, 329, 495, 498, 499
  - CHE 325, 326

Biology students on the Biotechnology track must also complete the following:

- BIO 151, 152, and 203
- one course from Group I or Group III
- MAT 110, or MAT 128/131
- CHE 207 and 208

### **Requirements for the Cell and Molecular Techniques Certificate**

Students who enroll in certain courses attain knowledge of and practical expertise in several laboratory-based techniques commonly performed in the analysis of nucleic acids, cells, and tissues. Learning these techniques provides marketable skills. This certificate demonstrates to a future employer that a student has gained proficiency in many common molecular-based techniques and assays.

To successfully earn this certificate, a student must pass four of the following five courses: Microbiology (BIO 321), Cell Biology (BIO 322), Molecular Genetics (BIO 325), Histology (BIO 327), and Biochemistry (CHE 325).

### **Independent Research**

[Independent research](#) under the supervision of a member of the Biology Department is strongly encouraged. Recent independent research projects have included studies on bat ecology and echolocation, ultrastructure of insect visual receptors, the ecology of area streams, lakes and wetlands, the distribution of endangered species of mammals, and cloning of genes using recombinant DNA techniques. Such projects involve field trips to nearby ecosystems and the use of scientific equipment and techniques, such as a scanning electron microscope, epifluorescence microscope, biological safety cabinets for sterile cell culture, ultramicrotome, computer-assisted recording of physiological variables, and/or amplification and electrophoresis of DNA and proteins. A Geographic Information Systems (GIS) computer laboratory, a greenhouse, and faculty-student research space support laboratory experimentation in many courses and independent study projects.

### **Secondary Biology Education**

Biology Majors preparing for a career in education take Biology courses and a series of Education and other courses specified by the Education Department to meet Pennsylvania Department of Education regulations. As early as possible in their college experience, candidates for teacher certification in Biology should consult the Requirements section of the [Education website](#) and the chair of the Education Department regarding specific course requirements. The Biology Education certification is a grades 7-12 program.

# Business Administration

Business studies at Albright are a blend of theory and application. You'll receive hands-on experience through internships, simulations, field trips and case studies. The business administration major offers a comprehensive program that aptly combines in- and out-of-class learning.

Unlike at many other schools, you'll start with business coursework in your freshman year, and during the course of your education will take classes in accounting, economics, statistics, finance, management, marketing, information systems, business law and business strategy. As a full major, you'll select from one of seven specializations listed below or combine Business Administration with a co-major from Albright's varied curriculum.

## Major Requirements

Business Majors complete the following Core courses and select a Track:

- ECO101 Principles of Microeconomics and ECO102 Principles of Macroeconomics (satisfies General Studies Foundations-Social Science requirement)
- ECO 207 Statistics (satisfies General Studies Foundations-Quantitative requirement)
- ACC 101 Financial Accounting
- BUS 105 Business Career Development
- BUS 246 Management Principles
- BUS 247 Marketing Management
- BUS 250 Business Law I
- BUS 345 Financial Management
- BUS 366 Management of Information
- BUS 460 Strategies & Policies
- One additional Economics course 200 level or above

## Track Options

In addition to the CORE courses, students must complete five courses in one of the following tracks: Economics, Finance, Entertainment Industry, International Business, Management, Marketing or Sport Management, Hospitality Management, Human Resource Management or Social Media Marketing.

## Economics Track

- ECO 307 Econometrics
- ECO 335 Intermediate Microeconomics
- ECO 336 Intermediate Macroeconomics

- ECO 496 Seminar in Economics
- \*Your Choice from BAE GLOBAL LIST

### **Finance Track**

- ECO 301 International Economics
- ECO 307 Econometrics
- ECO 313 Money & Banking
- BUS 350 Investments
- BUS 495 Seminar in Finance

*Note: Students interested in careers involving intensive financial analysis are strongly encouraged to complete the interdisciplinary major in Accounting, Economics, and Finance.*

### **Entertainment Industry Track**

- BUS 310 Operations Management or ACC 220 Managerial Accounting
- MUS 244 Music Marketing
- MUS 344 Artist Management
- MUS 345 Music Law
- MUS 391 Concert Promotion

### **International Business Track**

- BUS 310 Operations Management
- BUS 368 International Management
- BUS 374 International Marketing
- ECO 233 Comparative Economics or ECO 301 International Economics
- BUS 498 Seminar in International Business

### **Management Track**

- BUS 310 Operations Management
- BUS 365 Entrepreneurship
- BUS 368 International Management
- BUS 354 Sport Management or BUS 363 Human Resource Management or ACC 220 Managerial Accounting or BUS 357 Sports Marketing
- BUS 496 Seminar in Management

### **Marketing Track**

- BUS 310 Operations Management
- BUS 370 Marketing Strategies and Policies
- BUS 372 Marketing Research

- BUS 374 International Marketing or BUS 376 Retailing or BUS 378 Principles of Selling
- BUS 497 Seminar in Marketing

### **Sports Management Track**

- BUS 310 Operations Management or ACC 220 Managerial Accounting
- BUS 354 Sport Management
- BUS 357 Sport Marketing
- BUS 358 Sport Law or BUS 382 Internship (must be at 300 level and include a sport component)
- BUS 494 Senior Seminar in Sport Management
- \*Your Choice from BAE GLOBAL list

### **Hospitality Management Track**

- BUS 333 Hospitality Management
- BUS 334 Strategic Decision Making in Tourism
- BUS 363 Human Resources Management
- BUS 494 Senior Seminar (Hospitality Management)
- Choose One: ACC220 Managerial Accounting or BUS220 Sustainability in the Travel Industry or BUS310 Operations Management or BUS382 Internship in Hospitality Management

### **Human Resources Management Track**

- BUS 361 Training & Organizational Development
- BUS 362 Performance, Compensation and Benefits Management
- BUS 363 Human Resources Management
- BUS 496 Senior Seminar (Human Resource Management)
- Choose One: ACC220 Managerial Accounting or BUS310 Operations Management or BUS380 Business, Government and Society or ECO322 Labor Economics

### **Social Media Marketing Track**

- BUS375 Social Media Marketing
- BUS379 Social Media Analytics
- BUS497 Senior Marketing Seminar (Social Media Marketing Focus)
- Choose One: BUS357 Sports Marketing or BUS372 Marketing Research or BUS74 International Marketing or BUS378 Principles of Selling
- Choose One: ART265 Computer Graphics, Art and Design or COM317 PR and Advertising Campaign Planning or DIG265 Digital Literacy

*\*BAE GLOBAL list: ECO 233 Comparative Economics, ECO 301 International Economics, BUS 310 Operations Management, BUS 368 International Management, BUS 374*

*International Marketing, approved Study Abroad course.*

## Combined Major

- ECO101 Principles of Microeconomics and ECO102 Principles of Macroeconomics (satisfies General Studies Foundations-Social Science requirement)
- ECO 207 Statistics (either satisfies General Studies Foundations-Quantitative requirement)
- ACC 101 Financial Accounting
- BUS105 Business Career Development
- BUS 246 Management Principles
- BUS 247 Marketing Management
- BUS 250 Business Law I
- BUS 345 Financial Management
- BUS 366 Management of Information
- BUS 460 Strategies & Policies
- Your choice from BAE GLOBAL list

*Note: Combined majors will receive a track designation if the five required track courses are completed.*

## Chemistry

Chemistry at Albright offers a rigorous, laboratory-intensive experience approved by the American Chemical Society (ACS). Students develop the analytical, problem-solving, and technical skills needed for careers in medicine, research, forensics, industry, and graduate study.

### Major Requirements

- CHE 105 General Chemistry I/Lab and CHE General Chemistry I/Lab 106 (should be completed in the first year)
- CHE 207 Organic Chemistry I/Lab and CHE 208 Organic Chemistry II/Lab
- CHE 321, 322, 323, 324, 325

One 400-level chemistry course

Research experience at the 400-level (CHE481, CHE482)

- MAT 131 and 132 (MAT 131 should be completed in the first year)
- PHY 201 and 202

Completion of these requirements for the degree results in certification in chemistry by the Committee on Professional Training of the American Chemical Society.

Students interested in graduate work in chemistry may wish to consider additional courses in computer science, mathematics, and physics.

## Secondary Chemistry Education

Chemistry Majors preparing for a career in education take Chemistry courses and a series of Education and other courses specified by the Education Department to meet Pennsylvania Department of Education regulations. As early as possible in their college experience, candidates for teacher certification in Chemistry should consult the Requirements section of the Education website and the Education department chair regarding specific course requirements. Students may substitute CHE470, Advanced Topics in Chemistry Education, for a 400-level course in chemistry with the approval of the department chair.

## Combined Major Requirements

- CHE 105 and 106 General Chemistry I/Lab and 106 General Chemistry II/Lab
- CHE 207 Organic Chemistry I
- CHE 321 Quantum Mechanics & Spectroscopy/Lab or CHE 322 Quantum Mechanics & Spectroscopy/Lab

Two of the following

- CHE 323 Instrumental Analysis/Lab
- CHE 324 Inorganic Chemistry/Lab
- CHE 325 Biochemistry I/Lab
- One 400- level chemistry
- MAT 131 Calculus & Analytic Geometry I

## Minor Requirements

- CHE 105 and 106 General Chemistry I/Lab and 106 General Chemistry II/Lab
- CHE 207 Organic Chemistry I

Two of the following

- CHE 321 Quantum Mechanics & Spectroscopy/Lab or CHE 322 Quantum Mechanics & Spectroscopy/Lab
- CHE 323 Instrumental Analysis/Lab
- CHE 324 Inorganic Chemistry/Lab
- CHE 325 Biochemistry I/Lab

## Child and Family Studies

The interdisciplinary major in Child and Family Studies is for students interested in psychosocial approaches to child development and family dynamics. This B.A. degree program, which combines Psychology and Sociology (Family Studies Track), provides the

breadth and depth required to work in human services or to pursue graduate studies in human development, psychology or family studies.

## Major Requirements

- Complete Core Research Methods and Statistics sequence and Senior Seminar (PSY200 or SOC 211 fulfills GS quantitative requirement)
  - SOC 210 Research Methods & SOC 211 Statistics & SOC 490 Senior Seminar
  - OR
  - PSY 200 Research Design & Analysis I & PSY 201 Research Design & Analysis II & PSY405/406 Senior Seminar

### *Psychology Requirements*

Core Psychology requirement:

- PSY 100 General Psychology

Developmental Psychology Requirement:

- PSY 230 (Lifespan Development) or PSY240 (Child Development)

One from Group I (Social, Developmental, and Clinical Approaches):

- PSY 206 Social Psychology
- PSY 210 Health Psychology
- PSY 250 Personality
- PSY 390 Adult Psychopathology
- PSY 391 Child Psychopathology

One from Group II (Biological, Cognitive, and Evolutionary Approaches):

- PSY 205 Biological Psychology
- PSY 319 Evolutionary Psychology
- PSY 340 Cognition
- PSY 355 Motivation

One from Group III (Child-Focused Elective courses):

- PSY 345 Language Development
- PSY 346 Social Development
- PSY 347 Adolescent Development

Psychology Elective: Any additional psychology course not previously taken

### *Sociology Requirements*

All of the following core requirements:

- SOC 101 Intro

- SOC 213 Social Theory

Additional specialized family course requirement:

- SOC 261 The Family

The following lower level specialized courses:

- SOC 203 Human Services

Two of the following intermediate specialized courses:

- SOC 302 Juvenile Delinquency
- SOC 311 Domestic Violence
- ANT 320 Sex, Gender, Culture

The following advanced application courses:

- SOC 470 Immigration & Transnational Families or another 400-level advanced application course in the family

## Classical Studies

The study of ancient Greece and Rome has proven itself through the centuries as a (perhaps “the”) core area for study of the liberal arts — exploring the basic foundations for subsequent western religious practice, visual art, literature, government, natural science, mathematics, theater and philosophy.

The Classical Studies minor at Albright combines traditional emphasis on the languages of the classical world (Latin and ancient Greek) with courses that focus on the general study and appreciation of the art, religion, culture, and history of ancient Greece and Rome.

The Classical Studies minor requires the completion of five courses.

### Minor Requirements

- Two semesters of Latin or Greek (101 & 102 or higher)

Three additional courses from:

- GRE 101, 102, 201, 202, 301, 302, 401, or 402
- LAT 101, 102, 201, 202, 301, 302, or 401
- ART 105 Ancient & Medieval Art
- ENG 270 The Classical Heritage
- HIS 101 Early Civilizations (now called the Ancient Mediterranean)
- HIS 135 World History I
- PHI 210 Greek & Medieval Philosophy

- REL 142 New Testament
- REL 154 Classical Mythology
- REL 253 Christianity after the New Testament
- REL 325 Magic and Miracles

One of the following:

- ART 253 Art of the Renaissance
- ENG 235 Renaissance Literature
- ENG 301 Historical Study of Language
- HIS 122 Medieval & Early Modern Civilization
- HIS 261 Renaissance

## Communications

The Communications program offers conceptual and practical coursework and projects in a small, engaged community, developing effective, responsible, socially aware communicators.

We will guide you through courses and projects to develop a thoughtful and strategic approach to communications with an emphasis on hands-on applied projects to practice newly learned skills and gain insight on the impact of messaging.

Learn outside the classroom with The Albrightian; Albright Arts Magazine, and other campus and community print, web, and broadcast media.

The Communications major prepares you for careers in media and professional communications in a variety of corporate, government and non-profit settings, and for advanced study in the discipline.

Choose the Journalism track, Public Relations & Advertising Communications track, or opt for the Digital Communications Major. We also offer minors and a co-major in Visual Communication Design.

## Major Requirements

### Journalism Track

- COM 250 Media & Society (General Studies Foundations-Social Sciences)
- COM 260 Critical/Cultural Media Studies (General Studies Foundations-Humanities)
- COM 320 Media Law and Freedom of Expression COM 321 Media History (Connections-Humanities) COM 333 Internship
- COM 390 Multimedia Writing

- COM 480 Senior Seminar in Communication Research

#### Electives

- COM 219 Magazine & Feature Writing COM 222 Newswriting
- COM 315 Community Reporting
- COM 316 Editing and Publishing in a Digital Era
- Three Electives, at least two of which must be from Communications: COM 230, COM 240, COM255, COM280, COM283, COM317, COM327, COM383, ART216, ART 265, DIG201, DIG301, DIG315, HIS207, PHI203, SOC331

#### **Public Relations & Advertising Track**

- COM 250 Media & Society (General Studies Foundations-Social Sciences)
- COM 260 Critical/Cultural Media Studies (General Studies Foundations-Humanities)
- COM 320 Media Law and Freedom of Expression
- COM 321 Media History (Connections-Humanities)
- COM 333 Internship
- COM 390 Multimedia Writing
- COM 480 Senior Seminar in Communication Research

#### **Public Relations & Advertising Track**

- COM 317 Campaign Planning
- COM 327 Writing for Public Relations & Advertising
- COM 337 Public Relations & Advertising Research
- Four Electives, at least three of which must be from Communications, from: COM219, COM 222, COM 230, COM 240, COM255, COM280, COM283, COM316, COM383, ART216, ART265, DIG201, DIG301, DIG315, HIS207, PHI150, PHI203, SOC331

#### **Combined Major Requirements**

- COM 250 Media & Society (General Studies Foundations-Social Sciences)
- COM 260 Critical/Cultural Media Studies (General Studies Foundations-Humanities)
- COM 320 Media Law and Freedom of Expression OR COM 321 Media History (Connections-Humanities)
- COM 480 Senior Seminar in Communication Research

#### **Combined Major Tracks**

- Journalism: COM 222, COM 315 and one of the following: COM 219, COM 316, COM 390

- Public Relations & Advertising Communication: COM 317, COM 327, COM 337

## Journalism Minor Requirements

- COM 222 Newswriting
- COM 321 Media Law & Freedom of Expression
- Pick three of the below:
  - COM 219 Magazine & Feature Writing
  - COM 315 Community Reporting
  - COM 316 Editing & Publishing in a Digital Era
  - COM 390 Multimedia Writing

## Computer Science

Computer Science at Albright develops adaptable, analytical thinkers ready to shape the technologies of tomorrow. Students build strong foundations in programming, systems, software engineering, and algorithmic thinking.

### Combined Major Requirements

A combined major in Computer Science is comprised of the following seven courses:

- CSC 141 w/lab\* Foundations of Computer Science I
- CSC 142 w/lab Foundations of Computer Science II
- CSC 210 Algorithm Design and Analysis
- CSC 220 Discrete Structures and Computing Principles
- CSC 310 Computer Architecture and Organization
- CSC 300-level Elective (in consultation with your advisor)
- CSC 491 Senior Seminar

Students will consult with their academic advisor to create an academic plan and completion schedule to determine the best sequence for the above courses that makes room for the simultaneous completion of each student's partnering combined major.

\* CSC CO-MAJOR NOTE: Students pursuing a CSC Combined Major *are not allowed* to use CSC 141 w/lab, to also satisfy their General Education Foundations Quantitative Reasoning requirement as this course serves as a Comp Sci Co-Major requirement.

### Minor Requirements

Students who wish to supplement their undergraduate major or set of two combined major with an addition emphasis in Computer Science can take the following five courses a general education foundation requirement, we offer the following five courses as a proposed Computer Science Minor:

- CSC141 w/lab\* Foundations of Computer Science I
- CSC142 w/lab Foundations of Computer Science II
- CSC210 Algorithm Design and Analysis
- CSC220 Discrete Structures and Computing Principles
- (one 300-level CSC course elective chosen in consultation with their academic advisor)

The courses needed for a CSC minor match those for the beginnings of the co-major, allowing students more

flexibility in their early semesters as they explore their interests and options.

\*CSC MINOR NOTE: Students pursuing a CSC Minor are allowed to also use CSC 141 w/lab to satisfy BOTH their General Education Foundations Quantitative Reasoning requirement and the first course toward the completion of their Computer Science Minor.

## Creative Writing

The minor in Creative Writing helps students to develop their skills of creative expression in fiction, poetry, screenwriting, and other genres. Throughout the minor, students work closely with published authors from top MFA programs in the United States. Many students also work with Agon (the College's literary magazine), The Albrightian (the student newspaper), and Albright A.M. (the arts magazine). By the end of the program, students have a polished portfolio of writing that they can use for applications to MFA programs or share with employers as part of job applications. This minor is suitable for all majors—there is no need to be an English major.

### Minor Requirements

*Core Requirements: 4 courses*

- ENG125 Introduction to Creative Writing
- 2 x ENG225 Creative Writing Workshop
- Any ENG 300 level course

*One Elective from the following:*

- COM 219 Magazine & Feature Writing
- COM 222 Newswriting
- COM 227 Writing the Book Proposal
- COM 316 Editing and Publishing in a Digital Era
- Any ENG 200 or 300 level course (except ENG225)
- THR 260 Playwriting
- THR 361 Screenwriting

# Crime and Justice

Combine courses from Albright's Political Science, Psychology and Sociology programs to gain broad knowledge of criminal deviance and societal responses to crime.

Students majoring in Crime and Justice at Albright College pursue a wide range of legal, political, administrative, psychological and sociological analysis. Graduates move into careers in the police and security fields (including FBI and secret service), the legal bar, the judiciary system, corrections and probation.

## Major Requirements

- All of the following sociology courses
  - SOC 101 Introduction to Sociology (fulfills General Studies Foundations Social Science requirement)
  - SOC 210 Research Methods
  - SOC 211 Statistics (fulfills General Studies Foundations Quantitative Reasoning requirement)
  - May take PSY 200 Research Methods I and PSY 201 Research Methods II in place of SOC 210 and 211
  - SOC 490 Senior Seminar
  - SOC 251 Crime and Deviance
- Any two of the following specialized intermediate sociology courses:
  - ANT 310 Crime, Culture and Conflict Resolution
  - SOC 202 The Criminal Justice System
  - SOC 253 Criminal Investigation and SOC 254 Advanced Criminal Investigation (must take both courses)
  - SOC 302 Juvenile Delinquency
  - SOC 305 Terrorism
  - SOC 307 Organized Crime
  - SOC 311 Domestic Violence
  - SOC 360 Crime & the Media
  - SOC 385 Violence & Victims
- One of the following advanced application sociology courses:
  - SOC 440 Ethnographies in Crime and Deviance
  - SOC 450 White Collar Crime
  - SOC 460 Serial Murder
- All of the following Political Science Courses
  - POL 216 Law & Society
  - POL 231 Criminal Law
- Two of the following Political Science Courses:
  - POL 101 American Government

- POL 214 Public Policy
- POL 218 Public Administration
- POL 371 Constitutional Law
- POL 372 Civil Liberties
- POL 430 Legal Actions in the CJ System
- PSY 100 General Psychology
- Two of the following psychology courses:
  - PSY 206 Social Psychology
  - PSY 220 Theories/Treatment of Addictive Behaviors
  - PSY 230 Human Development
  - PSY 240 Child Development
  - PSY 250 Theories of Personality
  - PSY 355 Motivation
  - PSY 390 Adult Psychopathology and Behavior Disorders
  - PSY 391 Child Psychopathology and Behavior Disorders
- One of the following diversity courses:
  - POL 220 Urban Politics
  - POL 290 Diversity
  - SOC 262 Social Stratification
  - SOC 266 Sociology of Race

## Criminology

The criminology program exposes students to the sociological perspective through study of the methodology of the field, basic theoretical paradigms, as well as the study of socialization, culture, deviance and conformity, social organization and societal development, complex organizations, and the principles of stratification and other forms of social inequality. In addition, students study the social problem of crime and deviance within the context of other social problems, e.g., family dysfunction, poverty, education, racism, gender issues, and the sociology of work and occupations. Courses that concentrate on crime and delinquency are concerned with:

- The study of behaviors defined as criminally deviant in both American society and other developed and developing societies
- The traditional and contemporary theoretical explanations of both the process of defining criminal behavior and the social and interpersonal decisions and circumstances related to engaging in criminalized deviant behavior

Students study the methodology of social research used in the study of these forms of deviance including secondary data analysis and empirical research construction and design. A course in parametric and nonparametric statistics provides students with additional analytic tools for use in collecting and studying aggregate- as well as individual-level data on crime and delinquency.

Students are able to use internship opportunities to experience and participate in the

activities of an organization or agency whose activities relate to the application of the program content. Internship opportunities can be either in a local organization or agency or in association with an off-campus experience such as the Washington Center or the Philadelphia Center. The senior seminar provides students a capstone course integrating the various components of the program and incorporating the opportunity to complete a major empirical study of some facet of crime and delinquency of interest to them.

## Major Requirements

- SOC 101 Introduction to Sociology (fulfills General Studies Foundations Social Science course)
- SOC 210 Research Methods
- SOC 211 Statistics (fulfills General Studies Foundations Quantitative Reasoning course)
- SOC 213 Social Theory
- SOC 490 Senior Seminar
- SOC 251 Crime & Deviance
- SOC 202 The Criminal Justice System
- SOC 382/482 Internship, travel abroad course, or a 400-level approved substitution
- Two of the following:
  - ANT 101 Intro to Cultural Anthropology
  - SOC 201 Social Problems
  - SOC 230 Cultural Sociology
  - SOC 231 Cults & New Religious Movements
  - SOC 261 The Family
  - SOC 262 Social Stratification
  - SOC266 Sociology of Race
  - SOC 291 Environmental Sociology
  - ANT 285 The Human Animal
- Four of the following:
  - SOC 253 Criminal Investigation and SOC 254 Advanced Criminal Investigation (must take both courses to satisfy one of the requirements from this list)
  - SOC 302 Juvenile Delinquency
  - SOC 305 Terrorism
  - SOC 307 Organized Crime
  - ANT 310 Crime, Culture, Conflict Resolution
  - SOC 311 Domestic Violence
  - SOC 345 School to Prison Pipeline
  - SOC 360 Crime and the Media
  - SOC 385 Violence & Victims
- One of the following:
  - SOC 440 Ethnographies in Crime and Deviance
  - SOC 450 White-Collar Crime

- SOC 460 Serial Murder

Study Abroad courses are also encouraged as electives.

## Combined Major Requirements

- SOC 101 Introduction to Sociology (fulfills General Studies Foundations Social Science course)
- SOC 210 Research Methods
- SOC 211 Statistics (fulfills General Studies Foundations Quantitative Reasoning course)
- SOC 213 Social Theory
- SOC 490 Senior Seminar
- SOC 251 Crime & Deviance
- One of the following intermediate specialized courses:
  - SOC 253 Criminal Investigation and SOC 254 Advanced Criminal Investigation (must take both courses to satisfy one of the requirements from this list)
  - SOC 302 Juvenile Delinquency
  - SOC 305 Terrorism
  - SOC 307 Organized Crime
  - ANT 310 Crime, Culture, Conflict Resolution
  - SOC 311 Domestic Violence
  - SOC 345 School to Prison Pipeline
  - SOC 360 Crime and the Media
  - SOC 385 Violence & Victims
- One of the following advanced application courses:
  - SOC 440 Ethnographies in Crime and Deviance
  - SOC 450 White-Collar Crime
  - SOC 460 Serial Murder

Because this is a combined major, there are relatively few topically based requirements. Therefore, it is strongly encouraged that criminology combined majors use their electives to take additional topical courses.

## Minor Requirements

The criminology minor exposes students to the sociological perspective through study of the methodology of the field, basic theoretical paradigms, as well as the study of socialization, culture, deviance and conformity, social organization and societal development, complex organizations, and the principles of stratification and other forms of social inequality. In addition, students study the social problem of crime and deviance within the context of other social problems such as family dysfunction, poverty, education, racism, gender issues, and the sociology of work and occupations.

- SOC 101 Introduction to Sociology
- SOC 251 Crime and Deviance
- Three of the following courses:
  - SOC 202 The Criminal Justice System
  - SOC 210 Research Methods
  - SOC 211 Social Statistics
  - SOC 213 Social Theory
  - SOC 253 Criminal Investigation
  - SOC 254 Advanced Criminal Investigation
  - SOC 302 Juvenile Delinquency
  - SOC 305 Terrorism
  - SOC 307 Organized Crime
  - SOC 311 Domestic Violence
  - SOC 360 Crime and the Media
  - SOC 385 Violence and Victims
  - ANT 310 Crime Culture, Conflict Resolution

## CyberCriminology

How might technology be misused for criminal activity and how can it be used to address criminal behavior? Gain insight through this intersecting study of sociology and computers. Sociology is used to analyze and explain the most challenging issues of our time. Be ready for a future of ever-changing computer hardware and software by studying the principles that future computer programs will be built upon.

### Major Requirements

#### *Core Requirements*

- SOC 101 Introduction to Sociology
- (fulfills General Studies Foundations Social Science requirement) SOC 202 The Criminal Justice System
- SOC 210 Research Methods
- SOC 211 Statistics (fulfills General Studies Foundations Quantitative Reasoning requirement) SOC 213 Social Theory
- SOC 490 Senior Seminar

#### *Specialized Criminology Requirements*

- SOC 202 The Criminal Justice System
- SOC 251 Crime and Deviance

*Any one of the following:*

- SOC 253 Criminal Investigation and SOC 254 Advanced Criminal Investigation (must take both courses)
- ANT 310 Crime, Culture and Conflict Resolution
- SOC 302 Juvenile Delinquency
- SOC 305 Terrorism
- SOC 307 Organized Crime
- SOC 311 Domestic Violence
- SOC 360 Crime & the Media
- SOC 383 Race and the School to Prison Pipeline
- SOC 385 Violence & Victims

*Any one of the following:*

- SOC 440 Ethnographies in Crime
- SOC 450 White Collar Crime
- SOC 460 Serial Murder

*CSC Requirements:*

- CSC 141 Foundations of Computer Science I
- CSC 142 Foundations of Computer Science II CSC 210 Algorithm Design and Analysis
- CSC 220 Discrete Structures and Computing Paradigms CSC 310 Computer Architecture and Organization CSC 490 Senior Seminar

One additional 300 or 400 level CSC course

## Dance

### Minor Requirements

- THR115 - Movement Styles (3 credits)
- Dance Practice/Technique (4 credits)
  - Students take 2 2-credit classes, such as THR140A Jazz & Tap, THR140B Ballet & Modern; THR140C Historical Movement Styles
  - Special Topics under THR 183
- Dance Performance/Experience (4 credits)
  - 4-semesters participating in Albright College Dance Team (THR201E) or Xion Step Team (THR201F)
  - OR, THR401 Advanced Production Experience: Choreography Studio
- Dance Special Topics Courses (6 credit hours)

# Digital Communications

The Digital Communications major is grounded in theory, social impact, and industry practice and extends practical experience in both writing and visual design and production, culminating with two senior-level courses.

## Major Requirements

### Core Requirements

- 6 theory/social impact/industry practices courses
- 3 writing courses
- 3 visual design and production courses
- 2 senior-level courses

### Theory/Social Impact/Industry Practice

- **Required Courses:**
  - COM 260/DIG 260: Communication Theories in the Semiotics of Digital Media
  - DIG 201: Digital Video
  - DIG 265: Digital Literacy
  - COM 250: Mass Communication & Society COM/DIG 333: Practicum
  - DIG 301: Video Production II
- **Choose one:**
  - COM 317: Public Relations & Advertising COM321: Media History
  - COM 320: Freedom of Expression

### Writing Courses

- **Required Courses:**
  - COM 222: Newswriting
  - COM 390: Multimedia Writing
- **Choose one:**
  - COM 315: Public Affairs Reporting COM219: Feature Writing
  - COM 327: Writing for Public Relations & Advertising

### Visual Design and Production

Choose One FOCUS:

- FOCUS 1
  - DIG 315: Web Design
  - DIG 325: Visual Design for the Web
- FOCUS 2
  - DIG 270: Illustration & Design DIG 370: Design II

- **Senior Requirement**
  - COM 480: Senior Seminar in Communications DIG 420: Capstone

## Digital Communications Media Studies

### Minor Requirements

- COM 250 Media & Society
- COM 260 Critical/Cultural Media Studies
- DIG 265 Digital Literacy
- Two from the following
  - COM 183 Introductory Special Topics
  - COM 240 Introduction to Documentary
  - COM 280 Latin American Media
  - COM 283 Intermediate Special Topics
  - COM 320 Media Law & Freedom of Expression
  - COM 321 Media History
  - COM/SYN 324 Political Economy of Media
  - COM 383 Advanced Special Topics
  - WGS 220 LGBTQ Media, History & Culture

## Digital Communications Strategic Communications

### Minor Requirements

- COM 317 PR and Advertising Campaign Planning
- COM 327 Public Relations Writing
- Three from the following list:
  - COM 230 Public Speaking
  - COM 250 Media & Society
  - COM 337 Public Relations & Advertising Research
  - DIG 265 Digital Literacy
  - DIG 325 Visual Design for the Web

## Digital Media Minor

The Digital Media Minor provides in-depth study of Digital Media through a selection of five courses.

## Minor Requirements

- ART 265 Computer Graphics
- DIG 201 Digital Video I
- DIG 265 Digital Literacy
- DIG 270 Digital Illustration and Design
- DIG 315 Web Design

## Digital Studio Art

Digital Studio Art recognizes the computer as integral to the creative process in the twenty-first century through a curriculum that combines traditional studio courses such as drawing, painting and sculpture with digital courses in illustration, web design and digital video.

Digital Studio Art investigates technology through the lens of an artist and serves students seeking careers on the cutting edge of fine and commercial art. Representative of Digital Studio Art is Albright College's unique approach to Design, team-taught by two professors from their respective fields in art and technology. Whether pursuing the fine or commercial arts, Digital Studio Art empowers students with the concepts and skills to pursue their own creative work, as well as careers in a workplace increasingly reliant on technology.

Albright's Digital Studio Art program integrates advanced creative concepts and techniques essential to both digital media and the visual arts.

## Major Requirements

- ART 101 Drawing
- ART 103 Design
- ART 113 Sculpture I
- ART 216 Photography I or ART 112 Painting I
- ART 256 Modern Art and Design Concepts
- ART 265 Computer Graphics
- An additional 200 level or higher Art History Course
- ART 400 Studio Topics\*\*\* (Painting, Sculpture or Digital Studio)
- DIG 265 Digital Literacy

Three courses from:

- DIG 201 Digital Video
- DIG 270 Digital Illustration and Design
- DIG 315 Web Design or DIG 325 Visual Design for the Web

- ART 212 Painting II or ART 213 Sculpture II
- DIG 420 Senior Seminar

One of the ART courses may also be used to satisfy the Foundations-Fine Arts requirement of the General Education Curriculum.

\*\*\*All sections of ART 400 Studio Topics need are restricted to junior-level or higher students

## Education

Albright College education students earn teaching certifications while exploring more than major areas of study.

- K-12 Art Certification Program
- Early Childhood Education (Pre K-4)
- Secondary Teacher Education (7-12) with co-major

### Teacher Certification Programs

If you are a student interested in earning your teacher certification at Albright College and you have questions, please the Manager of Education Department Programs

Candidates for secondary education must fulfill certification requirements as well as obtain a degree in a content area to be eligible for a certification in one of the content areas below.

### Secondary Education Certifications (7th -12th Grade)

- Biology – Must co-major in Secondary Education and Biology
- Chemistry – Must co-major in Secondary Education and Chemistry
- English – Must co-major in Secondary Education and English
- Mathematics – Must co-major in Secondary Education and Mathematics
- Social Studies – Must co-major in Secondary Education and History or History/Political Science

### PDE Testing Requirements

Please refer to the PDE website for certification testing information.

### General Education Requirements

- FYS 100 First Year Seminar
- ENG 101 English Composition 101
- ENG 102 English Composition 102

*Foundation Classes in:*

- Fine Arts
- Humanities – ENG 204 Survey in American Lit
- Natural Science
- Quantitative Reasoning – MAT 102 Topics in Mathematics
- Social Science—PSY 100 General Psychology
- World Cultures
- Connections Global
- Connections Humanities
- Synthesis

## **Education Requirements**

- EDU 200 Intro to Education
- EDU 210 English Language Learners
- EDU 250 Children’s/Adolescent Literature
- EDU 240 Educational Technology
- EDU 310 Classroom Management Strategies
- EDU 330 Classroom Assessment
- MAT 110 Elementary Statistics
- PSY 240 Child Development or PSY 230 Human Development
- SPE 210 Introduction to Special Education
- SPE 380 The Inclusive Classroom

## **Student Teaching**

- EDU 409 Student Teaching
- EDU 410 Student Teaching
- EDU 402 Professional Seminar

## **Major Requirements Per Certification Area**

### **PreK-4 Majors**

- EDU 251 Pre-K Literature in the Content Areas
- EDU 315 Differentiated Instruction & Assessment
- EDU 325 PreK-K Early Literacy & Language Arts
- EDU 335 Science of Teaching Reading and Writing
- EDU 451 Elementary Language Arts Grades 1-4
- EDU 452 Elementary Math Methods
- EDU 453 Elementary Social Studies Methods
- EDU 454 Elementary Science Methods

- EDU 450 Pre-K Practicum

## **K-12 Art/Secondary Education Majors**

- EDU 202 Secondary Education: Theories and Practices
- EDU 455 Secondary Methods
- EDU 456 Secondary Practicum

## **Combined Major with English Language and Literature**

### Group 1:

- ENG 201 British Literature to 1789
- ENG 202 British Literature from 1789
- ENG 204 American Literature

### Group 2:

- Two from:
  - ENG 350 Beowulf's World
  - ENG 351 Middle English Literature
  - ENG 352 Chaucer
  - ENG 354 Shakespeare
  - ENG 355 Renaissance
  - ENG 356 Milton/17th Century
  - ENG 357 Restoration/18th Century

### Group 3:

- Two from:
  - ENG 380 Modern American Women Poets
  - ENG 384 American Writers to 1865
  - ENG 385 American Writers from 1865
  - ENG 386 Modern American Fiction
  - THR 388 Postmodern American Drama

### Group 4

- Two from:
  - ENG 366 The Wild, the World, & the Weird: Literature in the Age of Revolution
  - ENG 368 Victorian
  - ENG 372 British Fiction to 1890
  - ENG 373 Modern British and Irish Fiction
  - ENG 374 European Fiction
  - THR 389 Postmodern British Drama

- ENG 370 Literature of Empire

#### Group 5:

- Two additional courses from the following:
  - ENG courses at the 200-level or 300-level
  - COM222 Writing for the Mass Media

#### Group 6

- ENG 399 Junior Seminar in Theory
- ENG 491 Senior Seminar in Literature

### **Combined Mathematics Major**

- MAT 131 Calculus and Analytic Geometry I
- MAT 132 Calculus and Analytic Geometry II
- MAT 233 Calculus and Analytic Geometry III
- MAT 250 Foundation of Mathematics
- MAT 320 Linear Algebra
- Two elective Mathematics courses at the 300-400 level
- MAT 491 Senior Seminar

### **Combined Biology Major**

- BIO 151 General Biology I: Structure and Function
- BIO 152 General Biology II: Systematics, Ecology, and Evolution
- BIO 203 General Biology III: Introduction to Genetics
- A 400 level course, and one course from each of the following groups:
  - Group 1 (Field Biology): BIO 211, BIO 215, BIO 319
  - Group 2 (Cell and Molecular Biology): BIO 321, BIO 322, BIO 325, BIO 327, BIO 329
  - Group 4 (Organismal Biology): BIO 234, BIO 235, BIO 331, BIO 333, BIO 337

### **Combined History Major**

- One course from each of the following categories (at least one must be 300 level):
  - World and European History
  - United States History
  - European History
  - United States History
  - World History
- One History course at the 200 or 300 level
- One Seminar

## Combined Chemistry Major

- CHE 105 General Chemistry I
- CHE 106 General Chemistry II
- CHE 207 Organic Chemistry I
- One of the following:
  - CHE 321 Quantum Mechanics and Spectroscopy
  - CHE 322 Thermodynamics and Kinetics
- Two of the following:
  - CHE 323 Instrumental Analysis
  - CHE 324 Inorganic Chemistry
  - CHE 325 Biochemistry I
- One 400 level Chemistry
- MAT 131 Calculus and Analytic Geometry I

## English

### Major Requirements

- Group 1: ENG 201 British Literature to 1789; 202 British Literature from 1789; and 204 American Literature
- Group 2: two from ENG 350 Beowulf's World; 351 Middle English Literature; 352 Chaucer; 354 Shakespeare; 355 Renaissance; 356 Milton/17th Century; 357 Restoration/18th Century
- Group 3: two from ENG 380 Modern American Women Poets; 384 American Writers to 1865; 385 American Writers from 1865; 386 Modern American Fiction; THR 388 Postmodern American Drama
- Group 4: two from ENG 366 The Wild, the World, & the Weird: Literature in the Age of Revolution; 368 Victorian; 372 British Fiction to 1890; 373 Modern British and Irish Fiction; 374 European Fiction; THR 389 Postmodern British Drama; ENG 370 Literature of Empire
- Group 5: two additional courses from the following: ENG courses at the 200-level or 300-level, COM222 Writing for the Mass Media
- Group 6: ENG 399 Junior Seminar in Theory and 491 Senior Seminar in Literature
- Occasionally the department offers a section of topics in British and American Literature (ENG 390), based on a special area of faculty or student interest. The nature of the topic determines whether ENG 390 satisfies a course requirement in group 2, 3, 4, 5 or 6.

## Combined Major Requirements

- ENG 201 British Literature to 1789; 202 British Literature from 1789; and 204 American Literature
- One of the following: ENG 399 Junior Seminar in Theory and 491 Senior Seminar in Literature
- One course each from groups 2, 3, 4, and 5 listed in the full major requirements

## Minor in English Language and Literature Requirements

- ENG 201 British Literature to 1789; 202 British Literature from 1789; and 204 American Literature
- Two 300-level courses chosen in consultation with an adviser

## Family Studies

Study family systems and their relationship to the development and social participation of their members at Albright College, while gaining skills to evaluate and conduct research about family interaction.

### Major Requirements

- SOC 101 Introduction to Sociology (fulfills General Studies Foundations Social Science course)
- SOC 210 Research Methods
- SOC 211 Statistics (fulfills General Studies Quantitative Reasoning course)
- SOC 213 Social Theory
- SOC 490 Senior Seminar
- SOC 203 Human Services for Families and Children
- SOC 261 The Family
- SOC 302 Juvenile Delinquency
- SOC 311 Domestic Violence
- ANT 320 Sex, Gender, & Culture
- SOC 382/482 Internship, travel abroad course, or a 400-level approved substitution
- Two of the following:
  - SOC 201 Social Problems
  - SOC 230 Cultural Sociology
  - SOC 251 Crime & Deviance

- SOC 262 Social Stratification
- SOC 266 Sociology of Race
- SOC 291 Environmental Sociology
- ANT 101 Introduction to Anthropology
- ANT 285 The Human Animal

## Combined Major Requirements

- SOC 101 Introduction to Sociology (fulfills General Studies Foundations Social Science course)
- SOC 210 Research Methods
- SOC 211 Statistics (fulfills General Studies Quantitative Reasoning course)
- SOC 213 Social Theory
- SOC 490 Senior Seminar
- SOC 261 The Family
- One of the following intermediate courses:
  - SOC 203 Human Services for Families and Children
  - SOC 270 Parenting & Technology
  - SOC 302 Juvenile Delinquency
  - SOC 311 Domestic Violence
  - SOC 351 Race and Families
  - ANT 320 Sex, Gender, & Culture

Students are also encouraged to complete an internship as an elective.

## Fashion

The Fashion Department offers the following majors:

- Design and Merchandising
- Fashion Merchandising
- Fashion Design
- Costume Design (see Theatre: Costume Design)
- Combine Major in Fashion

These areas possess a commonality of mission and provide you with a curriculum that addresses issues of creative research and development, design, manufacturing, marketing and the consumerism of textiles and apparel products.

Students majoring in fashion must complete the core requirements and the requirements for one of the tracks.

## Major Requirements

- FAS 105 Visual Literacy
- FAS 200 Textile Fundamentals
- FAS 202 History of Fashion
- FAS 225 CAD

## Track Requirements

### Design and Merchandising Track

This track is for the student who is primarily interested in retail fashion and wants design classes to better understand the product that they will be merchandising. It does not qualify the student to work in Design, but rather in retail and management.

- FAS 101 Introduction to the Fashion Industry
- FAS 150 Intro to Garment Construction
- FAS 208 Fashion Business
- FAS 218 Visual Merchandising
- FAS 230 Fashion Illustration
- FAS 250 Intermediate Construction
- FAS 310 Fashion Product Development
- FAS 318 Trend Forecasting
- FAS 342 Patternmaking I
- FAS 372 Concept Development
- FAS 409 Lifestyle Marketing
- FAS 490 Senior Seminar

### Fashion Merchandising Track

This track is for the student who is all about the business end of fashion. Merchandisers follow the designed garments through the complete process of designing, manufacturing, marketing and retail sales. It includes strategic planning and successful business development and practices.

- FAS 101 Introduction to the Fashion Industry
- FAS 150 Intro to Garment Construction
- FAS 208 Fashion Business
- FAS 218 Visual Merchandising
- FAS 310 Fashion Product Development
- FAS 376 Retailing
- FAS 318 Trend Forecasting

- FAS 383 300 Level Special Topics
- FAS 409 Lifestyle Marketing
- FAS 490C Seminar, Merchandising
- Choose two of the following
  - BUS 245 Principles of Management
  - BUS 365 Entrepreneurship
  - BUS 247 Principles of Marketing
  - BUS 250 Business Law
  - BUS 378 Principles of Selling
  - COM 219 Magazine Feature Writing
  - COM 317 Public Relations and Advertising Campaign Planning

### **Fashion Design Track**

This track is for students who are interested in designing and manufacturing fashion designs. Technology and sustainability are at the forefront. Classes cover a wide range of skills, both artistic and technical, found in the fashion industry and prepare the student as a well-rounded, critical thinker and problem solver.

- FAS 101 Introduction to the Fashion Industry
- FAS 150 Intro to Garment Construction
- FAS 230 Fashion Illustration
- FAS 250 Intermediate Construction
- FAS 342 Patternmaking I
- FAS 343 Patternmaking II
- FAS 350 Advanced Construction
- FAS 372 Concept Development
- FAS 383 300 Level Special Topics
- FAS 440 Draping
- FAS 450 Collections Development
- FAS 490A Senior Seminar Design

### **Combined Major Requirements**

This track is for the student who is co-majoring in fashion with our department. Students cannot have Fashion as their primary track. It limits the students' future work in the fashion industry without additional classes, but gives them a brief and thorough overview of the fashion world.

- FAS 101 Introduction to the Fashion Industry
- FAS 150 Sewing Fundamentals
- FAS 105 Visual Literacy

- FAS 200 Textile Fundamentals
- FAS 202 History of Fashion
- FAS 490 Seminar in Design or Merchandising
- ECO 105 Economics OR Art 103 Design 1(Captured Gen Ed)
- Note: Business Co-Majors must select ART103
- Pick 2 of the following electives
  - FAS 208 Fashion Business
  - FAS 310 Fashion Product Development
  - FAS 218 Visual Merchandising
  - FAS 225 CAD (Prerequisite: FAS230 Fashion Illustration)
  - FAS 230 Fashion Illustration
  - FAS 250 Intermediate Construction
  - FAS 342 Patternmaking (Prerequisite: FAS250 Intermediate Construction)
  - FAS 315 Fashion Merchandising
  - FAS 376 Retailing

## Film and Video Minor

- One 100-level Art History course
- One introductory studio course
- DIG 201 Digital Video I and DIG 301 Digital Video II
- ART400 Digital Studio Topics (Digital) or DIG420 Senior Seminar

## Game and Simulation Development

A combination of Albright’s Computer Science and Digital Media programs, Game and Simulation Development will teach you how to utilize software engineering principles to implement game and simulation technologies.

The program’s “interdisciplinary” approach integrates math, music and physics with computer science and digital media. You’ll study programming, artificial intelligence, game engine development and industry-standard software packages — all while learning from a curriculum expressly structured to strengthen creative and critical thinking, oral and written communication skills and personal, social and global awareness.

### Major Requirements

- ART 265 Computer Graphics (General Studies Foundations-Fine Arts)
- CSC 141 Foundations of Computer Science I

- CSC 142 Foundations of Computer Science II
- CSC 311 Gaming Physics and Math
- CSC 372 Graphics Programming
- CSC 391 Mobile Programming
- CSC 491 Client/Server (Networking for Games) or CSC 491 Artificial Intelligence Programming
- DIG 250 Sound Design for Visual Media
- DIG 280 Game History and Development
- DIG 310 Introduction to Game Design
- DIG 311 Experience Design
- DIG 320 Simulation Design
- DIG 380 Visual Programming (General Studies Foundations-Quantitative)
- DIG 470 Game Production

### Combined Major Requirements

- ART 265 Computer Graphics Art and Design
- DIG 220 Asset Creation
- DIG 250 Sound Design for Visual Media
- DIG 280 Game History and Development
- DIG 310 Introduction to Game Design
- DIG 311 Experience Design and Narrative
- DIG 320 Simulation Design
- DIG 470 Game Production

## History

Albright's history faculty are committed to expanding the intellectual and cultural dimensions of concentrators as well as non-concentrators. If the habit of critical historical inquiry — the methods of history as a scholarly discipline — can be effectively instilled, it has the potential to transform a person's approach to everything in life that follows. It can take small certainties and replace them with large questions. It can encompass tight circles of association and recast them as a limitless network of interconnections. It can take inconspicuous parts of human experience that might otherwise be dismissed as strange, stupid, incomprehensible, boring or irrelevant and make them indispensable to self-understanding.

### Major Requirements

- One course from World and European History
  - HIS 101 Ancient Mediterranean World

- HIS 122 Medieval & Early Modern Civilization
- HIS 135 World History I: Foundations of World Civilization
- HIS 136 World History II: Making of the Modern World
- HIS 137 20th Century World History
- **One course from United States History**
  - HIS 151 United States 1585-1800
  - HIS 152 United States in the 19th Century
  - HIS 153 United States Since 1865

**AREA REQUIREMENTS (at least two must be 300-level courses)**

- **Two courses from European History**
  - HIS 232 Russia & the Soviet Union
  - HIS 240 Heroes & Villains\*
  - HIS 251 History of England I
  - HIS 252 History of England II
  - HIS 261 Renaissance
  - HIS 262 Disorder, Division and Death: Religious Wars in Early Modern Europe
  - HIS 266 19th Century Europe
  - HIS 267 20th Century Europe
  - HIS 275 Women's Work\*
  - HIS 283 Topics in European History
  - HIS 315 World War II Era\*
  - HIS 345 Sex and Society in Early Modern Europe
  - HIS 361 The Early Middle Ages (500-1000) (Medieval History I)
  - HIS 362 The Later Middle Ages (1000-1500) (Medieval History II)
  - HIS 370 Early Modern Europe
  - HIS 373 The Holocaust \*
  - HIS 374 Germany since 1800
  - HIS 375 France since 1789
  - HIS 383 Advanced Topics in European History
- **Two courses from United States History**
  - HIS 202 History of Race & Ethnicity in the US
  - HIS 204 US Women's History
  - HIS 205 History of US Medicine
  - HIS 207 History of US Popular Culture
  - HIS 208 American Indian History
  - HIS 212 African-American History
  - HIS 215 US & Latin America
  - HIS 216 Pennsylvania
  - HIS 240 Heroes & Villains\*
  - HIS 272 History of US Foreign Relations
  - HIS 275 Women's Work\*

- HIS 280 Living on Earth
  - HIS 283 Topics in US History
  - HIS 310 History of the US West
  - HIS 311 US Social History
  - HIS 312 US Economic History
  - HIS 315 World War II Era\*
  - HIS 322 City in American History
  - HIS 373 The Holocaust \*
  - HIS 383 Advanced Topics in US History
- **Two courses from World History**
    - HIS 211 African History
    - HIS 215 US & Latin America
    - HIS 220 History of the Caribbean
    - HIS 221 Ancient Cultures of Latin America
    - HIS 224 Latin American History
    - HIS 228 Dictators & Revolutionaries
    - HIS 236 Magic in World History
    - HIS 237 Gender, Women, Power in the Global South
    - HIS 240 Heroes & Villains\*
    - HIS 241 East Asia to 1800
    - HIS 242 East Asia from 1800
    - HIS 254 Middle East 500-1500
    - HIS 255 Middle East 1500-1900
    - HIS 256 Modern Middle East
    - HIS 275 Women's Work\*
    - HIS 277 History of the Family in Latin America
    - HIS 283 Topics in World History
    - HIS 315 World War II Era\*
    - HIS 330 Mexico
    - HIS 340 Women & Gender in Latin America
    - HIS 352 African Diaspora
    - HIS 373 The Holocaust \*
    - HIS 380 Modern India
    - HIS 383 Advanced Topics in World History

\*These courses can count for any Area requirement

## **SEMINARS**

- **Two different Seminars**
  - HIS 493 US History Seminar
  - HIS 494 European History Seminar
  - HIS 495 World History Seminar

## RELATED COURSES

Three History courses or History Department approved related courses from Art History, Education, Economics, Political Science, Philosophy, Sociology or Religious Studies.

For History Majors, a History course may not count for both History Major credit and General Studies Humanities credit.

## Combined Major Requirements

### BASIC REQUIREMENTS

- **One course from World and European History**
  - HIS 101 Ancient Mediterranean World
  - HIS 122 Medieval & Early Modern Civilization
  - HIS 135 World History I: Foundations of World Civilization
  - HIS 136 World History II: Making of the Modern World
  - HIS 137 20th Century World History
  
- **One course from United States History**
  - HIS 151 United States 1585-1800
  - HIS 152 United States in the 19th Century
  - HIS 153 United States Since 1865

### AREA REQUIREMENTS (at least one must be 300-level courses)

- **One course from European History**
  - HIS 232 Russia & the Soviet Union
  - HIS 251 History of England I
  - HIS 252 History of England II
  - HIS 261 Renaissance
  - HIS 262 Disorder, Division and Death: Religious Wars in Early Modern Europe
  - HIS 266 19th Century Europe
  - HIS 267 20th Century Europe
  - HIS 283 Topics in European History
  - HIS 345 Sex and Society in Early Modern Europe
  - HIS 361 The Early Middle Ages (500-1000) (Medieval History I)
  - HIS 362 The Later Middle Ages (1000-1500) (Medieval History II)
  - HIS 370 Early Modern Europe
  - HIS 373 The Holocaust \*
  - HIS 374 Germany since 1800

- HIS 375 France since 1789
- HIS 383 Advanced Topics in European History
- **One course from United States History**
  - HIS 202 History of Race & Ethnicity in the US
  - HIS 204 US Women's History
  - HIS 205 History of US Medicine
  - HIS 207 History of US Popular Culture
  - HIS 208 American Indian History
  - HIS 210 US Working Class History
  - HIS 212 African-American History
  - HIS 215 US & Latin America
  - HIS 216 Pennsylvania
  - HIS 240 Heroes & Villains\*
  - HIS 275 Women's Work\*
  - HIS 280 Living on Earth
  - HIS 283 Topics in US History
  - HIS 310 History of the US West
  - HIS 311 US Social History
  - HIS 312 US Economic History
  - HIS 315 World War II Era\*
  - HIS 322 City in American History
  - HIS 383 Advanced Topics in US History
- **One courses from World History**
  - HIS 211 African History
  - HIS 215 US & Latin America
  - HIS 220 History of the Caribbean
  - HIS 221 Ancient Cultures of Latin America
  - HIS 224 Latin American History
  - HIS 228 Dictators & Revolutionaries
  - HIS 236 Magic in World History
  - HIS 237 Gender, Women, Power in the Global South
  - HIS 241 East Asia to 1800
  - HIS 242 East Asia from 1800
  - HIS 254 Middle East 500-1500
  - HIS 255 Middle East 1500-1900
  - HIS 256 Modern Middle East
  - HIS 277 History of the Family in Latin America
  - HIS 283 Topics in World History
  - HIS 330 Mexico
  - HIS 340 Women & Gender in Latin America
  - HIS 352 African Diaspora
  - HIS 380 Modern India

- HIS 383 Advanced Topics in World History

\*These courses can count for any Area requirement

### **ELECTIVE**

- **One History course at the 200 or 300 level**

### **SEMINAR**

- **One Seminar from the following:**
  - HIS 493 US History Seminar
  - HIS 494 European History Seminar
  - HIS 495 World History Seminar

For history combined majors, a History course may not count for both History Major credit and General Studies Humanities credit.

## **Minor Requirements**

The purpose of the History Minor is to provide Albright students with the opportunity to gain further exposure to developments in history while focusing on their chosen majors. A Minor in History complements majors in many fields, from Art or Biology to Sociology or Theatre thus allowing students to enjoy an interdisciplinary curriculum of the liberal arts mission.

### **Requirements:**

Five History courses, to be taken across three levels (100-, 200- or 300-level) and two of the three geographical fields (US, Europe, World). (See the History Major requirements for a list of courses by geographical field)

## **Holocaust Studies**

The Holocaust is an example of what can happen when people hate. The Holocaust Studies Program provides critical lessons not only in history, but an investigation of universal human behavior and an examination of what it means to be a responsible citizen. Questions of fairness, justice, individual identity, peer pressure, conformity, indifference, and obedience need to be answered. Study of the Holocaust assists students in the discussion of the issues of prejudice, racism, and stereotyping in any society. It helps students develop an awareness of the value of tolerance and encourages tolerance of diversity in a pluralistic society.

The Holocaust Studies program provides a historical and ethical context for exploring the dangers of remaining silent, apathetic, and indifferent in the face of others' oppression and for thinking about the use and abuse of power; and the role and responsibilities of individuals, organizations, and nations when confronted with civil rights violations and/or policies of genocide.

## Minor Requirements

Recommended courses for this minor include five of the following:

- HIS 373 The Holocaust
- PHI 204 Contemporary Moral Problems
- REL 375 Religious Responses to the Holocaust
- RDL 250 Judaism
- SPI 340 The Holocaust in Literature and Film
- HIS 375 Modern France
- HIS 374 Modern Germany
- HIS 267 Twentieth Century Europe
- SPI 230 Jewish American Literature
- SYN 331 Antisemitism

Or other specially designated courses or pre-approved independent studies. Contact Professor Guillaume de Syon or Dean Jennifer Koosed for further information

## Legal Studies

The interdisciplinary minor in Legal Studies is designed to help you develop a thorough understanding of our legal system. For those considering law school, it serves as excellent academic preparation. You study the place of the legal system among our civil institutions, and develop the ability to read, understand and assess critically Supreme Court cases. This minor is open to all students interested in studying our legal system regardless of concentration or career goal. Contact Suzanne Palmer, J.D. for additional information. A total of five courses are required.

## Minor Requirements

- REQUIRED of all minors:
  - POL 216 Law and Society
- Take any TWO of the following:
  - COM 320 System of Free Expression
  - POL 231 Criminal Law
  - POL 352 International Law & Organizations
  - POL 371 Constitutional Law

- POL 372 Civil Liberties
- POL 412 Law and Public Policy
- Take any TWO of the following:
  - BUS 250 or BUS 351 Business Law I or II
  - PHI 150 Critical Thinking/Legal Reasoning (It is highly recommended that this course be taken by Sophomore year for anyone considering taking the LSAT, whether or not the Legal Studies Minor is completed.)
  - PHI 203 Ethics
  - PHI 204 Public Morality
  - PHI 230 Philosophy and Law
  - MUS 345 Music Law
  - POL 282/399 Internship
  - POL 373 Environmental Law

## Mathematics

### Combined Major Requirements

- MAT 131 Calculus & Analytic Geometry I
- MAT 132 Calculus & Analytic Geometry II
- MAT 233 Calculus & Analytic Geometry III
- MAT 250 Foundations of Mathematics
- MAT 320 Linear Algebra
- Two elective mathematics courses at the 300-400 level
- One elective mathematics courses at the 400 level

Students interested in the actuarial profession should take MAT 131, 132, 233, 250, 310, 320, 360, 491, CSC 141, ECO 105, 207, and 307, and should co-major in accounting or business. Exam P and Exam FM should be taken before graduation.

### Secondary Mathematics Education

Mathematics Majors preparing for a career in education take Math courses and a series of Education and other courses specified by the Education Department to meet Pennsylvania Department of Education regulations. As early as possible in their college experience, candidates for teacher certification in Math should consult the Requirements section of the Education website and the chair of Education regarding specific course requirements. The Mathematics Education certification is a grades 7-12 program.

## Music Industry Studies

The Bachelor of Arts degree in Music Industry Studies is an interdisciplinary major that

integrates three academic areas of focus: Artistry, Industry, and Technology.

The first focus, Artistry, includes courses in music history, theory, harmony, songwriting, commercial arranging, and private instruction (voice, piano, guitar, etc.). The second focus, Industry, harnesses our department's existing Music Business curriculum to examine topics as diverse as: artist management; music distribution; licensing; copywriting; marketing and promotion; and music law. The degree program culminates with two capstone experiences: an academic seminar in entrepreneurship and a pre-professional internship. Our Technology strand includes contact time within the arenas of audio technology (live sound), recording technology, and music production.

## Major Requirements

- Artistry (5 courses)
  - MUS 209 Applied Lessons (four semesters required)
  - MUS 211 Commercial Music Theory I
  - MUS 212 Commercial Music Theory II
  - MUS 311 Commercial Arranging
  - MUS 312 Songwriting
- Industry (5 courses)
  - MUS 243 The Business of Music: An Introduction
  - MUS 244 Entertainment Marketing
  - MUS 344 Artist Management
  - MUS 345 Music Law
  - MUS 391 Event Promotion
- Technology (4 courses)
  - MUS 250 Introduction to Music Technology
  - MUS 251 Recording Technology
  - MUS 350 Mixing & Mastering
  - MUS 351 Music Production
- Capstone Experiences (2 courses)
  - MUS 482 Internship
  - MUS 495 Senior Seminar

## Music Production

Learn the nuts of bolts of music technology and music production from introductory to advanced techniques in audio mixing and mastering through an Albright College co-major in Music Production. Then apply this knowledge through experiential learning labs and commercial music ensembles.

## Combined Major Requirements

### Applied Music Requirement

Four semesters in one of the following ensembles or applied lesson sections (each semester counts as ¼ credit)

- MUS 103B Commercial Music Workshop
- MUS 103D Rap Collective
- MUS 209K Applied Lessons in Music Production

### Other Requirements

- MUS243 The Business of Music
- MUS250 Introduction to Music Technology
- MUS251 Recording Technology (prerequisite: MUS250)
- DIG250 Sound Design for Visual Media
- MUS350 Mixing & Mastering (prerequisites: MUS250 and MUS251)
- MUS351 Music Production (prerequisites: MUS250 and MUS251)
- MUS495 Senior Seminar

## Music

For those students who wish to augment their academic experience with an added focus in the rudiments of Applied Music, we offer a five-course minor.

### Minor Requirements

- MUS 120 Music Appreciation: Introduction to Western Music
- MUS 211 Commercial Music Theory I
- Two (2) courses from the following (chosen with consultation of Department Chair):
  - MUS 113 Rags, Rock and Rap: Popular Music and American Culture
  - MUS 212 Commercial Music Theory II
  - MUS 250 Introduction to Music Technology
  - MUS 251 Recording Technology
  - MUS 312 Songwriting
- Four (4) Semesters of Study in Applied Music
  - MUS 103 Symphonic Band (requires four semesters of study for credit)
  - MUS 104 String Chamber Orchestra (requires four semesters of study for credit)
  - MUS 105 Albright Chorale (requires four semesters of study for credit)
  - MUS 109 Applied Music Lessons (requires four semesters of study for credit)

## Painting

The Art Department offers a curriculum that combines theory and practice, well in keeping with Albright's emphases on the liberal arts and experiential learning. This curriculum, which comprises both studio and lecture courses, has two aims:

- 1) To education students who elect the Art major, combined major or minor options required for a professional degree
- 2) To heighten the awareness and appreciation of the visual arts through expansion of your knowledge of art forms and artists, and their relation to society

### Minor Requirements

- One 100 level Art History Course
- ART 103 Design
- ART 112 Painting I
- ART 212 Painting II
- ART 400 Studio Topics-Painting

## Photography

The Art Department offers a curriculum that combines theory and practice, well in keeping with Albright's emphases on the liberal arts and experiential learning. This curriculum, which comprises both studio and lecture courses, has two aims:

- 3) To education students who elect the Art major, combined major or minor options required for a professional degree
- 4) To heighten the awareness and appreciation of the visual arts through expansion of your knowledge of art forms and artists, and their relation to society

### Minor Requirements

- One Art History course
- One introductory studio course
- ART 216 Photography I
- ART 316 Photography II
- One 400-level studio topics course

# Political Science

The study of politics in a liberal education has roots in ancient Greece. As Aristotle wrote in his *Politics*, “Man is an animal whose nature it is to live in a polis [city].” In short, women and men are political animals. Governance processes have a central place in human societies, and politics is pervasive in any culture. Governance requires leadership with a commitment to foster mutual service, and politics needs leaders with fidelity to justice, equality and human rights—among the best of human values.

Therefore, the study of politics and governance necessarily draws upon the liberal arts and sciences. We draw from the methodologies of history and the natural sciences, involve the consideration of questions fundamental to philosophy, and cover themes contained in the world’s literature. Likewise, to learn the study of politics in government is to learn how to analyze community problems, develop resolutions, and communicate this knowledge to citizens. Our mission is developing such leadership in our students and providing them the means to develop these talents over a lifetime of service to others, whether it is in the classroom, at the bar, or in public, private or non-governmental agencies.

## Combined Major Requirements

- POL 101 American Government (counts as General Studies Foundations Social Science)
- POL 202 Introduction to International Relations
- POL 205 Comparative Politics
- POL 206 Political Inquiry
- POL 315 Political Theory or POL314 Ancient and Medieval Political Thought
- One approved Political Science senior-level seminar
- Two additional advanced Political Science courses

## Minor Requirements

Whether you are planning a career in the bureaucracy, the nonprofit world, or the private sector, government and politics impact you. Appreciating the ways policy is made, realizing how relationships between and among countries affect business and the populace, and understanding power structures are all hallmarks of the political science minor. The minor in political science shall consist of five courses with the following distribution.

- POL 101, American Government
- POL 202, International Relations, or POL 205, Comparative Politics
- Any three additional Political Science courses

# Psychobiology

The Bachelor of Science in Psychobiology is intended for students with an interest in both the behavioral and natural science approaches to psychology and biology. The major is especially ideal for developing an appreciation of the emerging fields of neuroscience and health psychology. Individuals arrange courses to satisfy their particular interests and prepare for advanced study in psychology, psychobiology, biology, behavioral ecology, veterinary medicine and the health professions (medicine, dentistry, physical therapy, occupational therapy, optometry), or employment in varied areas including pharmaceutical research or sales and allied health professions. Psychobiology majors must declare one of two tracks: Molecular Psychobiology Track (more biologically oriented) or Behavioral Psychobiology Track (more psychologically oriented).

## **Behavioral Psychobiology Track**

The Behavioral Psychobiology track is more psychologically-oriented and is intended for those pursuing graduate work in health psychology, behavioral research, and some mental health related fields.

### Track Requirements:

- Psychology core requirements (6 courses)
  - PSY 100 General Psychology (fulfills GS Foundations Social Science course)
  - PSY 200 Statistics for the Behavioral Sciences (fulfills GS Foundations Quantitative course)
  - PSY 201 Research Methods in Psychology
  - PSY 205 Biological Psychology
  - PSY 202 Research Experience in Psychology
  - PSY 405 or 406: Senior Seminar
- Biology core requirements: (2 courses)
  - BIO 151 General Biology I: Structure & Function (fulfills GS Foundations Natural Science course)
  - BIO 203 Introduction to Genetics
- One from Group I (Social, Developmental, and Clinical Psychology)
  - PSY 206 Social Psychology
  - PSY 210 Health Psychology
  - PSY 250 Personality
  - PSY 230 Human Development -OR- PSY240: Child Development
  - PSY 390 Adult Psychopathology -OR- PSY391: Child Psychopathology
- Two from Group II (Biological, Cognitive, and Evolutionary Psychology)
  - PSY 305 Behavioral Neuroscience
  - PSY 319 Evolutionary Psychology
  - PSY 340 Cognition

- PSY 350 Animal Behavior and Cognition
- PSY 355 Motivation
- PSY 360 Sensation and Perception
- Three from Group III (Biological Science) (one MUST be at least 300 level)
  - BIO 152 General Biology II: Systematics, Ecology, and Evolution
  - BIO 220 Evolution (152 or 203)
  - BIO 234 Human Anatomy and Physiology I
  - BIO 235 Human Anatomy and Physiology II
  - BIO 319 Vertebrate Natural History (152)
  - BIO 327 Histology and Microtechniques (151)
  - BIO 331 Comparative Vertebrate Anatomy (151)
  - BIO 333 Developmental Biology (151, 203)
  - BIO 337 Comparative Animal Physiology and Ecophysiology (151, 152, CHE105)
- Two Elective courses
  - Any PSY course not previously taken
  - Any BIO course not previously taken
  - CHE105 General Analytical Chemistry I
  - Either ANT 342 Human Evolution or ANT 285 The Human Animal

**Total: 16 courses (3 captured for General Studies)**

## **Molecular Psychobiology Track**

Students must declare one of two tracks for the Psychobiology major. The Molecular Psychobiology track is more biologically-oriented and is intended for those pursuing graduate work in neuroscience, the medical field, and other related fields.

### **Track Requirements:**

- Psychology core requirements: (5 courses)
  - PSY 100 General Psychology (fulfills GS Foundations Social Science course)
  - PSY 200 Statistics for the Behavioral Sciences (fulfills GS Foundations Quantitative Reasoning course)
  - PSY 201 Research Methods in Psychology
  - PSY 205 Biological Psychology
  - PSY 202 Research Experience in Psychology
- Biology/Chemistry core requirements: (4 courses)
  - BIO 151 General Biology I: Structure and Function (fulfills GS Foundations Natural Science course)

- BIO 203 Introduction to Genetics
- CHE 105 General Analytical Chemistry I
- CHE 106 General Analytical Chemistry II
- Two from Group I (Biological, Cognitive, and Evolutionary Psychology)
  - PSY 305 Behavioral Neuroscience
  - PSY 319 Evolutionary Psychology
  - PSY 340 Cognition
  - PSY 350 Animal Behavior and Cognition
  - PSY 355 Motivation
  - PSY 360 Sensation and Perception
- Two from Group II (Molecular Biological Sciences)
  - CHE 207 Organic Chemistry I
  - BIO 220 Evolution (BIO152 or 203)
  - BIO 321 Microbiology (BIO151, 203, CHE207)
  - BIO 322 Cell Biology (BIO151, 203, CHE207)
  - BIO 325 Molecular Genetics (BIO151, 203, CHE207)
  - BIO 327 Histology and Microtechniques (BIO151)
  - BIO 329 Virology (BIO203 and CHE207)
- One from Group III (Organismal Biological Sciences)
  - BIO 152 General Biology II: Systematics, Ecology, and Evolution
  - BIO 234 Human Anatomy and Physiology I
  - BIO 235 Human Anatomy and Physiology II
  - BIO 331 Comparative Vertebrate Anatomy (BIO151)
  - BIO 333 Developmental Biology (BIO151 and 203)
  - BIO 337 Comparative Animal Physiology and Ecophysiology (BIO151, 152, CHE105)
  - BIO 398 Animal & Human Nutrition (BIO151 and CHE207)
- One Elective course in any PSY or BIO not previously taken
- One Senior Seminar
  - PSY 405 or 406 Senior Seminar
  - BIO 490's Senior Seminar

**Total: 16 courses (3 captured for General Studies)**

## Psychology

The Bachelor of Arts degree program in psychology provides a balance of theoretical and applied courses in the discipline and prepares you for graduate study, professional school, or careers in social services, business, research and educational settings.

## Major Requirements

- All of the following core requirements
  - PSY 100 General Psychology (fulfills GS Foundations Social Science course)
  - PSY 200 Statistics for the Behavioral Sciences (fulfills GS Foundations Quantitative course)
  - PSY 201 Research Methods in Psychology
  - PSY 405 or 406 Senior Seminar
- Three from Group I (Social, Developmental, and Clinical Approaches)
  - PSY 206 Social Psychology
  - PSY 210 Health Psychology
  - PSY 250 Personality
  - PSY 230 Human Development -OR- PSY240: Child Development
  - PSY 390 Adult Psychopathology -OR- PSY391: Child Psychopathology
- Three from Group II (Biological, Cognitive, and Evolutionary Approaches)
  - PSY 205 Biological Psychology
  - PSY 305 Behavioral Neuroscience
  - PSY 319 Evolutionary Psychology
  - PSY 340 Cognition
  - PSY 350 Animal Behavior and Cognition
  - PSY 355 Motivation
  - PSY 360 Sensation and Perception
- Group III (Elective courses) (2 must be 300-level or higher)
  - Any PSY course not already taken
- One related course (200-level or higher) in the social or natural sciences or an additional psychology course (200-level or higher)

**Total: 15 courses (2 captured for General Studies)**

## Combined Major Requirements

Students may elect to combine Psychology with any other major.

- PSY 100 General Psychology (fulfills GS Foundations Social Science course)
- PSY 200 Statistics for the Behavioral Sciences Research Design and Analysis I (fulfills GS Foundations Quantitative course)
- PSY 201 Research Methods in Psychology Design and Analysis II
- PSY 405 or 406 Senior Seminar

*Note:* Sociology co-majors may take SOC210 Research Methods and SOC211

Statistics instead of PSY200 and PSY201, and if so, they must take any 2 additional psychology courses in place of PSY200 and Psy201.

- Two from Group I (Social, Developmental, and Clinical Approaches)
  - PSY 206 Social Psychology
  - PSY 210 Health Psychology
  - PSY 250 Personality
  - PSY 230 Human Development -OR- PSY240 Child Development
  - PSY 390 Adult Psychopathology -OR- PSY391 Child Psychopathology
- Two from Group II (Biological, Cognitive, and Evolutionary Approaches)
  - PSY 205 Biological Psychology
  - PSY 305 Behavioral Neuroscience
  - PSY 319 Evolutionary Psychology
  - PSY 340 Cognition
  - PSY 350: Animal Behavior and Cognition
  - PSY 355 Motivation
  - PSY 360 Sensation and Perception
- One from Group III (Elective courses)
  - Any PSY course not already taken

**Total: 9 courses (2 captured for General Studies)**

### **Child Development Track**

The Psychology Department offers a track in Child Development. This track is primarily for full Psychology majors but may be completed by Combined Psychology majors and students in other majors (such as Child & Family Studies and Psychobiology) who have the prerequisites.

#### **Track Requirements:**

- PSY 240 Child Development
- PSY 391 Child Psychopathology
- 400-level Child-Focused Psychology course
- Three from the following, one MUST be a PSY course:
  - PSY 345 Language Development
  - PSY 346 Social Development
  - PSY347 Adolescent Development
  - PSY 306 Psychology Special Topics, Child Focused
  - PSY 395/396/397 Advanced Lab or Assessment, Child Focused Project

- PSY 401 Child-Focused Field Experience/Internship (if not used for requirement #3)
- PSY 406 Child-Focused Seminar (if not used for requirement #3)
- SOC 203 Human Services
- SOC 261 The Family
- SOC 302 Juvenile Delinquency
- SOC 271 Work and Family Conflict

## Public Health

The interdisciplinary combined major in public health is a liberal arts program in which students will gain a greater understanding of public health on local, national, and global levels. The study of public health not only combines perspectives from the social sciences, sciences, mathematics and humanities, it also cultivates critical and analytical skills across disciplines, written and oral communication, teamwork ability, ethical reasoning, and civic knowledge and engagement. This major will benefit students who wish to pursue careers related to public health and the health sciences, law and policy, and other career paths that draw upon multidisciplinary approaches and critical engagement. To study public health is to engage human biology, socio-economic contexts, personal choices and behaviors, environmental determinants, and political processes on local and global scales.

### Combined Major Requirements

- PUH 101 Introduction to Public Health
- PUH 330 Global Health
- Statistics: choose from ECO 207, MAT 110, POL 207, PSY 200 (PSY co-majors only), or SOC 211
- Biology requirement. Take one of the following courses
  - BIO 101 Concepts and Connections in Biology
  - BIO 151 General Biology 1: Structure & Function
  - BIO 203 Introduction to Genetics
  - BIO 321 Microbiology (prerequisites: BIO 151 and 203, co-requisite CHE 207, or instructor permission)

*BIO 101 and 151 can also fulfill the Foundations-Natural Science requirement. BIO 101 is recommended for non-BIO co-majors. BIO 321 should be taken by BIO co-majors, as BIO 151 and 203 are already required for BIO co-majors.*

- PUH 310 Epidemiology (Prerequisites: PUH 101 and Statistics)
- PUH 450 Capstone
- Public Health Electives (Choose three, and if the statistics requirement above counts towards another co-major, take an additional)

- BIO 207 Medical Terminology
- BIO 234 Anatomy and Physiology I
- BIO 235 Anatomy and Physiology II (A passing grade in BIO 234 is required to take this class)
- BIO 321, Microbiology (This course can serve as an elective if not taken to satisfy the Biology requirement noted above)
- ESS 325 Geographical Information Systems
- HIS 205 Social History of Medicine and Public Health in the US
- HIS 206 History of Urban Public Health
- PHI 260 Biomedical Ethics
- POL 214 Public Policy
- POL 302 Public Administration
- PSY 206 Social Psychology (A passing grade in PSY 100 or special permission is required to take this class)
- PSY 210 Health Psychology
- PSY 215 Positive Psychology
- PSY 220 Theories and treatment of addictive behaviors
- PSY 230 Human Development. (A passing grade in PSY 100 or special permission is required to take this class)
- PSY 290 Human Behavior and Diversity Issues
- PSY 310 Health behavior change. (Prerequisite: PSY 210)
- PSY 330 Human Sexuality. (Prerequisite: PSY 200 or permission)
- PSY 390 Adult Psychopathology and Behavior. (This course is only an elective for Psychology co-majors)
- PUH 240 Special Topics in Public Health
- PUH/HIS/SYN/WGS 309 Pandemics: Power and Equity in an Interconnected World
- PUH 340 Special Topics in Public Health
- PUH 350 Public Health & Society: Current Issues (PUH Co-Majors must register for PUH 450, not this course)
- PUH 382 Public Health Internship (Prerequisite PUH 101)
- SOC 201, Social Problems
- SOC 203, Human Services for Families and Children (A passing grade in SOC 201 is required to take this class)
- SOC 262, Stratification and Structured Inequality
- SOC 291, Environmental Sociology
- SOC 311, Domestic Violence
- SYN 332, Disability Studies

## Minor Requirements

- PUH 101 Introduction to Public Health
- PUH 330 Global Health
- Statistics: choose from BIO 200, ECO 207, MAT 110, POL 207, PSY 200 (PSY co-

majors only), or SOC 211

- PUH 310 Epidemiology (Prerequisites: PUH 101 and Statistics)
- Elective Courses
- Public Health Internship (Prerequisite: PUH 101 or another PUH elective)

## Religious Studies

A minor in religious studies consists of five courses. Religious studies is a broad and interdisciplinary field, so students will be able to craft the content of their minor depending on their interest.

### Minor Requirements

- One 300-level religious studies course (this can be a Synthesis course)
- Four other religious studies courses

## Sculpture

The Sculpture Minor provides in-depth study and experience through a selection of five courses.

### Minor Requirements

- One 100 level Art History Course
- Art 103 Design
- Art 113 Sculpture I
- ART 213 Sculpture II
- Art 400 Studio Topics-Sculpture

## Sociology

Perhaps the most comprehensive of the social sciences, sociology is concerned with the analysis and explanation of social phenomena. These phenomena, which range from the socialization of the child to criminal behavior and cultural change, are studied and investigated using a wide variety of research techniques. Through formalized standards of inquiry, sociologists focus on the relationships between the parts of social systems and how the systems are formulated, how they function, and how they are related to the everyday lives of human beings.

The sociology program is designed for students who are interested in a general, though intensive, study of sociological methodology, theory and content areas. Students with

a major in sociology can find employment in business and government, in human service organizations and international organizations, as politicians, educators, journalists and social researchers, and in foreign service. The general sociology major is intended for those who seek careers in business, governmental or community service occupations or those pursuing graduate or law school.

## Major Requirements

- SOC 101 Introduction to Sociology (fulfills General Studies Foundations Social Science course)
- SOC 210 Research Methods
- SOC 211 Statistics (fulfills General Studies Foundations Quantitative Reasoning Course)
- SOC 213 Social Theory
- SOC 490 Senior Seminar
- SOC 382/482 Internship, travel abroad course, or a 400-level approved substitution
- Two of the following:
  - ANT 101 Introduction to Cultural Anthropology
  - SOC 201 Social Problems
  - SOC 230 Cultural Sociology
  - SOC 261 The Family
  - SOC 262 Social Stratification
  - ANT 285 The Human Animal
- One of the following:
  - ANT 310 Crime, Culture and Conflict Resolution
  - ANT 320 Sex, Gender and Culture
- Two of the following:
  - SOC 202 The Criminal Justice System
  - SOC 203 Human Service for Families & Children
  - SOC 231 Cults & New Religious Movements
  - SOC 251 Crime and Deviance
  - SOC 291 Environmental Sociology
- Three of the following:
  - SOC 302 Juvenile Delinquency
  - SOC 305 Terrorism
  - SOC 307 Organized Crime
  - SOC 311 Domestic Violence
  - SOC 331 Mass Media & Popular Culture
  - SOC 332 Sport & Leisure
  - SOC 333 Sociology of Religion
  - SOC 360 Crime and the Media
  - SOC 385 Violence and Victims
  - SOC 253 and SOC 254 Criminal Investigation I and II

- One of the following:
  - SOC 430 Collective Behavior & Social Movements
  - SOC 440 Ethnographies in Crime and Deviance
  - SOC 450 White Collar Crime
  - SOC 460 Serial Murder

## Combined Major Requirements

- SOC 101 Introduction to Sociology (fulfills General Studies Foundations Social Science course)
- SOC 210 Research Methods
- SOC 211 Statistics (fulfills General Studies Foundations Quantitative Reasoning course)
- SOC 213 Social Theory
- SOC 490 Senior Seminar
- One of the following:
  - ANT 101 Introduction to Cultural Anthropology
  - SOC 201 Social Problems
  - SOC 230 Cultural Sociology
  - SOC 251 Crime & Deviance
  - SOC 261 The Family
  - SOC 262 Social Stratification
  - SOC 266 Sociology of Race
  - ANT 285 Human Animal
  - SOC 291 Environmental Sociology
- One additional 300-level sociology course
- One additional 400-level sociology course

## Minor Requirements

Sociology is the scientific study of people and groups. This focus can be as narrow as looking at short interactions between people in passing or as complex as analyzing global social processes. Perhaps the most comprehensive of the social sciences, sociology is concerned with the analysis and explanation of the most challenging issues of our time: street crime and delinquency, corporate downsizing and dislocation, child abuse and dysfunctional families, welfare and education reform, racism and ethnic cleansing, and problems of peace and war. The sociology minor provides significant study of the discipline through a selection of 5 courses.

- SOC 101 Introduction to Sociology
- Four additional courses with a SOC- or ANT- prefix.

# Spanish

Language and communication are at the heart of a liberal arts education. The Spanish minor equips you with the linguistic tools and analytical skills you need to make sense of the complexity of the target cultures you study. We promote an open and informed exchange of ideas through the study of language, culture and literature; we encourage you to study beyond the classroom, to experience language in different community settings and to become life-long learners.

## Minor Requirements

Note: Students who begin higher than 101 will substitute courses placed out of with language or culture courses.

World Languages and Cultures Minor - 5 courses

- Classical Studies: in any order: 2 sequential courses of either Latin or Greek (e.g. 101&102 or higher); 3 culture or language courses
- Spanish and Hispanophone Cultures: 101, 102, 201, 202, 301

# Strategic Communications

Expanding skills in writing, online marketing and public speaking, students pursuing a minor in Strategic Communications will learn about factors that go into developing a strategic communications campaign, as well as the expectations for strategic communications materials. They will learn how to conduct strategic audience research and analyze campaign effectiveness.

## Minor Requirements

- COM 317 PR and Advertising Campaign Planning
- COM 327 Public Relations Writing
- Three from the following list:
  - COM 230 Public Speaking
  - COM 250 Media & Society
  - COM 337 Public Relations & Advertising Research
  - DIG 265 Digital Literacy
  - DIG 325 Visual Design for the Web

# Sustainable Business

## Minor Requirements

Choose one course in each of the following five areas:

- Business Courses
  - BUS 195 Introduction to Business
  - BUS 246 Management Principles
  - FAS 208 Fashion Business
  - MUS 243 Music Business
  - ACC 408 Auditing
- Environmental Courses
  - ESS 101 Intro to Environmental Issues
  - CHE230/ESS230: Introduction to Global Climate Change
  - SOC 291 Environmental Sociology
  - ANT/PSY365 Ecological Psychology
  - POL 340 Environmental Law
  - HIS 280 Environmental History of the U.S.
  - PHI 270 Environmental Ethics
- Business and Economics Courses
  - ECO 324 Environmental Economics
  - HIS 312 US Economic History
  - ECO 233 Comparative Economics (BAE-Global)
  - ECO 383 Urban Economics and Policy
  - PHI 250 Business Ethics
  - BUS220 Sustainability in the Travel Industry
- Diversity/Social Courses
  - SOC 262 Social Stratification
  - PSY 291 Cross-cultural Psychology
  - ANT 320 Sex/Gender/Culture
  - WGS 210 Sex and Gender
  - WGS 220 LGBTQ Media, History and Culture
  - HIS 202 History of Race and Ethnicity in the US
  - PHI 204 Public Morality
  - ART 244 Gender in the Visual Arts
  - SOC351 Race, Ethnicity, Status and Families
  - SOC470 Immigration and Transnational Families
- ESG and Governance Courses
  - SYN 318 The Sustainable Company
  - BUS 380 Business, Government & Society
  - BUS 351 Business Law II

# Sustainable Futures

The combined major will provide students with tailored curricula that align with their career goals and interests. The program's breadth and flexibility maximize its relevance, equipping students with diverse skills to address sustainability challenges from multiple perspectives. Students gain tailored skill development leading to diverse career opportunities. For example, courses like SYN 318: The Sustainable Company and PHI 250: Business Ethics, prepare students for roles in corporations, entrepreneurship, and green finance while courses like SOC 291: Environmental Sociology and POL 373: Environmental Law, emphasize advocacy, policy, and environmental science preparing students to work with NGOs, government agencies, and communities to drive systemic change and ensure equity in sustainability efforts.

## Combined Major Requirements

- ESS 101 Introduction to Environmental Issues
- ECO 324 Environmental Economics
- BUS 195 Introduction to Business and/or SOC 291 Environmental Sociology
- Choose three of the below Social Science courses
  - SOC 291 Environmental Sociology
  - ESS 325 Geographic Information Systems
  - SOC 262 Social Stratification
  - ANT 320 Sex/Gender/Culture
  - WGS 210 Sex and Gender
  - WGS 220 LGBTQ Media, History and Culture
  - PUH 101 Introduction to Public Health
  - SYN 330 Politics of Global Health
  - POL 373 Environmental Law
- Choose one of the below Ethics Courses
  - PHI 204 Public Morality
  - PHI 250 Business Ethics
  - PHI 270 Environmental Ethics
- Choose one of the below Environmental Science courses
  - ESS 310 Pollution Effects & Remediation
  - ESS 230 Introduction to Global Climate Change
  - BIO 152 General Biology II: Systematics, Ecology, and Evolution
  - BIO 211 Ecology (Prerequisite BIO 152)
  - CHE 105 General Chemistry 1
- Choose one of the following for your Capstone course
  - SYN 418: The Sustainable Company
  - SYN 4XX: Global Goals 2030: Creating a Sustainable Future for All

# Theatre

The Theatre Department invites students to examine the impact of their original creative work through the critical lens of an ever-deepening appreciation for the stage's rich cultural heritage via an academic course of study that combines theory with practice. We offer an array of courses and experiences designed to explore the wide-ranging history, literature, and aesthetics of this timeless art form alongside a variety of practical courses that provide students with the fundamental skills and crafts necessary for producing theatre in today's professional world.

We offer a Bachelor of Arts degree to majors in Theatre as well as a major in Costume Design & Technology.

## Major Requirements

- THR 101 Creative Process
- Either THR 110 Intro to Theatre Technology OR THR 120: Intro to Costume Design
- THR 150 Acting Studio 1
- THR 201 Production Experience (4 semesters)
- THR 210 Design Fundamentals
- THR 280 Script Analysis
- Either THR 378 Great Ages of Theatre I OR THR 379 Great Ages of Theatre II
- THR 310 Stage Management
- Either THR 401 Advanced Production Experience OR THR 482 Advanced Internship
- THR 491 Senior Seminar
- 3 Major Electives - This includes any other Theatre class offered, as well as ENG 354 Shakespeare, ARA 220 Intro to Arts Administration, ARA 390 Project Management for Arts Administration

## Theatre Costume Design & Technology Track

Students interested in the history and creation of costumes for live performance are recommended to pursue this track. This concentration will focus on fashion history, textiles, costume technology skills, script analysis, fundamentals of design, and co-curricular production experience.

- THR 101 The Creative Process
- THR 120 Costume Construction I
- THR 201 Production Experience (4 experiences = 1 unit)
- THR 210 Design Fundamentals
- FAS/THR 220 Costume Construction II
- FAS 230 Fashion Illustration
- THR 280 Script Analysis
- THR 320 Stage Costuming
- FAS 340 Draping

- FAS 342 Patternmaking I
- THR 330 Stage Management
- THR 491 Senior Seminar
- History Course:
  - FAS 202 History of Fashion
- One from the following 200-level Theatre History courses
  - THR 288 Great Ages of Theatre I
  - THR 289 Great Ages of Theatre II
- One 400-level practicum - choose from
  - THR 401 Advanced Production Experience
  - THR 482 Advanced Internship

Suggested Free Elective: THR 214 Stage Makeup

## Combined Major Requirements

One of the finest aspects of Albright's interdisciplinary approach to learning is that our students are actively encouraged to expand their intellectual and artistic horizons by combining areas to tailor-make an undergraduate experience as academically unique and satisfying as they can imagine. Many students opt to combine theatre with another major, such as Arts Administration, Education, Communications, English, History or Music Industry. As you can see, there is lot of flexibility within the combined major in Theatre to offer you the ability to create the program that best suits your abilities and career goals.

- THR 101 Creative Process
- THR 150 Acting Studio I
- THR 201 Production Experience (4 semesters)
- THR 210 Design Fundamentals
- THR 280 Script Analysis
- THR 310 Stage Management
- Either THR 378 Great Ages of Theatre I OR THR 379 Great Ages of Theatre II
- THR 491 Senior Seminar

## Minor Requirements

Our interdisciplinary and experiential approach to learning is the perfect environment for aspiring artist scholars to examine the nature and purpose of the live theatrical event in relation to their academic studies in other departments. For those students who wish to augment their scholarly experience with a peripheral focus in Theatre, we offer a five-course minor.

- THR 101 Creative Process OR THR 150 Acting Studio I
- THR 280 Script Analysis

- 1 200-Level Skills Course – THR 210, 211, 212, 213, 214, 220, 250, 252, 255, 260
- 1 300-Level Theatre Course – THR 350, THR 361, THR 378, THR 379, THR 383, THR 388, THR 389, ENG 354
- 1 other Theatre Course

## Visual Communication Design

This program requires two foundational courses from art and communications, a course in art and design, two courses in communications principles, and three courses in applied visual communication design (8 total courses – including Art 265 as a captured general studies course)

### Combined Major Requirements

- ART 265 Computer Graphics, Art and Design
- DIG 265 Digital Literacy
- DIG 270 Digital Illustration & Design
- DIG 325 Visual Design for the Web
- DIG 370 Package, Publication and Promotional Design
- One from the following list
  - ART 103 Design
  - ART 216 Photography I
  - ART 256 Modern Art & Design Concepts
  - ART 358 History of Photography
  - COM 250 Media & Society
  - COM 260 Critical/Cultural Media Studies
  - COM 317 Public Relations & Advertising Campaign Planning

### Minor Requirements

- ART 265 Computer Graphics, Art and Design
- DIG 265 Digital Literacy
- DIG 270 Digital Illustration & Design
- Complete one of the following:
  - COM 250 Mass Media & Society
  - COM 260 Critical/Cultural Media Studies
- Complete one of the following:
  - DIG 325 Visual Design for the Web
  - DIG 370 Package, Publication, and Promotional Design

# Vocal Performance

The Vocal Performance combined major empowers students to pursue their passion through Albright's unique interdisciplinary learning, which enables students to combine their vocal performance studies with a complimentary co-major in areas like Theatre, Arts Administration, Music Industry, Music Production, Biology, Psychology, etc. to equip them with the additional tools and experience they need to successfully enter professional careers as varied as performance, artist management, vocal pedagogy, and speech pathology.

This Albright Music Department program is devoted to aspiring vocal artists who envision themselves in careers in musical theatre, opera, jazz and pop. To help students prepare for success, Vocal Performance focuses on training – cultivated through a series of vocal skills courses and performing opportunities – designed to prepare singers to meet the needs of various arenas within the contemporary music industry.

Like painting, dancing, and acting, the art of singing takes time and attention to develop. We recommend that students invest six semesters to complete this co-major. We believe this is necessary to encourage vocalists at the undergraduate level to devote in the requisite time and space it takes to grow as artists in terms of their vocal technique, musicianship, and artistry. Participating students interweave a sequence of academic half-courses with their ongoing private voice lessons to amplify skills sets in artistry and musicianship.

## Combined Major Requirements

- Four semesters of active participation in one of the following Vocal Ensembles:
  - MUS103B Commercial Music Ensemble
  - MUS103C Jazz Combos
  - MUS105A Albright Chorale
  - MUS105C Spiritual Ensemble
- Six semesters of active participation in Private Lessons:
  - MUS309 Applied Lessons for Vocal Performance Co-Majors
- Eight half-credit Vocal Skills courses:
  - MUS160 Music Theory and Aural Skills I
  - MUS161 Music Theory and Aural Skills II
  - MUS260 Vocal Anatomy and Physiology
  - MUS261 Diction and Phonetics
  - MUS360 Vocal Styles and Repertoire I
  - MUS361 Vocal Styles and Repertoire II
  - MUS460 Vocal Pedagogy
  - MUS461 Capstone Performance Project
- One full-credit course in Music History from the following list:
  - MUS 113: Rags, Rock and Rap: Popular Music and American Culture
  - MUS 120: Listen to Musical Worlds

- MUS 121: Black Popular Music
- MUS 125: All That Jazz
- MUS 284: Popular Music and Digital Culture
- MUS 287: History of the American Musical

## Women's & Gender Studies

Since its inception in 1989, the women's and gender studies curriculum has included courses on men and masculinities. Although the majority of courses emphasize gender in Western societies, one of the goals of this program is to provide a global context and offer students courses that define the roles and issues of women and men in non-Western societies.

Faculty from multiple departments teach courses for the program, emphasizing an "interdisciplinary" approach to studying women's and gender issues. Faculty encourage students to seek personal advising to explore the varied coursework options. Course offerings vary greatly by semester, and a variety of courses across disciplines may qualify for women's and gender studies credit.

### Minor Requirements

- WGS 210 Introducing Sex and Gender
- 200-level internship
- Three other women's and gender studies courses
  - WGS 210 Introducing Sex and Gender
  - REL 244 Sex, Gender, Bible
  - HIS 204 US Women's History
  - HIS 275 Women's Work
  - LAS 340 Women in Latin America
  - HIS 311 U.S. Social History: The American Family 1600-1900
  - ANT 320 Sex, Gender and Culture
  - SOC 261 The Family
  - SOC 262 Social Stratification
  - SOC 270 Parenting and Technology
  - SOC 271 Work and Family Conflict
  - SOC 311 Domestic Violence
  - SOC 470 Immigration and Transnational Families
  - ENG 235 Women Writing in America
  - ENG 235 Literature Topics: Major Authors & Topics
  - ENG 390 Women's Texts
  - COM 283 Women, Gender & Mass Media

# The 4+1 Program in Business

The goal of the Master's in Business Administration (MBA) program is to provide students with the skills and credentials needed to advance in their career or begin a new career path. The program will meet the needs of students with or without a business-related undergraduate background. Students in Accounting will be able to utilize the MBA to obtain the required 150 credit hours to be licensed as a Certified Public Accountant in Pennsylvania. In addition, since nearly every field requires skills in goal setting, assessing, reacting to change and leading, students with a non-business undergraduate degree will be able to be more successful and advance in their careers with training in business. These skills, for both business and non-business background students, become increasingly important as one moves up the career ladder, so this program will promote the upward mobility of our students.

The curriculum is designed to provide essential skills in business innovation, assessment, planning, and leadership. The eight -course foundation in Strategic Innovation develops the ability to identify market opportunities, to use quantitative information to manage effectively, and to lead through sustainable and globally aware policies at both the introductory and advanced levels. Students will then select a concentration to develop skill sets most appropriate to their needs and aspirations. These 3-course concentrations provide the opportunity to apply management skills as well as develop additional expertise in artificial intelligence, business analytics, healthcare administration, athletic leadership, cybersecurity, finance and digital marketing. Students may also select a self-designed concentration.

## 4+1 Requirements

### *Strategic Innovation Core Requirements*

- MSB 601 Innovation and Change Management
- MSB 602 Quantitative Research Methods for Business
- MSB 603 Global and Sustainable Business Strategies
- MBA604 Marketing Management
- MBA680 Managerial Finance
- MBA690 Business Ethics
- MBA691 Managerial Communications
- MBA700 Strategic Management

### **Concentration: Business Analytics**

- MSB 641 Business Analytics
- MBA643 Story Telling with Data
- MBA644 Spreadsheet Modeling for Decision Making
- MBA645 Python for Business Analytics

### **Concentration: Digital Marketing**

- MSB 670 Digital Marketing
- MSB 671 Marketing Analytics
- MSB 672 Integrated Content Strategy

### **Finance**

- MSB 630 Strategic Cost Accounting
- MBA 681 Capital Markets & Investing
- MBA 682 Financial Statements Analysis and Valuation

### **Cybersecurity**

- MBA 620 Information Governance, Risk Management, and Compliance
- MBA 621 Network Architectures for Cyber Managers
- MBA 622 Cyber Risk Management and Strategy
- MBA 623 Executive Cyber Defense

### **Artificial Intelligence**

- MBA 650 Generative AI for Managers
- MBA 651 Business Use Cases for AI Models
- MBA 652 AI Governance and Ethics
- MBA 653 Managing AI Projects

### **Athletic Leadership**

- ALD 620 Sports Marketing and Communications
- ALD 625 Compliance and Legal Issues
- ALD 635 Sports Facilities

### **Healthcare Administration**

- MBA 660 Introduction to Healthcare Administration and Leadership
- MSB 663 Healthcare Ethics and Law
- MBA 664 Structure and Economics of the US Healthcare System

### **Requirements to apply for the 4+1 Program**

Complete Graduate Application

Minimum GPA of 3.0 or higher

Have earned credits to qualify as a junior or above

Completion of prerequisite courses: one course each in accounting, economics and statistics.

## Programs Phasing out after 2024-25 Academic Year

The programs listed below are being phased out and are not accepting new students after the 2024-25 academic year. Students enrolled in these programs can access program requirements in the 2024-25 College Catalogue.

- American Civilization
- Anthropology
- Arts Administration
- Economics
- English Theatre
- Environmental Chemistry
- Environmental Science
- Environmental Studies
- French
- Health Psychology
- International Relations

- Political Science (remains a co-major and minor)
- Public Policy and Administration
- Religious Studies (remains a minor)
- Spanish (remains a minor)
- Urban Affairs
- Women's and Gender Studies (remains a minor)

## President Debra M. Townsley, Ph.D.

With more than 40 years of higher education experience, **Debra Townsley, Ph.D.** has filled the roles of president, interim president, academic dean, department chair, and business professor at institutions in five states. Specializing in identifying and implementing a strategic vision and plan for long-term institutional success, she is a transformational leader with experience in controlling spending while increasing enrollment and fundraising.

In addition to authoring books and articles, she has lectured on topics that include the state and future of higher education, external factors facing higher education and college presidents, and conducting a turnaround.

During her five years as president of William Peace University (Raleigh, N.C.), the university became co-educational and financially sound. She served as president of Nichols College

(Dudley, Mass) for a dozen years prior to William Peace, where she conducted two comprehensive campaigns, raising a total of \$28 million. One campaign was the largest in the school's history, and both exceeded goals by more than \$2 million.

She has since created strategic plans and improved operations, systems and financials as president of Wheeling Jesuit University (Wheeling, W.Va.) and Laboure College (Milton, Mass).

Townsley's business career began with IBM and Booz, Allen & Hamilton before making the switch to teaching at Marymount University (Arlington, Va.). Three years later, she was named assistant professor and chair of Northern Virginia Community College's Accounting and Data Processing departments, and assistant professor of business. She also served as director of undergraduate and graduate management studies at St. Michael's College (Colchester, Vt.).

## President's Cabinet

Larry Bomback

*Vice President of Finance and Chief Financial Officer (Interim)*

Richard E. Ferry

*Director of Athletics and Head Men's Basketball Coach*

James Gaddy

*Vice President of Advancement*

Shane Himes, MBA, M. Ed

*Director of Financial Aid*

Robert Iannelli

*Chief Information Officer*

Brenda Ingram-Wallace, Ph.D.

*Vice President for Student & Campus Life*

Irene Langran, Ph.D.

*Vice President for Academic Affairs*

Rick O'Leary

*Associate Vice President of Facilities*
