Counselors Corner

On December 10th, our HOTS Club (Helping Out Teen Society) shined while presenting to the County Board of Health! Students proudly shared the prevention work they've been doing over the years, including a powerful presentation they delivered to the entire middle school on how to support a friend who may be struggling with substance use. They also performed an engaging skit that highlighted the importance of kindness and treating others with respect. The group was joined by high school students from Lopez and Orcas Islands, making it an exciting and meaningful collaboration. We couldn't be more proud of our HOTS Club members for stepping up with confidence and bravery, especially while presenting to adults and high school students they didn't even know!

The Effect Of Brain Rot In Schools

By: *Natica Hamlin*

Middle School Teens And Teachers Are Being Affected By Brain Rot. This is caused by the social media impact on the kids in Friday Harbor Middle School and all around the world. Why is brain rot affecting our kids, you ask? As Mr.McKinnon says, “There are upsides and downsides to brain rot. It is a way for teens to connect with each other. The downside is that it is an online thing that people are repeating over and over and over.” Teens in middle school are trying to fit in, so if they hear people saying something, then they want to say it too. That is how brain rot spreads about school so fast.

Here are a couple of quotes from students. Savannah Smith said, “Our teachers will not stop saying brain rot, and it has gotten to a point where it has spread all over our school.” Here is another quote from a student, Aubriana Rebhan: “Brain rot is affecting our school work, because classmates like to talk about brain rot and make inside jokes with the same contacts.”

Why is Clash Royale so Popular with Kids

By: *Dustin Buchanan*

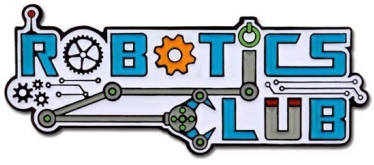

Clash Royale is a digital game where kids around the world can join their own campaign or compete with each other in real-time. It is a fun mobile game where you collect cards and use them to fight other players in real-time. You have to place troops and spells strategically to blow up your opponent's towers while protecting your own.

Everywhere you go, this game is like a ghost that won't leave you alone. FHMS 7th grader Liam Aylward said, "I just can't stop the feeling of wanting to play more!" 7th grader Griffin Bjornstad added, "It's an addictive digital land." Is Clash Royale just the latest video game that middle schoolers use to waste time? Or is it a creative digital landscape that connects people around the globe? Whichever option it really is, it's not going away. Maybe you should give it a try, so keep your ear out for your middle schooler asking - "Wanna Clash?"

TRIFOLDS!!!

Parents be aware that your student will need a TRIFOLD before the end of the school year. Sometimes the drugstore carries them but they seem to run out quickly. So next time your off island grab a Trifold just in case!

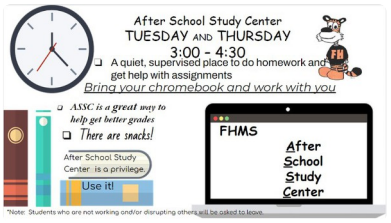

Robotics Club

Robotics Club with Mr. Ramsey is on Tuesdays and Thursdays from 3:00-4:30 in Room 9. Students must take part in the final 4 weeks in order to participate in the competition in February.

Free to join, please see/email Mr. Ramsey (stephenramsey@sjisd.org) with any questions.

A.S.S.C

After School Study Center on Tuesday and Thursday from 3:00pm-4:30pm. Snacks will be provided for students.

We are collecting King's receipts! You can bring any receipts you save into the MS office. For every dollar spent Kings will donate to the Middle School PTO so every little bit helps.
