

Announcement about Texas Education Savings Account (ESA)/Texas Education Freedom Accounts (TEFA)

Dear Levine Community,

Our message today is about the ESA/TEFA Program. This program offers support to qualifying families who may choose to enroll in private schools in the state of Texas. Levine Academy has decided to postpone its participation at this juncture.

We are working with ISAS to understand the details of this program and are making a decision in alignment with the other ISAS schools and the recommendation of ISAS professionals. There are several factors that deserve further consideration before accepting this funding, including clarification from the State on honoring a school's ongoing independence. Levine will continue to examine the program to learn what current families, if any, fit the guidelines. Although the program is set to begin in the 2026-2027 school year, we will remain open to learning more details and to consider its value and/or relevance to our school's profile and mission.

We also want to take this opportunity to underscore Levine Academy's commitment to financial assistance. For more information about our tuition assistance program, contact our Admissions Manager, [Liz Dillard](#).

All my best,

Tom Elieff
Head of School

Learn. Grow. **Belong.**
